List.

Foraker Quits Repub-
lican Campaign Work,
Following Disclosures.

HOW FORAKER WAS ELIMINATED

The details of just how Senator Foraker came to withdraw from participation in the forthcoming convention of the national league of republicans, at which he was to speak with Judge Taft tomorrow evening, are today disclosed authoritatively. The morning of the first publication of the Hearst disclosures (Friday), Senator Dick came to the city. After a conference with Senator Foraker, he went to the Taft residence, where he had an interview with the candidate, at which the situation was discussed frankly. Taft then declared Foraker must not appear at the convention. Judge Taft refused to comment for publication on the matter. It has since developed that he at once took the position that the joint engagement must be cancelled. It has also developed that the candidate received insistent advice to take the initiative in the matter of cancelling the arrangements, and that his reply was compliance in this language: "If it would win me every vote in the United States, I cannot hit a man when he is down."

Columbus, Ohio, Sept. 21.—Frank S. Monnett, attorney at law, from 1884 to 1909, and now a Democrat, in a public statement declares he was ousted from power by Senator Joseph Benson Foraker.

Although he does not say so in exact words, he indicates his retirement was to stop the prosecution of the Standard Oil company and the American Tobacco company.

He says his successor, John M. Sheets, dismissed the suits and immediately afterward Senator Foraker received the huge sums of money paid to him by John D. Archibald, vice president of the oil trust.

Foraker Eliminates Himself.
Cincinnati, Ohio, Sept. 21.—Without waiting for action by the national republican committee which it was stated in Saturday afternoon's dispatches, intended crossing his name from the list of speakers at the Taft meeting here tomorrow, Senator Foraker has sent a note to Taft, crossing himself out. So the senator, guilty or not guilty of the Hearst charges, will not speak.

He has also recalled all his speaking engagements in the campaign. In a written request to National Chairman Hitchcock, he asked to be relieved from the appointments arranged for him by the national speakers' bureau, and in a communication to State Chairman Williams, of the Ohio Republican committee, he makes the same request as to the engagements arranged for him in this state.

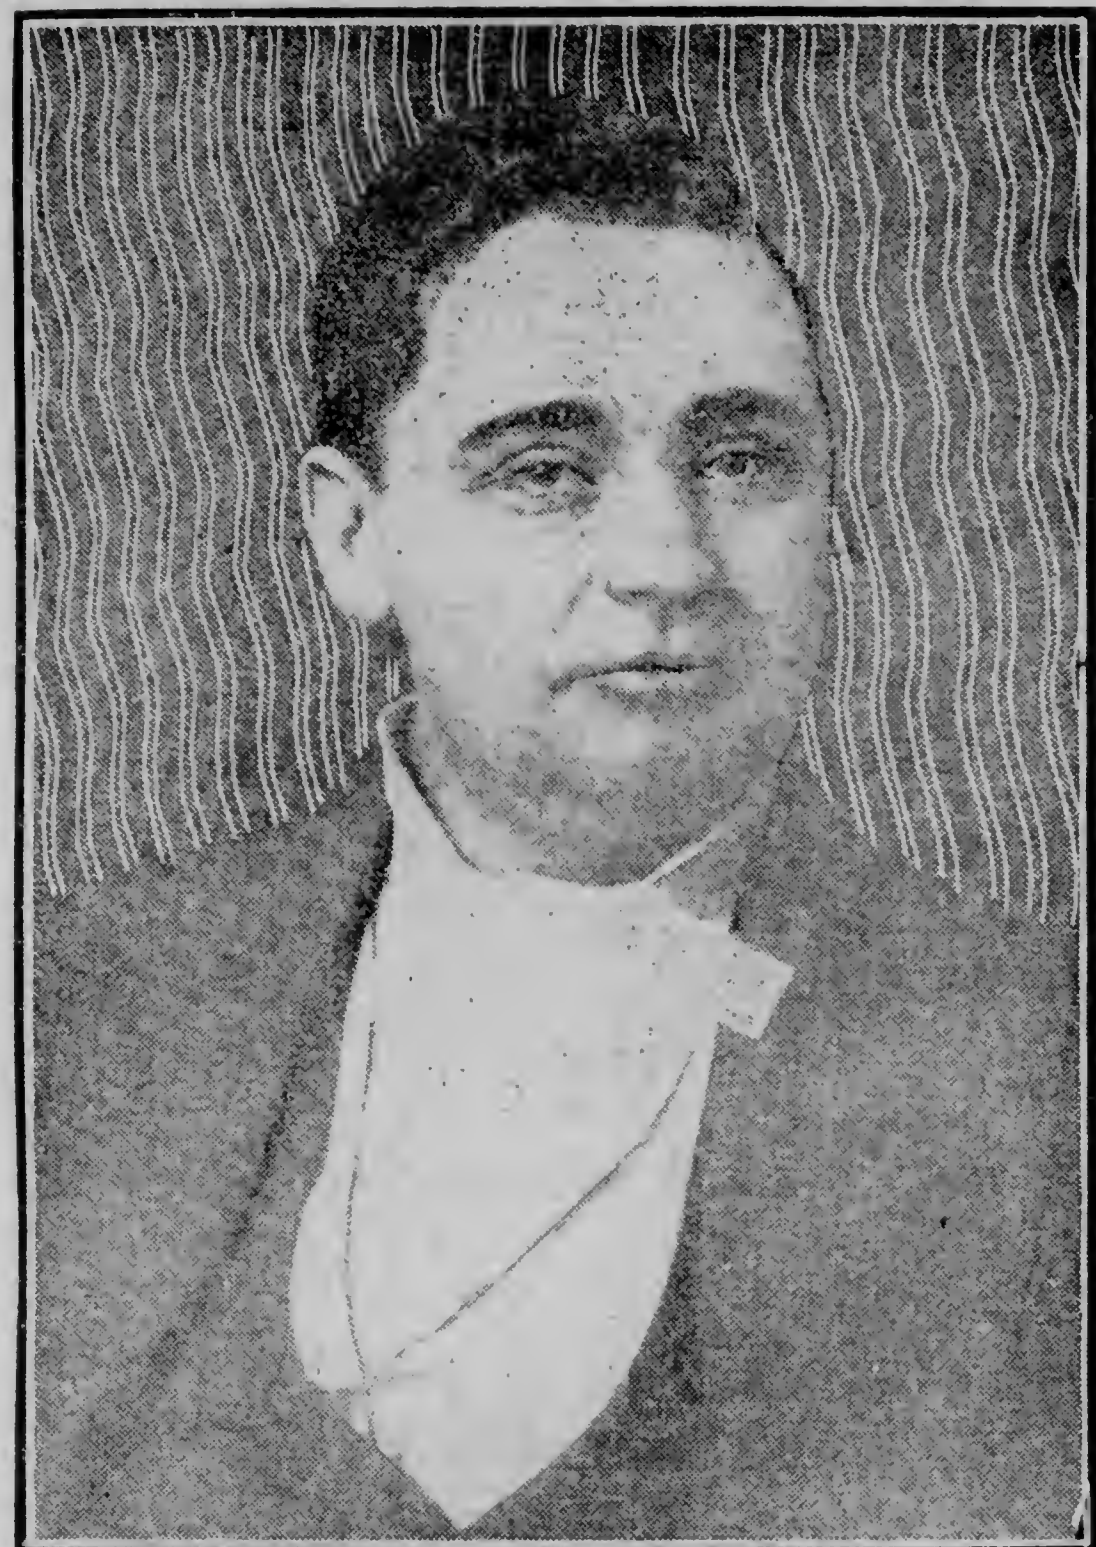

Bailey, Too, Hearst Says.
Memphis, Tenn., Sept. 21.—The expected happened in the Hearst Standard Oil charges, and the publisher and independence league traitor has named the name of United States Senator Joe Bailey of Texas, to his list of those he alleges have been corruptly tangled up with the oil trust. This was expected of Hearst, because Bailey all but lost a re-election by the Lone Star state legislature due to charges of being hand in glove with Standard Oil interests. Hearst made his Bailey allegations at an independence league meeting here Saturday night.

Haskell Makes Proposition.
Chicago, Sept. 21.—Governor Haskell of Oklahoma, has given out a letter which he has telegraphed to William

SENATOR JOSEPH BAILEY.

STOCKS ARE UNSETTLED

Raising of Standard Oil
Issue in Campaign
Felt.

Speculators Do Not Rel-
ish New Turn in
Politics.

New York, Sept. 21.—The stock market started unsettled today, as a consequence of the weakness last week, selling orders from outside sources came into the market over Sunday and caused declines on the first transactions of 1 to 2 1/2 points in the market leaders.

The rally which followed caused a belief that important banking and financial interests are determined to protect the weakness against further broadening. The recovery only invited renewed selling, and weakness followed in the course of the first hour, most of the active stocks falling 1 1/2 to 2 1/2 below Saturday's last prices.

The turn taken by the political canvass towards increasing prominence of the Standard Oil issue was not resisted by the element active in stock speculation.

INSANE DOCTOR CAUSES PANIC

Runs Amuck in St. Paul
Hotel With a
Razor.

St. Paul, Minn., Sept. 21.—(Special to The Herald.)—Dr. I. W. Rags of Aurora, S. D., terrified employees and guests in the Hyman hotel by running through the corridors with a razor in one hand and a water pitcher in another. Several policemen had a desperate struggle before the man was subdued. At times when they approached him he would place the razor at his throat and then lunge at the officers. He was finally overpowered and taken to the jail where the apparently insane doctor gave the officers another long struggle before he was placed in a straitjacket. He had a slight self-inflicted wound in his throat.

SAMPLES OF SMELLS

Chicago, Sept. 21.—At a mass meeting to protest against odors which emanate from the Chicago stock yards, health commissioner Evans said that for some time he had been obtaining samples of the smells by means of bags suspended from kites. Before prosecution could be begun, he said, it was necessary to procure exact evidence as to the sources of the odors, and consequently kites with open mouthed bags had been directed over particular chimneys.

NO CHANGE, THEY SAY

Republican Leaders Deny
Rumors of New Taft
Management.

Cash for Republican Cam-
paign Comes in
Very Slowly.

Senator Crane is Not to
Succeed Hitchcock,
However.

Cincinnati, Ohio, Sept. 21.—W. H. Taft today emphasized what he has been free to state previously, that he has no criticism to make of Chairman Hitchcock, but regards the work done by him as efficient and effective.

Chicago, Sept. 21.—Stories to the effect that there has been a change, or is to be a change, made in the management of the Republican national campaign appear without the slightest foundation. The Associated Press has

(Continued on page 9, 4th column.)

CHAIRMAN HITCHCOCK.

WOMAN AND SHERIFF MORTALLY WOUNDED.

West Plains, Mo., Sept. 21.—John Roberts and his wife resisted a sheriff's posse in a desperate battle, near Prescott, one mile south of the Missouri-Arkansas line, when the officers attempted to arrest Roberts for killing Ole Kessinger, a neighbor, last night. As a result the woman and Sheriff Mooney of Baxter county, Ark., are mortally wounded; Roberts and two members of the posse—Max Lowery and his son—are all seriously hurt. Roberts may not survive.

BRITISH WAR OFFICE ORDERS YANKEE BEEF

London, Sept. 21.—The war office has placed with a Chicago firm another large contract for American beef and the admiralty is engaged at the present time on negotiations for a contract for the navy.

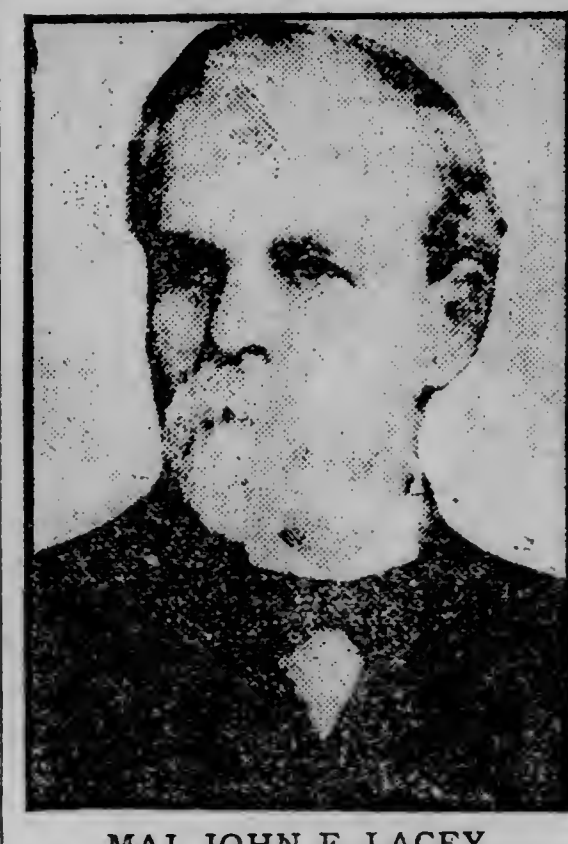

"LITTLE JIMMIE" IS DEAD; WEIGHT 450

St. Paul, Sept. 21.—James La-tourne, known as "Little Jimmie" to theatrical people who came to the Twin Cities, because of his immense size and weight, which was 450 pounds, died at his home in this city yesterday. "Little Jimmie" was leader of the orchestra in a local vaudeville theatre and had occupied the same position in a theatre in Minneapolis several years.

TRYING TO HOLD BACK THE TIDE.

TEAMSTER MEETS HORRIBLE DEATH BY FALLING INTO THE FURNACE AT THE DULUTH GARBAGE INCINERATOR

MAJ. JOHN F. LACEY.
Who Has Been Selected by the Stand-
patters of Iowa as Their Candidate
for United States Senator Against
Governor Albert B. Cummins, Was
Congressman From the Sixth Dis-
trict for Fourteen Years Prior to
His Defeat Two Years Ago by Dan-
iel Webster Hamilton. He is a Law-
yer and Has Served in the State
Legislature. Born in New Martins-
ville, W. Va., in 1841, Mr. Lacey
Came to Iowa in 1855. He Served
Through the Civil War, Entered as
a Private and Coming Out of the
Army as Lieutenant and Assistant
Adjutant General. His Home is at
Oskaloosa.

CHELSEA ON FIRE AGAIN

Chelsea, Mass., Sept. 21.—Fire today
destroyed the large box factory of At-
wood & McManus, the Hill Rowland
brass foundry and ten wooden tenement
houses.

The Chelsea Bottling Works and Lee
Bros. shoe factory also caught fire.
The large wooden building that is
occupied by the Eastern Storage com-
pany caught fire and the flames then
reached the Standard Oil company's
station, where a large supply of gaso-
line and naphtha was stored.
The total loss is \$300,000.

LEOPARD KILLED BY SOUL MATE

New York, Sept. 21.—Nigger,
a black female leopard, was
killed by her cage mate, Devil,
after a desperate fight in the lion
house of the Bronx menageries.
Hundreds of persons, including
women and children, watched
the combat. The keepers made
vigorous efforts to separate the
fighters, but could do nothing
with the enraged animals. The
fight lasted nearly twenty min-
utes. Then Devil by a deft
flank movement sunk his fangs
into Nigger's throat, and a minute
later she fell over dead.

WISCONSIN TOWNS GONE

Fire Erases Gagen and
Woodboro From the
Map.

Four Thousand Persons
Rendered Homeless,
Flee to Safety.

Rhineland, Wis., Sept. 21.—Gagen
and Woodboro were destroyed by forest
fires yesterday.

The fire started in the woods in the
morning and quickly reached the two
towns. Men, women and children
fought valiantly to save their homes,
but without avail. Gagen and Wood-
boro each had about 2,000 residents
and nearly all are homeless.

Burned out of their homes, the peo-
ple began fleeing from the fire, which
grew more dangerous with each min-
ute. Women carrying children in their
arms and men and boys with packs on
(Continued on page 9, 4th column.)

WOMAN SAID TO MAKE AFFINITIES

Mrs. Margaret Walder of
Minneapolis Arrested
in West.

Fresno, Cal., Sept. 21.—The arrest of
Mrs. Margaret Walder, a young woman,
who recently came from Minnesota,
on a charge of using the mails to defraud,
is said to be due to the alleged con-
ducting of a matrimonial agency with
herself as the sole female client and
attraction.

Mrs. Walder is said to have obtained
money from various correspondents of
domestic tendencies who wished her
to join them in various sections
of the country. Her arrest, it is said,
followed the investigation of a com-
plaint made by S. E. Johnson, Jr., of
Guthrie, Okla., who, it is said, had
arranged to marry Mrs. Walder and
purchase for her an \$18,000 ranch as a
guarantee of his sincerity. Mrs. Wal-
der is said to have left a husband and
child in Minnesota.

TWO FREAK SUICIDES

New York, Sept. 21.—By
shooting himself as he stood in
front of a mirror in a room in the
St. Dennis hotel, Lawson W.
Fuller committed suicide. He
was confidential clerk in the of-
fice of the Metropolitan Life in-
surance company. No cause is
known for the act.

Mount Pleasant, Texas, Sept.
21.—After cutting his throat
with a pocket knife in the pres-
ence of his wife, A. S. Austin
bainly closed the weapon, placed
it in his pocket, and with a great
stream of blood rushing from his
wound, walked out of the Peter-
man hotel, of which he was pro-
prietor, and falling to the side-
walk, died within a few minutes
in the presence of hundreds.
The motive is not known.

Teamster Plunges Head-
long Into Mass of
Burning Refuse.

Body Not Recovered Un-
til the Furnace is
Dumped.

Lives Twenty Minutes
After Being Taken
From Flames.

Horribly burned from the crown of
his head to the soles of his feet, and
with his clothes completely burned
from his body, Patrick Tierney of 7
East Third street, a teamster in the
employ of the Zenith Paper company,
died this morning as the result of a
headlong plunge into the furnace of
the city incinerator at 10 o'clock this
morning. Death came within twenty
minutes after he was taken from the
flames.

Tierney, who was about 46 years of
age, and who is survived by a wife and
two daughters, was unaided several
boxes of paper into the furnace. His
wagon had been driven up the incline,
and was backed up directly over the
burning refuse. Suddenly the horse broke,
and Tierney, unable to maintain his bal-
ance, toppled over backwards into the
fiercely burning fire.

There was no way of saving him
from above, and the only way of
getting out the man's body was to
dump the whole mass of burning stuff
and find the body in the ash pit. This
was done, but the process took a min-
ute or two, and by the time the unfor-
tunate teamster had been dragged
from head to foot. His eyebrows and
hair were burned entirely off, and
part of the nose was burned away.
He lived but a few minutes after the
horrible accident.

The ambulance was called, but before
it arrived on the scene the man was
dead. The body was taken to Flood &
Horgan's undertaking rooms.

LOSS IN 'PHONE FIRE, \$5,000,000

Paris Service Will be
Impaired for a
Month.

Paris, Sept. 21.—Fire broke out in the
Central telephone building and spread
with such rapidity that the telephone
employees were forced, after an inef-
fectual effort to extinguish the flames,
to flee hastily to the street.

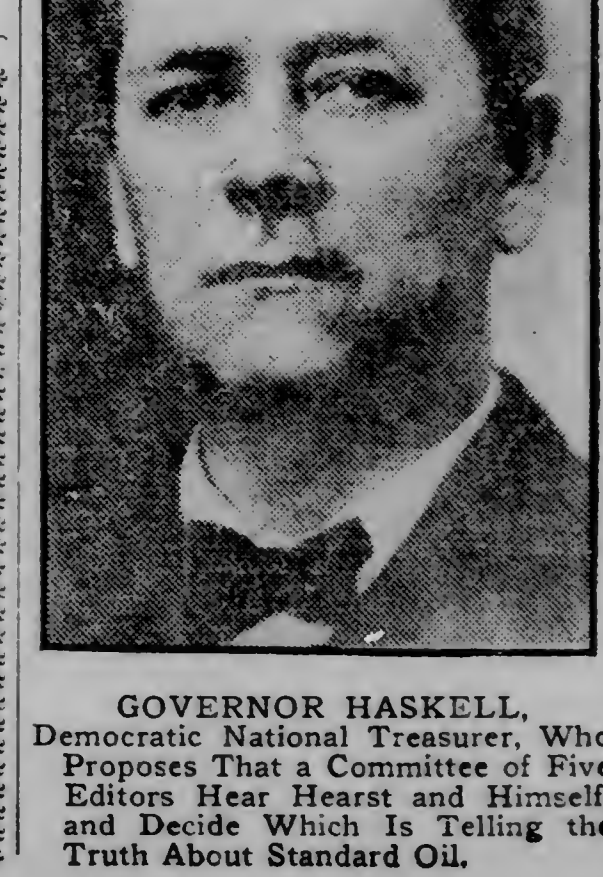

The loss is estimated at \$5,000,000,
but a much greater loss is likely to
be involved through the complete in-
terruption of all telephone communi-
cation in the center of Paris, as well
as communication with the provinces,
and abroad.

It will take more than a month to
re-establish the telephone service. The
origin of the fire is a mystery, but is
believed to have been due to a short
circuit.

BRYAN AUTO NEAR SERIOUS ACCIDENT.

Providence, R. I., Sept. 21.—Breaking
all speed records in a dash across Con-
necticut, several members of the party
of William J. Bryan narrowly escaped
death when their automobile crashed
into a trolley car on Broad street. The
front of the machine was smashed, but
fortunately none of the occupants was
hurt.

Incidentally, a Providence policeman
started to place the commoner and his
friends under arrest for speeding, but
when he discovered who the visitors
were he simply saluted and promised
Bryan he would vote for him.

GOVERNOR HASKELL.
Democratic National Treasurer, Who
Proposes That Committee of Five

KEEWATIN ACADEMY

MERCER, WIS.

A. T. School for Boys. One master for four boys. Individual instruction. Thorough preparation for college or university. Special attention given to mental and physical training. Hunting and fishing sports.

Head Master, Elmer L. Brady, B. A. University of Cambridge, England, with whom appointments may be made at the Mercer, Wis., Keweenaw Academy.

DEATHS

Montreal, Quebec, Sept. 21.—Bishop Cardinal of the Church of England, died in Montreal.

Helena, Mont., Sept. 21.—J. P. Woolman, son of the wealthiest residents of this city and a prominent Montana politician, died in Philadelphia.

Lawrence, Kas., Sept. 21.—Dr. Frank Hunsicker, 57 years, ex-officer of the University of Kansas, and an entomologist of world-wide reputation, died at Lincoln, Wis., yesterday, aged 55 years.

Milwaukee, Wis., Sept. 21.—Robert J. Wadsworth, 47, a well known business man at this city, and for the past three years president of the Milwaukee Sash and Lumber Association, died, due to Bright's disease.

Portland, Me., Sept. 21.—George W. Wadsworth, a lumberman and in former days one of the most prominent men on the Pacific coast in the lumber business, died at the family home here, aged 73.

Helding, bloodless, prostrating or blind pines died at Portland, Me. Chronic cases soon relieved, finally cured. Druggists all sell it.

Nominations for Congress.

Marquette, Mich., Sept. 21.—P. H. O'Brien of Laurium, was nominated for congress Saturday by Democrats of the Twelfth Michigan district.

MAIL ORDER DEPARTMENT

Running a Close Second to Local Sales. Mere Duluth Citizens Helped.

Probably the most interesting feature of the remarkable sale of Cas-Ka now going on at Boyce's drug store, is what Cas-Ka is actually accomplishing in Duluth. Six weeks ago this medicine was comparatively unknown here. Today Cas-Ka is being purchased in tremendous quantities by Duluth people. There must be some reason for this rapid success, and the reason can be ascertained by an hour spent at the drug store listening to what people say who have been taking the preparation and have come to purchase.

Among the statements made, the following will give some idea of what these callers are saying. At the same time indicate the reason for the enormous demand for Cas-Ka which meets Mr. McMillan wherever he goes.

M. J. Murray, assistant cashier with Light & Power company, says: "I should say I could recommend Cas-Ka, for there has not been one day in the past three years until lately that I have eaten a meal without having those distressing pains in the stomach. I am certainly enthusiastic over Cas-Ka. I am recommending it to my friends for stomach troubles."

E. H. Holden, state boiler inspector and chief engineer for Massachusetts Real Estate company: "I have taken many things for dyspepsia and indigestion, but Cas-Ka has helped me more than anything I ever took."

Charles Haid, superintendent of butter and egg department with Fitzsimons-Palmer company: "I spent nine years of my life in the drug business and have been bothered for years with rheumatism. I have taken one bottle of this Cas-Ka and will say that not in fifteen years have I been as free from rheumatism as now." Mr. Haid lives at 505 1/2 East Fourth street.

J. H. Stobbs with Oak Hall Clothing company: "Cas-Ka has been of so much good to my father for rheumatism, I want three bottles. I am going to try it for catarrh."

Sergeant John Kern of city police: "Cas-Ka is the best thing I ever took for kidney trouble."

D. H. Wright, line foreman of City Street Railway company: "I was bothered so with backache I could not stoop over to wash without great pain. I took this Cas-Ka about ten days and I am now feeling fine. I want three more bottles to send to a friend of mine."

BROKER IS STRICKEN

Duluth Man Dies in His Berth at St. Paul.

Was Returning From Business Trip to Salt Lake City.

St. Paul, Sept. 21.—Edward G. Emmons, a stock broker of Duluth, was found dead this morning on a Pullman car attached to a St. Paul road train from Omaha.

Mr. Emmons, with his partner, W. F. Acker, had been in Salt Lake City, on a business trip and was taken ill shortly after the return journey was started. A trained nurse was employed and remained on the train with him as far as Omaha, where Mr. Emmons' condition seemed to improve.

Last night Mr. Emmons told his partner he was suffering from severe pains in the chest. Mr. Acker left him in his berth about midnight, and when he went to see him early this morning he found him dead.

The body was taken to the morgue on the arrival of the train in St. Paul. Mr. Emmons was 42 years of age and is survived by a wife and three children.

He had offices in the Providence building, Duluth.

Coroner Miller thinks death was caused by fatty degeneration of the heart.

Edgar G. Emmons was born in Onongwa, Mich., forty-two years ago. He came to Duluth in 1905 from Salt Lake City, where, for fifteen years, he was engaged in the hardware business.

Coming here, Mr. Emmons associated himself with the stock brokerage firm of Holman Brothers & Co., with which concern he remained until about a year ago, when he went into the same business for himself and opened an office in the Providence building, which he maintained until the time of his death.

He was a member of the Knights Templar branch of the Masonic order and of the Duluth Nobles of the Mystic Shrine.

He leaves a wife and three children, at Lakeside.

About a year and a half ago, Mr. Emmons died very suddenly from heart failure.

FORTY DAYS AND STILL NO RAIN

Ohio Farmers Drive Stock Six Miles to Water.

Gallipolis, Ohio, Sept. 21.—Today marks the fortieth day without rain in this section. Farmers are driving stock six miles in some sections, for water. Many schools in West Virginia districts have closed and oil operations have had to cease in some localities, owing to the water famine.

The Ohio river is the lowest on record above here and in many places teams are fording, there being only eight inches of water in the channel.

Fall Opening

Ladies' Garments and Millinery

Today, Tomorrow and Wednesday Are Reception Days at Our Store

It is an occasion which is to again forcibly illustrate that the Gidding establishment stands pre-eminently alone as the Fashion Shop of the Northwest.

The individual garments which are the necessary components of this comprehensive collection, fitfully do justice to the stress we lay on style and quality and to our aim that this shall prove the most splendid season of our existence.

We extend a broad and most earnest invitation to Fashion Lovers to come and get acquainted with the season's best style creations that brains and money have been able to produce.

Also Complete Outfitters to Children.

KERN TO SPEAK IN BALTIMORE

The Democratic Nominee Takes Time for His Personal Business.

Baltimore, Sept. 21.—John W. Kern, the Democratic vice presidential nominee, who was combining business with his speaking campaign, was engaged nearly all of today with personal affairs. He left at 5 o'clock for Elkton, the home of Governor Crutcher, where he will speak tonight, at a meeting arranged by the state central committee.

Mr. Kern expects to complete his legal business here tomorrow. He will address two meetings in Baltimore on Wednesday, and one in Elkton City, on Thursday, leaving the following day for Mansfield, Ohio, for the opening of the Democratic campaign there, Saturday.

FARGO TO WELCOME TAFT.

Fargo, N. D., Sept. 21.—(Special to The Herald).—The Republicans are making every effort to have an appropriate reception for W. H. Taft when he arrives here on the evening of Sept. 23. The local Taft club has received word from other clubs over the state, wanting to be represented on that occasion. The local militia company has signified its intention to march as a bodyguard to the former secretary of war, and it is quite possible other companies will come. A battery squad will be sent from Lisbon to give a salute for Taft. The local stores will be closed and arrangements have been made for the exercises in island park, if the weather is favorable, otherwise two of the largest halls in the city will be secured.

WEST END

Surprise Party.

A delightful surprise was given at the home of Mr. and Mrs. Oscar Erickson of 214 West Second street, in honor of Miss Lulu Hultgren of Ingleside, Texas. The evening was enjoyed by all in playing games, after which a delicious lunch was served. Those present were:

Lulu Hultgren, Elsie Gottschald, Anna Erickson, Clara Anderson, Hulda Erickson, Esther Segerman, Maude Bennett, Walter Zimmerman, Samuel Smith, Charles Norlin, George Gilbert, Claude McClure, James Cahill, John Segismund, Gordon Erickson.

West End Shortfalls.

Rev. K. A. Lundin of Spokane, preached yesterday in the First Swedish Baptist church. He is a former pastor of the church.

Miss Mary Laybourne of Minneapolis is visiting Mrs. Mabel McWhorter of West Second street.

Miss Lucile Carlson has returned to her home at Minneapolis after a visit here with Miss Anna Olson of 3623 West Third street.

The Ladies' Aid society of the First Swedish Baptist church will give a social in the church tomorrow evening. Rev. K. A. Lundin will be the principal speaker.

Mrs. John Bowen and daughter, Mary.

TO-NIGHT

Warcarets

THEY WORK WHILE YOU SLEEP

25c. 50c.

of West Third street, have gone to Houghton, Mich., where they will visit with relatives.

Axel Bergholm, Gust Erickson, Peter Johnson and John Ramstead have gone to the St. Louis river to hunt ducks.

The Young Ladies' society of Zion Norwegian Lutheran church will meet Wednesday evening at the home of Mrs. Fred Hanson, Twenty-eighth avenue west and Helm street.

Rev. J. A. Anderson, pastor of the First Swedish M. B. church left today for St. Paul, to attend the conference. His parishioners are hoping that Mr. Anderson will again be assigned to the pastorate here.

Duluth Observatory, No. 39, North Star benefit association, will meet tomorrow evening at Lundholm's music store.

ARE HAULED IN FOR GAMBLING

Seven Men Taken In Raid on St. Croix Avenue.

Seven men were arrested by the police yesterday morning for gambling in a boarding house on St. Croix avenue. Lieut. Fritz, Sergt. Gillon, Patrolman, and Patrolman Tannet raided the place at 2 a. m., finding the men seated about a card table with a pile of

money in front of them. The seven gave their names as John Nren, George Roski, Andy Maki, John Maki, Victor Maki, John Salmi and Jack Halma.

Every man had money enough on his person to pay \$10 as bail, and all put up the cash with the exception of Victor Maki, who, through for \$17 cash and a gold watch, said he would prefer to stay at the station, and refused to put up bail.

The hearing of the men was set for this afternoon.

PLURALITY OVER EIGHT THOUSAND

Miller's Lead Over Bede Increased by Complete Returns.

From the earlier returns of the primary election it was estimated that Clarence B. Miller had a plurality of 7,000 over J. Adam Bede for the Republican nomination for congressman from the Eighth district. Complete returns have now been received from all the counties, except three, and it is evident that Miller's plurality exceeds 8,000. Following are the pluralities by counties:

County. Miller, Bede.

Aitkin 541 121

Anoka 121 121

Carlton 312 312

Cook 25 25

Isanti 600 600

Kanabec 617 617

Koochiching 314 314

Lake 90 90

Miller, Bede.

St. Louis 4,672 4,672

Totals 8,665 8,665

Plurality for Miller 8,276

Estimated.

POPE RECEIVES YANKEE SAILORS.

Rome, Sept. 21.—The pope received in audience military sailors from the American battleships Maine and Alabama, which are at Naples. The pontiff, who is always interested in seagoing men, expressed pleasure at their smart appearance. Each of the men kissed the pope's ring and received from him a medal. The pope, standing among them, made a most kindly speech, in which he thanked them for their visit and prayed God would reward them with his grace. He then gave them his apostolic benediction.

SMALL RUGS—21/4x5 feet, beautiful Oriental and flower patterns, exquisite colorings, a wonder for the price. Tuesday.....

INJURY SUIT STILL ON TRIAL

Only One Civil Case Goes to Jury in District Court.

Only one civil case, that of Samuel Russell against Vennette & Legault was given to the jury in district court this morning. It went to the jury shortly before noon and they retired. Russell is suing for the value of a team of horses, which he claims he rented to the defendants last winter and which were killed while being used by them. He charges that the team was worth \$800 and asks that amount.

Immediately following the drawing of a jury for the case of George Gurnett et al against the Minnesota Lumber & Construction company was made. The plaintiffs claim that they performed a logging contract for the company which totaled \$2,185, and there is still a balance of \$1,695 due, which they have been unable to collect. They ask judgment for that amount.

The personal injury suit of Matt Perkovich against the Nassau Ice company is still on before Judge Dill.

Perkovich claims that he was injured while working for the company and claims that negligence on the part of the company in furnishing him with poor tools was responsible for his injury.

Charles A. Davis, an investment expert from San Francisco, is in the city, the guest of John L. Morrison.

Mr. Davis is the grandson of J. A. Davis, who was connected with the office of register of deeds when Hennepin county was organized. Mr. Davis' father, Isaac J. Davis, was auditor of Hennepin county's pioneer court-house when he was a minor. He was Prof. George B. Stone and, in those days he played marbles with Dr. A. Ames Wilder. Mr. Davis was not born in the North Star state and never resided in it until he came to Duluth as he was a "native Gopher."

Mr. Davis went to San Francisco five years ago and has been closely identified with business affairs there ever since. He was connected with the experience during that terrible time. He was one of the members of the Modern Woodmen of America, and not only was commended for his work by that order, but presented with a medal by Occidental Camp 9944 as a token of appreciation.

"San Francisco is quiet just now and has been since the 'bankers' picnic' of last October," said Mr. Davis to The Herald today. "I look for a quiet winter but a great activity in all these next spring. San Francisco is building up rapidly and will continue to do so. In 1907, San Francisco stood second in amount of building permits issued for the year. The aggregate was about \$38,000,000. New York, as you know, stood first. I think the record will be nearly duplicated this year. Not only are mammoth office buildings, of reinforced concrete going up, but best of all, an unusual number of homes are being built. There was a wonderful activity in suburban real estate, but that was badly set back by the October panic last year. I am certain that it will return in a short time."

"Conditions in general are excellent in California. While mining has been retarded briefly by the recent drought season, the state has a record-breaking fruit crop and that will help."

Readers of this paper can preserve their health and improve it by taking care not to become constipated. Use a sweet little pill obtained from the great drug store under the name of Black-Burn's Cauterous Pills.

give the ball of prosperity a renewed impetus in San Francisco. There is no doubt that the city by the Golden Gate will eventually be better, bigger and more beautiful than before the earthquake and fire.

While the pending campaign and ensuing election do not have the dulling effect that some claim, the reality still hurts. We had a lot of dishonest bankers and wolfish politicians in our city. When people see it is so hard to find twelve men that will convict self-confessed criminals, and when the corporation will provide money and legal talent to protect the "higher-ups" from a trip to the penitentiary, it is hard to make people hang on to their money a bit tightly. Eventually, he either will convict or drive from the city and state many, if not all, of the grafters and corruptors.

What is the situation as to national politics in San Francisco and California? Mr. Davis was asked.

He said the Chicago convention all right, the Lincoln-Roosevelt Republican league exists in California, in opposition to the Southern Pacific interests, managed by Bob Henry. The league stood strongly for the La Follette plank and principles, but after the convention the members of the league could find those principles nowhere outside the League platform form. As a result, Bryan is very strong in California, and a large percentage of the Lincoln-Roosevelt Republican league will vote the Democratic ticket. Mr. Davis said that he expected to see San Francisco give Bryan a landslide. A always have voted the Republican ticket, but this year I am supporting Bryan. Labor in San Francisco is solid for Bryan. As I came East I found that Utah, Wyoming, and Nevada were strong for the Commover.

"I think Duluth is a splendid city," said Mr. Davis. "I felt very much at home the other morning when I woke up and found a genuine San Francisco fog. I like the climate, the life and the activity on the streets."

Many of the improvements would be a credit to any city. You have some unique things here, and there is an individuality and personality to your city that is most noticeable and commendable. With a unity of purpose and action along wise and well-defined lines, Duluth should achieve a most important position on the map."

Mr. Davis said he would spend several weeks in the Lake Superior region and then visit Duluth, where he has friends and business connections.

Mayor Haven will probably recommend at the meeting of the council tonight that it take action in the way of recommending to the charter commission that it amend the city charter so as to either do away with the limit of \$200,000 placed upon the amount to be set aside for city operating expenses, covering all the items in the budget from four to sixteen, inclusive, on the ground that the limitation is ridiculously low for a city the size of Duluth.

On account of this limitation, the permanent improvement fund, at the meeting of the city conference committee last Saturday had to be cut down to \$50,000, when \$87,000 was needed. All the other items in the budget were slashed to the lowest possible notch, and the only way to keep within the charter limitation was to cut the permanent improvement fund down to the amount set. This will mean that many much-needed street improvements will have to be passed up next year, including the proposed road on Harfield avenue, East Third street and London road, which would have made the city rate nearly a mill higher, until the

limitation should be placed in the city of the size of Duluth, and with the limitation of \$200,000, the city would be in a position to make the improvements that it needs. "Because of it we had to cut the permanent improvement fund to a point where it was nowhere near take care of the improvements that are actually needed, and which must depend upon this fund for costs of the work."

The provision in the charter was pointed out to the committee by City Engineer Voss. Fear to the city officers were aware of the provision, until it was shown to them by Mr. Voss. It had been proposed to levy \$87,000 for the permanent improvement fund, which would have made the city rate nearly a mill higher, until the

city treasurer pointed out the fact that it could not legally be done.

WRIGHT BREAKS WORLD'S RECORD

Forest fires are burning quite fiercely in the vicinity of Solon Springs and Gordon, Wis.

A number of Duluth people who returned from these resorts today, report seeing traces of the fires on all the roads leading out of the city. A fire through a dense forest between Solon Springs and Gordon Saturday night, and a number of settlers are out fighting the flames.

NO OFFICIAL CALL.

But Dr. Campbell Coyle Has Telegram From Spokane Church.

Dr. Campbell Coyle has not yet received the official call to the First Presbyterian church of Spokane, although he has had a telegram from that city notifying him that it would be sent.

Dr. Coyle claims that he was misquoted by the News-Tribune this morning, when he was made to say that he had received no intimation either officially or otherwise of his being called to Spokane. Dr. Coyle himself gave the first information of the call to the Herald last week.

The Gidding Opening

Which takes place today, tomorrow and Wednesday is conceded to be Duluth's best fashion event of the season and easily outdoes other attempts in placing before the women of this community the dominant styles of the season.

COMPTROLLER SCORES BANK EXAMINERS.

Washington, Sept. 21.—"I say to you emphatically that your work must be improved. The examinations have failed of discovery, defalcations and dishonesty have been concealed from you, and in many cases you have failed to correctly or even approximately estimate the value of the property held by the banks held by the auditor and the comptroller."

This is the declaration today by Comptroller of Currency Lawrence O. Murray, in addressing a conference of national bank examiners representing practically all the territory east of Ohio.

UNCLE SAM RAISES WAGES OF PRINTERS.

Washington, Sept. 21.—An increase from 50 cents to 60 cents an hour in the pay of linotype and monotype operators in the government printing office will be put into effect Oct. 1. Notice to that effect was posted today. Public Printer Leach says the position has long since passed and that proficient operators in that office are not receiving the compensation equal to that paid by private concerns in the large cities.

Wife Refused to Return.

Fargo, N. D., Sept. 21.—(Special to The Herald.)—After spending several days here in disguise, Mr. DeLong of Sioux Falls, S. D., located his wife and child. The mother was difficult to locate. She declined to return to Sioux Falls. The father was in a home. The mother was in a home. The father was in a home. The mother was in a home.

provements later in the year, but sees no occasion for enthusiasm at present.

Producing interest, as a rule, have every confidence in the future, and are holding their copper for good prices. A year of recent sales of Lake copper as high as 13 cents, and of sales of electrolytic as low as 12 cents. The price of the best authorities on the technical position of the metal market expressed confidence that copper will sell at 15 cents before the end of this year. Another who has made an excellent reputation in the same line says he thinks the next buying movement in the copper metal market will be at a slightly lower level of prices. Viewed from either standpoint the outlook is encouraging.

NO LIQUOR SOLD;
WAR ON CHOLERA

Epidemic in St. Petersburg Increases Despite All Resistance.

St. Petersburg, Sept. 21.—The cholera continues to increase rapidly day by day in St. Petersburg. The efforts of the authorities in stopping the sale of liquor between Saturday and Monday and the other preventive measures taken have had but little, if any effect in checking the spread of the epidemic.

Between noon of Sunday and noon today the municipal hospital reported 250 cases and 155 deaths, and the addition of the statistics from the military and suburban hospitals for this same period of time swell this total to truly formidable proportions. There are thirty-four cases of cholera alone in the Semenovskiy military hospital.

COPPER STOCKS
HAVE A SLUMP

Share Market is Heavily Traded in During the Day.

Copper stocks were heavily traded in and declined during the session today. There was heavy liquidation in some of the leading issues and all grades of the metal were reduced 1/2c.

give daily lantern talks in connection with some part of which will illustrate the methods by which the fight against tuberculosis is being carried on throughout the world.

Says Wife is Insane.

Information of insanity has been filed with the probate court against a man, by her husband, who lives in Tower. Mrs. Lee was perished from the asylum at Fergus Falls in October, 1908, after having spent nineteen months there.

Change in Officers.

At a recent meeting of the directors of the Marshall Wells Hardware company, both Marshall Wells and a director to fill the vacancy caused by the death of Frederick W. Parsons. The following officers were also elected: Charles M. Rice, secretary; Charles S. Parsons, assistant treasurer; C. Powell Grady, assistant secretary.

CURIOUS HOTEL CUSTOM.

The Elms: A curious custom prevails at an Edinburgh hotel. Whenever a customer is heard to swear he is required to place a penny in a box on the bar counter. It is not a matter for surprise that the landlord has some of his fellow publicans in the capital of Scotland.

The following is a quaint idea for providing funds for pines and social evenings. It is carried out in a hotel in London. A "knocking club" is connected with the hotel, and when a customer calls for refreshments, he is expected to knock on a table in the hotel and take a walk. If he fails to do this he is fined one penny. Any one who voluntarily gives up the habit of knocking is allowed to go out of the hotel and take a walk. The money thus obtained provides for many enjoyable outings and pleasant evenings during the course of the year.

At another hotel in London, the old-fashioned customers are allowed only one drink, if one is not sufficient to quench their thirst they are obliged to go out of the hotel and take a walk. The money thus obtained provides for many enjoyable outings and pleasant evenings during the course of the year.

Recently the proprietor of an old-time hotel in Warwickshire used to invite all his customers to accompany him and his wife to the local church on Sunday mornings, which was situated on the opposite side of the road the house being closed while they were away. On returning each customer was invited to take a walk. The money thus obtained provides for many enjoyable outings and pleasant evenings during the course of the year.

Victims to a certain hotel in Aberdeen who wear brown boots, must keep them in the hotel for the night. Otherwise, the boots will be blacked, regardless of the color of the same. One of the rooms of a Dumfries public house is an old armchair, which is said to have been frequently used by the poet Burns. All who sit in this chair are expected to give every one who sits in the room at the time, and often the immortal words of the famous Scottish national poet is drunk.

A small hotel in Wales until quite recently was used by the Catholics as a place of worship on Sundays, and police court records show that many refreshments offered by the hospitable landlord, free of charge.

FORAKER MUTE IN FACE OF ROOSEVELT'S LETTER; HASKELL SMILE STICKS

Oklahoma's Governor Claims Hearst Never Really Touched Him.

Ohio Senator Takes Time to Read President's Attack.

Is Considered Politically Dead, Due to Hearst Exposure.

Cincinnati, Sept. 22.—No answer to the statement issued by President Roosevelt last night will be made today by Senator Foraker, although he may have something to say tonight or later in the week. The senator said today that he had read what the president had said, but that it was a matter which he did not care to discuss off-hand and he preferred to wait till he could look up various letters and other data on the subject discussed in order that what he might say could be final. These records are not in this city and, therefore, not readily available, so that it might cause some slight delay before he would make any statement in regard to the matters discussed by the president.

That Foraker has been politically slain by William Randolph Hearst, in his Standard Oil exposure, is admitted on all sides.

Kansas City, Mo., Sept. 22.—Charles N. Haskell, governor of Oklahoma, and treasurer of the Democratic committee, passed through Kansas City en route from the east, where he has been making speeches for the Democratic ticket, to his home in Oklahoma. Mr. Haskell was asked if the charges of William R. Hearst, that he was connected with Standard Oil, would make any difference in his mind in the national committee. Said he:

"Why, I was vindicated of those charges in the state campaign last fall, when I looked the matter up."

"Now I brand Hearst's statements as untruthful. If Hearst can prove a single statement, I will quit office at once."

As his train pulled out, Haskell shouted:

"Don't forget to say that the campaign fund is growing finely. I am going home for a few days and then."

(Continued on page 5, third column.)

NORMAN E. MACK.

MACK WIRES ROOSEVELT; OPENS THE ANANIAS CLUB'S MEMBERSHIP

New York, Sept. 22.—Norman E. Mack, chairman of the Democratic national committee, addressed a telegram to President Roosevelt today in which he denied daily statements contained in a reported interview between Timothy L. Woodruff, chairman of the Republican state committee, and President Roosevelt, which were printed in a local paper this morning. Chairman Mack's telegram to the president is as follows:

"I notice in the New York Tribune of this morning that you are quoted by Timothy L. Woodruff, chairman of the Republican state committee, in the following interview, which Mr. Woodruff gave out from Oyster Bay:

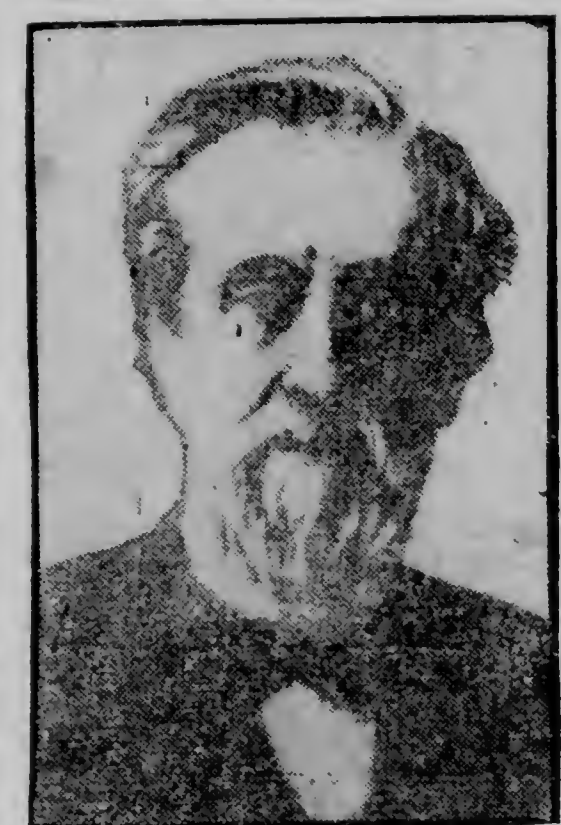

"Incidentally, the president remarked that he considered it significant that \$20,000 had been found in the treasury of the Democratic party after Judge Parker had declared throughout the last national campaign that the party's treasury was receiving nothing from corporations and further because it was announced at the time of the election that the treasury was empty. The president said that he thought it looked queer that such a large sum of money should turn up after Mr. Hearst's exposure of the treasurer of the Democratic national committee."

"If you are quoted correctly, no doubt you have in mind the publication recently in the New York American that I, as chairman of the Democratic national committee, received \$200,000 from ex-Chairman Taggart, which was said to be left over from the 1904 campaign. This, at that time, was emphatically denied when brought to my attention. I desire to say to you now, that there is not a word of truth in this statement. I have not received one cent from Chairman Taggart or any one else connected with the last campaign; neither has any one connected with the Democratic national committee. I am writing you this direct, as I desire to correct what seems to be an erroneous impression in your mind."

Chairman Mack said he hoped to receive a reply from the president at once.

Wallace Idaho, Sept. 22.—Investigation by the county recorder's department of Shoshone county has brought to light an extraordinary condition of affairs with regard to the issuance of marriage licenses. For months the department has been puzzled at the non-return of marriage licenses, issued to hundreds of Finlanders, Poles and others of foreign nationality, of whom there are many employed in the mines.

No official notice had ever been taken of this, as the department was under the impression that many of

SENATOR ISAAC STEPHENSON.

STEPHENSON IS LEADING IN RACE

May be Chosen Chairman of Wisconsin Republican Committee.

Madison, Wis., Sept. 22.—Senator Isaac Stephenson, who ran so successfully at the primaries, is stated to be elected chairman of the state Republican committee today. Others talked of for the position are A. C. Backus, of Milwaukee; W. C. Cowling, of Oshkosh; Dr. F. H. Gehle, of Manitowish; and State Senator Thomas Morris, of La Crosse. The latter is said to be the choice of Senator La Follette for the position. If Stephenson is not chosen it seems likely that a dark horse will be agreed upon.

RICH YOUNGSTER ADMITS CRIMES

Son of Millionaire Confesses to Holdups and Assaults.

San Francisco, Sept. 22.—Charles Boyle, an ex-convict of Stanford university, son of Henry Boyle, a millionaire property holder of Seattle and Oakland, and member of a family conspicuous in the exclusive society circles of San Francisco, is alleged to have made a confession of a number of crimes committed in Marion county last spring.

According to Sheriff Taylor, who interviewed Boyle in jail at Eugene, the prisoner admitted that he had held up fifteen men in the National hotel bar at San Raphael and seriously wounded a constable; that he had attacked a young woman with a club and pursued another, and was guilty of other offenses which for a time terrified a quiet community.

The sheriff is at a loss to apply a motive for the young man's supposed participation in the crimes.

FATE RESTS WITH WIND

Shift in Air Current May Yet Save Field.

Fires Burn on All Sides of the Town.

City of Rhinelander is Reported Well Protected.

Field, Wis., Sept. 22.—Field's fate depends on the wind. There seems little prospect of rain to put out the smoldering fires all around the town, but if the wind does not rise so as to fan the flames up, there is no danger of their getting beyond control as far as entering Field is concerned. This morning the wind has been light, as was the case yesterday. While the fires are burning on all sides, they are most dangerous on the southeast, and are so close there that a high wind such as blew Sunday would undoubtedly set the town afire.

Rhinelander Not Destroyed. Rhinelander, Wis., Sept. 22.—The reports that Rhinelander is in danger of being wiped out by forest fires are greatly exaggerated. The city is protected in nearly every direction by water and there are ample facilities in the city to protect against the flames.

North Forks, a small town forty miles west of here on the Soo railway, was completely destroyed. People had to flee for their lives. The fire started in the lumber yards of the North Forks Lumber company.

Michigan Villages in Danger. Escanaba, Mich., Sept. 22.—Forest fires, though checked by light rains Friday, broke out anew Sunday night, and four villages north of Escanaba, are now surrounded by flames. The villages threatened are Niagara, Quinnesec, Foster City and Hermansville. At all those places telephone and telegraph communication is cut off, and relief trains are carrying the people out of the territory. At Foster

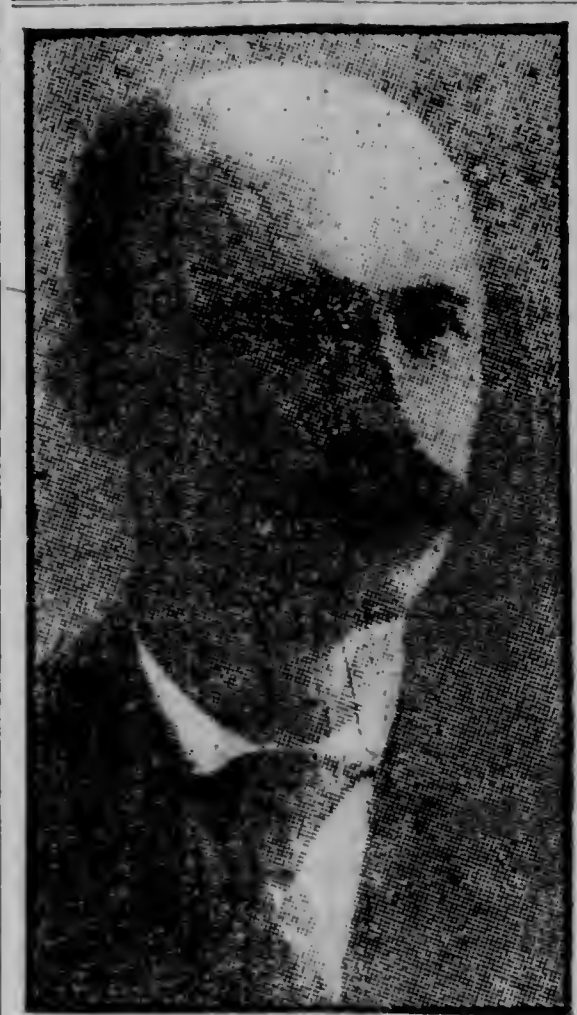

(Continued on page 5, fifth column.)

SOLDIERS ESCAPE THROUGH SKYLIGHT

St. Paul, Sept. 22.—(Special to The Herald.)—Six soldiers escaped from the guard house at Fort Snelling last night. They are William G. Manley, George F. Johnson, William Hall and Privatea Cotter, Mullin and Dickson.

The guard house is only one story high and over the corridor there is a skylight. The doors to the cells were left open and the men climbed through the skylight to the roof.

SEVEN HUNDRED HIBERNIANS CAPTURE DULUTH; BIENNIAL CONVENTION BEGINS AS IRISH GATHER IN BOSTON TO PROMOTE BETTERMENT OF RACE

EARL ABERDEEN.

STATE SENATOR ED. DONLAN, Missoula County Lumberman, Whom the Montana Republicans Have Nominated for Governor.

BRYAN GOES AFTER OHIO

Leaves Michigan Tonight for Second Invasion of Taft's State.

Detroit, Mich., Sept. 22.—This is Bryan day for the Democracy of Detroit and Michigan, and the arrival of the Democratic presidential candidate from Buffalo found the hotels crowded with Democratic leaders from all over the state, together with a large representation of the party's rank and file.

After breakfast Bryan entered upon a series of conferences. Among the conferees were members of the various state, congressional, county and city committees of Detroit and Michigan; National Committeeman John A. Lamb of Indiana; Chairman Lloyd of the Democratic congressional committee, John I. Martin, who was sergeant-at-arms of the Democratic national convention, and National Committeeman Finlay of Ohio.

Mr. Bryan and party left on a special train for Ann Arbor, where he addressed an open air meeting. Returning to Detroit he will speak at Light Guard armory tonight, and will start for Columbus, Ohio, at 11 immediately after the meeting.

SUNDAY LID ON PORTLAND, OR.

New Order in Effect Makes It a Closed Town.

Portland, Or., Sept. 22.—Determined that Sunday closing, not only of saloons, but of all lines of business not excepted by statute, shall henceforth prevail in Portland, District Attorney Cameron has addressed a communication to Chief of Police Ditzschner, calling upon the latter to enforce strictly the provisions of the law. As a result of the peremptory command beginning next Sunday, Portland will be closed tight.

As the statute only exempts theaters, hotels, butchers and bakers, every place of business, including cigar stores, billiard parlors, bowling alleys, confectionery and fruit stores, and all amusement enterprises not coming under the head of theaters, will hereafter remain closed on the Sabbath.

INSANE, HE SLAYS 3 WITH IRON BAR

Washington, Sept. 22.—Andrew Lightfoot, a Mulatto inmate of the government hospital for the insane near this city, today killed Patrick Maloney, an attendant, and Margaret Fallon, a patient, and injured another person. The murders were committed with an iron bar and occurred in the asylum grounds. Lightfoot escaped.

Redmond, Devlin and Other Leaders Rally to Cause.

A Message of Greeting From Earl of Aberdeen Expected.

Visitors From Old Sod Will Tour the Country.

Delegates Representing State Branch of Order Convene.

First Feature is Morning Mass Held in the Cathedral.

Sessions Will Last Two Days—Mayor Haven Welcomes.

Boston, Sept. 22.—The convention of the United Irish league was opened in Faneuil hall today with prominent Irish-Americans present from all parts of the country, as delegates representing the various branches of the order in the United States. John E. Redmond, M. P.; Joseph Devlin, M. P.; and John Fitzgibbon were present as representatives of the Irish branch of the league. National President Michael J. Ryan, of Philadelphia, was in the chair. The convention will receive cable greetings from the Earl of Aberdeen and his wife, the understanding being that Lady Aberdeen will send a separate personal message of good wishes. The delegates are to be in session several days and will discuss almost every subject connected with the betterment of the Irish race, and its conditions at home. Following the meeting, the noted speakers from abroad, particularly Mr. Redmond and Mr. Devlin, will tour the principal cities, making addresses in espousal of the Irish cause. Mr. Redmond is already in receipt of many invitations from all parts of the country, and is planning an extended tour, which may include Duluth, Minn.

Bostonians showed marked courtesy to the Hibernian visitors today, green flags with the familiar harp of Ireland being in prominence.

NEW PRIMARY LAW IS TRIED

New Jersey Has First Experience With Direct Nominating.

Trenton, N. J., Sept. 22.—The new primary election law is being tried today for the first time.

Important state issues are at stake. The interest centers in Essex county, where State Senator Everett Colby, whose aggressive leadership of the "new idea" movement in the Republican party has led to his nomination for re-election, is waging a lively contest for re-nomination. The so-called "regular" Republicans are opposing Senator Colby, their candidate being Thomas L. Raymond, second assistant prosecutor of the pleas of Essex county and formerly judge of the district court of Newark.

Senator Colby has endeavored to persuade Mr. Raymond to make a public statement of his position regarding various matters of state importance, but has not been able to elicit any response. Senator Colby's stand on the matter of taxation of the large corporations has incurred the hostility of these interests.

F. D. DAY & CO. JEWELERS.

Will open their fine, new and elegant jewelry store to their many customers and the public on tomorrow (Wednesday) morning, Sept. 23d.

Mr. Bagley has put forth every effort to make it stand out as one of the finest Jewelry Stores in the Northwest.

Fine new cases and fixtures; everything made especially for the store.

It will, no doubt, be a revelation to you to see such an elegant and up-to-date store. But be sure and see it.

315 West Superior Street.

ENJOYABLE BILL.

Marionette Show Included in Program at Bijou This Week.

The marionette show, old as the stage itself, but capable of developing the same as any other branch of the drama, is the feature on the Bijou bill this week. Miss Kessley has a puppet show that delights the people now just as did the "Punch and Judy" of their childhood days. A marionette show is a distinct novelty in Duluth, but the revival takes hold and the mechanical actors on duty this week will share the approbation given the entire bill.

Bicycling on the stage has died out to a great extent, but there's no sadness about the act of Fanny and Herbie put on. They have good live comedy, to which the bicycles are only incidental, and the crowd liked it immensely.

Fanny Frankel, who, according to the press agent, is a prima donna and has just returned from a trip to Europe, fills her allotted time with some dramatic singing and the making of real jewelry. Kenyon and Haley, the latter being a miss, have a singing and dancing act, which takes well. Sam and Ida Kelly get away with an act, entitled "Fifteen Minutes on Broadway," and indulge silver fills out the singing part of the program with "Home in the Golden West." The Monday night audience sets the pace for the week, and there was applause enough last night to warrant well-pleased audiences all week.

"Paid in Full."

At the Lyceum on Wednesday and Thursday nights, with a matinee Thursday, Waggoners & Kemper will present Eugene Walter's great play of American life, entitled "Paid in Full," which has a record run of five months at the Grand Opera house, Chicago, and a run of two seasons at the Astor theater, New York. The entire New York and Chicago press stamped "Paid in Full" as the greatest play since the days of "Jim, the Penman," and "The Banker's Daughter." Harold Wolf, the well-known writer of the Morning Telegraph, said in his review of "Paid in Full":

"It was a triumph! Without a star, without even a cast of distinguished players, and delightfully free from the noise and fanfare of the usual advance exploitation, a play by a young and little known author, steadily and surely drilled its way to big success at the Astor theater, last night. 'Paid in Full' is the title of the play; Eugene Walter the author.

"After witnessing the performance, the formula seems so very, very simple. Mr. Walter has a story to tell. He merely told it. He told it directly, honestly, simply and frankly. Not a word was wasted, not a superfluous scene was interpolated, not a sentiment and pretty speeches were lacking, of relief to order epigrams there was none, and—thank heaven—the comedy relief was omitted. In their place was

a real play of real life, with real human beings that trod the earth and breathed the air.

The Mantell Engagement.

The interest already stimulated by the announcement of the coming of Mr. Mantell in a repertoire of Shakespearean plays, is evidenced by the large sale of seats now in progress at the box office of the Lyceum.

The range and versatility of Mr. Mantell's work is amply illustrated in the list of plays to be given here. The novelty of the season will, of course, be "King Lear," which has rarely been witnessed by this generation of playgoers. No pains have been spared to make the production a most complete and gorgeous pictorial representation of the period and in the groupings, figures and accessories generally. Mr. Mantell has produced a splendid presentation of this great tragedy. For the remaining nights of the week, the tragedian will be seen in "Macbeth," "Hamlet," "Othello," "The Merchant of Venice," "Richelieu," and "Richard the Third."

"Too Proud to Beg."

Lincoln J. Carter's melodrama, "Too Proud to Beg," will be at the Lyceum tonight.

The story is an interesting one, consistent in every respect, with much feeling and pathos blended into its plot and running through are explosive bits of comedy, with and satire that are in the hands of some clever players.

Hunt's Perfect Baking Powder and Extracts are pure; always the same; the same careful composition, the same pure ingredients, the same satisfactory results.

SHOOT TWICE AT GIRL'S ABDUCTOR

Ardent Fargo Lover is Foiled in Attempt to Kidnap Sweetheart.

Fargo, N. D., Sept. 22.—(Special to The Herald).—Attempting to abduct Sophy Severson at the point of a revolver, John Lukis was driven from the home of Victor E. Anson this morning after two shots had been fired at him from a rifle. Both Lukis and the girl had been employed on the Anson farm. Lukis' infatuation led to his discharge. Early this morning he came to the house and aroused the girl, getting her to come outside for a moment's conference on the porch that he was to leave the country. When she came he placed a revolver at her head and commanded her to accompany him. Anson appeared on the scene and after he had seen two shots fired, but has not been captured.

CHIVALROUS MAN.

He was a Sunday evening beau, the inevitable kind. Why a Sunday evening caller should be the inevitable kind is difficult to fathom. It is doubtless a survival of the days when the Sabbath was observed with a strictness and strait lacedness that made the attentions of any man who tolerated the sultry sanctity of the house but that day a serious business. With a free celebration of the Sabbath one might think that the very young man would be observed with less attentiveness on the part of the neighbors. But not so. The man who calls upon that chosen day of the seven is marked with the peculiarly indecent behavior of the inveterate matchmaker next door.

However, this Sunday evening beau was of the very young kind. He came early in the afternoon and ornamented the piazza during the long slow hours of the Sabbath and he was planning on staying to tea. About 5 o'clock a peculiar whistling noise came down the street and it came nearer. The matchmaker next door recognized the equal of the wagon of the popcorn man.

"Nobody ever accused this S. E. B. as being especially acute, but when that Sunday evening beau came down a half block beyond, a brilliant idea occurred to him.

"Do you want some popcorn?" he said.

"Um-hm," said the girl upon whom he was calling.

"You bet," said her younger sister, who also was on hand.

The man who had the idea started on the chase down the street.

"Hi there," he called and presently the popcorn man waited. The Sunday evening beau approached out of breath.

"Popcorn," he said.

"Just got up," said the popcorn man.

"Well, peanuts then," said the woman who was the purchaser, and felt in his pocket for the coin.

"Shivering horrors! There wasn't a cent there," the popcorn man said to the dazed youth. "I guess I don't want any peanuts."

"He turned to the dazed youth. 'How could he ever face these girls? Their laughter? Their incredulity? And the younger one especially? Why, oh why?'

"Where's the popcorn?" "Why didn't you get some popcorn?" called the girls.

"But I fear the appetite that girls do have."

"He has no popcorn," said the Sunday evening beau when he came within speaking distance.

"Well, why didn't you get peanuts?" asked those inexorable creatures.

"I had no money," blurted out the miserable youth.

"No money," echoed the younger sister.

"Why, what a shame!"

"No money," said the older one. He had come to see, and he wondered why he ever had.

"No, you see," said the poor young man. "I changed my clothes and my money was in my other suit and—"

But what can a man explain to a couple of giggling girls? Is there anything on earth more silly as a giggling girl? They are unbearable, really unbearable.

"I guess I got to go now," said the Sunday evening beau, who had thought of staying to lunch.

"Oh, don't go," giggled the one he had come to see.

"And come again, John," said that Sunday evening beau walked down the street in the gathering dusk, with the bitterness of deep chagrin in his soul.

General Meeting.

The general meeting of the Ladies Auxiliary of the First Presbyterian church will be held tomorrow afternoon at 3 o'clock at the church parlors.

Personal Mention.

Mrs. J. A. Stevenson and children have returned from their summer home at Deerwood, the cottage being closed for the season.

Mr. and Mrs. E. T. Buxton of Eden have as their guest Miss Wilson of Chicago.

Mr. and Mrs. John Miller of 921 East Superior street have as their guest Mrs. Miller's mother, Mrs. Tillotson of Detroit.

Mr. and Mrs. C. E. Spring of Fifteenth avenue east are entertaining Mr. Spring's sister, Mrs. Lillian Clapp of Chicago.

C. B. Miller and little daughter Elizabeth have gone to the southern part of the state for a short visit with Mr. Miller's mother.

Miss Kiehl Bennett returned yesterday to St. Paul after a visit with her mother, Mrs. Bennett and Mrs. Wesley Peetnam.

John Peyton has returned from abroad, where he spent the summer after graduating from Yale in June.

Mrs. L. F. Newton of 221 Fifteenth avenue west will leave for Duluth on the week for a six weeks' visit at Spokane and Seattle.

A. M. Chisholm has returned from the state where he accompanied Miss Dorothy Chisholm to school at the Visitation convent at Georgetown, D. C.

Miss Pearl Schutz of Houghton, who has been a guest of Mr. and Mrs. M. Ettinger of 303 Eighteenth avenue has left for a short visit at the home of her mother.

Donald and Siebel Harris left yesterday for Philadelphia to complete their work at the University of Pennsylvania.

CHIVALROUS MAN.

Present Day Woman Treated With Fine Courtesy.

Chivalry is an outmoded word, but the thing itself, though less in evidence, was never so much in action as it is today.

It was in our very own time, says Octave Thénard in Harper's Bazar. Men show it in their whole attitude towards their women friends. They handle our feelings with our lightest touch, they walk with us among our prejudices on tiptoe; they take off their hats to our bigotry if we do it to religion; they accept our squeamishness for refinement; and they grow gray before they discover that with certain women a fit of tears means more than a fit of profanity from some men. They surely are patient in their own way. But neither can it be denied that in their choice of friends they are sometimes stupid to a heart-rending degree. In the main, an Anglo-Saxon man's women friends are as little of his choosing as the shape of his nose. One can run over the list in the dark. His family friends, his wife's friends, the friends of his childhood, the friends whom he has chosen for himself. Here will be the women he chooses to know, but the worst are like to be birds of passage. Perhaps he made them during his college days when the base little over every pretty girl whom he met. For a moment she seemed unable to pick the girl of really fine nature and sweetness. Nor does he; he admires the girl all the other fellows so to speak. A pretty, flippant little creature who is not at all the kind of woman he can and can dance like a dream. But will men continue to admire Misses? I know not.

FASHION HINTS.

Spectacular Hat Pins Feature of the Season.

The voguish hatpins is toward the spectacular. These are hatpins with heads twice as long as your middle finger. These are of colored glass of silver or of dull gray metal. They are on the head and trim it at the same time. There is a growing tendency to wear the hat with the hatpins so that the hat will show you a wide variety of pins, with a spectacular head. One set of pins will have birds upon the end.

A particularly pretty hatpin had a child's head on it. It was a milky bird, feathers, eyes, bill and all. The clever wearer had a knack of putting the hatpin in the hair so that the bird was always at a proper angle. This bird, with two or three others, rimmed her hat. Another woman, with a penchant for pretty and novel pins, had a hat with a rose upon it. A rose appeared here and there in her hat trimmings according as she placed her pins.

With headgear must always be considered the question of what to wear around the neck. There are jumper effects which are contrived to match hat trimmings and pretty fashions to go with a neck of wide white and many feathers. Neckwear grows larger and more pretentious, and how the neck is broader and more heavily trimmed with lace. The colors are seen, but the fancy for lace of a delicate ecru shade is more pronounced.

Laces that range in color from a pale cream to a deep brown are used for making up the long and handsome neck trimmings that are secured to the front of the waist at various points. Several fancy pins are used to keep the lace in place.

CECILIAN SOCIETY.

First Meeting to be Held Next Week.

The first meeting of the year of the Cecilian society will be held Thursday afternoon at 8 o'clock at the home of Mrs. J. A. Stevenson of 2331 East Fifth street. The study of the society during the year will be symphonies and the first one to be considered with a study of the Cecilian society. The Cecilian society will be studied in connection with the Cecilian society. The Cecilian society will be studied in connection with the Cecilian society.

RECEPTION GUESTS.

A. O. H. Delegates Entertained by Mr. and Mrs. Sullivan.

With a free celebration of the Sabbath one might think that the very young man would be observed with less attentiveness on the part of the neighbors. But not so. The man who calls upon that chosen day of the seven is marked with the peculiarly indecent behavior of the inveterate matchmaker next door.

However, this Sunday evening beau was of the very young kind. He came early in the afternoon and ornamented the piazza during the long slow hours of the Sabbath and he was planning on staying to tea. About 5 o'clock a peculiar whistling noise came down the street and it came nearer. The matchmaker next door recognized the equal of the wagon of the popcorn man.

"Nobody ever accused this S. E. B. as being especially acute, but when that Sunday evening beau came down a half block beyond, a brilliant idea occurred to him.

"Do you want some popcorn?" he said.

"Um-hm," said the girl upon whom he was calling.

"You bet," said her younger sister, who also was on hand.

The man who had the idea started on the chase down the street.

"Hi there," he called and presently the popcorn man waited. The Sunday evening beau approached out of breath.

"Popcorn," he said.

"Just got up," said the popcorn man.

"Well, peanuts then," said the woman who was the purchaser, and felt in his pocket for the coin.

"Shivering horrors! There wasn't a cent there," the popcorn man said to the dazed youth. "I guess I don't want any peanuts."

"He turned to the dazed youth. 'How could he ever face these girls? Their laughter? Their incredulity? And the younger one especially? Why, oh why?'

"Where's the popcorn?" "Why didn't you get some popcorn?" called the girls.

"But I fear the appetite that girls do have."

"He has no popcorn," said the Sunday evening beau when he came within speaking distance.

"Well, why didn't you get peanuts?" asked those inexorable creatures.

"I had no money," blurted out the miserable youth.

"No money," echoed the younger sister.

"Why, what a shame!"

"No money," said the older one. He had come to see, and he wondered why he ever had.

"No, you see," said the poor young man. "I changed my clothes and my money was in my other suit and—"

But what can a man explain to a couple of giggling girls? Is there anything on earth more silly as a giggling girl? They are unbearable, really unbearable.

"I guess I got to go now," said the Sunday evening beau, who had thought of staying to lunch.

"Oh, don't go," giggled the one he had come to see.

"And come again, John," said that Sunday evening beau walked down the street in the gathering dusk, with the bitterness of deep chagrin in his soul.

General Meeting.

The general meeting of the Ladies Auxiliary of the First Presbyterian church will be held tomorrow afternoon at 3 o'clock at the church parlors.

Personal Mention.

Mrs. J. A. Stevenson and children have returned from their summer home at Deerwood, the cottage being closed for the season.

Mr. and Mrs. E. T. Buxton of Eden have as their guest Miss Wilson of Chicago.

Mr. and Mrs. John Miller of 921 East Superior street have as their guest Mrs. Miller's mother, Mrs. Tillotson of Detroit.

Mr. and Mrs. C. E. Spring of Fifteenth avenue east are entertaining Mr. Spring's sister, Mrs. Lillian Clapp of Chicago.

C. B. Miller and little daughter Elizabeth have gone to the southern part of the state for a short visit with Mr. Miller's mother.

Miss Kiehl Bennett returned yesterday to St. Paul after a visit with her mother, Mrs. Bennett and Mrs. Wesley Peetnam.

John Peyton has returned from abroad, where he spent the summer after graduating from Yale in June.

Mrs. L. F. Newton of 221 Fifteenth avenue west will leave for Duluth on the week for a six weeks' visit at Spokane and Seattle.

A. M. Chisholm has returned from the state where he accompanied Miss Dorothy Chisholm to school at the Visitation convent at Georgetown, D. C.

Miss Pearl Schutz of Houghton, who has been a guest of Mr. and Mrs. M. Ettinger of 303 Eighteenth avenue has left for a short visit at the home of her mother.

Donald and Siebel Harris left yesterday for Philadelphia to complete their work at the University of Pennsylvania.

CHIVALROUS MAN.

Present Day Woman Treated With Fine Courtesy.

Chivalry is an outmoded word, but the thing itself, though less in evidence, was never so much in action as it is today.

It was in our very own time, says Octave Thénard in Harper's Bazar. Men show it in their whole attitude towards their women friends. They handle our feelings with our lightest touch, they walk with us among our prejudices on tiptoe; they take off their hats to our bigotry if we do it to religion; they accept our squeamishness for refinement; and they grow gray before they discover that with certain women a fit of tears means more than a fit of profanity from some men. They surely are patient in their own way. But neither can it be denied that in their choice of friends they are sometimes stupid to a heart-rending degree. In the main, an Anglo-Saxon man's women friends are as little of his choosing as the shape of his nose. One can run over the list in the dark. His family friends, his wife's friends, the friends of his childhood, the friends whom he has chosen for himself. Here will be the women he chooses to know, but the worst are like to be birds of passage. Perhaps he made them during his college days when the base little over every pretty girl whom he met. For a moment she seemed unable to pick the girl of really fine nature and sweetness. Nor does he; he admires the girl all the other fellows so to speak. A pretty, flippant little creature who is not at all the kind of woman he can and can dance like a dream. But will men continue to admire Misses? I know not.

FASHION HINTS.

Spectacular Hat Pins Feature of the Season.

The voguish hatpins is toward the spectacular. These are hatpins with heads twice as long as your middle finger. These are of colored glass of silver or of dull gray metal. They are on the head and trim it at the same time. There is a growing tendency to wear the hat with the hatpins so that the hat will show you a wide variety of pins, with a spectacular head. One set of pins will have birds upon the end.

A particularly pretty hatpin had a child's head on it. It was a milky bird, feathers, eyes, bill and all. The clever wearer had a knack of putting the hatpin in the hair so that the bird was always at a proper angle. This bird, with two or three others, rimmed her hat. Another woman, with a penchant for pretty and novel pins, had a hat with a rose upon it. A rose appeared here and there in her hat trimmings according as she placed her pins.

With headgear must always be considered the question of what to wear around the neck. There are jumper effects which are contrived to match hat trimmings and pretty fashions to go with a neck of wide white and many feathers. Neckwear grows larger and more pretentious, and how the neck is broader and more heavily trimmed with lace. The colors are seen, but the fancy for lace of a delicate ecru shade is more pronounced.

Laces that range in color from a pale cream to a deep brown are used for making up the long and handsome neck trimmings that are secured to the front of the waist at various points. Several fancy pins are used to keep the lace in place.

CECILIAN SOCIETY.

First Meeting to be Held Next Week.

The first meeting of the year of the Cecilian society will be held Thursday afternoon at 8 o'clock at the home of Mrs. J. A. Stevenson of 2331 East Fifth street. The study of the society during the year will be symphonies and the first one to be considered with a study of the Cecilian society. The Cecilian society will be studied in connection with the Cecilian society.

RECEPTION GUESTS.

A. O. H. Delegates Entertained by Mr. and Mrs. Sullivan.

The frat of the social affairs to be held in connection with the conventions of the A. O. H. and the Ladies Auxiliary of the same organization, was a most successful one. The Cecilian society will be studied in connection with the Cecilian society. The Cecilian society will be studied in connection with the Cecilian society.

BEGIN ON BUILDINGS

A. L. Ordean Lets Contract for Business Block on First Street.

New McDonald Building to Go Up Beside Police Station.

Two building deals of some importance have come to the construction stage and the clearing of ground for two business blocks, moderate in size now, but strong enough to carry additional stories, if they are later decided upon, have begun.

John A. Stephenson acts for the owners in both deals, one of which is for about \$40,000 and the other for about \$25,000.

West First street as a business district is given a further boost by one of the contracts, which has been let to George J. Launberg for a building to be constructed for A. L. Ordean, president of the First National bank, on the lot just east of the Bell telephone company's building on the lower side of West First street, between Second and Third avenues west. The building will occupy the entire lot, 50x110 feet, with two stories on the street and three on the alley.

The building will be constructed so that, if it is desired later, two additional stories may be added. The front will be of ornamental iron and tile and the walls of brick. The building is already under lease to the Duluth Edison electric company, which will occupy at least the first floor and basement as soon as it is completed. The second floor, which will be fitted out for offices, will probably be sub-let. The building is to cost about \$25,000.

The other building is to be constructed for D. R. McDonald of Cole & McDonald, by McDonald & Smith, just west of the city police station on the lower side of Superior street, between First and Second avenues east. It is the building, the second floor of which was offered to the city for municipal court purposes, and the offer may be accepted, though the city must act quickly in order that the plans may be arranged.

The building is to be four stories with two stories on Superior street and three on Michigan street. It is to be constructed so as to carry three additional stories, if a decision to add them is made later. The building will be entirely fireproof and will cost about \$40,000. It will have a tile front on Superior street and solid brick walls. No leases have yet been closed for it.

It is understood that a lease has been closed whereby the city water and light department will occupy the first floor and basement of the new Commercial club building to be constructed by S. J. Upham & Co. at the corner of West First street and Fourth avenue west. The present quarters of the water and light department in the Kluge building are crowded and the new building will give much better accommodations.

The Commercial club will occupy the upper floors of the three-story building.

WOULD NOT MEET KING EDWARD

Mayor Clark of Doncaster Became Famous in a Day.

London, Sept. 22.—The hitherto unheralded mayor of Doncaster is now the hero of the hour.

His name is Clark and he has the courage of his convictions, even when they conflict with the king of England. Mayor Clark stands today as the only Englishman on record who has refused to meet Edward.

During the Doncaster races, after the finish of the famous St. Leger race, the king dispatched the Hon. L. V. Harcourt to find the mayor, bring him to the royal box and introduce him. Harcourt found the mayor was in the city hall, not on the track. Harcourt did not accompany Mr. Harcourt to the course and the royal party, but firmly declined the honor of meeting the king and shaking the royal hand with the possibility of being knighted, then and there.

Turns Down His Majesty.

The honest mayor informed the king's millionaire messenger that although he had lived in Doncaster all his life, he had never once visited the race track, and could not then, even although commanded by the king, Harcourt returned to the royal box and reported to his majesty that the mayor of Doncaster had been knighted, then and there.

The incident has become known in Doncaster the mayor was savagely criticized. In defense the mayor published a statement rehearsing the circumstances which compelled him to refuse the honor of meeting the king in preference to violating his conscientious scruples against racing.

ARVILLA IS SCORCHED.

North Dakota Town Has Close Call From Being Wiped Out.

Arvilla, N. D., Sept. 22.—Arvilla was visited by a disastrous conflagration early Saturday morning, the fruit store of William Campbell and the shoe store of William Gonsky being burned to the ground. The fire started in the Campbell store about 1:45 o'clock and for a time threatened to burn the entire business section of the town out.

\$12.75

Dining Chairs

You will find our stock of Dining Room Chairs the largest and most complete in the city—we have them in all styles and finishes. This week we are placing on sale Dining Chairs with a rich golden finish—has five spindles in the back, solid wood seat, chair worth \$1.25. This week at—

79c

You Do Not Sleep Upon the Upholstering

The operation necessary to open a Pullman Bed Davenport is of the simplest—in fact, it is automatic. Only two movements are necessary to change the Pullman Davenport into the Pullman Bed. It is absolutely noiseless in operation, and is so evenly balanced that a child can operate it as well as a man.

Another reason why the Pullman is an ideal Bed Davenport is that when used as a bed no weight or pressure can possibly come upon the upholstery of the Davenport. This is an exclusive feature and is not found in any other Bed Davenport. Come and let us show you how much better the Pullman Davenport Bed is than the old style.

Blankets and Comforts

Judging from the volume of business we have done during the past week in our Bedding Department, it will surely pay you to come here for your winter's supply of Blankets and Comforts. Here are a few of the prices:

\$1.65

\$1.45 Comforts, large assortment of patterns to select from. On sale—

89c

\$1.90 Comforts, handsome patterns to select from. On sale this week at—

\$1.15

The Pullman Bed Davenport

We are exclusive agents in Duluth for this famous Revolving Seat Bed Davenport. The home supplied with a Pullman Revolving Seat Bed Davenport is equipped to meet any emergency demand for sleeping accommodations occasioned by limited bedroom space and the arrival of unexpected guests.

The Pullman Davenport will ornament the parlor of even the most elaborately furnished home. It is constructed of the finest material and of the highest grade of workmanship and finish. In appearance it cannot be detected from a solidly built Davenport, the seat alone being reversible. One slight upward pull causes the seat to revolve, bringing the bottom of the seat upward, thus exposing the folded bed spring containing the mattress. The bed spring is then drawn forward, the supporting legs dropping automatically into place.

This illustration shows the Pullman Davenport as a perfect bed

We Take Your Old Stove

and allow you all it is worth as part payment on a new Range or Heater. The balance we can arrange on payments as low as \$4.00 per week.

Monarch

The "Stay Satisfactory" Range

The Monarch Pays for Itself

Why put up with the uncertainties, inconveniences and frequent embarrassments that are bound to accompany the use of an ordinary steel range?

Why not know the satisfaction of always having your work perfectly done?

The Monarch Range is not a luxury. It is easily within the reach of every one, for the saving it will effect in fuel and repair bills alone will, in a short time, pay its entire first cost.

We make this statement thoughtfully and with a desire to prove it to your satisfaction.

There is no mystery about these things and one visit to our store will convince you of their truth. It's simply that the Monarch is made of materials more adapted to range construction than those used in the "common sort" of steel ranges.

Unbreakable Malleable Iron is used for those parts that are made of brittle cast iron in all of the "common sort" of steel ranges. The frames of this material are joined to the steel of the body and oven by cold driven rivets, forming permanently airtight joints.

Ordinary ranges made of CAST or GRAY IRON, and sheet steel must be bolted together and caulked with stove putty. After a very short time of use these bolts work loose, the putty falls out of the seams and outside air rushes into the flues and the firebox—through every joint.

These "air leaks" WASTE FUEL—cause slow baking—POOR WORK. The truth of this is self-evident from the fact that if it wasn't necessary to have ranges repaired by the manufacturers, they wouldn't ATTEMPT to make them so by using stove putty.

Terms—\$1.00 Per Week.

Select Your Heater or Range From Us Now and We Will Deliver it Later.

Jardiniere Stands

Exactly like illustration made of solid oak with a weathered finish, French legs, round top with shelf underneath; size, stand, 18 inches high, top 12 inches in diameter; worth 90c—on sale this week at—

CHARLES PURDON IS BADLY HURT

Tumbled From Veranda of Hotel to Pavement Below.

Douglas, Ariz., Sept. 22.—As a result of an accident, by falling from the front porch of the Roy hotel, last Wednesday morning about 2 o'clock, Charles Purdon, a prominent citizen of this place, and formerly of Duluth, Minn., is now confined in his room with his right arm broken in three places, the bones of the wrist of the left hand crushed, his nose broken, besides sustaining several bruises on the body.

at 2:15 this morning was reported under control although the loss in the stores is total. The exact cause of the conflagration was not known. The total loss is about \$5,000, partially insured.

Mr. Purdon was picked up on the street, unconscious, some time afterward by three waiters from Hays' cafe while on their way home. He was carried to his room in the Roy hotel and medical aid summoned. It was late next afternoon before the injured man regained consciousness.

The accident was a peculiar one, not even Mr. Purdon himself being able to tell just how it occurred. In speaking of the accident, Mr. Purdon said: "I know nothing of the unlucky affair, and didn't realize until I came to life again, in care of Dr. Armstrong, and others, who were present, that it had been hurt."

As near as could be ascertained by those with Mr. Purdon during the evening, the accident must have occurred about 2 o'clock in the morning. He was present at the farewell banquet given in honor of Tom Jones and made one of the cleverest and most pleasing speeches of the evening. Every one was enthusiastic in their praise of Mr. Purdon's efforts.

After leaving the banquet hall he met Helen F. Humbert, an old friend, who is in Douglas looking after his nomination for district attorney, and these gentlemen took chairs in front of the Golden, where they talked over the political situation until nearly 2 o'clock. At this time Mr. Humbert remarked that it was time to be in bed, when Mr. Purdon left for the Roy hotel, where he had been stopping for the past two years. Ascending the stairs, he walked out on the veranda which has been his custom before retiring, and he evidently dropped off to sleep in a chair, and starting to go through the door, walked against the railing and fell headlong to the pavement. It was about 3 o'clock when he was found by the night men in the restaurant, who had heard groans, but did not realize that it was the sound of someone in distress. Dr. Armstrong was immediately called and late in the day Dr. Tuttle called when the arm was set.

It is understood that an X-ray will be used to determine the extent of the fracture of the arm and assist in setting the arm from any serious results. The accident which Mr. Purdon met with came as a great shock to his

many friends in Douglas and Biehee. No more popular young man resides in this section of the southwest, and no more brilliant man lives within the confines of Arizona. Purdon simply lives for others and the last person on earth that he thinks of is himself. His unselfishness has become proverbial. Every one up and down the streets during the entire day expressed words of deep regret as well as words of unstinted praise for Purdon.

Don't be afraid to give Chamberlain's Cough Remedy to your children. It contains no opium or other harmful drug. It always cures. For sale by all druggists.

LITTLE ONES ARE BURNED TO DEATH

Playing With Kerosene During Absence of Their Parents.

Linton, N. D., Sept. 22.—Little John Dirk, aged 5 years, and baby Katherine Kreig, aged 22 months, were burned to death at this place while playing with a can of kerosene during the absence of their parents from the house.

The terrible accident happened at the home of Mr. and Mrs. Peter Dirk. Mrs. Dirk had gone to visit Mrs. David Kreig, leaving her two little sons, John, aged 5, and Ambrose, aged 3, alone in the house. Little Katherine Kreig asked to be allowed to go over and play with the boys and who was given permission to do so.

Shortly after this John Mohn, who lives next to the Dirk residence, and who was working in the rear portion of his house, heard an explosion, and

running out, he saw flames through a window in the Dirk house.

Just then the door of the house burst open and little John Dirk, enveloped in flames, rushed out, having started to go to his mother. The horrified man overtook the child and stripped him of his clothing and in the meantime neighbors had rushed into the building and found the little Kreig girl also a living pillar of flame.

Everything known to medical skill was done in the effort to save the children's lives, but they both died a few hours later.

FUGITIVE'S BODY FOUND.

Ashawa, Minn., Sept. 22.—While looking for his cattle, Jonas P. Johnson found the decomposed body of a woman lying in a place of timber. Corner Merritt was notified and identified the remains as those of Ingra Johnson, formerly of Lafayette, an escaped inmate of the insane asylum at St. Peter, which she left several weeks ago. She is believed to have died of exhaustion.

PEST MAY BAR TARS

Cholera May Keep Sailors
Aboard Battleships at
Manila.

Authorities Try to Erad-
icate Plague Before
Fleet Arrives.

Manila, Sept. 22.—To chase cholera out of Luzon Island before the American warships arrive is the task to which the authorities are directing every energy. If they do not succeed, the fleet may not anchor at Manila. The vigorous campaign for the eradication of the plague is believed to be preventing an appreciable increase in the spread of the disease. There is an average of fifty new cases daily, although today promises to show a record materially lower. In official circles it is maintained that there is still a possibility that the city may be rid of the cholera before the arrival of the American battleship fleet. Governor General Smith stated today that while the time intervening was short, he still had considerable hope that Manila will be clean when the fleet comes.

Although the Filipinos continue to conceal stricken patients through ignorance and fear, a house to house inspection is disclosing practically all the cases. Public chemical engines and a dozen big street sprinklers are being used with good effect in a general disinfecting of all tainted sections. The Roman Catholic authorities have offered the use of a large convent within the walled city for use as a hospital.

The prospect of interference with the festivities arranged in honor of the fleet's visit, or postponement of its arrival, has stirred the popular interest immensely. While it is held that there is no danger of a serious epidemic and that the situation is not grave, it is still feared that Rear Admiral Sperry will refuse to permit the men to land if even a few cases of cholera remain.

GOOD SWIMMER DROWNS.

Clarence Anderson of Ishpeming
Loses Life Duck Hunting.

Ishpeming, Mich., Sept. 22.—(Special to The Herald.)—Clarence Anderson, age 18, son of Victor Anderson of Empire street, was drowned in Deer lake, Sunday. The body was recovered about 100 feet from shore. Young Anderson, Joseph Williams and Sigurd Anderson were on the lake duck hunting, and while going toward the south shore, with the intention of returning home, all were standing in the boat. Clarence Anderson was in the act of throwing a dog into the water. The dog struggled and the boat was capsized. All the boys sank be-

WEST END WORKS OFF FAKE CARDS

Spurious Socialist Sells
Counterfeit Tickets to
Debs Lecture.

Many West Enders Are
Taken In by the
Swindler.

A pseudo Socialist was making the rounds in the West end yesterday afternoon selling bogus tickets to the Debs lecture at the Lyceum for 25 cents apiece.

The printing on the faked tickets did not resemble the lithography of the bona-fide cards in the least, but the wily sales agent, who was selling the tickets, was so confident that the regular tickets and were ready to believe that the impostor's cards were all right.

A victim of the ticket swindler, who works in the Scott-Graff mill, happened to show his ticket to one of the Socialists, and then it became known that the faked tickets were being sold.

The West end was immediately scoured by the Socialists, but they did not find the impostor, who probably by that time enjoying the proceeds of his sale of worthless tickets.

Lodge Out of Debt.

Beta council, No. 2, Modern Samaritans, is now out of debt. This announcement was made at the meeting last evening in Columbia hall, Twentieth avenue and Superior street, and it is planned to have a celebration in honor of the occasion some time next month.

It was planned to take in a number of new members last evening, but this will be done instead at a special meeting to be held Friday night, when the lodge will be ready for the ceremonies last night.

Republican Meeting.

The West End Republican club will hold a jollification meeting this evening at the Columbia hall, Twentieth avenue and Superior street. It is expected that a number of prominent West enders will be present and deliver short talks.

West End Shortfalls.

Rev. H. K. Madsen and Mrs. Madsen are expected to return today from St. Paul, Minn., where they were attending the Norwegian-Baptist conference.

Mr. A. M. Madsen will entertain the Thimble Beer of the Second Presbyterian church tomorrow afternoon.

An important meeting of the Young Ladies' Guild of St. Luke's Episcopal church will be held at the church, business sessions of the church. Business of considerable importance to the society will come up for consideration and a large attendance is desired by the officers.

Plans are being made to have a big "rally day" for the Sunday school of St. Luke's Episcopal church on the third Sunday in October. An attractive sermon by the Rev. H. K. Madsen will be held at that time.

Several West enders attended the meeting of the East Duluth Observatory of the North Star Benefit association in the East end last evening. Duluth Observatory No. 29, the oldest local branch of the association, held its regular business meeting this evening in Lindholm's music store.

The funeral of Miss Anna Opland of West Second street is being held this afternoon at 2 o'clock, under the auspices of the Norwegian Lutheran church. Interment will take place at Park Hill cemetery.

Rev. August Peterson, one of the first pastors of the First Norwegian Baptist church in Duluth, will deliver a lecture at that house of worship this evening. The lecture will be on the subject of "The Kingdom of God is Within You."

Mr. and Mrs. George Horton and Mr. and Mrs. Edward Anderson, both of whom are on their honeymoon, have been married by Rev. H. K. Madsen. The ceremony will return in two or three weeks and make their home in the West end.

Rev. Carl S. Olson, pastor of Bethany Swedish Lutheran church, has gone to Minneapolis to visit friends for a few days.

Rev. J. Wilfrid Loughridge, pastor of the Central Baptist church, has gone to the Twin Cities for a visit. He will spend two weeks in St. Paul and Minneapolis.

Mrs. B. J. Dillon of the Osborn family has returned from a visit at Marshalltown, Iowa.

Mr. and Mrs. L. J. Peterson, who is visiting in the West end, will preach this evening at the First Swedish Baptist church in Superior and in the Bethel Baptist church in the East end tomorrow evening.

The regular monthly meeting of the congregation of the First Swedish Baptist church will be held this evening at the church.

J. C. Ekman is expected to return today from Kokomo, where he went to attend the wedding of his sister.

Miss Hilja Peterson was elected president of the Women's Foreign Missionary society of the First Norwegian Baptist church at a meeting held last evening at the home of Mrs. L. Morterud of West Fifth street. Other officers elected were: Vice president, Mrs. E. O. Reppel; financial secretary, Mrs. E. O. Reppel; treasurer, Miss Kate Aronson.

OPPOSED TO CANNON.

Nebraska Congressman Declares
Against Re-Election of Speaker.

Lincoln, Neb., Sept. 22.—Congressman George W. Norris of the Fifth Nebraska district, who is the Republican nominee for re-election, is opposed to Joseph G. Cannon for speaker. In a statement at Cooks Mr. Norris said: "I am opposed to Cannon for speaker, not because I doubt his patriotism or question his ability, but because of the power of his high position to prevent the consideration of the most serious objection in my judgment, to his re-election as speaker. In the present rules which would take away or modify the power of the speaker, I am not power nor possessed by the speaker, and I am not willing to use this same arbitrary power."

New York "Making
Good."

C. A. Towne Just Missed
Being Special Counsel
of Emperor.

"If the emperor of Korea had not been forced to abdicate, Charles A. Towne would have been his American counselor, at a salary of \$30,000 a year," said Capt. Hay T. Lewis, who has recently returned from an eight-months' tour abroad. On his return, Capt. Lewis met a number of former Duluthians in New York, among them being Mr. Towne. Mr. Towne stated that he had made a trip to Korea at the emperor's request, and had received his expenses and \$20,000 for the trip. The visit was for the purpose of discussing certain political and diplomatic questions with the emperor, and Mr. Towne stated that he was very well received by the emperor, who had been reached whereby he was to be a permanent member of the emperor's suite of officers. He is a partner of Delmas in New York.

"All the Duluth people I met in New York," said Capt. Lewis, "were very well received by the emperor, who had been reached whereby he was to be a permanent member of the emperor's suite of officers. He is a partner of Delmas in New York."

"J. L. Greatness, who was reported to be down and out, is very far from it. He is the same old Greatness, and is now a very successful man. He is a very busy and very prosperous man. He is present everywhere. He looks like ready money, and is a handsome office, and apparently all the business he can attend to."

"Frank Searle is also doing well. He has a handsome office, and apparently all the business he can attend to. He is a very busy and very prosperous man. He is present everywhere. He looks like ready money, and is a handsome office, and apparently all the business he can attend to."

"Mr. Lewis, who was accompanied by his wife, was gone eight months. During that time he visited Egypt, Italy, France, England and Ireland. He is a very busy and very prosperous man. He is present everywhere. He looks like ready money, and is a handsome office, and apparently all the business he can attend to."

"Since their return they have taken up their residence in the Ashblum terrace. They are a very busy and very prosperous man. He is present everywhere. He looks like ready money, and is a handsome office, and apparently all the business he can attend to."

INFANT PRODIGY.

Girl of Eleven Occupies Pulpit of
Los Angeles Church.

Los Angeles, Cal., Sept. 22.—Eleven-year-old Inez Bowles occupied the pulpit of the West End Congregational church Sunday night in the place of the gray-haired clergyman. Inez has shown a remarkable aptitude for religious subjects. She is an earnest student of the Bible, and has a number of passages by heart. She wears short dresses, and when the "aid" Europe and Japan, she devoted much time to her doll, which she calls "Bub."

The church members were very much surprised to hear a sermon worthy of the pulpit. The girl's sermon was not memorized, but she stated at the close of her sermon that she had been thinking of the subject for some time.

Quick action was necessary and the commander of the Tuscarora was very appreciative to the officers and crew of the United States revenue cutter Tuscarora, which went to the assistance of the north shore folks when they were threatened by fires, before it had orders to do so from Washington.

"Grand Marais, Minn., Sept. 18, 1908.—We, the undersigned citizens of the village of Grand Marais, Cook county, Minn., hereby express to you our sincere gratitude for the assistance and aid rendered by you and the settlers outside of our village, who have been driven from their homes to this village for protection during the past several weeks.

Your presence here helped much to give assurance of safety, and the provisions you left here for the destitute have already caused some who had given up hope to take a new lease of life and start in with a determination to win food and shelter for their wives and children, who had their lives swept away by the flames.

"Realizing that it is the purpose of government vessels to help the distressed on a bordering great lake, still we wish to especially thank the village of Grand Marais for the thoughtfulness in coming to us in this our hour of great need.—Fred Jackson, county auditor; D. B. McAlpine, village trustee; Louis Engelson, village clerk; B. H. Louis, merchant; E. V. Wacklin, C. Blackstrom, merchant; S. Zimmerman, Jr., Seymour Mitchell, Olaf Johnson, Noel Hamlin, Charles Fowsten, Louis Falk, John A. Blackwell, publisher; C. G. Stritsland, village treasurer; Charles J. Johnson, postmaster; John S. Sandin, John Johnson, John Woods, U. S. L. H. Johnson; George H. Durfee, judge of probate court."

"What did you get to cure your baby's eczema? It was the Cuticura Remedies. So in your Cuticura will always have fine and warm friends, George F. Lambert, 130 West Centre St., Mahanoy City, Pa., September 20 and November 4, 1907."

"It gives me great pleasure to express my deep gratitude in appreciation of the incalculable benefits derived from the use of Cuticura Ointment and Resolvent over my little boy. He had a fearful case of eczema, and it was so bad that he was unable to water at all. Any place the water went it would form another sore and it would become crusted. A score or more of physicians failed utterly and finally I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. When people see him now they ask, 'What did you get to cure your baby's eczema?' and they tell them to use the Cuticura Remedies. So in your Cuticura will always have fine and warm friends, George F. Lambert, 130 West Centre St., Mahanoy City, Pa., September 20 and November 4, 1907."

TO OBSERVE JEWISH NEW YEAR

Services Will Be Held in
Synagogues of Duluth
This Week.

New Year ceremonials will begin in the Jewish synagogues of Duluth next Friday evening, continuing in the Orthodox church until sundown Saturday and in the Reformed church until sundown Sunday. Saturday, Sept. 20, is the first day of the month of Tishri in the Jewish calendar, and as such will be observed as the Jewish New Year.

The Jewish New Year, like that of the Christian nations, is a day for family reunions and greetings. All members of families, who can possibly reach the home fireside for New Year's day, and the others send their greetings. As a result, the mails are weighted down during the week in which the festival falls.

At Temple Emmanuel, corner Second and Seventh avenue east, Rabbi Leffkowitz will conduct services Friday evening at 7:30 o'clock and Saturday morning at 10 o'clock. Sunday morning, the annual meeting of the congregation will be held and officers elected for the ensuing year. Two days later than the New Year's festival, on Oct. 5, the day of Atonement, one of the strictest penitential days in the Jewish calendar, will be observed.

DANCE!

La Brosse's Orchestra. 50 cents per couple.

ANNIVERSARY OF GERMAN LANDING
Children of the Fatherland Will Celebrate the Day.

"Auf der Landung" street herbed
"Zur Zeit am Deutschen Tag."
"Die besten Laufen nicht davon."
"Der permanente Gaste."
"Damen haben keine Entschuldigung."
"Am Deutschen Jubilate."

Great preparations are being made all over the United States, wherever there are German organizations, to celebrate the 225th anniversary of the landing of the first German colony at the site of the present Philadelphia. The Duluth and Superior societies are working together to make the celebration of this day, Oct. 4, a memorable one. Messrs. Julius Botcher, John Collatz, Albert Braun, Franz Hebrich, Peter Beschensseler, John Gonska and all the members of the singing society are the committee for this city and they will have admission cards for all who wish to attend. The ladies are especially invited.

The program will begin at 2 p. m. at the Grand Opera house, Superior, where the speakers will be the Hon. Louis G. Bohmrich, Milwaukee, and Prof. Cutting of the Chicago university. A fine musical program has been worked out also and the festivities at Philadelphia.

WORK OF FIREBUGS.

Mille Laes Farmer Believes Enemies Fired His Barn.

Milaca, Minn., Sept. 22.—T. Cone, a modestly circumstanced farmer living in Mille township, lost his barn by fire a few days ago, along with a lot of hay, harness and some farming implements.

The fire was discovered about 1 o'clock a. m., and had gained great headway. Mr. Cone succeeded in getting his horses out of the barn, but was unable to save anything else.

Some threats have been made by certain persons against Mr. Cone, and the circumstances surrounding the fire, coupled with the hour at which it started, leads to the belief that it was the work of an incendiary. Being in very great haste, Mr. Cone did not have time to investigate.

Will Interest Many. Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up strength these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. Sold by all druggists.

RAILROAD EXTENSION.

Reported Great Northern Will Extend Line Through Canada.

Grand Forks, N. D., Sept. 22.—People of northern North Dakota are interested in reports that the Great Northern will extend its Sherwood line through Canada to the Pacific coast. President L. W. Hill was in Sherwood last week, and from there traveled in his automobile to the heart of Canada. He met his special car at Glasgow, Mont.

While Mr. Hill stated he was merely on a hunting trip, the thoroughness of his investigations and the activity of the Great Northern surveys in Canadian territory lead to the conclusion that an extension was contemplated within a year.

BURGARS KILL MERCHANT.
Murder Canadian Who Catches Them Cracking a Safe.

Winnipeg, Sept. 22.—Burgars shot and killed M. Sagar, a merchant, when he surprised them cracking the safe in Lambert & Bart's hardware store at Elkhorn, Man., early.

Gasoline Caused Fire.

Fire broke out this morning in the clothes cleaning establishment maintained at 715 Lexington street, building. Some gasoline exploded, setting fire to some clothes, but the blaze was quickly extinguished.

TAFT ADDRESSES NEGROES.

Is Busy on Eve of Departure for the West.

Cincinnati, Ohio, Sept. 22.—With an appointment to meet the delegates to the colored national Baptist convention, which was held at Lexington, Ky., here today, and an engagement to address the rally of the National League of Republican clubs tonight, the last day of William H. Taft, before beginning sixteen days of campaigning through the West, is busy.

WORST RAIN IN YEARS IN NORTHERN BELTRAMI.

Raudette, Minn., Sept. 22.—(Special to The Herald.)—On Saturday a down-pour of rain deluged this section, accompanied by hail. Little damage was done. The storm was the worst in years while it lasted.

This Will Be the Last Week of Such Low Prices.

FINE CRAVATS, \$1.00 up.
SILK HOSIERY, \$1.25 up.
SILK SUSPENDERS, 75c up.
BATH ROBES, \$5.00 up.
SMOKING JACKETS, \$7.00 up.
FANCY VESTS, \$3.00 up.
SILK UMBRELLAS, \$5.00 up.

At Half Price to Close

A. B. Siewert & Co.
304 WEST SUPERIOR STREET.

YOUR interest in Painters and Paint is altogether an interest in results as to LOOKS and SERVICE.

Whether your expenditures be \$5.00 or \$500.00, you want the largest measure of Artistic Execution and Wear that is possible to obtain, and THAT IS WHAT WE GIVE.

With us the in-expensive papering of a small and common-place room at \$5.00, is neatly and artistically executed, but at the same time, we are perfectly equal to the task of Special designing for Private Residences, Apartments or Public Buildings.

We do not believe that this section of the country boasts another such showing of exclusive Wall Coverings, or Workmen of equal skill and talent.

Special Monthly Rates.

For the winter season, at the Spaulding and Hotel Superior, become effective Oct. 1st. Rates of the highest standard.

Peacock Held in Jail.

Joseph Peacock was committed to the county jail yesterday to await the result of the injuries to William Murray, whom he is charged with having hit with a marine spike on board the steamer William A. Paine, Sunday morning. The injured man is in imminent danger of death at St. Mary's hospital, where he has been in a comatose state since shortly after the injury was received.

Verdict for Defendant.

A jury in district court yesterday afternoon returned a verdict for the defendant in the suit of Samuel Russell against Vennette and Louis. The action was brought to recover damages of \$300, claimed to be the value of a team of horses lost to the defendants for logging work and killed on a steep road, over which they were being driven.

Mills Will Lecture.

Walter Thomas Mills, a Socialist lecturer of Washington, is coming here to speak. Arrangements are being made to have him lecture on "Socialism" here, Oct. 2.

For Theft of Dog.

Frank Reimer, who is charged with having stolen a dog valued at \$50 from A. A. Farrington, is to be tried before Judge Cant this afternoon.

Mrs. Shots Dies.

Mrs. John Shots of 1208 West First street died this morning at the age of 23 years. She is survived by a husband and a 2-year-old daughter.

Guardian is Appointed.

Judge Tibbitt in district court this morning filed an order appointing Elbert Stone guardian of Lars Molyck, a minor, in order that suit may be brought against the Duluth Street Railway company.

Miss Edna Park will leave for Baltimore this evening to enter the Baltimore school of nursing.

George T. Redington, city clerk of St. Paul, is at the St. Louis.

Flora Butler, attorney and member of the board of regents of the State university, is in the city.

R. D. Lyon, traveling passenger agent of the Rock Island, is in the city.

D. O. Quinn of Cloquet is at the McKay.

Charles Trezona and son of Elk are at the St. Louis.

ONLY THREE RETURNED.

Upper Michigan Legislative Delegation Changed.

Gladstone, Mich., Sept. 22.—(Special to The Herald).—There will be many new faces on Upper Michigan's legislative delegation the coming winter. Of the twelve men who represented the state in the last session of the legislature, only three will be returned. There will be no change in the political complexion of the delegation, however. All the members will be Republicans.

The three representatives who will retain their seats at Lansing are A. D. Edwards of Houghton and James S. Monroe of Ogemaw county, who have been re-nominated in districts that are overwhelmingly Republican, and Michael Harris of Benoni county, who has the unique distinction of being the unanimous choice of both parties.

AMERICAN BARK IS ASHORE, A WRECK.

San Francisco, Sept. 22.—The Merchants' Exchange received a dispatch from the American bark Star of Bengal, Capt. Thompson, has been driven ashore on the Corcoran island and is a total wreck. Nothing is said of the fate of the crew.

Lives of One Hundred Are Imperilled in New York.

One Man Seriously Hurt in Tenement House Outrage.

New York, Sept. 22.—One man was seriously hurt, a dozen or more were rescued from death by policemen and firemen and the lives of a hundred more were imperilled when members of a Black Hand gang today sought to average two of their fellows, who are serving terms in prison for attempting to blackmail tenants in a big apartment house at 333 West 113th street. Almost immediately after these two men had been sentenced, occupants of the house received letters bearing the Black Hand signature, warning them that the house would be destroyed.

That the threats were not idle became apparent early today when a policeman saw smoke pouring from the street door and opened it to find the hall a mass of flames. Already the tenants had been aroused by the stifling smoke and finding exit way of the stairs cut off, were crowding the fire escapes. So great was the panic that many of the weaker ones were overcome before they could get through the windows.

Nicola DeVito, became panic-stricken and sprang through a third story window to the street. He was taken to a hospital in a critical condition. Policemen and firemen had a busy time for a few minutes saving the lives of the tenants who had been crowded down from the fire escapes and had windows and doors in carrying from the burning building a number of persons who had fallen unconscious from inhaling smoke.

The fire was extinguished after it had caused \$5,000 damage.

Gidding's Window Display

Is one of the richest and most artistic that Duluth has ever seen. It is a masterpiece of color and design. One of Superior street's most exquisite and tasteful bits of attraction during these days is the display of the Gidding window. The dignity and good taste shown in the arrangements displayed, together with the grace of proportioning and exquisite colorings, breathes an air of refinement and teaches much as to what the high pleasures of fashion should mean. It is worth their while to see the windows, and give this store a call during these exceptional days. It should be necessary to a special trip down town, for the things seen will probably be much talked of in social circles.

INVENTION MAY SAVE LABOR

New Ore Car Will be Tested at Missabe Docks.

A new ore car that it is believed will work a great saving of labor in dumping ore loaded by hand will be tested at the Missabe docks this week. The new car, which is the invention of a Pittsburgh man, is calculated to cut out the need of a man and the dumping of the ore by hand. It is a small car, but it is a great improvement on the old one. It is a small car, but it is a great improvement on the old one. It is a small car, but it is a great improvement on the old one.

Had Roll in Her Stocking.

Mrs. Mose Davidson, a little old woman, living at 5211 Wadena street, who was held over night at the West Duluth police station, on a drunk and disorderly charge, had little difficulty in finding her way out of the station this morning, when she learned that by doing so she could gain her freedom. She was taken to the police station, where she was held over night. She was taken to the police station, where she was held over night. She was taken to the police station, where she was held over night.

She May Be His Wife, After All.

Violinist, Wedded Through Jail Window, is Pronounced Sane.

Cripple Creek, Colo., Sept. 22.—Hans Albert, a violinist of international fame, who has been held for several months within the jurisdiction of the county court on the charge of larceny, has at last been pronounced of sound mind and set at liberty.

This decision may cause the question to arise whether Albert is married or single, and if he was in sound mind when, as a prisoner July 28, he extended his hand through the bars of a window at the county jail and grasped the hand of Grace Haisel of Ottumwa, Iowa, while a minister on the outside pronounced them man and wife.

The marriage was pronounced void, as Albert had not received a certificate to the effect that he had been restored to reason, and Miss Haisel returned home.

DIES OF APOPLEXY.

West Duluth Longshoreman is Stricken Suddenly in Saloon.

After twelve hours of unconsciousness, Peter Nelson, a member of the West Duluth Longshoreman's union, died last night at 1 o'clock, of apoplexy, at his home at Sixtieth avenue and Grand avenue.

Yesterday morning he went to the docks to work, but not feeling well, he returned up town, stopping in at Seno's and James' saloon, where he was suddenly overcome and fell to the floor in a stupor. From the saloon he was driven to his home. He did not again regain consciousness. Mr. Nelson leaves a wife and two children.

A meeting of the West Duluth Longshoreman's union is called by the president for this evening at 10 o'clock, to make arrangements for the funeral.

Took \$10 Worth.

For striking Fred W. Pöngel, with his hat, Bert Collins, a bartender, was this morning fined \$10 and costs by Judge Placke in the West Duluth justice court. Collins was attempting to find money for a bribe, but he is alleged to have refused to pay it. He was fined \$10 and costs for his money's worth by threatening him.

THINK CHOLERA

IS IN BERLIN

Authorities Hold Four Suspected of Having the Disease.

Berlin, Sept. 22.—Four cholera suspects, two of them Russians recently arrived from Russia, were taken to the Virchow hospital this afternoon.

A conference of representatives of the departments of health, the interior, army and marine was held today.

Every preparation is being made to deal with the epidemic should it make its appearance here.

Lively Election Held in Polk County
Seat Monday.
Crookston, Minn., Sept. 22.—(Special to The Herald.)—The annual election here yesterday for the purpose of voting on \$7,500 Sampson addition and bridge bonds, \$6,000 city hall bonds and to decide whether or not the patrol limits should be extended to Crookston in order that saloons might operate there caused one of the liveliest contests in the history of the county. The polls and for hot work even exceeded the primary election of last Tuesday. The voters of the county were divided on the city hall bonds by 292, and the Carnahan proposition had a majority of 105, but the voters rejected the necessary three-fifths of the total vote.

FORGETS CURVE; TWO ARE DYING

Auto Turns Turtle When Driver Makes Sudden Swerve.

Sterling, Ill., Sept. 22.—As a result of an automobile turning turtle here today, Anna Heffy of Jansville, Wis., and Erma Irby of Sterling, Ill., are the point of death. Miss Katie Muleak of Rock Island, Ill., and Lillian Wa-

The car is a total wreck. The accident happened as the party was returning from a pleasure trip to Dixon, about twelve miles distant. The chauffeur forgot to scree on one of the main steering levers, and when he too late attempted to turn the steering wheel the wheels skidded and a tire burst, sending the car to polo complete. Miss Hefty underneath. The boiler of the car exploded, throwing steam over the victims.

GOVERNOR JOHNSON OPENS THE STATE CAMPAIGN AT MONTEVIDEO; PRESENTS THE SPLENDID RECORD OF HIS ADMINISTRATIONS AND APPEALS TO THE PEOPLE ON TWO VITAL ISSUES OF STATE POLICY

FOUR YEARS OF GOOD GOVERNMENT

Not only do I deny the charge of general and undue extravagance in the several branches of the state government during the past four years, but I am prepared to justify the claim that in no other four-year period of its history has the state government of Minnesota made a finer record from the standpoint of the public income and investment of the public revenue and expenditure, of the protection and management of public property, of the handling and security of the public funds, of the development and administration of public institutions, of public control and supervision over private corporations, from the standpoint of the public peace, health, morals and enforcement of laws, or from that of conserving and developing the state's resources and advancing its general welfare.

Crane Causes Fear Lest He Take Hitchcock's Place.

Oklahoma Governor Approves Commoner's Message to President.

HEARST CANCELS OKLAHOMA DATES

Guthrie, Okla., Sept. 23.—It was announced here today that William R. Hearst, who was to have delivered addresses in this state next week for the Independence party, will not come to Oklahoma.

Governor C. N. Haskell, treasurer of the Democratic national committee, announced today that he would leave Sunday for Ohio to make a speaking tour of that state.

Washington, Sept. 23.—The telegram of William J. Bryan to President Roosevelt, regarding his information in the Governor Haskell incident, arising out of the Hearst Standard Oil charges, occupied Mr. Roosevelt's attention early today, and a reply to Bryan will be made, but just what form that reply will take is not yet known.

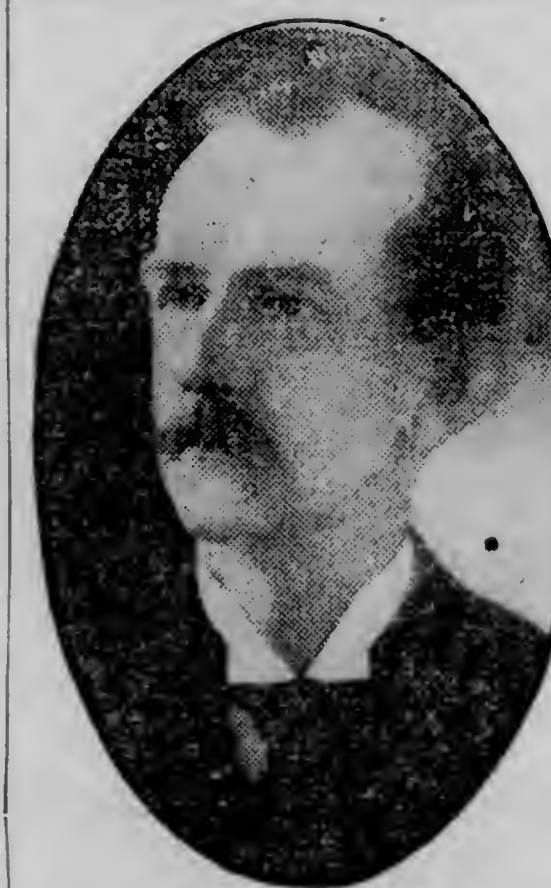

Bryan's Message to Roosevelt. Detroit, Sept. 23.—William J. Bryan late yesterday addressed the following telegram to President Roosevelt in reply to the president's statement issued Monday:

Mr. Theodore Roosevelt, President of the United States.—Dear Sir: In a statement given out by you yesterday and published in this morning's papers, you intone a charge made against Governor Haskell of Oklahoma, to the effect that he was once in the employ of the Standard Oil company and as such employee was connected with an

TOWNS ARE NOT BURNED

Woodboro and Gagen, Wis., Are Still on the Map.

Bemidji Saved by Timely Rain—Bad Fires in Michigan.

UNCLE SAM PREDICTS COPIOUS RAINFALL SOON

Washington, Sept. 23.—The forest fires in various parts of the country are being watched very carefully by the government. The forestry service has already made arrangements for a complete report from an agent sent to personally investigate the situation in the Northwest, and the officials of that bureau are paying close attention to unofficial reports as to the spread of the fires all along the line. The weather bureau today predicted that there probably will be a copious rainfall about the latter part of the week in the Mississippi Valley region, and that when the rain sets in it probably will continue for three or four days. A slight rainfall has already occurred in that section, but they say, not enough to materially assist in the fight against the fires.

Rhineland, Wis., Sept. 23.—(Special to The Herald.)—Some wildly sensational stories have been sent out of here about the destruction of this place by forest fires, and of the burning of other adjacent towns. The accounts telegraphed out of the destruction of Woodboro and Gagen were ridiculous fakes.

Woodboro is a deserted sawmill village, from which the mill has been moved away. It contains about twenty-five small houses. None of them is inhabited and the village has not had an inhabitant for over a year.

What is more, the place did not burn. There are small fires burning every three or four miles through this country. Most of the fires are started by locomotives, but many are set by farmers clearing land. These fires burn in the middle of the day, but can be controlled at night on account of the heavy dew.

Although this county is well settled

(Continued on page 15, fifth column.)

TWO OF THE GREAT AND VITAL ISSUES OF THE CAMPAIGN

Two great and vital issues of state policy are here raised:

First, do you stand for a liberal or niggardly policy for the support of roads, forestry, drainage, schools and other state institutions and public improvements?

Second, do you stand for the liberal policy of state development, there must be adequate revenue, and will you raise this revenue by increasing the burden upon the farms, homes and business houses which always pay their share, or will you raise your increased revenue from iron ore, lumber, franchises, royalties and inheritances, which in the past have shared taxation the least, while able to bear taxes the most?

The policy for which I stand, as shown by over three years of public administration, is to give liberal support for all state institutions and public improvements, and to derive the necessary liberal volume of revenue from taxation of special interests which so largely have dodged taxation. If such liberal support of state institutions and public improvements is opposed by Mr. Jacobson as "extravagance," as intimated in his Belshazzar speech at Duluth, and if the progress of the past three years in deriving increased revenue from the taxation of special interests is attacked by him under the general indictment of "increasing taxes," the issue is broad and plain, and on that issue I appeal to the intelligent and progressive electorate of this state.—GOVERNOR JOHN A. JOHNSON.

CARS CRASH; DENSE FOG

Fifty Persons Injured in Collision on Trolley Road.

Men Hurlled in Every Direction—Deaths Are Likely.

Philadelphia, Sept. 23.—Fog was responsible today for a head-on collision between two cars on the Southwestern Traction company's line between this city and Chester, in which fifty persons were injured, several probably fatally. A car leaving Philadelphia with workmen employed by the Baldwin Locomotive company at its out of town plant and known as the Baldwin Tripper was speeding along the single track with seventy-two men on board

ALL PERISH BY FREEZING

Entire Siberian Esquimaux Village is Found Frozen Dead.

Men Hurlled in Every Direction—Deaths Are Likely.

Seattle, Wash., Sept. 23.—Frozen stiff and evidently a long time dead, a whole village of Siberian Esquimaux were found on the Siberian coast by a party of Indians, who went in a canoe last June to visit their comrades. Their provisions were completely exhausted and in their famished condition they had eaten the walrus skin covers from their houses and had actually begun to devour their clothing.

This tale is told by Rev. W. O. Campbell, who is in charge of the Presbyterian mission at St. Lawrence Island, near Nome, Alaska, in a letter to Rev. Wallace H. Lee of Seattle.

FIVE SCORE LOSE LIVES

Only 27 Saved From Cannery Steamer Wreck.

Survivors Fire Debris and Keep Themselves From Freezing.

Wrangell, Alaska, Sept. 23.—One hundred and ten out of a total of 137 persons aboard the cannery ship Star of Bengal were drowned when the vessel was torn from the hold of protecting tugs and dashed ashore at Helm Point, at the southeast end of Coronation island.

The news is brought by the tug Hatue Gage, which carried the twenty-seven survivors, who, before leaving

Splendid Results of Administration Free From Partisan Influences.

Important Measures Enacted for the Benefit of the People.

Jacobson's Charges of Extravagance Refuted by the Facts.

Great Change in Candidate Nominated by "The Interests."

His Painful Silence at the Belshazzar Feast in Duluth.

GOVERNOR JOHN A. JOHNSON.
Who Gives an Account of His Stewardship.

Montevideo, Minn., Sept. 23.—(Special to The Herald.)—Governor Johnson delivered his opening speech of the state campaign here last night to a large and enthusiastic audience, reviewing the splendid record of his two administrations, forcibly presenting the vital issues of the campaign and demolishing Mr. Jacobson's charges of extravagance by an array of facts and figures which showed conclusively that never in the history of the state have the interests of the people been so well safeguarded as during the past four years.

The governor arrived here yesterday afternoon and was enthusiastically received by a committee of citizens. He was taken to the public schools, where he made a fine address along educational lines to the pupils of the high school. He and party were also given an automobile ride about the city. At the meeting in the evening at the open house Governor Johnson was welcomed by an immense audience, delegations being present from Dayton, Clarkfield, Milan, Watson, Granite Falls, Sacred Heart, Renville and Olivia, and many farmers driving in from the country. The streets of Montevideo were beautifully illuminated with colored electric lights. The open house stage was decorated with flags and large portraits of Bryan and Johnson, and a band and orchestra furnished music. Mayor Claggett introduced the governor, who spoke over two hours and held the closest attention of his great audience of over 1,000 people, mostly voters. Following the speech, an informal reception was held in an adjoining lodge room, where hundreds crowded to take him

by the hand. His first meeting of the campaign was in every way a complete and enthusiastic success. The governor spoke as follows:

Mr. Chairman, Ladies and Gentlemen: Four years ago I was nominated by the Democratic party for the office of governor of Minnesota, and that choice was ratified by the people of the state. At

SPAN COLLAPSES AND CARS DROP

Two Men Killed When Train Falls Through Bridge.

Wilmington, Del., Sept. 23.—The eastern span of the Baltimore & Ohio bridge over the Susquehanna river at Perryville, Md., collapsed today while an extra freight train running from Baltimore to Wilmington was passing over it and the locomotive and fifteen cars dashed to the river below.

The engineer, Patrick Ryan, and his fireman, both residents of Baltimore, were drowned. So far as can be learned at this time no other trainmen on the ill-fated section were injured. The section of the bridge that broke was being repaired.

Cruiser Yankee Aground.

Washington, Sept. 23.—The navy department today received a dispatch announcing that the cruiser Yankee had run aground off Martha's vineyard, near the mouth of Buzzards bay. Orders were issued to dispatch tugs to assist the Yankee.

A valuable and useful present also free to mothers.

Positively no candy given to children unless accompanied by mother or guardian.

REFUSE TO SIGN NAMES

Three Republican Leaders in Wisconsin Convention Are Obdurate.

Madison, Wis., Sept. 23.—The administration of Roosevelt and the Republican platform adopted in Chicago are indorsed in the platform of the Wisconsin candidates' convention which met this forenoon after an all-night tussle in the committee on resolutions. The platform further says:

"We favor the physical valuation of railway property as an element in fixing reasonable rates; we also favor publicity of campaign contributions and the election of United States senators by direct vote of the people."

"Laws of this state have been passed under the Republican administration embracing these questions, and we heartily approve of the efforts of our senators and representatives in seeking to secure such legislation in Congress. The administration of Governor Davidson is indorsed and the committee points with pride to various important laws enacted under recent Republican state administrations. Reference is made to the primary election law as follows:

"We believe that demoralizing expenditures of money in the primary election would be restrained if due publicity were given to such expenditures prior to such election."

"We favor a law that will require public statements by the candidates by candidates and committees before such primaries and such other legislation as may further prevent excessive and improper payment by candidates, compliance with the law secured by provisions making the filing of a fraudulent statement a disqualification for the office."

The cause of the long session was the inability of the members of the committee to agree on compromise plans embodying the "Wisconsin idea," the tariff and the "Mary Ann" or second choice primary bill. At first the "Wisconsin idea" was incorporated by title only, the plank on tariff and the "Mary Ann" being defeated. State Treasurer A. H. Dahl and Senator Morris and Owen refused to sign the report on this account. John Strange, candidate for lieutenant governor, refused to sign because there was no tariff provision.

D. E. H., Sept. 23, 1908.

The Last Day of Summer

Yesterday was the last day of summer.

September the 23rd is the official "Skidoo" day.

No more 85 degs. in the shade for nine months to come.

"Cold and rain by end of this week," says the wise man in the Washington weather bureau.

Ain't you glad? We are. Because you'll have to be clad for it. The change will be sudden and you'll feel it the more.

This store is in fine condition to supply clothing needs. Had plenty of time to get things in shape for the fall season.

Final farewell to the lingering straw hat today. Debut of thousands of Derbies, Knapp-Felt De Luxe Hat is the finest, \$6.

Knapp-Felt at \$4 is the cheapest on earth for the quality it contains.

And The Columbia \$3 Hat is "it" among the three-dollar variety.

Overcoat and Cravenette business has been hibernating during these unusual warm September days, but it'll make up when the predicted rain and frost comes.

Columbia Clothing Co.

HERALD'S WEST DULUTH DEPARTMENT

BRANCH OFFICES: J. J. Moran, 405 Central Avenue. Fred Dellberg, 505 Ramsey Street.

WEST DULUTH WEDDINGS.

Two Marriages Take Place at the St. James Church.

A pretty wedding occurred yesterday morning at the St. James church, when Miss Flora Dolson of West Duluth became the bride of Walter Musolf of Washburn, Wis. The ceremony was performed by Father D. W. Lynch. Miss Dolson wore a white silk gown, and carried white bride's roses. She was attended by Miss Victoria Musolf, sister of the groom. Leo Belanger was best man. Miss Musolf wore white silk over pink and carried pink roses. After a short wedding trip, Mr. and Mrs. Musolf will be at home at Washburn, Wis.

Miss Rosanna Beaudette and Richard L. Johnson, both of West Duluth, were married today at the St. James Catholic church. Rev. Father Lynch performed the ceremony.

INDORSE ONE CANDIDATE.

French American Club Meets for the Second Time.

Only one candidate for county office was indorsed last evening by the French-American Political club, at its second meeting. In addition to considering the different candidates for office, the work of organization was completed. The members will meet again in a few days to decide on the other candidates they will indorse.

None of the names of the candidates will be given out until the club has picked a complete list for the county office.

Club's Idea Wrong.

According to board of public works, the idea of the Commercial club's public affairs committee, that the board should be abolished, is wrong. It is the idea of the duty of each department and the responsibilities permanently assigned to it, that the board should be a very difficult matter to abolish the board, on account of the city charter, and that such a change would necessitate a large number of ordinances and resolutions being amended and new ones introduced.

Bitten By Dog.

Complaint has been made at the West Duluth police station against Henry J. Larkin of 521 North Fifty-fifth street, whose dog is said to have bitten Fred Krause. The complaint was made by the boy's father.

West Duluth Briefs.

The funeral of Lietta DeForge, the 2-month-old daughter of Mr. and Mrs. Edmund DeForge of Fifty-seventh avenue west, took place this morning at the residence of the family.

The funeral of Peter Nelson will take place Thursday afternoon at 5 o'clock from the residence, 5017 Nicolet street. The body, which will be shipped over the Northern Pacific at 7 o'clock, will be accompanied from the residence by the members of the West Duluth consanguineous union.

The infant son of Mr. and Mrs. George Latour of 5220 Courtyard street, who died last evening, took place this afternoon at 2 o'clock from the residence. Interment was at Calvary cemetery.

E. G. Hanson of Thief River Falls is registered at the Phillips hotel. Mr. A. W. hold a meeting and an initiation this evening.

Mrs. C. E. Kelly of Sandstone, Minn., is visiting at the home of W. J. Milson of Fifty-fourth avenue west.

The ladies of the Epworth League of Oneonta church will hold a rummage sale at the Palmer block, Grand avenue, Saturday, all day sale of home cooking.

Herb Ledbetter, of 120 South Fifty-sixth avenue west, has entered the business of a real estate agent.

A small fire started in the sidewalk

PLEADS GUILTY TO LESSER CHARGE

Leonard Korti, accused of assault in the first degree in the stabbing of August Knut, marshal of Aurora, July 19 last, was to have been placed on trial in district court this morning, but with the consent of the county attorney, he pleaded guilty to a charge of assault in the second degree.

The taking of testimony was then begun, the defense hoping to show extenuating circumstances to secure a light sentence from the court. Korti took the stand in his own behalf and testified to the occurrence of the day of the cutting. He said, after Knut had arrested him for drunkenness, he had slung him over the sidewalk and Knut had hit him over the head with a stick.

Korti denied all knowledge of the crime, saying that he remembered absolutely nothing after Knut had hit him. While Korti was on the stand, his wife and three children, the oldest about 4 years, sat inside of the railing. The children played around the chairs, while the women listened attentively to the testimony, which was secured through an interpreter for the court.

Korti acted on Korti's behalf, with John H. Norton prosecuting.

SECRETARY SUES FOR HIS SALARY

Before Judge Ensign, in district court this morning, the hearing of the case of John B. Dunphy against the People's Brewing company was begun. The jury was secured and the taking of testimony begun. Warren E. Whipple appeared for the brewing company.

Dunphy claims \$1,600 for salary for fifteen months as secretary of the brewing company at \$100 per month. He claims that the company agreed upon when he was elected secretary, and in addition, he was to receive commission on sales of stock to the company made by him.

The company denies the justice of Dunphy's claims, saying that the commissions received by him were in lieu of salary.

CONTRACTORS BREAK RULES

The board of public works is receiving numerous complaints because of the work of contractors employed by the city to rebuild sidewalks in different parts of town. It is said that the contractors are breaking the rules of the board.

Members of the board say the contractors are breaking the rules of the board in many cases, where the owners of abutting property already have made the necessary improvements in the city.

HIBERNIAN CONVENTION

Business Sessions Will be Followed by Dance at Armory.

President Learned of the Death of His Sister.

State President P. Kenney, of St. Paul, who is attending the Hibernian convention in Duluth, last evening received a telegram telling him of the death of his sister. He will probably leave this evening to attend the funeral.

The 700 Hibernian delegates who are holding their eighteenth annual convention in Duluth, were on hand bright and early this morning at the cathedral auditorium, for the business sessions that have been continued all day.

Reports were given, committees appointed and general talks made by the members of the organization. This afternoon the officers for the coming year will be elected.

Yesterday afternoon the visiting members enjoyed a ride on St. Louis river, and around the horn, on the steamer Newsboy, and they were singing in their prizes of the scenery. A great many of those who had heard of Duluth being such a cold place, and had carried their overcoats for emergencies, were agreeably disappointed. The day was a beautiful one and the visitors enjoyed the trip.

At 8 o'clock the delegates will have a short musical program at 8 p. m. and at 9 o'clock the delegates will have a social hour. The delegates will leave for some time, and have decorated the building and prepared for the entertainment of their visitors.

While the women listened attentively to the testimony, which was secured through an interpreter for the court, Korti acted on Korti's behalf, with John H. Norton prosecuting.

There is no great loss without some small gain. Mrs. Tilda Davidson is missing three toes on her right foot, but she uses as a bank, and in paying a fine for the loss of her shoe.

Mrs. Davidson was arrested Monday on a charge of being drunk and disorderly, but was allowed to go under suspended sentence. She was taken into custody again yesterday on the same charge, and this morning Judge Windom decided that some punishment was necessary. Accordingly a fine of \$5 was handed out.

William Clark escaped with a suspended sentence earlier in the week. He was in again this morning and was told that he would have to serve sixty days in jail.

After another business session this morning, the delegates will have a social hour. The delegates will leave for some time, and have decorated the building and prepared for the entertainment of their visitors.

SUPERIOR NEWS

Body of Olander Lund is Thought to Have Fallen From Bridge.

Had Been Missing From South Range Since Friday Morning.

After having been missing since Friday morning, the body of Olander Lund, a South Range saloon keeper, was found this morning on the banks of the Nemadji river, below the bridge between the East and Allouez.

Last night Mrs. Lund telephoned the Superior police that her husband had left South Range Friday morning, for Superior, taking with him \$300, with which to pay some bills that he owed there, and he had not been seen since. The police immediately investigated, and found that the missing man had visited John Gund's Brewery, and from there had started for Allouez. That was Friday noon. No one at Allouez had seen him last evening.

Practically the whole of the \$300 was found on Lund's person, and for that reason foul play is not suspected. On the other hand, Lund was a man of very sober habits and not addicted to the use of strong drink. How he could have fallen from the bridge in broad daylight and when sober, is a puzzle.

FIRES ACTIVE AGAIN. Flames Threaten the Rockmount Postoffice for Several Hours.

The brush fires in Douglas county yesterday under a brisk breeze kept the farmers in many localities busy all day fighting to save their homes.

The wind then blew almost from the south, but today it sprang from the northwest, driving the flames practically back over the same ground they had yesterday, and thus placing the farms, threatened yesterday, out of immediate danger.

At Rockmount the flames crept very close to the little postoffice there, and it was only by many hours' struggle that the citizens managed to place the building beyond danger.

Yesterday were reported burning fiercely between Hines and Rockmount, and just north of the latter place, where they threatened for a while the home of a settler by the name of Olson.

West of the Olson place, at Rockmount, the country was swept over by the flames. The flames were renewed at South Range, where the members of the Haves family, who live in section 14, were somewhat worried for a time. From Solon Springs the report came that the fires were burning in the vicinity of the Haves family, but with the going down of the sun, the flames were extinguished.

The following apportionment of the relief fund of the Commercial club has been published. The income account, as published, has been audited by the relief committee, and has been found correct. The following are the figures:

For 1908, and changes: Operating revenues, \$2,921,916; decrease, \$2,919,876; increase, \$2,026,215; decrease, \$2,026,215. Net operating revenue, \$717,701; decrease, \$2,026,215. Total income, \$717,701; decrease, \$2,026,215.

For 1908, and changes: Operating revenues, \$2,921,916; decrease, \$2,919,876; increase, \$2,026,215; decrease, \$2,026,215. Net operating revenue, \$717,701; decrease, \$2,026,215. Total income, \$717,701; decrease, \$2,026,215.

Silberstein & Bonds Company

For Thursday

Long Coat Suits, \$25, \$29.50, \$35

Visitors to our Suit Department tomorrow will find that the lines at these popular prices are now the most extensive since the opening of the season. Three new shipments of Long Coat Suits will be ready for inspection. Suits that reflect the latest ideas in women's wear. The materials are Fall weight serges, chevrons, diagonals, broadcloths and fancy weaves, in the desirable shadow stripes. New semi-fitted coats from 43 to 52 inches in length, trimmed with wide folds of satin and buttons, new wide revers. Skirts in the latest gored model with wide fold at bottom—color, too, is another important feature, charming natural tints, such as cedar, taupe, duckwing blue, Concord, etc. All these and a full line of staple colors, browns, blues, black and forest green. The lining in these suits is of an especially durable quality of satin. We mention particularly the suits of "Botany" broadcloth with "Skinner's" guaranteed satin lining at \$29.50—all the wanted colors.

Tailored Suit Hats, \$5, \$7.50, \$10

Hats artistically designed and made up in our own workrooms from the best of materials only. Jaunty creations that compel the admiration of women of artistic taste. Hats that have a thoroughly finish appearance, colors up-to-the-minute in style, blended with that characteristic fineness and ability found only in the Hats shown in the particular store.

25 ORIGINAL LIBRARY PLANS

If you believe in the home beautiful this announcement should interest you. The Silberstein & Bonds Co. has just issued a collection of twenty-five reprints, bound in beautiful catalogue form. Each illustration is taken from an original drawing, the series costing over \$500.00.

We have a limited number of these books which we will distribute to our patrons, but only on request in person or by mail.

See the Silberstein & Bonds Co. in the leading October magazines. We will also show in our store any combination of Silberstein & Bonds Co. cases in the finish, style and pattern described in this collection.

If we do not happen to have exactly what you specify, we will obtain it from the factory direct.

The manufacturers are interested to have us satisfy you, and we are heartily co-operating with them to that end in view.

F. S. Kelly Furniture Co.

Atlantic Railway company for the fiscal year ended June 30 last has just been published. The income account compares with the previous years as follows:

For 1908, and changes: Operating revenues, \$2,921,916; decrease, \$2,919,876; increase, \$2,026,215; decrease, \$2,026,215. Net operating revenue, \$717,701; decrease, \$2,026,215. Total income, \$717,701; decrease, \$2,026,215.

For 1908, and changes: Operating revenues, \$2,921,916; decrease, \$2,919,876; increase, \$2,026,215; decrease, \$2,026,215. Net operating revenue, \$717,701; decrease, \$2,026,215. Total income, \$717,701; decrease, \$2,026,215.

Care of the Bathroom.

To insure perfect safety from disease germs every part of the bathroom must be well looked after and a daily cleaning and weekly scrubbing are necessary to keep it in a sanitary condition. The tub should be cleaned each time after it is used. For this purpose keep in the bathroom a bottle of a solution made by dissolving two table-spoonsful of Gold Dust washing powder in half a gallon of water. Once a week thoroughly scrub and scald the tub, basin, floor and all the fixtures with hot water made from the washing powder and pour down the pipes boiling water to which has been added two table-spoonsful of Gold Dust washing powder to every gallon of water. Use a small broom or bent hairpin to remove lint from the waste pipes. Clean the nickel and brass fixtures in the bathroom by rubbing with equal parts of whiting and Gold Dust washing powder.

ROOSEVELT WILL REPLY TO BRYAN TELEGRAM ON ISSUE OF GOV. HASKELL

(Continued from page 1)

attempt to bribe or influence Attorney General Monnett or Ohio, to dismiss suits pending against the Standard Oil company. In endorsing this charge you attack the Democratic party and its candidate, saying that Governor Haskell stands high in the councils of Mr. Bryan and is the treasurer of his national campaign committee.

Your charge is so serious that I cannot allow it to go unrefuted. Governor Haskell has denied he was ever employed by the Standard Oil company in any capacity, or was ever connected in any way whatever with it or with the transaction upon which your charge is based.

As the selection of Governor Haskell as chairman of the committee on resolutions at Denver and also as treasurer of the Democratic national committee had my approval and endorsement, I feel it my duty to demand an immediate investigation of a charge against him, endorsed by the president of the United States. You have not proved, and I request that you indicate a method by which the truth may be ascertained. Without consulting Mr. Haskell, I will agree that he will appear for investigation before a committee, public or private, which you may indicate and I will further agree that his connection with the national committee and with this campaign shall cease in the event that the investigation shows that he is in any way connected with this charge, or in case you after an investigation of the facts say that you believe him guilty of the charges made.

Kern Endorses Telegram.

Baltimore, Sept. 23.—John W. Kern, Democratic nominee for vice president, read with interest the telegram of William J. Bryan to President Roosevelt in defense of Governor Haskell of Oklahoma, growing out of the Hearst-Torrey controversy. He said: "I do not feel that the situation calls for any comment from me."

"Proper" Says Haskell.

Oklahoma, Sept. 23.—Governor Haskell here yesterday afternoon when shown the Associated Press dispatch from Detroit, carrying Bryan's telegram to President Roosevelt, said: "I think Bryan's letter to the president is very proper."

Hitchcock's Job in Maine.

Chicago, Ill., Sept. 23.—Not in the least at the direct results of the springing by W. B. Hoagist of his Standard Oil charges, intended to hit Democrats and Republicans alike, has been the small panic that was created among certain Republican leaders when it was rumored that Presidential Nominee Taft had decided to oust Mr. Hitchcock from the office of national chairman of the Republican campaign committee in Massachusetts in his place. Although it is unquestionably true that Hitchcock is a young man for the place and that the Republican campaign in this state is in need of thoroughgoing leadership, however, the clouds passed and although Crane came West, it appears that he has succeeded Hitchcock in the chairmanship. Paul has been found with the chairmanship because he has been a valuable time taker with card indexes and the like, but it would be political suicide to call of a presidential campaign manager in the midst of the campaign. This doesn't stop Mr. Vorys' friends, who wanted Vorys to have the place, from chuckling inwardly. And Crane had a little fun out of the scare he caused, too.

How to Get Strong.

P. J. Daly of 127 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in strength has resulted, insomnia has been overcome, and she is steadily growing stronger. Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at all drug stores, 60 cents."

BEREAVED QUEEN TO GO VISITING

Amelie of Portugal Will be Guest of England.

London, Sept. 23.—Queen Amelie of Portugal will be England's next royal guest—but, of course, on a strictly private visit. The bereaved queen, whose health has been shattered by the tragedy of February last and her subsequent worries, is coming for a thorough rest and change in rural England. She is said to be only a shadow of her former self.

King Edward has offered her the use of either Barton Hall, in the Isle of Wight, or Birkhall House, near Balmoral, where she would be attended and healthily and pleasantly surrounded. Both are royal residences.

been, and into the solitary chamber of single life again.

Sat. Yesterday used Maxine for divorce, though whether she claims to have looked into a mirror and seen a man crouching somewhere, is not disclosed.

The suit is a sealed one, and Goodwin left town immediately after it was filed. His lawyers are uncommunicative.

It is thought Mrs. Goodwin will contest the suit filed by her husband. It was definitely announced a short time ago that she was about to file suit for divorce against the actor and that her complaint for divorce contained allegations against his character. If this be true, there will probably be a cross-bill, as well as a denial of the allegations made by Goodwin.

Maxine Does Not Know. Philadelphia, Sept. 23.—Maxine Elliott, who is appearing here in "Myself-Heaven," through her manager, declares she has no knowledge of the suit for divorce filed by her husband. It is stated that no papers have been served on her. The actress declines to be seen regarding the matter.

FIVE SCORE LOSE LIVES

(Continued from page 1)

Coronation Island, buried the bodies of fifteen white men on the beach. Those buried were:

Charles Buchanan, Carl Bore, Joseph Griffin, Andrew Hanson, Frank Healy, Norman Hawkins, George Hendrickson, Benjamin Johnson, Sigurd Nelson, Erik Pearson, William Persbeck, Peter Peterson, John Peterson, Olof Peterson and Elson Swenson.

The cable ship Burnside, which went to the scene of the wreck, has returned with news that the Star of Fortune is a total loss, only the ends of the masts showing above water.

The ship was being towed to sea from the Wrangell cannery by the tug Hattie Gage and Kajak. Capt. Farrer of the Hattie Gage gives the following account:

Surf Fall of Salomon.

"As we came within reach of the gale we could see we were making leeway and drifting toward Coronation Island. The Kajak was light and could do nothing. The Hattie Gage

REPUBLICANS ARE SPLIT

Party in Wisconsin Divides in Bitter Platform Fight.

Democrats on Contrary, Have Harmonious Time at Madison.

Madison, Wis., Sept. 23.—The Republican state convention adjourned late last night until today, on account of the inability of the platform committee to arrange a satisfactory platform. The selection of a state chairman also was deferred until today, and there is a bitter fight on in the committee of platform over the adoption of the Chicago or the La Follette platform.

Democratic nominees at the recent primary election throughout the state fulfilled the letter of the law by meeting in convention in the state capital, too, framed a platform, elected a state chairman and adjourned sine die. The platform identical with the one adopted in Milwaukee at the state gathering on July 23 last, was an amendment added, demanding that the coming legislature investigate the extent of the influence of money and corporations in the recent election. The national platform is endorsed and legislation on entrusting security of deposits in state banks is asked. An amendment to the primary election law, permitting political parties to hold state conventions for the framing of platforms for candidates to stand on, is favored. The amendment adopted reads, in part, as follows:

"We demand full, complete and strong legislation to restrict the primary election law limiting the expenditure of money in political campaigns; requiring the publicity before election of all political accounts, and other provisions as will carry the endeavor to make the primary election law—as it should be—an instrument affording the voters of Wisconsin opportunity to express their choice for nominations untrammelled by corrupting and demoralizing influences."

GOODWIN WOULD PUT ASIDE WIFE

Actor Sues Maxine Elliott for Divorce in Reno, Nev.

Reno, Nev., Sept. 23.—It was in one of Nat Goodwin's sweetest plays that he leads the leading lady into a solitary chamber at the end of a long passageway into which they have been locked and where they are obliged to remain all night. Then, as the long dark hours wear on, he peers into a mirror and sees a man crouching in a dark corner, who, ensuing encounter, forms the thriller of the play.

And it appears that while the clever actor has been doing this thing and many others behind the footlights, he has been planning something of the sort in real life, for he has concluded to lead his wife, Maxine Elliott, to a star, out of the dreary passageway the gossip says her married life has

been, and into the solitary chamber of single life again.

Sat. Yesterday used Maxine for divorce, though whether she claims to have looked into a mirror and seen a man crouching somewhere, is not disclosed.

The suit is a sealed one, and Goodwin left town immediately after it was filed. His lawyers are uncommunicative.

It is thought Mrs. Goodwin will contest the suit filed by her husband. It was definitely announced a short time ago that she was about to file suit for divorce against the actor and that her complaint for divorce contained allegations against his character. If this be true, there will probably be a cross-bill, as well as a denial of the allegations made by Goodwin.

Unusual Attractive Values in Women's Suits at \$24.95

There is within our organization an effort and tendency toward the higher level in popular priced garments. It is expressed in the good taste and in the exclusiveness of style which characterize these garments from the ordinary style.

You will be conscious of it when you shall have seen the collection we are offering at \$24.95. Many of them have much in common with imported garments and the diversity of style is another great factor, perhaps the variety is twice greater than we have ever offered before.

Positively the greatest Suit bargain of the Season. Made of the season's most favored materials, chiffon finished broadcloths, mannish striped clay worsteds, mannish mixtures, handsome striped serges, in all the new Fall Shades. The coats are in the long-fitted, semi-fitted and hipless \$24.95 styles. The newest flare and gored skirt models. Regular \$32.50 \$24.95 values specially priced for Thursday at.

Stylish Tailored Suits at \$17.95

The materials are plain serges and fancy striped serges, in all the new Fall shades. The coats are in the long fitted and semi-fitted styles, with flare and gored skirts models strictly man tailored. A very special value at.

\$8.75 Women's Voile Skirts at \$5.00

The material in these skirts alone is worth \$5.00, to say nothing about the making. The voile is a fine French wavy quality, and the tailoring is the same as in any \$10 skirt. They hang and drape beautifully.

They are in the new pleated style, trimmed with satin folds, come in black, blue and brown colors.

A beautiful color variety, as well as black. Every garment guaranteed for three months' actual wear.

\$4.69 to \$75

Fall Opening

The Latest Contributions From the Realm of Fashion Will Be Presented Here Tomorrow, Friday and Saturday.

What the world's cleverest designers have conceived and talented fingers have realized—what workrooms have produced and factories have wrought to grace the Autumn maid and matron, will be presented to the friends and customers of this store tomorrow. We have purposely delayed our Fall Opening this year until all the other stores have had theirs—and, although there is no room for comparison between those smaller displays and the display of this, Duluth's biggest and greatest store, it will undoubtedly be of interest to our patrons to view a *complete* fall display—a wider and more diversified range of the approved style ideas than could have been gathered in *all* the other openings together.

It is no light task to forecast the trend of the styles—to summon from the ranks of bidders for Fashion's favor the new things which will be acclaimed, approved and adopted—to separate the good from the indifferent, the pure gold from the dross. Yet on its ability to do this, rests the success of a store.

How well we have worked to this end remains for you to say, and we await your verdict with confidence—a confidence justified by the care and pains—the study and effort which this whole organization has expended to lay at your feet the **VERY BEST** of the **NEWEST** productions of the **LEADING** makers of fashions. The curtain is lifted—style secrets are out—Autumn is at hand—our **FALL OPENING** occurs tomorrow, Friday and Saturday, and **YOU** are invited to attend.

Authentic Exhibition of the Approved Suit Styles for Women

With the growing demand for ladies' ready to wear garments, each season sees an expansion in this department—more space needed—and more stock. The demand has long since outgrown what even our most sanguine expectations had placed as the culmination—and still it grows! This season, consequently, sees Duluth's most important retail establishment better equipped than ever before, to supply the needs and requirements of its many patrons.

"The Directoire" style dominates the suit situation, the tight clinging sleeves, the long clinging lines of the coats, the ample lapels and the panel indications in many of the skirts all are evidence of it. And these Directoire tendencies are charming, refined and becoming.

Though all the suits mirror the same tendencies, their styles are as varied as you please. There are scores of models to choose from in scores of weaves and many colorings; enough to afford a satisfying and becoming choice, to the most particular. And as to prices—our showing is equally as diversified. Suits from \$17.50 to \$75.00, and every suit, no matter what its price, is a masterpiece of perfect style and skilled tailoring.

Millinery

A Vast Showing of Foreign and Domestic Creations.

And truly, it is a vast showing! And the New Millinery is indeed bewitching.

This important department has advanced with leaps and bounds, from the ordinary department store, millinery department, to its present imposing position, that of Duluth's recognized leading Millinery establishment.

Our showing is a revelation of the season's most approved New York, London and Parisian style ideas. The display in our beautiful French rooms fairly scintillates with the dazzling magnificence of this season's showing of what's fashionable to wear. We have avoided the styles of different worth, and every hat we show exploits one of the best and most authentic style ideas.

Big hats predominate, but as great favor is shown in many unique effects in medium and small hats, our display features hats of all sizes strongly.

The "Directoire" style, the new mushrooms, novel turbans, all are represented. In trimming, flowers are scarce—plumes, ribbons and velvets are the fashionable thing. But why deal with generalities—a visit will reveal to you more than we could describe. You can safely consider yourself as welcome—and you will be just as courteously received and treated as a sightseer as if you came with purchasing intent. **COME!**

Jewelry Dept. Display.

Our jewelry department was never in such superb readiness to supply the every want of our many customers. Shelves crowded with fresh new silverware, the best that the market affords—cases shining with the beautiful things gathered from afar—for wear, decoration and practical household uses. All these await your inspection. Come on Thursday, on Friday or on Saturday—we will be glad, indeed, to show you through.

Laces and Embroideries.

We searched the market for the daintiest and most exquisite designs it had to offer, and they are here awaiting your approval! How easy it will be to have pretty waists or undergarments this season—if you select the lace and embroidery trimmings here. Come and let us show you all that is new. What's fashionable is here!

Carpets and Draperies.

This showing comes just in time to aid you in selecting the new floor or window covering. There are a host of new and pretty designs and colorings to help you brighten up the dark room, or subdue the tone of the lighter one. Also in this store there's a price saving to be considered. Come in and let us show you through!

In the Cloak Section

There is such a wide diversity of favored styles shown this season in our cloak department, that an adequate description of their many charms would be an utter impossibility in the limited space at our disposal. However, in a general way—the "Directoire" and Empire effects are greatly favored, but our showing also features strongly many new ideas in the plain tailored, fitted or loose garments. All of this season's popular materials are to be found here, in all the new fashionable shades, as well as in the staple colors. A visit will convince you of the absolute superiority of our showing. Come.

The Waists for Autumn

Waists that have real style, net waists tailored waists and many other popular effects that veritably do credit to the designing genius who created them. They are beautifully made, and elaborately trimmed in scores of new and decidedly pretty styles. Our showing is thoroughly complete and not the least of its attractiveness are the prices.

Fall Skirt Styles

A great deal of attention has been paid to the selection of our new stock of Fall Skirts, and it is with pride that we announce the completion of our display.

The skirts for this season are more full fashioned and a trifle longer than was the style last summer.

The "Directoire" closed panel effect is much in evidence, and the circular and gored models are most favored.

There is one best way to become acquainted with what is new and correct in skirt styles for fall, and that is to view the splendid showing at this store. Attend this opening.

Boys' Clothing

As an example of rapid growth, we point with pride to our Boys' Outfitting Department, begun on a small scale a few short years ago; it has expanded and grown until it is now one of the most important departments in this big store.

Mothers! bring the boys in during these opening days and let us demonstrate to you how well we can dress them, and how inexpensively. Complete new stock of Clothing, Overcoats, Hats, Shirts, Collars, Neckwear, etc., etc., all at prices most reasonable.

Men's Furnishings

We are presenting here, the newest concepts for Fall—Shirts, Collars, Neckwear, Gloves, Hosiery, Underwear, and all the requisites of men's dress, in colors and mixtures which will harmonize with the new fall attire.

Particular men will find pleasure in selecting from our assortments.

Fashionable Dress Goods and Silks

Every new fabric idea, every new weave effect, every fashionable color scheme is represented in our widely diversified Dress Goods and Silks exhibits. A more stylish, satisfactory or complete assortment cannot be found anywhere.

A Magnificent Display of Shoes

Our opening showing well attests the leadership that belongs here by right of the service which we strive to render to the ladies of Duluth, in providing **ALL** that's new, modest and up-to-the-minute in styles.

In this department, we went about our preparations for Fall with a determination to outdo our best previous endeavors. Our achievements have been fully as satisfactory as our endeavors were determined, and a display of Fall Footwear of quality for men, women and children, such as you never experienced in this locality awaits you. And we know every shoe we carry—know them to be thoroughly honest in leathers and construction, and the best possible shoe value at the price we mark them at. **COME AND SEE.**

PANTON & WHITE COMPANY
THE BIG—
GLASS BLOCK—
STORE
DULUTH,
MINNESOTA

To Save Your Money, is to Make Money

This unusual opening event is held each season, with a two-fold purpose. Firstly, to exhibit to the people of Duluth the only **complete**, authentic, showing of the new and correct styles. Secondly, to invite comparison of our prices with those of our "self-styled" competitors. "Self-styled," because we acknowledge no competitors. Is there any competition possible between the old single cylinder runabout and the complete touring car of today? No more is there possible any competition between an incomplete and a **complete** department store.

For Thursday, Friday and Saturday—the days of our opening—the following list of bargains will be offered; bargains such as no incomplete department store **COULD** offer you. Can you afford to stay at home?

On Bargain Counter No. 2.

LADIES' NECKWEAR—Ladies' and Misses' silk and mercerized Knit Collars—something entirely new—put up in individual boxes. This is another of our fortunate purchases, which, had they been bought in the regular way, would have cost us \$4.50 to \$9.00 per dozen, and would have retailed at 50c to \$1.00 each; all colors, also black, white and combinations. The opening price is, each..... **25c**

LADIES' FINE GLOVES—50 dozen Foster's and Fownes' 16-button length Mosquetaire real Kid Gloves, worth \$4.25 per pair, in all the new shades of tan, also black and white. The opening price is— **\$2.48** per pair.....

LADIES' BACK COMBS—We have about thirty-five dozen Ladies' Back Combs with a variety of trimmings, stone settings, etc., assorted shapes and colors; combs of all sizes, worth 35c to 75c each. The opening price is **2 for 35c**, or, each..... **19c**

THE "DIRECTOIRE" SCARF—Something new and sensible. These "Directoire" Scarfs are creating a furore of excitement in the Eastern smart set circles, and are in fact, all the rage in New York city. They come in 8 or 10 different styles and weaves, in 25 or 30 shades, are 2½ yards long and 12 inches wide, fringed at both ends, and are washable. Every lady who drives or goes motoring ought to have one of these new scarfs. A perfect protection from cold and dust. They are worth in the regular way \$3.50. Our opening price **\$1.50** is, each.....

WASH GOODS—While in New York, the buyer for this department secured two cases of fancy Plaid Wash Goods. They are last fall styles, but not at last fall's prices. The former cost of them was 8c a yard, and they were retailed at 10c. They will make a great big bargain for those who are willing to sacrifice style for quality. Come Thursday, Friday and Saturday—secure them at opening sale price, per yard..... **5c**

MEN'S KNIT TIES—The "Wilson Bros." \$1.50 quality, full, regular made—in other words, seamless—and that's more than can be said of any regular \$1.50 tie. They come in all shades of solid colors, also black and white. They are sold regularly by the finest haberdashers at \$1.50. Our opening price..... **75c**

In the Basement Bazaar

While we have devoted almost this entire page to fashions for Fall wear, and as a result will fill the upper floors of the store with anxious purchasers and sightseers, we will crowd the Basement Bazaar with eager buyers. To accomplish this, we offer the four following extraordinary bargains:

ROYAL GRANITE COFFEE POTS—Triple enameled in 1, 1½, 2, 2½ quart sizes—sold regularly at 33c to 45c each. Opening sale price..... **19c**

GLASS TUMBLERS—medium weight, plain, full 9-oz. Opening sale price, per dozen..... **12c**

CUT GLASS SPECIAL—Salt and Pepper Shakers, with Sterling silver tops, worth in jewelry stores up to 50c. Opening sale price, **2 for**..... **25c**

COPPER TEA KETTLES—No. 8, all copper, (14-oz.), heavily nicked; kettle sold regularly and cheaply at \$1.50. Opening sale price, each..... **98c**

YOUR CREDIT IS GOOD

We Make Terms of Payment to Meet the Requirements of Our Customers.

What it really means. These few words about our trade-mark "Your Credit is Good." It means just this: That in the event that you should want credit, when buying furniture, carpets or stoves; that you should prefer at this store. It means that this store extends a "man-to-man" you, making no price advances, giving the same fair *Bayha* thoroughly satisfactory policy of serving you as you are en-

If we have served you well show it by using us more freely. We shall spare no efforts to give the best service possible. If anything should be unsatisfactory tell us why and how; we are glad to get friendly criticism and suggestions that will help us to please our customers. We extend you a hearty invitation to visit us often.

fer to pay a little down and a little each month, you can do so policy, extending credit in such a way that it will appeal to pricings to credit purchasers as for cash. In fact, an ideal, titled to, with every consideration and fairness.

LET US FURNISH YOUR HOME COMPLETE THAT WAY.

WE GIVE ABSOLUTELY FREE

With every purchase of \$50.00 and up to \$100.00, a beautiful silver Dinner Service, consisting of 26 pieces—knives, forks, tea and table spoons, sugar shell and butter knife, warranted to last a lifetime.

COMPLETE HOUSEFURNISHERS
BAYHA & CO
Second Ave. W. and First St.

WE GIVE ABSOLUTELY FREE

With every purchase of \$100.00 and over a beautiful silver tea set consisting of Tea Pot, Cream Pitcher, Sugar Bowl, Spoon Holder—a beautiful set and fully warranted for good lasting service.

Cobbler Seated ROCKER Oak or Mahogany \$1.98

These handsome Parlor Rockers are similar to cut—cobbler seated—carved backs—oak or mahogany—strong and roomy—well finished—a good \$3.50 or \$4 value. This week only \$1.98. They're a royal good bargain at this price.

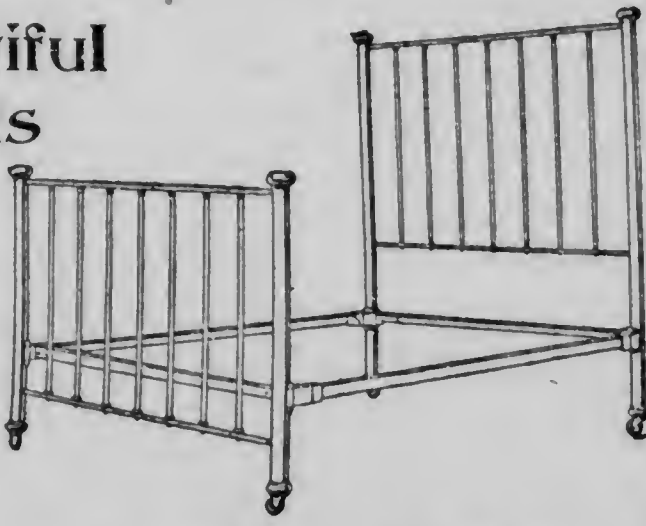

Three-Piece Parlor Set \$14.98

Settee, Arm and Reception Chair—solid oak frames—seats upholstered in genuine leather—a mighty neat little set—thoroughly well made and handsomely finished—a set that couldn't be duplicated elsewhere for less than \$30

These Beautiful Brass Beds \$13.98

They're beauties, too—massive—best quality brass—heavy posts and fillers—the cut illustrates bed exactly—full size, best lacquer finish—a bed that could not be duplicated elsewhere for less than \$35 or \$40.

Pedestal Extension Dining Table \$7.95

Solid Oak Dresser \$7.75

These Dressers are solid oak—have each two large and two small drawers—good, big beveled French plate mirror—are rich golden finish—a dresser that cannot fail to please all—It's a bargain at \$7.75.

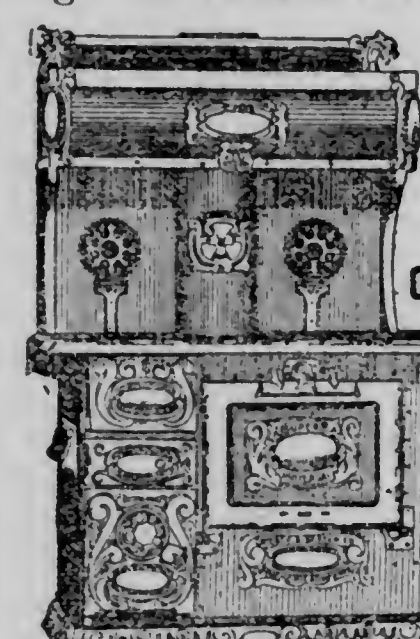

The Great Universal Line of Stoves and Ranges

Universal Base Burner.

We guarantee the Imperial Universal to have better flue construction and more direct radiating surface than any other Base Burner, which is the only true method of measuring a heater.

Body of stove is made of best quality, castings perfectly fitted. All mounting flanges are extra wide, heavy, and well bolted, making it the most durable and tight-fitting construction ever put in any stove. The Imperial is

SUPERB UNIVERSAL

A Stove or Range purchase, if made with care, is made usually but once in a lifetime. The greatest of care should be exercised when deciding the Heater and Range question. Different stoves should be carefully examined and carefully compared, point for point.

If this comparison is made, the Universal compared part by part with other stoves will be found far superior in point of construction, durability and economy. Take for instance The Imperial

the only properly constructed heater on the market. It's a fuel saver. We earnestly solicit comparisons—for it means a Universal sale every time.

Along the same lines we invite comparisons of our UNIVERSAL Steel Ranges.

Terms of Payment—weekly, monthly or daily—will be arranged to meet your requirements on any Universal you may wish to buy.

IMPERIAL UNIVERSAL

Fall Drapings--Lace Curtains

Our Drapery Department is well and completely stocked with new fall goods of every kind—Drapery goods, Portieres, Lace Curtains, Rugs of all styles and sizes, carpetings, etc.—without exception the largest and most complete showing in Duluth where you cannot fail to find the very things to exactly suit and priced to save you money.

Four Honest Bargains--Worthy Each

One of them, your very careful consideration. They're good big value, the whole four.

\$12.47 9x12 Tapestry Brussels Rug, in clean, bright Oriental and floral designs—well balanced colors and a good, durable Rug—reds, greens and tans—regularly \$18.50—come early and make a choice.

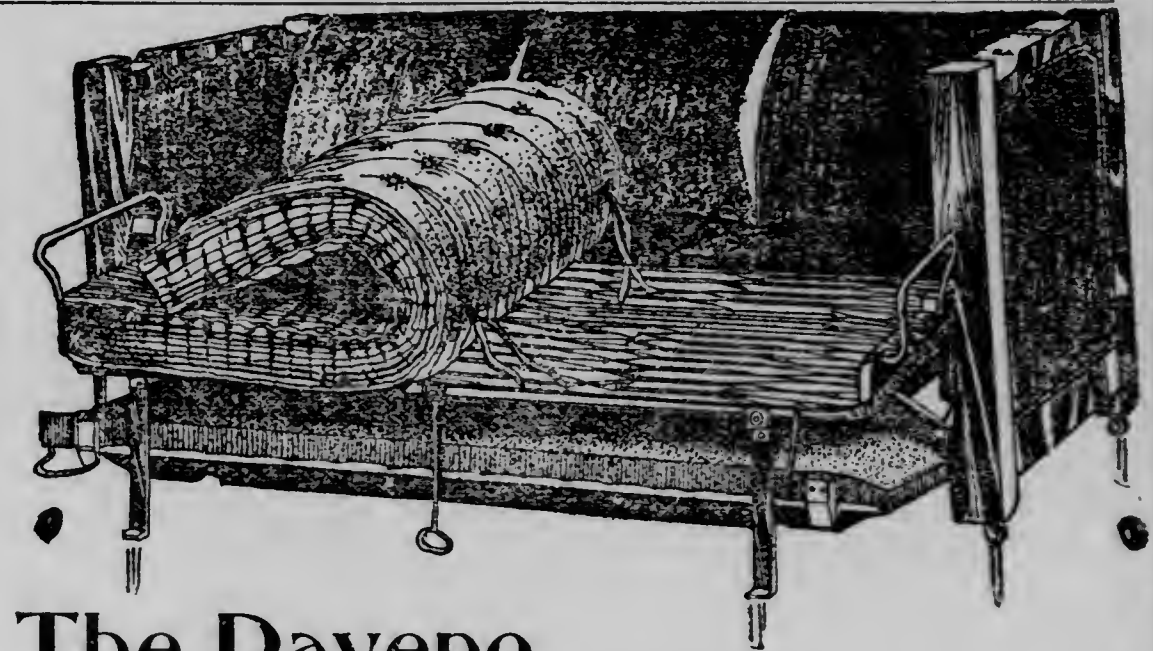

\$1.19 Bolster Rolls, made to contain two pillows—they are the strongest and best roll made, and are neatly covered in cambric—nothing on them to break or tear—regularly \$2.00—a decided bargain.

\$3.15 Full size Bed Pillows, filled with sterilized feathers and covered in best grade twilled tick—a high grade pillow—our regular price \$5.50 a pair—only one pair to a customer.

\$1.39 White Bed Spreads—Full size, nice, heavy spreads, in good patterns—they will wear well and do up nicely—regular price \$2.00 each. Don't delay.

COMFORTS, BLANKETS, BED SPREADS, ETC.

In fact, you will find here any and everything desired in the line of Bedding—as large and complete a line as you could ask for, and where the savings are decidedly pronounced.

The Daveno Bed Davenport

The cut shows one of the many styles in which this Bed Sofa is made. In the DAVENO are two sets of springs, one set forming the DAVENO Davenport seat, the other the DAVENO Bed. Having these two sets of springs means double the service. You do not sleep on the covering of the Davenport and have separate springs for Sofa and Bed. The spring construction of the DAVENO is all steel—no wood being used. The Mattress, Bed Clothing and Pillows all roll up in the DAVENO when made up into a Davenport. The DAVENO is, without exception, the very best Bed Sofa on the market—more style to it and more durable than any made. We will be pleased to have you call and see them.

The DAVENO is quickly and easily transformed into a Bed, ready for occupancy.

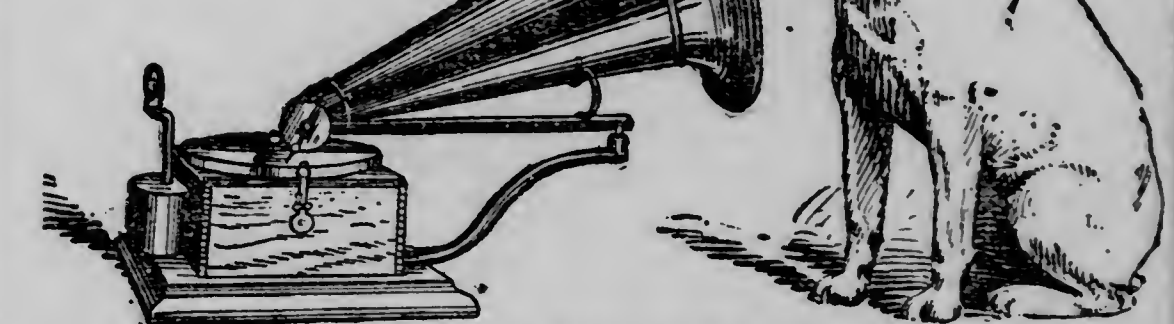

You don't even have to pull it away from the wall.

It is different from a Sofa Bed, as the bed is made up in the morning ready for night.

The DAVENO contains separate bed springs, full sized mattress, blankets, sheets and pillows.

The DAVENO is no different from any stationary bed. For use every night in the year.

Easy operation. Simple construction. Guaranteed not to get out of order.

WILLIAMS IN DULUTH

New Vice President of
First National Bank
Arrives.

Talks on the Improved
Conditions in the
Dakotas.

David Williams of Webster, S. D., former president of the Farmers & Merchants' bank of that city, reached Duluth today and took up his new duties as vice president of the First National bank of this city. Mr. Williams assumed his new position this morning, and from now on will be connected with the financial affairs of Duluth. At that time he made a study of the financial condition of Duluth. Today one of the first things he said was that he was impressed with the future of the city; that Duluth looked good to him, and that he believed that a great future was in store for it. "Business conditions not only here, but also in other parts of the country, are improving," said Mr. Williams. "The part of the country that I know most about is South Dakota. There the farmers have harvested one of the best crops in the history of the state. The quality of the crop is above the average, and from this fact will result the great profit that the farmers have received from the crop. "To illustrate, for instance, I can best show you by stating that in the bank I am interested in, at Webster, a bank capitalized at \$25,000, there was \$611,000 in the bank before I left home. I have since had a wire that the deposits have been increased to \$617,000. "The farmers are prosperous and they are putting their money in the banks.

The deposits in the banks of South Dakota will show a wonderful increase this year. This is because the farmers are prosperous as a result of the good crops. Most of the threshing is completed. Many of the machines have gone in. This is something very unusual for that section of the country. The early spring and the fact that maturing conditions were very good, accounts for the early completion of the threshing.

"South Dakota can be taken as representing many other sections of the country. The farmers are buying land, paying good prices for it, and are increasing their farms. They have money to spend and they are investing it in land making improvements upon their farms. "I believe that general business conditions are improving. The indications point that way. The crop will have a tremendous influence upon the prosperity of the country, and I believe that the conditions that I have cited of South Dakota, which is in the wheat and corn belt, are typical of other wheat raising states. With a good crop, and the farmers of the country prosperous, there is nothing to fear for the prosperity of the country at large."

RETRACTS STATEMENTS.

Wisconsin Student Now Says Duluth's Books Are Well Kept.
Don E. Mowry, the Madison, Wis., student, who made certain mis-statements concerning the methods of book-keeping employed by the city of Duluth, in the City Hall, a municipal magazine, has made a retraction in the current issue, in which he says, in effect, that Duluth has one of the best systems of keeping the city's books in the country.

WEST END

JACOBSON INVITED.

West End Republicans Want Him
at Big Rally.

If he can make arrangements to be here, Jacob P. Jacobson is to speak at a big Republican rally in the West end within the next few weeks. At a meeting of the West End Republican club last evening, it was decided to extend an invitation to the gubernatorial candidate.

A committee comprising Joseph Cumming, Roy Wood and Anton Bergen was chosen to make arrangements for the big meeting. They will ascertain if Mr. Jacobson can come and then make arrangements for the hall and so forth.

Short talks were made at last night's meeting by Anton Bergen and Richard F. Graham, candidates for the legislature; Joseph Cumming, candidate for county commissioner; Alderman McKnight, and several others.

ALUMNI FOOTBALL.

Adams and Bryant Schools to Meet on Gridiron.

Alumni of the Adams school are going to have a football team this fall and are trying to interest the alumni associations of the other grammar schools of the West end in the game, with the idea of arranging a series of games between the different teams. The Adams alumni go in for football every season, and it is more than likely that the Bryant alumni will organize an eleven and play against them. Several different West end teams last year. The teams have not been organized and been out for practice yet, but they are planning to get busy next week.

Guild Officers Elected.

Miss Marie Starkson was elected president of the Young Ladies' Guild of St. Luke's Episcopal church, at a meeting.

Miss Inga Westell was elected vice president and Mrs. May Crowe, secretary-treasurer. The entertainment committee comprises Misses Westell, Edlyn T. Abbott and Myrtle McKenzie. The

guild already has plans for two concerts to be given this winter.

A meeting of the Altar Guild will be held Friday evening.

West End Shortfalls.

Homor Benton, formerly of the West end, but now of Chicago, is in the city for a few days, visiting relatives. He is on the road for a Chicago coffee and spice house.

Mrs. B. Matteson of Piedmont avenue will entertain the Ladies Aid society of the First Norwegian-Danish M. E. church tomorrow afternoon. The readers to the sidewalks on Superior street, between Twentieth and Twenty-first avenues west, have been completed. The wooden walks were replaced by stone ones.

Work has been started on the walls for Larson's new brick block at Piedmont and Garfield avenues. When completed the structure will be occupied by Larson's drug store.

Miss Selma Carlson of Bayfield, Wis., is visiting friends in the West end for a few days.

The regular monthly meeting of the congregation of the First Swedish Baptist church was held at the church last evening.

Rev. August Peterson, first pastor of the church, delivered a lecture at the First Norwegian-Danish M. E. church last evening. His subject was "Courtship, Marriage and a Happy Home."

Miss Cora Treado of Garfield avenue has returned from a lake trip. The Elite Social club will hold a business meeting Friday, when plans for social events for the coming winter will be made.

DULUTH COMMANDERY NO. 18, KNIGHTS TEMPLAR.

All Sir Knights are requested to assemble at the Masonic Temple in full uniform on Friday afternoon, Sept. 25th, at 2:30 o'clock p. m. to act as escort to Ionia Lodge, No. 186, A. F. & A. M., at the funeral of Sir Knight E. G. Danmora. C. E. PEASE, Acting Commander.

WOMAN THROWS SELF BEFORE TRAIN; DIES.

New York, Sept. 22.—A richly dressed woman, about 28, threw herself in front of a swiftly moving subway train at the Brooklyn bridge station, Manhattan, and was literally ground to pieces.

She had been pacing the platform for some time, while several trains

passed in both directions. Then she suddenly flung herself before a north-bound express, and all saw the motor-man throw on the emergency brake, and three cars passed over her.

On the body the police found a bank book of the Seaman's Saving bank, bearing the name of Mrs. Emma A. Stanford, of 210 Fort Greene, place, Brooklyn. The book showed a balance to the depositor's credit of \$2,862.

Niagara Lights Syracuse.

Through the medium of 1,000 miles of heavy conducting wires, which stretch over a distance of 165 miles in two complete circuits of three wires each, Syracuse, N. Y., is being illuminated by power from Niagara Falls. Through the medium of a good mail tonic like Golden Grain but beer, one may insure health and happiness. The daily use of this beverage will restore impaired digestion and give vim and vigor to weary brain and body. Order of your nearest dealer or be supplied by Duluth branch, Minneapolis Brewing company.

IS ARRESTED ON FORGERY CHARGE

John Kallman, employed by F. A. Patrick & Co., was arrested yesterday by Detectives Terry and Walsh, charged with forging the name of Chris Gustafson, a fellow employee, to a check for \$10.00, which was cashed at the Buffalo saloon, located on East Superior street, between Third and Fourth avenues.

Gustafson received the check in payment for services Saturday. Before leaving the building he missed the check, but did not know whether it had been lost or stolen. The cashier of the company was notified, and he stopped payment on the check. The same night Kallman cashed the check in the Buffalo saloon. It is claimed, and yesterday it was returned from the bank, because the signature had been forged.

Sam Smith, who cashed the check, went with the detectives to Patrick's, where upon returning to the packing room Smith at once identified Kallman as the man who forged the check and got the money. His arrest followed. Kallman was not in the police court this morning. He probably will have a hearing tomorrow.

FIRE DRILLS ARE REGULAR

Time that has elapsed since the school fire scares which swept the country last year have caused no relaxation in the precautions taken to safeguard the pupils of the Duluth public schools.

Supt. Denfeld says that fire drills are held in every one of the city's schools two or three times every week.

Efforts are made to make the drills as effective and orderly as possible. The children do not know at what hour the fire bell is going to ring, and when it does, they must follow the good order they have been taught.

We are keeping up the drills as regularly as at any time last spring, and every precaution is being taken to insure the safety of the children in case of fire or other accidents," said Mr. Denfeld.

FIVE CLING TO BOAT UNTIL HELP ARRIVES.

Minneapolis, Sept. 22.—(Special to The Herald.)—Five young men in a sail boat on Lake Calhoun were turned out into the cold waters of the lake by a sudden squall of wind that

TRAMP-EZY

For father, mother, brother and sister

MEN'S	\$3.50 to \$5.00
WOMEN'S	\$3.00 to \$5.00
MISSSES'	\$2.00 to \$3.00
Boys'\$2.00 to \$3.00
Little Tot's\$1.50, 75c, \$1.00

W. & L. Shoe Store,
218 West Superior St.

heralded the coming of a rainstorm last evening. The puff came so unexpectedly they had no time to let go the sheet rock. All succeeded in reaching the keel of the overturned craft and held on till Cecil and Arthur Hull took the men from their perilous position into their rowboat.

In addition to overturning the sail boat, the sudden bluster of wind toppled over a one and a half story frame house at Second and Oliver avenue north, Minneapolis. No one was home.

"FRATS" DEAD, SAYS DENFELD

So far as the educational authorities are concerned, the high school fraternities are a thing of the past and have been forgotten.

It will be remembered that about a year ago the board of education issued a decree prohibiting the further existence of the "frats" in Duluth public school life, and although there were mutterings of protest from the members of the organizations, Supt. Denfeld has been adamant in his determination to have them completely eliminated from the schools.

"Nothing has been heard of the fraternities this term and I guess that the members long since decided to obey the order of the board of education, making their continuance contrary to the rules governing the public schools of this district," said Denfeld.

"The societies have taken no part in the affairs of the school since the board's action, and they have not been heard of at the high school this year."

When asked if the "frats" have not held banquets and other festivities recently, Supt. Denfeld said that possibly they had, during the vacation, but that no attention had been paid to the affairs.

"As long as the fraternities keep out of the schools, we pay no attention to them," said Mr. Denfeld.

"SUICIDE; NO INQUEST."

Lacnic and Expressive Note Left by Julie Schaffer.

Grand Forks, N. D., Sept. 22.—(Special to The Herald.)—The coroner's jury which investigated into the cause of the death of Julie Schaffer, found that Tuesday afternoon in a woodshed at the rear of the Schaffer residence in Riverside park, this city, returned the body of Schaffer was in a badly decomposed condition. The suicide having taken place a number of days ago.

Alisa Schaffer, the dead man's father, had missed Julie the past couple of days, but did not think it worthy of inquiry, as the younger man had left for several days at a time on other occasions. On opening the closed door of the woodshed yesterday, he found the body of his son. Decomposition had set in to such an extent that the old man had opened the door to investigate the cause.

The suicide left two notes. One of them, unsigned, consisted of four words:

"Suicide, no inquest necessary."

The other note was addressed to M. Norman, the undertaker, providing for the care of his body and the expenses of burial by leaving \$25 in his pocket. Schaffer was 40, unmarried and, because of illness, had a little work for the past few years.

MINNESOTA ATTRACTS IN CONSUMPTION WAR.

Washington, Sept. 22.—Delegates here for the international congress on tuberculosis, where formal sessions will begin Monday, are taking great interest in the exhibits which are open to the public at the national museum. All day today there were demonstrations by those in charge of the different state exhibits. These were accompanied by moving pictures and lectures.

Secretary Christopher Easton of the Minnesota Anti-Tuberculosis association conducted the demonstration of that state's exhibit, and other demonstrations included Wisconsin, W. B. Frost, University of Wisconsin, and the English Pathologic exhibit, T. J. Jazard, Cambridge, Eng.

BELTRAMI COUNTY FAIR WILL DRAW THOUSANDS.

Duluth, Minn., Sept. 22.—(Special to The Herald.)—Not less than 6,000 people will attend the third annual fair of the Beltrami County Agricultural association, which will be held here Thursday, Friday and Saturday of this week, says W. R. Mackenzie, secretary of the association.

"There will be a large crowd from the country each day and I look for a general attendance of everybody in the city and adjoining towns and villages. We have a very good line of at-

tractions. Prof. P. J. Bull of Wabasha, will make his famous balloon ascension and parachute leap, each day of the fair in the forenoon, except on Saturday, when he will make a leap in the afternoon. The Riggses, aerial artists of more than average ability, will give two performances each day. They are good. There will be a brass band of eighteen pieces, which will make a whole lot of harmony. "We are certainly going to give the people at the fair a good time, a splendid exhibit, and attractions that are worthy of the patronage of every-body."

Duluth Patents Issued.
Washington, Sept. 22.—(Special to The Herald.)—Patents issued to residents of Duluth: J. Holmwood, saw guage; R. McGiffert, log loading machine.

Wright Continues to Improve.
Washington, Sept. 22.—Orville Wright, who has been at the Fort Myer hospital since the aeroplane accident in which he was injured and Lieut. Selfridge killed, continues to improve.

OVERCOATS

The MORRISON SHOP is after the fine overcoat trade strong this season, with over a hundred new patterns and as many styles in new and standard models, quick service, reliable work, lower prices.

8 LAKE AVENUE SOUTH.

MUSIC AND FLOWERS In the Evening!

Flaaten's Orchestra will give a grand promenade concert Friday evening, and beautiful flowers will be given free to every lady present between the hours of 8 and 10.

CONCERNING WOMAN.

Every once in a while when the women of 1908 consider the lives led by the women of antiquity—when she remembers that Cleopatra's nearness to freedom was in floating down the Nile in a kind of Salome costume waiting for Antony to cross the seas that intervened and he charmed, when she remembers Marie Antoinette's precarious existence of inventing new ways of dressing her hair and an economic system of supplying cake for those who had no bread, only to have her efforts and in a most harrowing separation of her head from her body, and when she remembers other ladies not unknown to fame who have taken the woman of 1908, when she thinks of her royal freedom in paying her own carfare and buying her own postage stamps, makes up her mind that emancipation has come.

And then while she is glorifying in a freedom, newly realized comes a crushing blow that takes all the starch out of her backbone and makes her realize that much as she may talk woman's sphere is narrow and bound down and that 1492 or 1902, it's all about the same.

Dances and trifling skirts are coming back into style. They are, too, and any one sensible enough to heed the fashion, is compelled to wear either one or the other is too insignificant to argue with.

Oratory and education stands much before the thought and all its powers shrink up and fade away.

To even express the simplest feelings that one may have on the subject would demand a vocabulary, which would be suppressed by order of the police.

To think that in a few months, a few weeks even, one will be going about wearing that insupportable, unbecomingly impossible, illogical, contemptible and nothing thing, a bang. Do you remember how the thing used to fall down in your eyes, straight and unbecomingly? Do you really think that slight tendency toward having crossed eyes, which some people are afflicted with, was unbecomingly caused by the bangs of yester year.

And then long skirts! Before the end of the coming season man in the mass, will be heaving a sigh of indignation because woman insists upon wearing a skirt which catches all the dirt trailing through the street. After several years of freedom in a skirt to her heart's content, she is to be told that she must wear a skirt that will be cut six inches on the ground.

Bangs and trains! Scold and sudden death is much to be preferred.

SIMPLE WEDDING.

Miss Bisbee Becomes Bride of Dr. John Koch.

At a simple wedding service last evening at the First Presbyterian church, Miss Minnie Belle Bisbee, daughter of Mrs. Harriet Bisbee, became the bride of Dr. John Charles Koch of Grand Rapids. The service was held at 7 o'clock. The bride was attended by Miss Carrie Johnson, and the groomsmen were Charles Koch of Grand Rapids, the bride wore a traveling gown of broad cloth, with hat and veil. The wedding dinner at the Spaulding hotel followed the ceremony.

Dr. and Mrs. Koch left on the Junata for a wedding trip to Buffalo and the East. They will be home again at the wedding of Mrs. and Mr. Charles Kadetz of Pergus Falls and Charles Koch of Grand Rapids, and Mr. and Mrs. Alfred Tref of Superior.

FINE PROGRAM.

A. O. H. Delegates Guests at Delightful Entertainment.

The second of the affairs at which the members of the St. Louis County Women's auxiliary of the Lake Superior division of the A. O. H. were guests at the dining hall of the convention, was an entertainment last evening at the cathedral hall. The members of the auxiliary entertained the preceding evening at a reception, the first formal social gathering of the convention.

The hall last evening was filled with the delegates and members of the order, and in the detention of the hall, the numbers on the program, the Irish nation was honored. American

What Retail Markets Offer.

Watermelons, 15 or 25 cents. Ground cherries, 50 cents a peck. Parsnips, three bunches for 10 cents. White turnips, 30 cents a peck. Rutabagas, 35 cents a peck. Blue points, 20 cents a dozen. Beans, 30 cents a pound. Chickens. The last of the watermelons are in. Small melons longer than round sell for the insignificant sum of 15 cents each and those of slightly larger growth cost a little more. Buying melons is a little more than a guessing game of which nobody, but you and the man who is selling it ever heard of before, is a sure thing over which no sleep need be lost, compared to buying a watermelon, expecting it to be good. On a hot day there is no tender heart of a ripe watermelon. And nothing on earth so encountered has the flavor of a watermelon. There is no way to tell the ripeness of a watermelon, and then saying "That's a dandy" but his methods of testing are no better than your own, which consist of just counting one out by means of "cennie, mennie, minnie, mo."

Moore's Stores
Always
Please **TRUST THE PEOPLE**
107 West Superior Street.
Two Stores
1828-30-32 West Superior St.

SPECIAL REMNANT SALE
LACE CURTAINS AND PORTIERS
In order to make a quick and complete cleanup of all odd pieces and broken lots of Lace Curtains and Tapestry Portiers (fringed), we put a big lot of each on sale at both stores at remnant prices. Many of the pieces to be found in this department. It will pay you to see.

during the summer has gone to Utica, N. Y., to enter Cascadilla preparatory school and next year will enter Cornell.

Misses Geneva West, Merle Wagner and Florence Clark are enrolled for Maryland college at Baltimore.

Mr. and Mrs. Henry Kohagen have returned from their wedding trip.

Misses Ella Johnson and Marjorie Armstrong of this city are enrolled as students for the year at the Western college for women at Oxford, Ohio.

George Wirth, son of Mr. and Mrs. Max Wirth left yesterday to accompany his studies at the Chicago college of pharmacy.

Mrs. A. J. Nichols of Minneapolis is the guest of her daughter, Mrs. W. H. Hoot of 313 South Twenty-first avenue east.

Miss Hobson who was the guest of Mr. and Mrs. D. C. Cutler during the summer has returned to her home at New Orleans.

Miss Irma Hartley has returned from a short visit at St. Paul.

Miss Nellie Sisson, a national organizer of the Home Missionary society, who was the guest of Mrs. L. A. Larson for a few days at yesterday for the Southern Wisconsin.

The musical program was greatly enjoyed. The songs and orchestra numbers were all of Irish origin, and they were received with much applause.

"The Kerry Dance" was sung by Miss McCarthy of St. Paul. "The Harp Through Tara's Hall" was sung by Mrs. Leo Hall of this city, and Pianola orchestra played three selections, "Songs From Ireland," "Dreams of the Golden Age" and "The Harp Through Tara's Hall."

Mr. and Mrs. H. N. P. Broughton and son, Billy, left today for the East. Mr. Broughton will see directly to Madison, where they will make their home.

Do you remember the name of the great river that flows through the Congo river flows through Egypt?

"Oh, yes, sir," replied the boy brightly. "The Congo river flows through Egypt."

Is that boy a fair sample of the grammar-school product? I asked later.

A very fair sample, was the reply. "The average grammar-school product is the most ignorant little animal on earth. He knows almost nothing. His mind is in a perpetual state of fog. He cannot concentrate. He cannot think. He cannot even remember."

"What a new thing?" I asked. "How do the boys who apply for admission now compare with the boys of ten or fifteen years ago?"

There is no comparison, said the principal. "I have known a great many boys in my time, and I ought to know. Up to a dozen years ago, the boys came to my classes possessed of some actual knowledge. They knew arithmetic, English, elementary geography, history and grammar. They knew a great deal more than they know about where Egypt is, and they have a dreary notion of the least common multiple."

"You are right," I protested. "They can translate printed words into speech. But you give an average grammar-school graduate a book—Irving's tales or any good, clear English prose, and you can bet he cannot read it. He cannot read a page, then close the book and ask him to tell you what he has been reading. Just try it; that's all."

Directorate Collars.

Directorate collars falling over the tops of the high, close collars have been the fashion of the season. These collars of this autumn, and indeed the last spring and summer saw a few of these same models in rather different ways. They were little worn on this side.

Roughly speaking, the new collar consists of a band tightly encircling the throat and finished both at top and bottom by several frills. The top of the collar is made of a soft, close-knit fabric, with or without fluting.

On this theme are elaborated in numerous variations. Chic and durable, and fastidious, these collars are used in varying widths, some wide and some narrow. The latter is almost exclusively worn by the fashionably active man, and standing up closely about the face.

On delicate lines for evening wear, have two-inch bands of velvet ribbon, with the ends of the ribbon drawn round the center of the ruche and tying in a stiff little bow in front.

Minister's Tea.

Staples, Minn. Special to The Herald.—Rev. Lafayette Doan, D. D., pastor of the Methodist Episcopal church, was unanimously invited to be the guest of honor at the fourth quarterly conference of the district superintendent, Rev. R. K. Copper, president, improvements on the church, which have practically made a new edifice, have cost about \$7,000, and the membership has been greatly enlarged. The grounds of the church have been graded and beautified by trees, grasses and cement walks.

ORDER FOR 80,000 STEEL PLATE TONS

Pittsburg, Sept. 23.—What is said to be the largest single order for steel plate ever received by the Carnegie Steel company has come from the Pittsburg Steamship company, the general offices of which are in Cleveland. That firm has ordered 80,000 tons of steel plates to be used in building new vessels at the Lorain, Ohio, docks. To mills, previously closed by the gun and most of the structural mills also will resume operations.

Dr. Price's Delicous Flavoring Extracts

are superior to all others.

Directfire Cords Are the Rage.
We have them in gold, in jet, in beads and in velvet. Prices range from \$3.50 to \$1.50. Especially attractive styles at 65¢, \$1.25 and \$2.50.

Gray-Tallant Co.
117-119 West Superior Street, Duluth, Minn., FOR QUICK, SATISFACTORY SERVICE.

How Would You Like a Hat Like This
Or One of Our Other Superb Styles?

Seems as though every woman in town must have heard about our Millinery! Every day, women are coming to us to see some of those aristocratic Hats of which their friends had told them!

And they go out just as enthusiastic as their friends—often after buying two hats.

Our Millinery workshop is in charge of a new trimmer this season, and the cleverness of the hats turned out is splendid proof of her ability to combine "style" and "fame" with reasonable prices at an unusual degree!

You may choose from the finest of Pattern Hats, and from the art styles of our own workshop. Choose which you will—you'll have a hat of uncommon style and becomingness at a most reasonable price!

Many New Arrivals in Coats and Suits
Will Have Their First Showing Tomorrow.

Our early season sales have been wonderfully good, but we might have expected it—our assortments are finer than ever, while, as you know, some houses have restricted their buying so that their assortments are not up to their usual standard. Perhaps you may be prejudiced in favor of some store at which you may have heard long before this store began. Suppose you do yourself the justice—suppose you do us the favor of seeing our showing tomorrow.

We know you can pay more elsewhere for no better styles! Make us prove it.

See the suits offered tomorrow at

\$18.00, \$25.00, \$35.00, \$45.00 and \$65.00

You can pay from \$4.50 to \$12.50 more elsewhere for equal quality in styles not quite up to the perfection you will note in the garments here.

NEW CRYSTAL SILK.

CRYSTAL SILK—The new thing in silk for Directorate Coats—has a very heavy rib and woven very close and heavy, so that it will tailor effect—very popular in the East now. Will be worn all Winter for dressy coats—black only—we can show you models how they

should be made, 20 in. wide, yd. **\$1.25**

THURSDAY 6c

The yard for Amos—Gingham, Percales, Prints, Outing Flannels, Flannellettes, also a few remnants of Summer goods, such as Lawns, Dimities, etc., go on sale Thursday at just half the marked price.

Wash Goods Remnants HALF PRICE!

(Continued from page 1.)	<p>ple. Subsequent to his candidature for a legislature he became a candidate for the office of state auditor. It was his first defeat. He says that his friends advised him to defend for the nomination, that he was defeated for the nomination at the republican state convention. He says that many who had been affected by his legislative actions. Two years ago he was a candidate for the office of governor.</p>	<p>and the heaviest plurality ever given a Minnesota governor, he looks upon as a great mistake and disaster. In his opinion he says that the people are not so stupid as they are sometimes represented. There are a number of Republicans in this state who have fallen into the habit of thinking that they are not so stupid as they are sometimes represented. They scratch the Republican ticket. But every time they exercise this privilege,</p>	<p>gance, increased taxes, and the multiplication of offices and salaries. "Nor were the Democrats partial," admits he, "and they have lived with their Republican brothers, and all got their share." In short, according to the charges made by the party opponents, democratic and Republican officials must have "gone into cahoots with the Republican legisla-</p>	<p>lity" is partisan prejudice and in-terest, which causes otherwise intelligent and patriotic citizens to oppose the action and good measures of the political party. He says that no application to state and municipal government. And the greatest step ever taken acted in good faith. He says that the stewardship was fairly satisfactory to you was shown by the factory to you was shown by the</p>	<p>tion of the state's industries and producers, for the advancement of its great educational, charitable and corrective institutions, for the recovery of the state's resources, and for the previous bad administration and negligence, for the production of new wealth, for the improvement of the escaped taxation, for the proportion of the tax burden, or if a greater</p>
--------------------------	---	--	--	--	--

tion of the state's industries and producers, for the advancement of its great educational, charitable and commercial institutions, for the recovery of state revenues and property lost in previous bad administration and neglect, and for the restoration of the revenues by requiring those who have escaped taxation to bear their proportion of the burden. It is a measure of a number of vital and practical reforms that the present government have carried into administration, and which during the past two years, as faithfully as they could, they have carried out. Measures, has been achieved under any previous administration or during the last administration. I am sure that, with knowledge, my worthy opponent will bestow a great favor upon the state by accepting the challenge of this history by naming that secretary of administration.

CHARGE OF EXTRAVAGANCE

Now let us take up this charge of extravagance and extravagance. Let us analyze it and see what it is worth. Let us take the whole burden of state

taxes for state purposes, and see what the burden upon taxpayers amounts to. The gross expenditures of the state government, all offices and departmental institutions, all funds and departmental funds and developments, all investments and all miscellaneous purposes aggregate about \$12,000,000 a year.

And how much of this total expenditure falls upon the general taxpayer? About one-quarter of the total expenditure, or \$3,000,000, or to say \$3.00 a head for the 2,000,000 people which the state had at the last census.

As a matter of fact, the actual tax

1997 were \$2,558,000, in 1996 they were \$2,404,000, and in 1995, as levied in 1994, they were \$2,218,000, or an average of about \$1.20 a head for each person in the state. Of that amount, for \$1,000,000 is directly remitted back to the several counties for distribution among the school districts for popular education, and it not disbursed by state officials, there are roads and bridges, and if you have in a lump for your education and horror the whole chapter of state extravagance and state taxation.

The increase for 1996 and 1997 was about 10 percent, and this is head money for the people of this state. Let us suppose that when the state treasurer reports the 1998 tax collection

That is to say, "since the state felt that the federal government," to use Mr. Jacobson's words, "ought to get out of business," it was going to have to enact and enforce laws to reduce railroad rates, to take the state mineral rights out of the mouths of mining sharks, to conquer unpayable telegraph, telephone, express and railroad companies, to quadruple the taxation upon iron ore interests, to enable the state lawyers, to prosecute with vigor the adulterators, and to develop a state harvester and binder.

plant and develop the capacity of the blinding twine plant in competition with the harvester trust, to expend the state money upon roads and bridges, on game, state forests, agricultural experiment stations, fruit and live stock breeding, rural schools, and upon public buildings, colleges, and universities. The Crookston substitution to the Rochester asylum, and from the Itasca state park to the state university and the new state capitol, it has cost you, and each year costs you, more than \$100,000. The "Democratic government" or "divine responsibility," the great extraneous sum of one dime.

And now it becomes my solemn duty to deprive my worthy opponent of the satisfaction that it makes him in arising from this extra burden of 10 cents a head per annum.

For I want to say that this extra dime that has been collected has not come from you—that is to say, unless you are a owner of iron mines, or logs and lumber or of street railways and lighting company stock, or of water powers and stumpage, or of

elevators and telegraph stock, or are
 in the United States stock
 corporation. If you are financially
 fortunate enough to have large hold-
 ings in such classes of property, the
 increase in your assessment for tax-
 ation has not paid into the state
 treasury a good many extra thou-
 sand dollars during the past three years.
 But if you are a plain farmer, store-
 keeper, sheep owner, mechanic or
 a small hotel-keeper, you have been
 called upon to pay not even your ex-
 tra share for the public improvements and
 reforms of the past four years of
 "responsible government" and "divided
 grants of power."

provide for the increased improvements in the—
—for public improvements are likely to be private improvements, they cannot be made without an investment for labor and materials—the practical question is whether you are this: Who has to pay the transportation costs? Is it the general taxpayer, who is already overtaxed, been compelled to shoulder the burden, or have the large inter-city lines, the practical boss and machine, been finally forced to be brought into the tax-paying fold? and Jacobson calmly assumes the former. He is prepared to demonstrate that the latter is the truth.

THE IRON ORE TAXES.

Take the case of the iron ore interests, and that greatest holder of iron ore in the world, the United States Steel corporation. The United States Steel corporation in 1904 had an assessed value of \$1,900,000,000. The state board of equalization placed the total assessed value of all iron ore and steel properties in the state at just \$42,000,000. The state stipulated that by the tax levy of 1904 for state purposes, would bring into the state treasury \$114,660.

That was the last and greatest volume of money paid into the state treasury by the iron ore and steel interests before you imposed upon the state what

My opponent calls "Democratic conservatism" and "divided responsibility" for the \$114,000,000,000 deficit the "greatest of all evils." He says that the "greatest" of all evils is the "vast array of mineral wealth, the greatest on the face of the globe."

Well, what has been achieved in the intervening four years? In the first place, the "greatest of all evils" has been appointed by me, and of which I am a member, proceeded at its first session to raise this \$32,000,000 valuation upon \$70,000,000, or an increase of 50 per cent. But this should not be taken upon me, as stated in my review of the subject in my message to the 1907 Legislature, as only a minor fraction of the valuation to which the general taxpayer is subjected.

On the \$190,000,000 valuation,

the iron ore and steel interests
net. The state treasury
\$661,200 of taxes this year, as
compared with \$114,600 paid un-
der the valuation of four years
ago. Here is a net increase of
over one-half million dollars of
state revenue brought into the
treasury within four short
years from this one source.

Thus is the greater part of that 10
cent per capita extra, charged to "Dem-
cratic government", and "divided re-
sponsibility," wiped out in one fell
dash.

But look at the difference in results
s between taxation of the great iron
ro and steel properties under "divi-

--	--	--

ed responsibility" and taxation under the political monopoly of a single party machine. Three years ago that steel corporation and other iron range property paid one-twentieth of the taxes on state purposes, while this year they pay over one-sixth of the total state tax.

Not only iron ore and steel interests, but street railway, gas and electric lighting companies, lumber companies and timber stumpage owners, elevator companies, telephone companies, owners of water-powers and quarry royalties and franchisees, have all had state taxes and local county and municipal taxes raised through the action of the state board of equalization and its official influence upon local boards and assessors, over one hundred per cent. Not only has the state treasury been the beneficiary, but every local treasury and every local taxpayer in the counties and cities where these properties are held. Hennepin, Ramsey, Itasca and St. Louis counties have been the largest beneficiaries added from the state treasury, because it is in these counties that the iron range, steel, water-power, franchise corporations and kindred corporate and individual properties are principally located. Thus it happens that something like ninety per cent of the iron range taxes have come into the state treasury during the past four years from these four counties, while the eighty agricultural counties of the state, which have the special benefits from the new educational, industrial, drainage, forestry, and other permanent improvements, have had little or no additional tax burden to meet for the manifold benefits they have enjoyed at the hands of the state government.

But, before leaving this subject of taxation of iron ore and steel, I have a few words to say to the farmers of the state. I have no doubt that the farmers of the state have not refrained from protesting, Mr. Jacobson has been telling you that the cost of state institutions during the past ten years has been increased by the increased cost of the state treasury. Let me call your attention to the other side of the ledger, the receipt and revenue side, and compare the increased volume of revenue from this one source during two short years of "divided responsibility."

THE INCREASED REVENUE.

During the past two years, 1907 and 1908, the taxes from iron range lands and the state treasury amount to \$850,000. This is \$750,000 more than the total receipts from the iron range lands during the preceding ten years. But if we take the past three years of "Democratic government" and "divided responsibility," including the present year, and find that the total revenue from the state treasury exceeds \$1,000,000, that is more than double the preceding ten years of iron range taxation for state purposes. The showing of the revenue side of the ledger, do you consider it unwarranted extravagance, as charged by the administration and legislative sessions of the past three institutions and public improvements, like roads and bridges, drainage, forestry and rural schools, and the state university?

Recent changes in the assessed valuation of this state are of special and direct interest to the owner of agricultural lands, who only something like one-half the total taxes of the state. Inasmuch as the landowner has come forward with a charge against my administration for increasing taxes, let me compare the assessment and taxation of the past three years with the present year. Your attention is especially called to the "divided responsibility" assessment. Value of lands (other than town lots), including structures thereon.

Year	Assessed Value of Lands and Structures	Assessed Value of Iron Range Lands	Total Assessed Value
1907	\$1,000,000	\$1,000,000	\$2,000,000
1908	\$1,000,000	\$1,000,000	\$2,000,000
1909	\$1,000,000	\$1,000,000	\$2,000,000
1910	\$1,000,000	\$1,000,000	\$2,000,000

1975	\$1,000,000	\$1,000,000	\$2,000,000
1976	\$1,000,000	\$1,000,000	\$2,000,000
1977	\$1,000,000	\$1,000,000	\$2,000,000
1978	\$1,000,000	\$1,000,000	\$2,000,000
1979	\$1,000,000	\$1,000,000	\$2,000,000
1980	\$1,000,000	\$1,000,000	\$2,000,000
1981	\$1,000,000	\$1,000,000	\$2,000,000
1982	\$1,000,000	\$1,000,000	\$2,000,000
1983	\$1,000,000	\$1,000,000	\$2,000,000
1984	\$1,000,000	\$1,000,000	\$2,000,000
1985	\$1,000,000	\$1,000,000	\$2,000,000
1986	\$1,000,000	\$1,000,000	\$2,000,000
1987	\$1,000,000	\$1,000,000	\$2,000,000
1988	\$1,000,000	\$1,000,000	\$2,000,000
1989	\$1,000,000	\$1,000,000	\$2,000,000
1990	\$1,000,000	\$1,000,000	\$2,000,000
1991	\$1,000,000	\$1,000,000	\$2,000,000
1992	\$1,000,000	\$1,000,000	\$2,000,000
1993	\$1,000,000	\$1,000,000	\$2,000,000
1994	\$1,000,000	\$1,000,000	\$2,000,000
1995	\$1,000,000	\$1,000,000	\$2,000,000
1996	\$1,000,000	\$1,000,000	\$2,000,000
1997	\$1,000,000	\$1,000,000	\$2,000,000
1998	\$1,000,000	\$1,000,000	\$2,000,000
1999	\$1,000,000	\$1,000,000	\$2,000,000
2000	\$1,000,000	\$1,000,000	\$2,000,000

That is the money, during the past three years, during which you have had a Democratic governor as member of the state board of equalization, appointed by him, the taxable valuation of lands in the two iron range counties has increased \$141,000,000, or 215 per cent, as compared with a rise of only \$3,000,000, or 1 per cent, on all the other eighty-three counties whose lands are chiefly agricultural.

On the other hand, during the preceding three years, with a Republican governor and state board, the rise in the assessed value of lands in the agricultural counties reached a vast total of \$118,000,000, or 48 per cent; whereas the rise in land values in the two iron range counties was a little over one-third as great, or \$4,000,000. To put the comparison in somewhat different form, assessed land values in the iron range counties were raised during three years of Democratic administration \$141,000,000, compared with \$42,000,000 in the preceding three years of Republican administration in making iron ore and steel interests pay their share of public taxes and burden, taxable land values in the eighty-three agricultural counties were raised by Democratic administration only \$3,000,000, compared with \$118,000,000, a difference of \$115,000,000 against Republican action for increasing the taxes on agricultural property more than four times as much as the tax burden.

The total assessed valuation of property, both real and personal, has been raised during the past three years of Democratic administration from \$345,000,000 in 1904 to \$1,045,000,000 in 1907, a rise of \$700,000,000. During the preceding three years of Republican administration, the total assessed valuation was raised from \$300,000,000 in 1901 to \$345,000,000 in 1904, a rise of \$45,000,000, or 15 per cent, as compared with the \$700,000,000 increase by Democratic administration and the \$245,000,000 increase by Republican administration. The Democratic increase in taxable valuation was in Hennepin, Ramsey, Itasca and St. Louis counties, where the iron range, lumber, franchise and kindred properties were owned, and less than \$5,000,000, or 3 per cent, of the total Democratic rise is made in the remaining eighty-one agricultural counties. Whereas, on the other hand, over \$200,000,000, or 62 per cent, of the Republican increase was made in the eighty-one agricultural counties, as compared

with \$2,000,000, or 38 per cent, in the four counties which contain the bulk of the state's wealth in iron ore, lumber, franchises and royalties.

Therefore, when my worthy opponent accuses me of "extravagance" and "divided responsibility," he has been extravagant in giving liberal support to state institutions, and he has been extravagant in increasing taxes, let him be fair enough to explain to the taxpayers of the eighty-one agricultural counties, that three years of Democratic administration added only 3 per cent to their total taxable valuation, as against 37 per cent additional laid upon the counties rich in the special privilege of iron ore, lumber, franchises and royalties.

Let him also explain that, whereas this Democratic administration has expended liberally for roads and bridges, forestry, drainage, schools and the various state institutions, the custom has been during the former political regime, to invest in one political organization, the major portion of the assessed value of property in the agricultural counties, while the eighty agricultural counties of the state, which have the special benefits from the new educational, industrial, drainage, forestry, and other permanent improvements, have had little or no additional tax burden to meet for the manifold benefits they have enjoyed at the hands of the state government.

But, before leaving this subject of taxation of iron ore and steel, I have a few words to say to the farmers of the state. I have no doubt that the farmers of the state have not refrained from protesting, Mr. Jacobson has been telling you that the cost of state institutions during the past ten years has been increased by the increased cost of the state treasury. Let me call your attention to the other side of the ledger, the receipt and revenue side, and compare the increased volume of revenue from this one source during two short years of "divided responsibility."

During the past two years, 1907 and 1908, the taxes from iron range lands and the state treasury amount to \$850,000. This is \$750,000 more than the total receipts from the iron range lands during the preceding ten years. But if we take the past three years of "Democratic government" and "divided responsibility," including the present year, and find that the total revenue from the state treasury exceeds \$1,000,000, that is more than double the preceding ten years of iron range taxation for state purposes. The showing of the revenue side of the ledger, do you consider it unwarranted extravagance, as charged by the administration and legislative sessions of the past three institutions and public improvements, like roads and bridges, drainage, forestry and rural schools, and the state university?

Recent changes in the assessed valuation of this state are of special and direct interest to the owner of agricultural lands, who only something like one-half the total taxes of the state. Inasmuch as the landowner has come forward with a charge against my administration for increasing taxes, let me compare the assessment and taxation of the past three years with the present year. Your attention is especially called to the "divided responsibility" assessment. Value of lands (other than town lots), including structures thereon.

Year	Assessed Value of Lands and Structures	Assessed Value of Iron Range Lands	Total Assessed Value
1907	\$1,000,000	\$1,000,000	\$2,000,000
1908	\$1,000,000	\$1,000,000	\$2,000,000

AMENDMENT TO CHARTER

Commission May Meet
to Consider the
Proposition.

Board of Public Works
and Budget Limitation
Questions.

It is altogether likely that the charter commission will be called together in the near future for the purpose of drafting amendments to the present charter.

The most urgent need for an amendment, according to members of the city conference committee, is in regard to the \$250,000 limitation on thirteen city funds. There are also some interests which favor an amendment doing away with the board of public works, and this matter will probably be taken up when the commission gets together.

Because of the limitation on operating expenses, as provided in the charter, Duluth will have to go without many needed improvements next year, owing to the fact that the permanent improvement fund had to be cut down to \$250,000 to keep within the limitation. Thus there will not be enough money for the improvement of Garfield avenue, West Third street, London road, etc., and numerous bridges badly in need of repair will have to go without being improved for another year, leaving the city in constant danger of facing heavy damage suits that will likely result from an accident at any of these bridges.

If it had not been for this limitation providing that not more than \$250,000 shall be provided for certain funds named, the permanent improvement fund for 1909 would have been about \$2,000. The other funds could not be cut down to any great extent, and therefore it was necessary to cut down the permanent improvement fund to keep within the limit.

There is a difference of opinion as to the wisdom of doing away with the board of public works, and the affairs committee of the Commercial club recommends that the body be dispensed with entirely, and that all the work now falling to the department be placed under the supervision of the city engineer. Mayor Haven is in favor of cutting the board down to one, but is unalterably opposed to doing away with the board entirely.

RESINOL SOAP

Contains properties that actually feed the skin, nourishing and refreshing it as nothing else can. Its principal ingredients are pure vegetable oils, medicated and made antiseptic by "RESINOL," the great Skin-remedy and protector. These food properties are absorbed by the skin just as water is absorbed by a sponge, and their beneficial effect is conclusively shown by the attractive look of perfect health that quickly follows the use of this soap. Resinol Soap clears up the complexion in a really wonderful manner and skin-troubles need not mar and worry you, for your skin can be kept as firm and healthy as an athlete's. Prove it for yourself.

Buy a cake of Resinol Soap today, and ask your druggist for a copy of our booklet on how to care for the skin and complexion, and also ask for a Resinol souvenir pin tray, which he will give you free.

RESINOL CHEMICAL CO., Baltimore, Md.

PUTS BRYAN INNER FIRE

Taft Goes Over the
History of the
Commoner.

Tells Republican Club
League His Rival is
Inconsistent.

Cincinnati, Ohio, Sept. 23.—What William H. Taft really thinks of William J. Bryan as a statesman and politician, was told last night in no uncertain language by the Republican candidate, to the national league of Republican clubs.

The Bryan feature of Mr. Taft's speech came as a conclusion of a 10-minute word address, in which the accomplished statesman and politician of the Republican party were contrasted with what the speaker termed the Democratic record of opposition and promise. "Turning now to the other picture," said Taft after his review of the issues, "what is it that we have to expect from Mr. Bryan? Have we anything to expect but what is based upon the evidence of his record as a public official? Has he ever given any practical demonstration of his ability to meet problems and solve them? Has he ever done anything but formulate impracticable theories, largely with a view of attracting votes, the measurability and very little with a view of their operation? By their fruits ye shall know them."

"What is the history of Mr. Bryan? It is a history of public questions. We find him first in congress, in the second administration of Mr. Cleveland, a member of the ways and means committee, and most active in formulating the provisions of the Gorman-Wilson tariff bill. After five months' debate, it passed both houses and came

JOHN HAYS HAMMOND.
President of the National League of
Republican Clubs.

to Mr. Cleveland in such a shape that he denounced it. It leveled the industries of this country to the ground. It threw out of employment millions of wage earners. It destroyed all business profit. Farm products for lack of a market fell to a point never so low in forty years. Coxey's army marched from the West to Washington to protest against a government under which such things were possible.

"And what was the result? The country was nearly dead, after the farmers and the wage earners were staggered by the efforts of the only great democrat they had had in the party for many years, Grover Cleveland. He had no money, that of free college of silver, without the consent of any other nation."

The Money Question. "Mr. Bryan announced that the gold standard had slain its tens of thousands where protection had slain thousands, and he abandoned the gold protection and free trade, of tariff for revenue, which now so attracts him, and went into the business of trying to persuade the people of this country to resort to the device of printing and paying their debts by issuing a debased money which would be equivalent to the payment of what the nation and people owe at the rate of 50 cents on the dollar."

"In that campaign Mr. Bryan prophesied that the continuation of the gold standard meant death to the wage earner, and that the issue of the gold standard had not resulted in the disasters which he had prophesied. But lest the issue of free silver should become a little showman, that of anti-imperialism, he made a point of it directly to the inspiration which the opposition of the Democracy under Mr. Bryan, made to the policy of Mr. McKinley in the Philippines. He was beaten on these issues, and we continue to celebrate the Fourth of July with fervor."

Refutation in Two Years. "The prophecy which Mr. Bryan made with reference to the warlike tendencies of Mr. Roosevelt, apart to his objection to corporate influence, he had only to wait, as he had to wait in previous instances, who had made a prophecy, some two years to find refutation, for never in the history of the world has any chief executive had such a triumph in making peace as Theodore Roosevelt. In the Russian campaign in Central America, in Santo Domingo and in Cuba, and never in the history of the country has there been such a complete triumph over corporate influence as that which the course of Roosevelt and persistence of Theodore Roosevelt has wrought around the world, and his return was heralded with the statement that in his visits he

had so gained information and knowledge that he had become safe and sane, that he was a conservative, and all the Democratic party awaited his coming with great interest.

"Immediately upon his arrival he repelled this erroneous impression by declaring he was convinced the only solution of the railroad problem ultimately would be government ownership. He had previously declared in favor of a national initiative and referendum, and also in favor of the election of federal judges. All these most radical propositions have now been excluded from the Democratic platform. They do not meet such popular approval as to justify their being brought forward as a means of acquiring office in this campaign, but they illustrate the character of the man who proposes them; they show the instability and variability of his views, and they justify the fear that many people of this country have in respect to the danger to which the public weal may be exposed should he put in the helm."

Hunt For An Issue. "And now, with the record of promises and hopes unfulfilled for twenty years, with his record of a hunt for an issue upon which to achieve the presidency, with this record of repudiation of negation and of running away from national responsibility, Mr. Bryan comes forward and asks that the people give him an opportunity to put into effect his theories of government, in respect to trusts and in respect to guaranty of bank deposits, wholly unfilled, wholly theoretical, and on their face bearing evidence of their impracticability and of having been discredited by the results of a long looking for plausible arguments rather than real reforms."

The record of Mr. Bryan and his character, as it is, is not a safe man with whom to try experiments in government, that he loves financial theories that are full of sophistry and are impracticable; that he advances propositions with but little sense of responsibility as to show that they may be carried out, and that he gives no indication to the welfare of the conservative business community in his endorsement of the platform of the Democratic party.

Hammond Re-elected. John Hays Hammond was re-elected president of the National League of Republican clubs. A change in the constitution was adopted providing for four years for the presidents, in order to recognize all sections, and the following officers were elected: Harry E. Heflinger, Little Rock, Ark.; W. W. Heflinger, Minneapolis, Minn.; Winston Churchill, St. Joseph, Mo.; For treasurer, Chauncey W. Carr, Louisville, Ky.

G. Snell Smith of New York city, national organizer, will hereafter have the two offices of secretary and national organizer.

BEAUTY DOCTOR

ADVISES WOMEN TO DEVELOP
THE BUST MEASUREMENT AND
ROUNDS THE ARMS AND NECK.

Says the New Method Increases
the Bust Measurement and
Rounds the Arms and Neck.

(By CLARA BELLE M.)

"Speaking from my own personal experience and from observation of many whom I have successfully treated in the past two years, I should say that Madame Moneaux really owed her great success as a beauty specialist to the use of a simple preparation which is used exclusively to develop the bust, arms and neck. I became acquainted with this formula and have used it ever since, much to the delight of patrons. I now buy the ingredients in wholesale quantities, although any well stocked drug store can supply them."

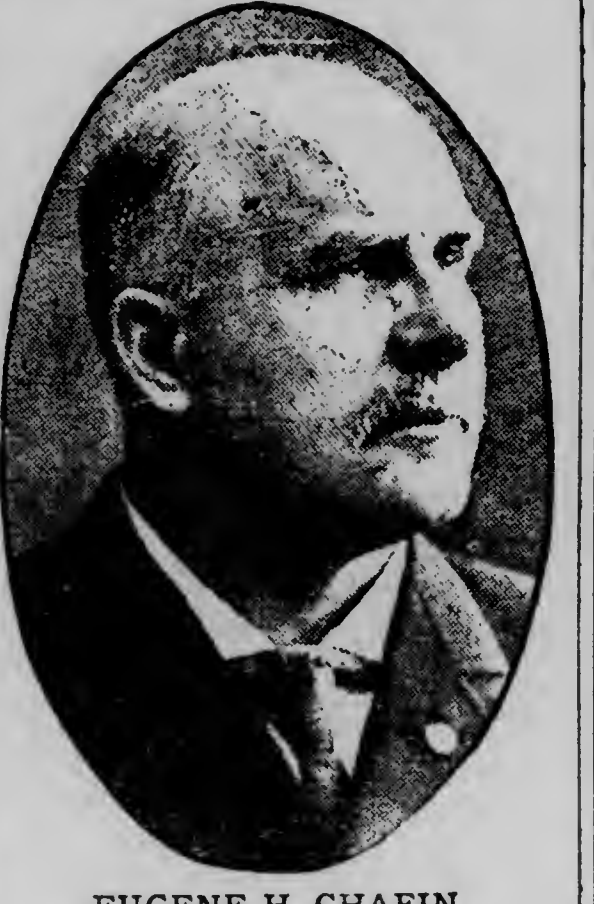

"If your bust lacks development or firmness you can rely on both increase and firmness from the persistent use of the following: Obtain of the druggist two ounces of glycerine and one ounce tincture Cadomene compound mix and let stand several hours, then add a teaspoonful of borax and three ounces of rosewater. Shake well, and apply to the neck, arms and bust rubbing and massaging until it is completely absorbed. Then wash the parts treated with very hot water and soap and dry thoroughly. Apply the treatment morning and night regularly for several weeks or months as the case may require, and by most excellent firmness and rounding out of hollow places will reward you."

"It is the refreshing fullness and exquisite firmness of the feminine form that attracts, and it is the well developed woman who captivates charms and retains the affections and endearments of the opposite sex. If you are observing, you know this is true."

CHAFIN AFTER SOCIAL EVIL

The Prohibition Nominee
Would Close Disorderly
Houses in Washington.

Denver, Colo., Sept. 23.—"When I am inaugurated, on March 4, next year, the first thing I will do is close every saloon and the houses of lewd women in the District of Columbia. There is not a house conducted by shameless women in Washington, D. C., which is kept up by the exclusive patronage of

EUGENE H. CHAFIN.

the members of congress. Unless a man has a card from congress he cannot gain access to this house of sin."

So spoke Eugene W. Chafin of Chicago, candidate for the office of president on the Prohibition ticket, as he stepped from a Denver & Rio Grande train in the Denver Union station and at once began an attack on what he terms "the present order of things."

STORY READS LIKE FICTION

Mrs. Chauncey Said to
Have Wedded Prince
de Braganza.

Louisville, Ky., Sept. 23.—A special cablegram from Paris says that Prince Miguel de Braganza, eldest son of Don Miguel, pretender to the throne of Portugal, has been secretly married to Mrs. Samuel Sloan Chauncey of Louisville. She was born and reared in Louisville and was the daughter of Col. J. H. Carr, one of the bravest cavalry officers of the Confederate service. The story of the life of Mrs. Chauncey and her sister, Grace Carr, now Lady Newborough, reads like fiction.

After Lee's surrender at Appomattox Col. Carr returned to Louisville. He was broken in health and spirits. Some few years after the birth of the girls he died. Mrs. Carr was a fine seamstress and taught her daughters the art, and they made all their own clothes, which are talked of in Louisville to this day. The people here still speak of Alice and Grace Carr as the most beautifully gowned women that ever lived in this city.

It was 18 years ago, while Mrs. Carr and her two daughters were spending the winter at St. Augustine, Fla., that Alice Carr became engaged to Samuel Sloan Chauncey, of Brooklyn, N. Y. On January 12, 1893, Mrs. Chauncey married Miss Carr at Christ Church Cathedral here, and married Church Cathedral here. The marriage was followed by a reception and dinner at the Galt House, said to have been the most elaborate function of its kind ever given in Louisville, and the bride was pronounced to have been "the most beautiful bride ever seen in this city."

The couple left Louisville for Brooklyn, where they resided for a number of years. Mrs. Carr remaining here. A daughter was born to Mr. and Mrs. Chauncey, but shortly after her birth Mr. Chauncey developed consumption and died. Mrs. Chauncey traveled with his wife in the West, but to no avail. Upon his death Mrs. Chauncey came to Louisville for a short stay and announced her intention to leave America for good. She was deeply devoted to her husband

and she wanted to get away from surroundings which reminded her of him. Some months later she was joined by her mother and sister, and the three have since lived abroad. Some years ago Miss Grace Carr became the wife of Lord Newborough, and since that time Mrs. Chauncey and her sister, Grace Carr, now Lady Newborough, reads like fiction.

TRIVIAL BRUISE

On the Schoolgirl's Knee Resulted
in Her Death.

Evansville, Ind., Sept. 23.—Myrtle Glass, the 15-year-old daughter of James Glass, prominent farmer, who lives near here, sustained a slight bruise on the knee in playing with her schoolmates. She paid no attention to the wound, and three days after the accident blood-poisoning developed. Amputation proved futile, and she died.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight and good health.

REWARDS CUP OF COFFEE.

Beneficiary of Kindly Courtesy
Years Ago, Shows Her Gratitude.

Plymouth, Mass., Sept. 23.—A cup of coffee given by one woman to another in a Boston railroad station years ago has been rewarded by a gift of \$3,000.

Mrs. B. Lilly, a wealthy New York woman, is the benefactor. The good Samaritan was Mrs. Harvey Bartlett of Wellsfleet.

Mrs. Bartlett was in the Kneeland street station of the Old Colony railroad when an elderly woman, a total stranger to her, attracted her attention. The latter appeared to be ill. Mrs. Bartlett quickly slipped into the lunch room and got a cup of hot coffee. The woman she had succored did not forget her. On the following

ON THE IRON RANGES RISING AMID THE RUINS THREE SITES MANY FARMS ARE MENACED

**Chisholm Now Has 125
Frame Shacks Hous-
ing Residents.**

**Rev. James A. Geer Says
Funds Are Being Well
Handled.**

"So far as I could see, the relief funds are being dealt out in a business-like manner, and are reaching the right persons," said Rev. James A. Geer of Lester Park, who returned this morning from Chisholm, where he went to investigate the condition of the range fire sufferers.

There are two committees in charge. There is a local committee and the committee appointed by Governor Johnson. The local committee is for the purpose of distributing the relief funds. There are printed blanks to fill out, and careful account is kept of the funds. It is a hard task and one I would not like to have. The committee is trying to see that all deserving cases are attended to, and that no undeserving persons receive the benefit of the funds.

Chisholm is rapidly rising amid the ruins. There are now about 125 temporary frame shacks, and a large number of tents. Henry Tompkins has what is known as a "skyscraper" in a two-story frame shack.

"These temporary structures will be moved away or torn down to be replaced by permanent buildings. James Dowling has already begun work on a cement block for his hardware store, and H. Magnuson is rebuilding his brick residence and his store."

"The town is a mass of men at work repairing the streets. The inhabitants are not leaving the town to cover the cost of a new building, and the schools are undisturbed. School reopened last Thursday, and the board gave each teacher \$50 to reimburse her for the loss of clothing."

"No more are being served, but food is being sent to the needy families. There was a shortage of children's clothing when I left, but there is ample on hand here to supply this need, and it will be sent forward at once."

"The militia boys are still there, but they are getting very tired of army life. The bridge has been repaired, and traffic has been resumed across the lake. No liquor is being sold in the town."

"There were 200 men out fighting the fire, but a mile from Hibbing last night. The people are still uneasy, but there is no danger."

**EVELETH JUDGE HEARS
SEVERAL PETTY CASES.**

Eveleth, Minn., Sept. 22.—(Special to The Herald.)—A number of cases were before Judge Prince yesterday. Charles McKie was fined \$5 or twenty-five days in the county jail for being drunk and disorderly. George Rebovich, who was arrested on a charge of indecent exposure, was fined \$25. John Sevanchew drew a \$5 fine for being found drunk and also Henry Toranzo, John Zorliski, who were fined \$15 and costs for running a disorderly house, while John Smolkin paid \$5 for being arrested on a charge of drunkenness.

**EVELETH TEAM GETTING
READY FOR CONTESTS.**

Eveleth, Minn., Sept. 22.—(Special to The Herald.)—The high school team is practicing regularly now and is getting into good shape. The game will be arranged with Hibbing to be played on Oct. 3. If there will not be a baseball game there then, Principal Shoemaker is doing the coaching for the local team and expects to have a winning team. Pete Cerveny has been elected manager and is looking for games with Eve, Tower, Virginia and any other range high school.

**VICTIM OF IDARO
FIRE IS BURIED.**

Ely, Minn., Sept. 22.—(Special to The Herald.)—The funeral was held here today of Jacob Skoglund, formerly of this place, who lost his life recently in the burning of Idaro. The Idaro fire, as first told in The Duluth Herald. The Woodmen had charge of the funeral and there was a large attendance.

Men, Women and Children

find abundance of the necessary tissue-
building and energy-storing materials in

Grape-Nuts

This food is quickly absorbed by children as well as adults, and contains all the nutritive elements of Whole Wheat and Barley.

Nature has placed phosphate of potash in a certain part of these grains for man's use in building the gray substance of brain and nerve cells.

Adults require this to repair natural waste from mental and physical effort; children, because the nervous system grows so rapidly in early years.

This part of the grain is included in Grape-Nuts.

"There's a Reason"

Postum Cereal Co., Ltd., Battle Creek, Mich.

**Government Agent to Re-
port, Recommending
Either One.**

**S. Hazen Bond of Treas-
ury Department Tells
of Visit.**

S. Hazen Bond, the United States treasury agent in charge of the selection of sites for the new Virginia, for which \$60,000 was appropriated at the last session, was in Duluth today on his way back to Washington. He did not care to be interviewed in regard to the selection of the site, and would give no definite information as to what the government would do in the matter. Mr. Bond stated, however, that the choice would probably be between one of the three locations known as the Toosovet site, the Fay site and the Jeffords-Coffee site. All of these sites are located convenient to the business portion of the town, and there seems to be very little choice between them, according to the government agent.

Not Determined By Vote.
Mr. Bond's attention was called to the public sentiment expressed at the mass meetings held in Virginia to consider the selection of a site, and he was asked why it was that a vote of the citizens was not permitted, after he had called a meeting at which they might express their preferences. Mr. Bond stated that he had nothing to do with the calling of any meetings by the citizens, and that while the government sought an expression of popular sentiment, the selection of sites is not determined by a vote of any 300 or 400 citizens who might voluntarily otherwise be brought together at such a meeting.

Mr. Bond admitted, however, it was at his suggestion that, instead of the citizens voting in favor of or against any particular site, they give free expression of their individual views and state the reasons which influenced them in favor of or against any particular site. Mr. Bond stated that the information gained at these meetings and the views of the citizens and business men of the town will be of value to the government in the selection of a site.

He also stated that it has been his desire to keep the cost of the site down to the very lowest figure, so that plenty of money will be left out of the appropriation to give the town a beautiful building and one of which it may be justly proud.

The government agent says that it will probably take several months to complete all arrangements necessary to acquire title and possession of the site selected, and that as two or three months will be required by the superintending architect of the treasury department to prepare the specifications and drawings, as well as some further time to advertise for bids and let the contract for the construction of the building, actual construction work probably not be commenced before next spring.

BUSINESS AND PLEASURE.
**Weyerhaeuser Brothers Canoeing
and Looking for Lumber.**

Virginia, Minn., Sept. 22.—(Special to The Herald.)—A party consisting of four of the Weyerhaeuser brothers and other prominent lumbermen came up on the Miesabe last evening and proceeded to Pelican lake. In company with E. H. Gilmore of this city they went to Pelican lake to look over the timber holdings in this north country and decide upon plans for its manufacture into lumber.

**CLEARING GROUND TO
BE USED BY SPARTANS.**

Gilbert, Minn., Sept. 22.—(Special to The Herald.)—A gang of men is clearing the ground in the vicinity of townsite that is to be used by the Spartans, a people who have sold their property to the Steel corporation and are coming here to reside. About thirty days will be required in clearing the site to be used by the Spartans.

**Fires In Lake County Re-
gion Are Taking Danger-
ous Turn.**

**Fire Warden Holm and
Crew Work All Night
Saving Property.**

Two Harbors, Minn., Sept. 22.—(Special to The Herald.)—Under pressure from the heavy southern winds yesterday, the fires which have been burning just west of town, have largely increased in size, and while burning past the city have greatly endangered the many farmers on the outskirts, and many men are employed protecting their property. Northwest of the city, and near Waldo and Mile 31, the situation is the worst, and many settlers in that district are in danger. The fire burned up and crossed the Duluth & Iron Range tracks near Mile 23, and many farmers to the east are in the track of the fire. If the wind continues, the fire will reach the city.

Fire Warden Holm, with a force of men, went to the scene of the fire with a Duluth & Iron Range locomotive, and a water car, pump and hose, and worked all night, saving property. The fire burned up and crossed the Duluth & Iron Range tracks near Mile 23, and many farmers to the east are in the track of the fire. If the wind continues, the fire will reach the city.

**ST. PAUL MINE
LOCATION GONE
Reported at Hibbing That
Buildings Went Up
in Smoke.**

Hibbing, Minn., Sept. 22.—(Special to The Herald.)—The St. Paul mine location, situated about three miles from Keewatin, was burned last night, according to reports received here today. There were about 100 houses in the location used by men connected with the St. Paul mine, and as the report came, many of the buildings were in flames. The fire was caused by a lightning strike, and the buildings were in flames. The fire was caused by a lightning strike, and the buildings were in flames.

**HIBBING GIVES
VERY LIBERALLY
Over \$10,000 Subscribed
for Chisholm Sufferers**

—Other Events.

Hibbing, Minn., Sept. 22.—(Special to The Herald.)—The contributions of Hibbing toward the relief of the Chisholm fire sufferers have reached the sum of \$10,000.

Mr. and Mrs. John Ring, who were married yesterday, have gone to the Twin Cities and southern Wisconsin. Upon their return, Mr. and Mrs. Ring will make their home in Nashvauk, where Mr. Ring is assistant of the First National bank.

Mr. and Mrs. J. C. Cox, who were recently married, will return to Hibbing about Oct. 1 to make their home. Clara Hamilton of Superior is in town.

Mr. Rowe, who was injured by his horse running away last Saturday, is convalescing nicely. The druggist, who has been ill the past week with fever, has been cured by a change of air.

Mr. Walter Tremmery is back from Minneapolis, where he has been visiting. Mr. John Mick of the new town of Calumet is in town for a few days of the past week.

JUDGE PRINCE RETURNS.
Eveleth Man Tells of Things He Saw in the East.

Eveleth, Minn., Sept. 22.—(Special to The Herald.)—Judge Vivian Prince returned Monday night from a two weeks' trip East, having been to Springfield, Mass., and other places. He was accompanied by his wife and daughter. He was in the city for a few days, and will be in the city for a few days.

TWO NASHWAUK DEATHS.
A Wedding and Other Recent Happenings.

Nashvauk, Minn., Sept. 22.—(Special to The Herald.)—Albert, the 14-year-old son of Mr. and Mrs. Brown, died Saturday morning at 6 o'clock, after a lingering illness, of typhoid fever. Mrs. Brown and her son arrived from Tennessee to join the rest of the family. He was taken ill at Chicago, and after his arrival he was confined to his room for one month, when he suddenly took a relapse and passed away.

Services were held at their residence Sunday morning, and the remains were interred at the Hibbing cemetery. The infant child of Paul Popilla died Friday, and the remains were interred in the Nashvauk cemetery.

Joseph Kolar and Helen Olson were united in marriage Saturday day morning. The bride is well known and popular here, having resided here the past five years. The groom is a popular young man here and all possible happiness.

The Ladies Aid society will meet with Mrs. Charles West Thursday afternoon. That car loaded with iron rails broke loose at the Crosby mine Saturday evening, which went at the rate of forty miles an hour, speeding down

grade three miles. An engine was dispatched from Kelley Lake and brought the car back to the mine.

**VIRGINIA ORDERS
NEW FIRE ENGINE**

**Range City Proposes to
Take No Chances
With Fires.**

Virginia, Minn., Sept. 22.—(Special to The Herald.)—The recent fire scare on the range has led the city council to adopt all of the recommendations of the chief of the fire department, A. F. Thayer, with regard to providing additional apparatus and equipment. At the meeting last evening the city clerk was instructed to advertise for bids for a steam fire engine of the largest size, with 900 gallons per minute, and a ladder truck, with chemical engines attached. He was also instructed to order a better fire alarm box from the Ganevick company. The contract was awarded to the Northern Apparatus company, for supplying a hose sligh in exchange for an old chemical engine, was accepted. The clerk was instructed to advertise for a platform scale and the same is in the hands of the city hall.

The street commissioner was ordered to proceed with the construction of garbage stands at the rear of all premises. The city clerk was also instructed to have a system of garbage collection in the city, and to have a satisfactory and Alderman Elmquist advocated having the work done by the city and charged up to the general fund. The city clerk was also instructed to have a system of garbage collection in the city, and to have a satisfactory and Alderman Elmquist advocated having the work done by the city and charged up to the general fund.

A petition for an arc light at the corner of Young and Exchange streets, was referred to the light and health officer. A petition for a sidewalk along blocks 97 and 102 in the Southside addition, was referred to the street and health officer. A petition for a sidewalk along blocks 97 and 102 in the Southside addition, was referred to the street and health officer.

**ST. PAUL MINE
LOCATION GONE
Reported at Hibbing That
Buildings Went Up
in Smoke.**

Hibbing, Minn., Sept. 22.—(Special to The Herald.)—The St. Paul mine location, situated about three miles from Keewatin, was burned last night, according to reports received here today. There were about 100 houses in the location used by men connected with the St. Paul mine, and as the report came, many of the buildings were in flames. The fire was caused by a lightning strike, and the buildings were in flames.

TOWNS ARE NOT BURNED
(Continued from page 1.)

by farmers, only three settlers in this county have lost their buildings. This is because the fire is burning in the hills, and not in the towns. The fire is burning in the hills, and not in the towns.

There is considerable smoke because of fires smoldering in swamps, stumps and rotten logs, but there has been no fire in any of the towns. The fire is burning in the hills, and not in the towns.

There were about 100 houses in the location used by men connected with the St. Paul mine, and as the report came, many of the buildings were in flames. The fire was caused by a lightning strike, and the buildings were in flames.

**SMALL EVELETH FIRE
IS SOON EXTINGUISHED.**

Eveleth, Minn., Sept. 22.—(Special to The Herald.)—The fire department was called out yesterday to fight a small fire near the school. The fire was caused by a lightning strike, and the buildings were in flames. The fire was caused by a lightning strike, and the buildings were in flames.

Mr. and Mrs. J. C. Cox, who were recently married, will return to Hibbing about Oct. 1 to make their home. Clara Hamilton of Superior is in town.

Mr. Rowe, who was injured by his horse running away last Saturday, is convalescing nicely. The druggist, who has been ill the past week with fever, has been cured by a change of air.

Mr. Walter Tremmery is back from Minneapolis, where he has been visiting. Mr. John Mick of the new town of Calumet is in town for a few days of the past week.

**CHARTER COMMISSION HAS
HIRED ATTORNEY OSBORN.**

Virginia, Minn., Sept. 22.—(Special to The Herald.)—L. M. Osborn received the charter commission of the city of Virginia, and will be in the city for a few days.

Mr. and Mrs. J. C. Cox, who were recently married, will return to Hibbing about Oct. 1 to make their home. Clara Hamilton of Superior is in town.

Mr. Rowe, who was injured by his horse running away last Saturday, is convalescing nicely. The druggist, who has been ill the past week with fever, has been cured by a change of air.

Mr. Walter Tremmery is back from Minneapolis, where he has been visiting. Mr. John Mick of the new town of Calumet is in town for a few days of the past week.

**SIX HUNDRED DOLLARS
Paid for Lincoln's Button and Lock
of His Hair.**

New York, Sept. 22.—The sale of several Lincoln relics featured in a suit yesterday, and during the testimony it was learned that a girl button and a lock of hair of the martyred president had been sold for \$600.

Charles S. Taff was Lincoln's physician and was with him immediately following his being shot and at his bedside when he died. The physician secured a lock of the president's hair and a cut button. When the physician died some years ago he turned them over to his son, Charles S. Taff.

L. L. Cohen & Co. advanced Taff \$60 to enable him to go to Washington.

Completed Stocks Offer SPLENDID OPPORTUNITIES

Tailored Suits for Fall
The foremost designers and makers of America have given their best efforts to assist us in placing before you the finest collection which we have ever before shown. Our showing is not only more comprehensive, but our prices are even lower than in past seasons.

Broadcloths, Cheviots, Serges and imported Tweeds are materials mostly in demand. The favored colors are Blues, Grays, Browns, Greens, Blacks and rich stripes and mixtures. Early preferences of the best dressers indicate that Suits Coats 36 to 40 inches long will be the favorites.

The Directorate models with their straight coat lines and hipless effects are also here in a large variety. Heavy trimmings of buttons and braid are among the most pronounced departures from last season's styles.

We show unusually good values at \$17.50, \$25.00 and \$29.50, and more dressy models at from \$35 to \$50.

The Lace Section
Was never so inviting as now. The newest things are here in laces, all-overs, fancy nets, and all the wanted widths and styles in Ruclings and Neckwear. Come and let us have the pleasure of showing you.

Fall Millinery Showing
After months of preparation this department is now complete, and on dress parade, and ready for your inspection and approval. A charming collection of striking creations. And the prices are even more reasonable than heretofore. And this department has always held a distinct reputation for moderate prices.

ton, where he sold them to Maj. William H. Lambert, agreeing to divide the proceeds. Justice Young took the same view and dismissed the case. But is likely to be saved, as many are working on it and the water supply is good.

Farmers Fighting Fire.
Ashland, Wis., Sept. 22.—(Special to The Herald.)—Four miles southwest of Ashland every farmer near the Bayfield county road, with their families, are fighting fire hauling water and trying to save their homes. Mrs. Swan Hugstrom, one of the fire fighters, lost her way and had a terrible trip through smoke and fire. The village of Grand View, on the Omaha line, near Mason, is cut off from communication, its fate being problematical. Extensive fires are starting up on the Bad River Indian reservation, and fire can be seen in all directions from Odoanville. Kweh, Jr., of Butternut, was overcome by the smoke and fell dead.

Benldi Saved By Rain.
Benldi, Minn., Sept. 22.—(Special to The Herald.)—There was a rainfall last day by day, and the fire is constantly fighting against the progress of the flames.

Fire Raging In Michigan.
Houghton, Mich., Sept. 22.—(Special to The Herald.)—Last night's heavy rains all over northern Michigan, which partially stopped the forest fires, which are raging in every part of the peninsula. There are reports from every part of the forest counties telling of the destruction of timber, hay and grain, farm buildings and tools. The rain, however, saved thousands of dollars' worth of property. In Marquette county, James yesterday managed large tracts of valuable timber and several small towns, but all were saved by the rain.

Between Houghton and Calumet and Lake Superior, and around the properties of the Tamarack Mining company, on timber lands owned by the Calumet & Hecla, and at Eagle River, Lac La Poudre and Copper Harbor, had fires are still burning. Considerable Tamarack property was menaced last night, but the wind does not rise, the fire will probably be controlled before night. None of the rains which fell here yesterday reached Shevlin or touched the fire close to there.

**EBERHARDT GETS
THIRTY YEARS**

**Slayer of Fiancee's Mother
Changes Plea to
Guilty.**

Hackensack, N. J., Sept. 22.—August Eberhardt, on trial here for the murder of his aunt, Mrs. Ottilie Eberhardt, today changed his plea to guilty and was sentenced to thirty years in the state prison.

Miss Ottilie Eberhardt, whom he lured to this country from Austria, with her mother, with intent to kill and rob them, testified that she had come to this country with her mother on the representation of her cousin, the prisoner, and that he intended to marry her.

Why Not?
To the Editor of The Herald:
If it was proper to elect Congressman Jenkins of Wisconsin and Congressman Bled of Minnesota to stay at home, because they supported Can-
was, at least the last time they put him into the chair. The speaker represents his electors' sentiments.
Edu Claire, Wis., Sept. 22.

**TAFT'S THROAT WEAKENS,
UNHEARD AT FIFTY FEET;
WORK FOR SPECIALIST**

Republican Nominee's
Voice Breaks Down on
Wisconsin Trip.

He Wears a Straw Hat
as Weather Turns
Cold.

Doctor Accompanying the
Candidate Alert to Head
Off Trouble.

Madison, Wis., Sept. 24.—Republican
Presidential Nominee W. H. Taft's
throat went weak on him in Wisconsin
today and now he cannot be heard fifty
feet away.

The most feared thing on the first
campaign trip of Taft has happened,
and this morning the services of Dr.
J. Richardson, the Washington throat
specialist, who is accompanying the
nominee's party, were called on.
Taft left Chicago at midnight after
the weather had turned cold, wearing
a straw hat. He wore an overcoat, too,
but it is feared the summer headgear
produced a cold. At any rate when Mr.
Taft reached Beloit he was hoarse, and
Dr. Richardson was alertly on guard.
The hoarseness was not very notice-
able at Beloit, but when the special
train reached Janesville, Taft was in
such poor voice that persons standing
fifty feet from him could hardly un-
derstand a word he said.
Congressman Boutwell spoke, preced-
ing Taft, and delivering Bryan, Gov-
ernor Cummins of Iowa joined the party
at Chicago.

BRYAN IN OHIO AGAIN.

Invades State Second Time: Big
Crowds Turn Out.

Columbus, Ohio, Sept. 24.—Twelve
speakers to enormous crowds marked
the second entry of William J. Bryan,
Democratic candidate for president, in-
to Ohio during the present campaign.
His concluding speech was made here
last night to an overflow of 20,000
people. While just previous he ad-
dressed the largest audience that ever as-
sembled in Columbus hall. The setting
party is 6,000, but this was increased
by 2,000 others who were satisfied to
stand.

Minnesota Postmasters.
Washington, Sept. 24.—(Special to
The Herald.)—John D. Rockefeller has
been appointed postmaster at Birch
Lake, Tonn county, vice Joseph Kraker,
Sr., resigned.

**ROCKEFELLER IN
ROLE OF AUTHOR**

Writes for Magazine on
"Some Reminiscences
of Events."

New York, Sept. 23.—John D. Rocke-
feller appears, for the first time, in the
role of an author, in the series of arti-
cles on "Some Reminiscences of Events."
The articles are accompanied by fine
reproductions of Mr. Rockefeller's
careful and careful handwriting, in
which he sets forth in autobiographic
style, what he terms "The events, great
and small, which have made up the
incidents of his work and pleasure."
Mr. Rockefeller says at the outset
that on a rainy morning when golf is
wanting, "I am tempted to become a
garrulous old man, and tell some
stories of men and things which have
happened in an active life."
He refers to the extent to which he
has been associated with interesting
people, especially in the business world.
"If one talks about one's experience,"
he continues, "there is a natural ten-
dency to charge one with traveling the
country, and to tell some of the
incidents of his work and pleasure."

JOHN D. ROCKEFELLER.

Family and friends went some record
of things which might shed light on
matters that have been somewhat dis-
cussed. It is right that I should yield
to their advice, and in this informal
way, go over again some of the events
which have made life interesting to me.

**HEARST MAY
STAY HOME**

Reported Intending to
Quit Campaign Work
About Country.

Is Expected to Spring
More Haskell-Monnett
Letters Tonight.

New York, Sept. 24.—It is rumored
today that W. H. Hearst will abandon
his speaking campaign for the national
ticket and concentrate his efforts in
this state, where he will conduct a
vigorous fight, especially for the state
ticket. Last year the independence
candidates for the court of appeals
polled about 120,000 votes.
That surprise will be sprung to-
night at the state convention of the
independence party in this city, when
Hearst is expected to deliver the "key-
note speech" of the campaign from that
party's point of view. It is understood
Hearst will present another installment
of letters dealing with the Haskell-
Monnett controversy.

Clarence J. Shearn appears to lead
the candidates for the nomination for
governor. Mr. Hearst also has been
talked of in connection with the head-
ing of the ticket. Other names learned
from supposedly official sources that he
would not accept the nomination are
those of Herbert H. Hall, N. Y., and
Henry A. Fowler of Brooklyn. The
latter has given out a statement to the
effect that he would decline any place
on the ticket.

**MOVE IS ON TO
OUST HASKELL**

Democratic National Com-
mitteemen Say He
Should Resign.

New York, Sept. 24.—It became
known at the Democratic national
headquarters today that several com-
mitteemen are preparing to use every
influence to bring about the removal
of John D. Rockefeller from the office
of chairman of the national commit-
tee. This is a result of the publication of
charges that Haskell as governor of
California had been guilty of corrup-
tion in connection with the Standard
Oil company.
Changes that Haskell has been iden-
tified with several railroad promotions
in this city, which are said to have
been unfortunate in the case of con-
siderable of the national committeemen
that the time has come for Haskel
to resign or be removed.
The charges against Haskell are proven he
will expect Haskell to resign.

**NO TIGHTS FOR
PRIMA DONNA**

Refuses to Wear Tights
as Siebel in
"Faust."

Chicago, Sept. 24.—Does a prima don-
na have to wear tights between the
legs? That is the question which
arose today at the rehearsal of the
play "Faust" at the Lyric theatre.
"No," says Mrs. John T. Shayne, Chi-
cago society woman and leading con-
tralto of the International English
grand opera, who refuses to play the
part of Siebel in "Faust" because the
management insists she must appear in
tights.
"I have to wear tights," said Mrs.
Shayne.
"But the part requires it," said Mr.
Glickman, manager of the theatre, "and
it is not my fault that the author de-
cided that the person should wear
tights. I have your contract and you
must live up to it."
"You can put a chorus girl in to sing
the one part," answered Mrs. Shayne,
"and I will sing the remaining part."
Mrs. Shayne argued that Mrs. Shayne
saw her attorney, and he informed her that she could not be
forced to don tights, but that the com-
pany could hold her to the contract.
She attempted to play elsewhere, the
company could not find her.

**CHOLERA ON DECLINE.
SAYS MANILA REPORT.**

Manila, Sept. 24.—The epidemic of
cholera continues to assume less
alarm proportions. The daily num-
ber of new cases discovered or report-
ed is about thirty. Josephina Hall, an
American infant died today. No
Americans have been stricken by
cholera since the last report.

**TRAIN PLUNGES THROUGH
CALIFORNIA FOREST FIRE
WITH RESCUED VICTIMS**

Mad Dash in Flames
Takes Human Lives
to Safety.

Rains Come at Last to
Conflagration-Swept
Districts.

Deluge Believed to Have
Quenched Long Burn-
ing Fires.

Eureka, Cal., Sept. 24.—A forest fire
is raging near here, fanned by a fifty-
mile gale, and already the plant of the
Kelstrom Lumber company, valued at
\$600,000, has been destroyed. The fire
is threatening the vast tracts of redwood
timber lying between Kelstrom and
Trinidad, to which latter place refugees
are flocking from many camps. The
million dollar plant of the Redwood
Lumber company is directly in the
course of the flames.

A passenger train engine arrived at
Samoa last night carrying refugees
from Tuffenholz and Fieldbrook, the
former town having been destroyed by
the flames.

The refugees were hemmed in by fire
and the daring trip through the flames
on the train was proposed. The dash
was made with the fire so close that the
paint on the cars was blistered.

Downpour at Last.

Jupiter Plus has finally awakened,
and last night he sent his welcome
deluge over the fire-swept forests of
Northern California. A steady down-
pour began in Duluth early this morn-
(Continued on page 3, fifth column.)

**MANY DIE
IN TYPHOON**

Central Portion of Phil-
ippine Group is
Storm-Swept.

Every Building Except
the Postoffice in Mas-
bate is Razed.

Manila, Sept. 24.—A typhoon of ter-
rible velocity swept through the cen-
tral portion of the Philippine group,
sweeping part of the island of Samar,
Leyte, Southeastern Luzon, Northern
Tayab, Masbate and part of Romblon.
The typhoon disappeared in the China
sea, moving in a direction west by
north.

Wires are prostrated and available
details of the damage done are meagre.
It is evident, however, that a serious
disaster followed in the wake of the
typhoon.
A telegram from a town in Masbate
reports that every building in the place
was razed with the single exception of
the post office. A dispatch received
from Masbate today that the typhoon
caused a great loss of property and un-
doubtedly many persons have been
killed.

**EDMUNDS WINS
CHAIRMANSHIP**

Madison, Sept. 24.—E. A. Edmunds of
Appleton, United States Isaac Stephen-
son's candidate, has been elected state
Republican chairman on the third bal-
lot, receiving 68 votes to 46 for A. C.
Backus (La Follette candidate) and
for Former Chairman W. D. Connor.

**BISON RANGE SITE
IN MONTANA CHOSEN.**

Washington, Sept. 24.—The bison
range in the Flathead Indian reserva-
tion in Montana, to establish which
congress at its last session appropri-
ated \$40,000, has been selected. It lies
near the towns of Ravalli and Jocko,
embracing approximately 12,800 acres,
which will be fenced in a substantial
manner. Funds for the purpose of
preserving bison are being raised in-
to the pen at Canyon City.

**JUMPS FROM TRAIN
HANDCUFFED, ESCAPES**

Leadville, Colo., Sept. 24.—
Sherman Morris, alias Frank
Shercliffe, recently convicted of the
murder of John Walsh, a
Leadville saloonkeeper fifteen
years ago, escaped from the
sheriff today while being taken
to the pen at Canyon City to
serve a twenty-five year sen-
tence. Morris, while handcuffed,
jumped from a car window and
the train was approaching Canyon
City and made good his escape.
Morris was brought here
for trial from Michigan. Morris
recently served a sentence
in Iowa for the robbery of a
diamond dealer.

**FORAKER TO
CUT LOOSE**

Senator, Driven Into Cor-
ner, Promises Start-
ling Revelations.

F. B. Kellogg and John
C. Greenway Are to
be Named.

Hearst Pact is Now
Openly Charged.

Washington, Sept. 24.—A Roosevelt-
Hearst combine in behalf of Taft and
Governor Hughes is now charged by
the Democratic national committee.
Bryan is going to proclaim it today or
tomorrow. It is also reported from
Cincinnati that Senator J. B. Foraker,
driven to desperation by the disclosures
of the last few days, is coming out with
a statement which will involve many
prominent leaders in both great po-
litical parties, some of them senators
and representatives in congress.

His friends here claim that Foraker
will charge that Hearst, in his deter-
mination to defeat Bryan and Chandler
for governor of New York, has formed
an alliance with the administration.

at his residence here diving into his
letter files, while another is up at the
Capitol looking up letters and data
bearing on the Standard Oil matter.

It is an old story, of course, that the
Standard Oil people have always main-
tained representatives in Washington to
look after their interests. When Foraker
tells who they are and what their
(Continued on page 3, fifth column.)

**TRAIN OFF;
FOUR KILLED**

Kansas City, Sept. 24.—A St. Louis
& San Francisco passenger train was
derailed near Carthage, Mo., today, and
four persons were killed.

A telephone message from Carthage,
Mo., says the wrecked train was the
north-bound passenger for St. Louis.
All the cars left the track, and the
engine and baggage car went into the
river.

The engineer and fireman were in-
stantly killed and about a dozen
passengers injured. Some of them are
fatally hurt.

**TO TAKE GERMS
AT CONVENTION**

Washington, Sept. 24.—Dr. D. Lazlo
Detri, one of Austria's delegates to
the international tuberculosis congress,
which will open Monday, arrived last
night and has arranged an epochal
feature of the gathering, by an actual
test that tuberculosis germs, bacilli
type, degree and stage of the tubercu-
lar infection.

Three patients from the sufferers in
the tuberculosis hospital here will sub-
ject to inoculation by the deadly tu-
bercle bacilli, human and bovine, to
method of diagnosis.

The test is the first of its kind to be
attempted before a large body of
scientists. As an aid in the warfare
against the tuberculosis germ, Detri's
discovery is said to be fraught with
potential possibilities. By the discovery
of a method of cutaneous reaction, it
is possible to determine in twenty-four
hours whether an infected person is
suffering from human or bovine tuber-
culosis, thus allowing immediate ap-
plication of the expected preventive
most effective in attacking either of
these types of infection.

TRAINS COLLIDE IN FOG.

Several Persons Are Injured in
Early Morning Mishap.

Utica, N. Y., Sept. 24.—In a heavy fog
this morning the westbound fast mail
on the New York Central ran into a
west shore passenger train that had
been held in one of the blocks near
Little Falls.
The mail train had been brought to
slow speed because of the fog, other-
wise it probably would have been
less of life. The express messenger on
the mail train was slightly injured
and several of the postal clerks have
slight bruises.

**LACE CURTAIN BLOWS,
ONE DEATH RESULTS**

San Francisco, Sept. 24.—A
lace curtain, blown into a gas
jet last night, caused a fire in
a Gough street lodging house
which resulted in the death of
Frederick Kirk, a carpenter,
and the serious injury of two
firemen and three other per-
sons.

BASEBALL EXTRA!**GIANTS BEAT
CHICAGO CUBS**

Huge Crowd Sees Great Battle
of the Leaders.

**Wiltse and Brown Pitch--Hun-
dred Police Guard.**

	1	2	3	4	5	6	7	8	9	R	H	E
NEW YORK	2	0	0	0	3	0	0	0	0	5	8	4
CHICAGO	0	0	0	0	0	0	4	0	0	4	7	1

HOW THEY STAND NOW:

	Won.	Lost.	Pct.
New York	88	50	.638
Chicago	90	54	.608

New York, Sept. 24.—Following the
decision of President Pullman of the
National league, this morning, that
yesterday's game between Chicago and
New York was a tie, the Chicago team
this afternoon appealed the decision
to the league's board of directors,
claiming the game for forfeit.

In accordance with a plan decided
upon by Capt. Chance, after President
Pullman's decision had been announced,
the Chicago team appeared on the
diamond at the Polo grounds at 1:30
today, ready to play the first game of
a double header. Pullman had previous-
ly ordered that yesterday's game
should not be played off today.

Before his decision of a tie, New
York had a slight lead over Chicago, the
standing of the two clubs being:

	Won.	Lost.	Pct.
New York	88	50	.638
Chicago	90	54	.625

As a result of the decision the stand-
ing is:

	Won.	Lost.	Pct.
New York	87	50	.635
Chicago	90	53	.629

Pullman also said the game of yes-
terday would not be played off today.
Police Commissioner Bingham today
ordered an inspector and 100 policemen
on duty at the grounds, to prevent a
repetition of the disorder of yesterday.

There were no umpires on the field
when the Chicago team appeared, and
only a few members of the New York
team, who were at practice, were to
be seen.

The players on the Chicago team
were assigned to their places on the
field and made all preparations to play.
When the New York team did not ap-
pear Captain Chance directed his
pitcher to play ball and, one after an-

other, five balls were sent across the
plate. The tie game of yesterday then
was formally claimed by forfeit by a
score of 9 to 0.

Every inch of space in the grand
stand and bleachers was filled before
the hour at which the game was sched-
uled to begin. The lineup was:

	New York	Chicago
Hayden, rf.	Herzog, 2b.	
Evers, 2b.	Brenahan, c.	
Schulte, lf.	Donlin, rf.	
Chance, lb.	Seymour, cf.	
Steinfeldt, 2b.	Devlin, 3b.	
Hofman, cf.	McCormick, lf.	
Tinker, ss.	Merkle, 1b.	
Kling, c.	Bidwell, ss.	
Brown, p.	Wiltse, p.	

Chicago drew a goose egg in the first
inning, but New York started the cheer-
ing by polling up two scores.

Both pitchers settled down in the sec-
ond, and the score board showed a
cliffhopper for each team when the inning
was over. Score, 2 to 0.

In the third, Giants and Cubs alike
failed to score, and with one-third of
the game gone, the crowd took a breath
of relief, for the lead of two runs
looked good. Score, 2 to 0.

In the fourth inning, it seemed there
was nothing to it but a twister's bat-
tle, with both Wiltse and Brown show-
ing fine form. Two more goose eggs
went up on the board. Score, 2 to 0.

In the last half of the fifth, after
Chicago had been given a zero, Donlin
for New York sent a hard drive into
deep center for three bases, scoring
Tenney and Brenahan. Donlin came
home on a fly to left by Seymour.
Score, 3 to 0.

Neither side was able to get near
the home plate in the sixth.

The Cubs took Brown out of the box
in the sixth inning and Coakley went
in to pitch. He held the Giants with-
out a run and Chicago took a brace.

The seventh inning was all Chi-
cago's and there was a reversal of form
that made McGraw take notice. When
the smoke had cleared away the Cubs
had four tallies tied to their belts.

They then put in Overall to pitch, he

having batted for Coakley.

Neither side scored during the re-
mainder of the game.

OTHER GAMES TODAY.

Philadelphia, Sept. 24.—National
league. Score: R. H. E.

**WANTED HER
PICTURE BACK**

Had It Buried in Chicago
With Her First
Husband.

Chicago, Sept. 24.—Safely tucked
away in the clothes of a first husband,
buried under six feet of earth in Cal-
vary cemetery, is a picture that nearly
wrecked a romance.

It was Superintendent John McMas-
ters, of the cemetery, who sprang into
the breach and played the role of
cupid. And it took some awful—not
fabulous, merely "assurances" on
his part to fill the bill.

The superintendent was at work in
his office when the door opened and a
woman creature stepped to the desk.
"I'd like to have my husband's body
taken up," the woman said.

"Well, what do you want him taken
up for?" asked the superintendent.
"You see it's this way," the woman
began. "When my husband was buried,
I wanted to be with him. I couldn't
be, so I put my picture in the inside
right pocket of the coat he was buried
in. I just couldn't get married again
as long as it is there. Won't you get
it for me?"

The superintendent was nonplussed
for a moment. Then a bright idea
struck him.

"Sure, I'll get it," he returned as-
suringly. "Just go right ahead and get
married."

"You're just a dear," joyfully re-
turned the woman. "I won't worry
any more."

The widow may be married—but
her first husband has the edge on No. 2.
He still has possession of her pic-
ture. The body was not taken up.

AGREE ON A COMPROMISE.

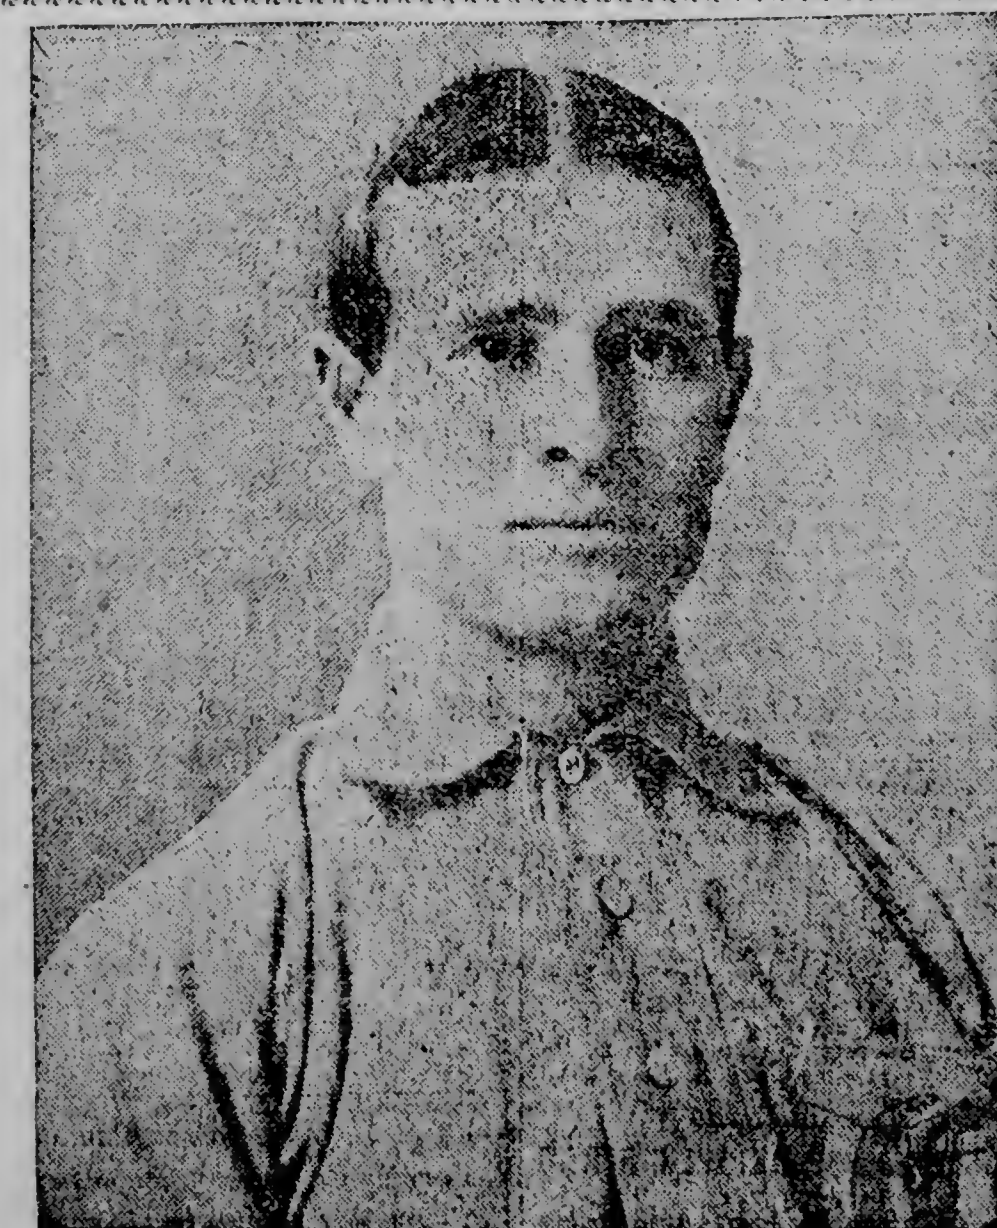

Warring West Virginia Repub-
licans Unite Upon Glasscock.

Charleston, W. Va., Sept. 24.—The
litter feud in the Republican party
in West Virginia, following the dual
conventions and rival state tickets
placed in the field last July, and headed
respectively by Secretary of State W.
Swisher and State Auditor Arnold C.
Scherr, was ended last night when, fol-
lowing the withdrawal of Swisher, Mr.
Scherr and his fellow-candidates on
the Lincoln ticket agreed to retire in
favor of the new candidate of the regu-
lar Republicans, William F. Glasscock,
ten other state candidates of the regu-
lar faction stand as nominated here
last night.

DEMANDS A FRAUD PROBE.

Bradley Continues Contest to Wrest
Nomination From Warner.

Lansing, Mich., Sept. 24.—Auditor
General Bradley, who by a re-count
is seeking to overcome Governor War-
ner's plurality of 1,600 for a Repu-
blican nomination for governor, has
petitioned the supreme court to man-
date the state canvassing board to go
back of the returns and investigate al-
legations of fraud in the returns of
voters. Governor Warner has applied
for a mandamus to prevent the board
from going back over the returns.

CAPT. CHANCE,
Who Claims Yesterday's New York National League Game for Chicago
by Forfeit, 9 to 0.

WEATHER—Generally cloudy, with probably local showers this afternoon, tonight and Friday; cool temperature; fresh to brisk northeasterly winds.

Muto Overcoats

You'll want one when you see them—the greatest Overcoat ever devised for Duluth wear. Come in and try one on. We want to show you something that's all right.

Oak Hall Clothing Co.

Superior Street at Fourth Avenue West.

Creditors Get Small Sum.

Judge Cant this afternoon filed an order approving the report of E. P. Towne, receiver of the Duluth Amusement company, and directing that all creditors be paid 63 per cent of their claims.

The receiver in his report stated that the Interstate Traction company had cancelled \$12,000 of the indebtedness and had turned over \$1,000 in cash in return for certain assets of the com-

pany. Of this sum \$361.84 was left when the expenses were paid, and this amount will be divided among the remaining creditors, giving them 63 per cent of their claims.

Candy Free Tomorrow.

Every boy or girl visiting the Union Clothing store with mother or guardian Friday afternoon or evening will be given free a box of candy.

OFFICERS ELECTED

Patrick Kenney of Man-kato Again Heads the Hibernians.

Business Completed and Delegates Leave After Passing Resolutions.

So many popular men were suggested for officers of the Hibernians at the general meeting this morning for the election of officers, that in some instances three and four ballots were necessary for a choice.

The session was a long one, and up to the time of going to press, officers for only the most important positions had been selected. The insurance boards and the several committees will be selected at the meeting to be continued this afternoon. The delegates did their best to finish their work this morning, but when it was found that there were so many candidates for the positions, and the hands of the clock pointed toward 1:30, they deemed it best to make two sessions of it, and take an hour for lunch.

Those elected at the morning session were: Patrick Kenney, president, for one year to succeed himself; vice president, J. P. Coughlin, for one year to succeed himself; John Sherman of Winona, treasurer, to succeed himself. Father Cunningham of Dakota county was not for chaplain of the order over Father O'Brien.

Business Completed. The business of the convention will be finally wound up this afternoon, and this evening most of the delegates

will leave for their homes in the different parts of the state.

The convention, according to President Kenney, has been one of the most successful ever held by the organization. The membership shows big gains, the finances are in good shape and the reports of the committees show that the year just past was by far the most successful in the history of the order.

The A. O. H. ball at the Army last evening was a brilliant affair, and capped the climax of the enjoyments planned for the visitors by the members of the local entertainment committee.

The delegates were highly delighted at the morning session yesterday by the sympathy in the Hibernians and the receipt of the letter was especially gratifying in view of the fact that it is the first time the archbishop has written a public endorsement of an association of Irish-Americans.

The letter reads as follows: "To Father O'Brien: 'St. Paul, Sept. 18, 1908. My Dear Sir: I shall not be able to attend the convention of the Hibernians, which is to be held in Duluth Sept. 22, 1908, but I beg leave, however, to tender to the delegates through your kind hands my warmest wishes for their success in the organization in future years throughout the state of Minnesota. I am in the Hibernians, which is one of the noblest and religious of our people, and I know the purpose and endeavor of the association manifested by the members of the Hibernians, and I can not but commend most highly. Praying God to bless the convention, I am, Sir, sincerely, JOHN IRELAND Archbishop of St. Paul.'"

Upon invitation of the Commercial club, the delegates and the mayor of Duluth, Minn., the Hibernians will meet at that city for their convention in 1910.

The resolutions of the Hibernians, in their thirteenth biennial meeting assembled, declared: "That we are as loyal as of old to the land of our fathers; that we pledge ourselves to maintain and wage, with ceaseless vigor, the battle for national independence; that no man, no nation, no race, no religion, no parliament will appease us or satisfy us until we have secured for ourselves an Irish republic shining through the mists that rise from the sea."

"We reaffirm our allegiance to Holy church and assure Pope Pius X of our loyalty and love."

"We rejoice that the bishops and prelates of America take a deep interest in the welfare of our order, and we promise to reciprocate their good will with greater manifestations of devotion to the cause of religion and Christian education, and as is taught in our Catholic schools and colleges."

"That we approve the wider scope for independence and growth of the Hibernians, and we desire to see the convention at Saratoga, and we assure our sisters who are with us in this beautiful city of Duluth that we shall ever assist their organization in its onward march to success."

"It affords us the greatest pleasure and satisfaction to see the re-election of Brother James J. Regan to the high office of national vice president of our order by unanimous vote, while his re-election is no doubt a personal gratification to him, it must be accepted by us as a personal compliment to the order."

"We extend our sincere thanks to Right Rev. Bishop McGlockie, Rev. Father O'Brien, Rev. Father O'Brien and the other priests who celebrated the mass for the occasion, the opening of our convention. We would indeed be lacking in gratitude and appreciation were we to fail to make mention of the magnificent service on that occasion, notably the church itself, the magnificent choir, both regular and volunteer, and the splendid arrangements made for the entertainment of the delegates, and to the press for the kind reference to our meeting here."

"We also thank the mayor for the words of welcome he spoke at the opening of our convention in Duluth, and the warm welcome that comes from the heart and goes to the heart."

"We again desire to impress on the members of our order the necessity of perpetuating the glory and the history of the Irish race. We would remind our members of the importance of teaching Irish history in our schools, and that every child who is given the young a correct knowledge of Irish history and the Irish people, will be a true patriot and a true Irish-American home; and, last but not least, we urge the press to give the Irish people the credit they deserve, and to give them the credit they deserve."

"The National Hibernian is doing good work; and, at home, the Standard leaves no stone unturned to advance our Order and everything that tends to make our people respected in the community; the feeling reference made to the opening of our convention is an endorsement not only of the Hibernians, but of the Irish Standard and should appeal to all who are interested in the Irish race."

"We endorse the administration of our national organization, and view with pride the aid and efforts of the Minnesota members, Brother James J. Regan, of the national board, who seems to have been with us in the Indianapolis convention afforded much gratification to your delegates in that house."

"We are American citizens, loyal and true to the interests of our country. We have no combination with other countries, for our republic must ever be free and independent. We are not oppressed in every clime; and let it be understood that the A. O. H. is a body of men who are interested in the Irish race, whether military or commercial, and who shall exert all our influence against such a movement."

"We submit herewith resolutions of sympathy and regret on the death of our brothers, John Flood of Division No. 1, of St. Louis, and John J. Kennedy of Division No. 1, of Ramsey County, and with a cordial welcome to Division No. 1, of Hennepin county, in the form as introduced at a previous session, with our most hearty approval of the feeling and sympathetic expressions contained therein."

"We heartily endorse the sentiment expressed by our president in his annual address, with reference to the construction of a Memorial chapel at the death of the Irish patriots, Allen, Larkin and O'Brien, and their confessor, the Saintly Father Quick, and suggest that the Hibernians in all the divisions in this state."

"This declaration of principles is respectfully submitted for your consideration."

BRIBE OFFER IS ALLEGED

Gompers Declares an Em-issary of Van Cleave Approached Him.

Says Manufacturers' Body Wanted Him to Desert Labor.

Washington, Sept. 24.—National politics were injected into today's proceedings in the contempt case against President Gompers and other American Federation of Labor officials, growing out of the alleged boycott of the Bucks Stove & Range company's products, and the federation's subsequent attitude.

Gompers testified that he and other labor leaders had been frequently followed by detectives employed by President Van Cleave of the Manufacturers' association, and he said an emissary of Van Cleave, named Broderick, had offered him a bribe at a meeting in New York to desert the cause of labor and join the Manufacturers' association in possession of its secrets.

The cross-examination of Gompers was begun by Attorney Halston, counsel for the federation, and led into a lively colloquy.

Mr. Gompers said he had nothing to do with the circulation of the Federationist for January, 1908, as charged. "So far as you know," he was asked, "has there been any distribution of the Federationist since January 1, 1908?" "I don't patronize it," he replied. "I don't patronize it," he replied. "I don't patronize it," he replied.

Mr. Gompers said he had nothing to do with the circulation of the Federationist for January, 1908, as charged. "So far as you know," he was asked, "has there been any distribution of the Federationist since January 1, 1908?" "I don't patronize it," he replied. "I don't patronize it," he replied.

J. M. Gidding & Co.

"Correct Dress for Women."

The advisability of early buying was never more thoroughly demonstrated than it will be this season. Importers of fine materials and cloth manufacturers on this side of the water were never so careful. Fewer goods have been imported and fewer made than for some years. As a result there is bound to be a scarcity, especially in the fabrics most in demand as the season advances.

We have well anticipated the wants of our patrons, but the smartest and most desirable materials and shades are sure to go first, and will be difficult to get hold of later in the season at any price!

We therefore suggest to those anticipating the purchase of a Tailored Garment to get it early, now, when stocks are complete and materials and shades at their best. There is nothing to be gained by waiting, and much perhaps to be lost. Selections can be made with more leisure, fittings attended to more promptly, and your garment ready to wear at the first inking of frost.

This establishment offers you selections from among the most extensive and exclusive lines of high class apparel designed and made in this country or Europe—styles that have "individuality" and "character" all their own—in fact, "are in a class by themselves!" This may sound like an exaggerated statement, but inspection and comparison will verify it.—Yet,

Prices are no higher than you would expect to pay for the ordinary kinds at any store. We are not asking you to take our word for this.

But we do ask you to compare—see the difference in style, in quality and in price—then you'll not wonder why this establishment has in so short a time placed itself in the front as sellers of Fashionable Apparel.

MAL ORDER DEPARTMENT

Running a Close Second to Local Sales. More Duluth Citizens Helped.

Probably the most interesting feature of the remarkable sale of Cas-Ka now going on at Boyce's drug store, is what Cas-Ka is actually accomplishing in Duluth. Six weeks ago this medicine was comparatively unknown here. Today Cas-Ka is being purchased in tremendous quantities by Duluth people. There must be some reason for this rapid success, and the reason can be ascertained by an hour spent at the drug store listening to what people say who have been taking the preparation and have come to repurchase.

Among the statements made, the following will give some idea of what these callers are saying, at the same time indicate the reason for the enormous demand for Cas-Ka which meets Mr. McMillan wherever he goes.

M. J. Murray, assistant cashier with Light & Power company, says: "I should say I could recommend Cas-Ka, for there has not been one day in the past three years until lately that I have eaten a meal without having those distressing pains in the stomach. I am certainly enthusiastic over Cas-Ka. I am recommending it to my friends for stomach troubles."

E. H. Holden, state boiler inspector and chief engineer for Massachusetts Real Estate company: "I have taken many things for dyspepsia and indigestion, but Cas-Ka has helped me more than anything I ever took."

Charles Haid, superintendent of butter and egg department with Fittsmons-Palmer company: "I spent nine years of my life in the drug business and have been bothered for years with rheumatism. I have taken one bottle of this Cas-Ka and will say that not in fifteen years have I been as free from rheumatism as now." Mr. Haid lives at 505 1/2 East Fourth street.

J. H. Stobbs with Oak Hall Clothing company: "Cas-Ka has been of so much good to my father for rheumatism, I want three bottles. I am going to try it for catarrh."

Sergeant John Kernia of city police: "Cas-Ka is the best thing I ever took for kidney trouble."

D. H. Wright, line foreman of City Street Railway company: "I was bothered so with backache I could not stoop over to wash without great pain. I took this Cas-Ka about ten days and I am now feeling fine. I want three more bottles to send to a friend of mine."

Charles Olsen with Marshall-Wells company, lives at 521 Twenty-sixth avenue east: "I have been bothered so with catarrh of the stomach I could not eat the lightest kind of food. I have taken two bottles of Cas-Ka. I eat anything and have no more distress after eating."

Lester J. Elmer, 2110 West Superior street: "Cas-Ka has helped my wife for sick headache and stomach trouble. I want three more bottles. I have brought in two friends to buy some also."

A general distribution of this medicine throughout the state has been necessary for the mail orders received by Mr. McMillan during the past week, and from now on to Oct. 17th we will ship by express three bottles or more to any point outside Duluth. This will not necessitate a long delay in supplying out of town people, which would be the case if they were referred to Marshall, Mich. Three weeks more of the free treatment and sale of large \$1.00 bottles for 35 cents or three for \$1.00.

The pure food laws of North Dakota prohibit anyone from selling any medicine that contains any harmful ingredients. Also any claims made on the bottle must be true. We sold 15,000 bottles in Fargo last fall and have 1,400 testimonials of people that have been relieved of rheumatism, catarrh, stomach, kidney and liver troubles, and complaints peculiar to women. Cas-Ka is about the only medicine of this kind sold in North Dakota that was not criticised by the Pure Food Commission.

We will send you three bottles of this medicine by express for \$1.00 or six for \$2.00.

Get one of our handbills and see our list of reliable Duluth citizens who recommend Cas-Ka for catarrh and rheumatism.

Some people will tell you that Cas-Ka cures too many diseases, but it doesn't—it only cures one thing, it makes pure blood and it has to make first the stomach right, then the liver and kidneys to do that.

Some people will say: "Well, that medicine is all right now, but when these people stop taking it, they will be as bad as they were before." Now, this was the case, there would be very few people pay \$1 a bottle of Cas-Ka after Oct. 17th.

If you wish to try Cas-Ka under the guarantee, get it now, for Oct. 17th is positively your last chance to get the \$1 bottle for 35 cents or three for \$1.

Friday, Saturday and Monday SPECIAL SALE

Bargains That Pay You To Watch For

O. K. Paint

This paint is made in two pretty shades of brown. We have an overstock. Regular price \$1.25. For this sale only, per gallon—

PE-RU-NA RECEIVES PRAISE.

For Relieving Such Symptoms as
Debility, Backache and Headache.

Mrs. Trese Nelson, 609 N. 5th Ave., Nashville, Tenn., writes: "As Peru-na has done me a world of good I feel in duty bound to tell of it, in hopes that it may meet the eyes of some who have suffered as I did. "For five years I really did not know what a perfectly well day was, and if I did not have

MRS. TRESSIE NELSON.

headache, I had backache or a pain somewhere and really life was not worth the effort I made to keep going. "A good friend advised me to use Peru-na and I was glad to try anything, and I am very pleased to say that six bottles made a new woman of me and I have no more pains and life looks bright again."

There are a great many phases of woman's ailments that require the assistance of the surgeon.

But by far the greatest number of such cases are amenable to correct medicinal treatment.

A vast multitude of women have been relieved from the ailments peculiar to their sex through the use of Peru-na as prescribed by Dr. Hartman.

He receives many letters from all parts of the country relating to subjects of vital interest to womanhood.

Of the vast multitude of women who take Peru-na only a very small percentage consider it necessary to write to the doctor at all.

While it is not affirmed that Peru-na will relieve every case of this kind, it is certainly the part of wisdom for every woman so afflicted to give Peru-na a fair trial.

Mrs. Joseph Laclelle, 124 Bronson

street, Ottawa, East, Ontario, Canada, writes:

I suffered with backache and headache for over nine months and nothing relieved me until I took Peru-na. This medicine is by far better than any other medicine for these troubles.

A few bottles relieved me of my miserable, half-dead, half-alive condition.

"I am now in good health, have neither ache nor pain, nor have I had any for the past year. If every suffering woman would take Peru-na, they would soon know its value and never be without it."

Mrs. M. Kilner, 2648 E. 36th street, S. E., Cleveland, Ohio, writes:

"I am enjoying good health since taking your medicine. I had suffered for a good many years previous to taking Peru-na, and ever since I can say that I do not know what headache or neuralgia is. I can most assuredly say that anybody afflicted with catarrh in any form can be cured by taking Peru-na."

D. M. DE VORE DIES AT FERGUS FALLS

Was Well Known Among
Early Settlers in
Duluth.

Judge David M. De Vore, a well known attorney of Duluth, and one of the early settlers at the Head of the Lakes, died yesterday at Fergus Falls, where he was confined in the hospital for febrile illness. Mr. De Vore had been suffering from mental troubles for several months previous to his death, and was being treated at the hospital.

Mr. De Vore leaves a wife, living at

Eleventh avenue east and Fourth street, and a daughter, Mrs. Mary Belle Fougere, S. D., and a stepson, Mrs. Vore, who is at the present time critically ill, suffering from nervous trouble.

The body will be sent to Mr. De Vore's old home, in Pennsylvania, for interment.

Ice cream cones—the best made, 50c per 100. McClellan Paper Company.

FAKE "CONSUMPTION" CURE IS BARRED FROM STATE.

Fargo, N. D., Sept. 24.—(Special to The Herald.)—State Pure Food Commissioner Ladd has included some new things in the list of objectionable food and drug products that are being sold in this state. Agents for an Eastern concern are selling a "consumption" cure direct to customers, which the commissioner regards as injurious and a fake. He is also after dealers who sell dried fruits that have been bleached by the sulphurizing process.

BECOMING A MOTHER

Thousands of women have found the use of **Mother's Friend** robs confinement of much pain and insures safety to life of mother and child. This liniment is a God-send to women at the critical time. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but it prepares the system for the coming event, relieves "morning sickness," and other discomforts. Sold by druggists at 50c. Book of valuable information mailed free.

Atlanta, Ga.

MOTHER'S FRIEND

ON THE IRON RANGES

THIS EXPLOSION
VERY SUSPICIOUS

For Second Time Italian
Family Has Been
Attacked.

Hibbing, Minn., Sept. 24.—(Special to The Herald.)—Has the treacherous Black Hand society done this time to the Italian family? Many familiar with the two explosions of an almost similar nature that have been experienced by the family, one in Chicago, where they lived until burned out by the recent fire, and the other here yesterday, incline to this belief.

It was about a month ago their stove exploded, presumably caused by a boiler in the wood. Yesterday the same happened just as Mrs. police was bending over the stove at their home in the Italian quarter. Broken pieces of the stove tore and badly bruised the woman about the body, while the house was filled with smoke.

She is at the Rood hospital suffering from serious, but perhaps not fatal, injuries.

VIRGINIA CLUB HAS QUIT PLAY

Range Champions Have
Disbanded for Season of 1908.

Virginia, Minn., Sept. 24.—(Special to The Herald.)—The management of the Virginia baseball club disbanded for the season today.

Several of the members departed on the noon train for their respective homes. Harold O'Hayner goes to Superior to secure a position with the Virginia baseball club.

Some of the members of the range champions for the season of 1908, especially Gilbert, the property owners would be considerably out of pocket if the range was sold.

While the team has been maintained at a small loss to the partners in the enterprise, they are not complaining, believing that the team has been a good advertisement for the town, and they expect to have the team back again next season. Most of the players will remain here over the winter, having secured employment in different vocations.

Mr. Myers, the center fielder of the St. Paul association team, paid the Virginia bunch the compliment of conceding that they were the fastest team in the country, and that the team was a credit to the town in any company outside the major leagues.

VIRGINIA LEVY OVER \$100,000

Board Has About Decided Amount Needed for Expenses.

Virginia, Minn., Sept. 24.—(Special to The Herald.)—The board of tax levies will not meet and perform its duties until Oct. 6, the amounts to be levied for different purposes have been practically decided upon, as follows: Salaries—street cleaner, \$1,000; city clerk, \$900; extra clerk hire, \$600; city attorney, \$2,000; police, \$1,000; auditor, \$600; poundmaster, \$600; health officer, \$300; assistant health officer, \$300; aldermen, \$200; municipal judge and clerk, \$2,200; mayor, \$150; assessors, \$1,000.

Fire department—Hose, \$500; engine, \$7,000; hook and ladder truck, \$2,700; feed and care of teams, \$1,000; city maintenance, \$200; fire alarm system, \$8,000; chief, \$2,500; assistant, \$900; second assistant, \$500; two drivers, \$1,600; six firemen, \$6,000; incidentals, \$500.

Police department—Chief, \$1,200; six patrolmen, \$5,400; special police, \$200; incidentals, \$500.

Street labor and team work, \$12,000; street lighting, \$6,000; hydrant maintenance, \$1,000; street and sewerage, \$1,000; maintenance of city buildings, \$2,500; detention hospital and care, \$1,000; election expenses, \$700; printing and publishing, \$2,000; bridge maintenance, \$200; sewerage, \$300; sewer maintenance, \$500; interest on improvement warrants, \$2,000; park fund, \$10,000; library fund, \$4,000; city pound, \$100; miscellaneous, \$2,000; garage and maintenance, \$1,000; city crusher, \$1,000; permanent improvement, \$2,000.

This will make a total tax levy for next year of \$103,810, in addition to the estimated \$200,000 for the liquor license, municipal court and other sources will be about \$50,000.

VIRGINIA MILL TO START

Operations Again Friday After Short Shutdown.

Virginia, Minn., Sept. 24.—(Special to The Herald.)—The big saw mill of the Virginia Lumber company will resume operations tomorrow morning, after being shut down since Sunday morning, owing to lack of logs. The new crop of logs began arriving Monday night, but there was some delay owing to the fact that a fire was started in the woods Tuesday by the locomotives and the woods crew had to fight it all day before it was subdued.

Albert Shipley has returned from a visit to his parents at North Yankton, Wash. He has taken a position in the insurance department of the First National bank.

E. R. Sundberg has gone to Ishpeming, Mich., to attend the funeral of his brother-in-law, Charles Holmgren.

Frank Stuenkel has returned from New York, where he has been employed during the summer. He was accompanied by his son, Mrs. Mary Baylan, of Antioch, Ill., who will visit with him.

William Simons of Tower has taken a position as grader for the Virginia Lumber company.

W. E. George is visiting in Duluth. Mrs. Harry George and his wife, Mrs. Brosch, took a visit from her sister from Duluth.

BRUTAL WIFE BEATER GIVEN ALL DESERVED.

Eveleth, Minn., Sept. 24.—(Special to The Herald.)—Andrew Brosch has been sentenced to the county jail without the option of a fine for drunkenness and for whipping and assaulting his wife. Mrs. Brosch takes in washing to support the family, while Mr. Brosch does

nothing. He has been up in court three times before on similar charges. Tuesday night when he returned home he was very drunk and tried to tear the clothes off his wife's back. The police were called and Brosch was arrested. The couple have three children.

GILBERT CASE BEING WATCHED

Range Towns Anxious to Know If Company Can Draw Out.

Eveleth, Minn., Sept. 24.—(Special to The Herald.)—Property owners in the range towns are awaiting with interest the outcome of the test case that will come up before the supreme court Oct. 1. The test case is the case of the village of Gilbert to appear and show mining properties were included in the village limits, so that the mines must be revoked on the ground that the incorporation of the village was illegal.

The mining companies, who are supposed to be back of the move, want to find out if it is asserted, whether a village in incorporating can include mining properties, which the range means mining lands, which the village limits, so that the mines must be revoked on the ground that the incorporation of the village was illegal.

On the other hand, it does not seem right for the mining properties to be outside of the taxable property of the town as many times calls were sent in from the locations for policemen as well as firemen, and also the town fire departments were called out in case of fire on locations.

These departments of the towns cost money and if the mining companies were to include mining properties in those living and owning property in the town, would be paying for the protection of the mining property.

Some of the range towns would probably quit if the companies would take away their support as a condition. Such action would mean additional burdens for the towns.

WOMAN IS ACQUITTED. Evidence Not Sufficient to Convict of Blind-Pigging.

Hibbing, Minn., Sept. 24.—(Special to The Herald.)—Mrs. Dora Gargovich, who was accused of running a blind pig, had her trial yesterday before Judge T. F. Brann and was acquitted there being a lack of evidence in the case.

Miss Bonnie Bonner has returned from a visit with her parents at Cloquet.

Ed LacChance and wife, who have been visiting the Twin Cities and Duluth for the past two weeks returned home yesterday.

The new addition to the Hibbing hotel is almost completed and will be ready for occupancy by Oct. 1. Mr. Healey is also having a new roof put on the entire building.

Justo Viljar, mayor of Nashvauk, was in town today renewing old acquaintances.

TWO HARBORS NOTES.

Aurora, Minn., Sept. 24.—(Special to The Herald.)—Heavy rain in the fall here since 2 a. m. today. A big forest fire jumped the river and burned to the large dry swamp, one-fourth of a mile from the Miller and Mohawk mines yesterday. The flames could be seen last night. The rain is all that saved the location.

Attorney's Son Dies.

Eveleth, Minn., Sept. 24.—(Special to The Herald.)—John Chester McElvey, 1 year old son of J. C. McElvey, former city attorney, died Tuesday night at the home of his parents. The funeral will be held today.

Peter Lenos was fined \$5 by Judge Price yesterday for driving a motor car without a license. He was also fined \$5 for driving a motor car without a license.

FORAKER TO CUT LOOSE

(Continued from page 1.)

social and political affiliations have been in the past, his friends expect that the new moon of October will have a carrying force.

Another development in the revival of the Republican party will be the injection of the United States Steel corporation into the row. It has been a trump card to spring later during his second Western trip. But Foraker, according to the broadside that is soon expected.

Incidentally it is reported that the interests of Minnesota and some leading Republicans will be added to the list in this forthcoming political sensation.

It will be charged that National Committee F. B. Kellogg and his law partner, counsel for the steel corporation in Minnesota, and that John C. Greenway, personal friend of President Roosevelt, and to whom he offered the position of civil service commissioner, is now in the steel trust at Colorado, Minn.

TRAIN PLUNGES THROUGH CALIFORNIA FOREST FIRE

(Continued from page 1.)

ing, and Observer H. W. Richardson of the United States weather bureau said this morning that it will probably continue at intervals throughout the day.

The rain was general throughout North and Central California, and heavy rains are reported. The rains also extended from Wyoming to California and Western New York also shared in the fall.

Are Still Smoldering.

The steamer Easton of the Booth line arrived in port last night with the report that forest fires were still general throughout the district in which the steamer was operating. The fires were reported from the district in which the steamer was operating.

The fires extend all the way to Port Arthur, and they have been burning on both sides of the river. The fires are reported from the district in which the steamer was operating.

(On sale on first floor, rear aisle.)

TAFT DEFENDS HIS RECORD ON LABOR, ADDRESSING CONDUCTORS

Chicago, Sept. 24.—William H. Taft, in an address here last night before the Order of Railway Conductors, said in part: "I have accepted this opportunity to address an audience of the railroad men, and in order that I may take up a question which has been given great prominence in this campaign. Every effort has been made unjustly to arouse the prejudice of organized labor against the Republican party and its candidate."

In the first place, I wish to affirm without fear of contradiction, that the Republican party has done vastly more for the improvement of the state and national legislation for the protection and the interest of labor than the Democratic party.

It passed in Harrison's administration the eight-hour law for government workmen and gave an impetus to a reduction of hours in other employment. The safety appliance acts were passed in the same administration. Amendments to this act making more detailed specifications for improvements in safety appliances, including especially the fire pan, have been passed in the present administration. An act for the promotion of arbitration between the railroads and their employees in interstate commerce is also one of those of benefit to both employer and employee.

In addition to this a law limiting the hours of labor of interstate railway employees has been passed. A bill was passed by the last session of congress providing for compensation of government employees for injuries received in the line of duty.

"It fell to my lot to be a judge of the supreme court of the United States three years and judge of the United States circuit court for the sixth district, including Michigan, Ohio, Kentucky and Tennessee for eight years, and during that time I had to consider a number of important cases involving the rights of labor and the right of property, as well as the practice of equity with reference to the issuing of injunctions in such cases."

The first case was not an injunction suit at all. A boss bricklayer quarreled with the union and their members who were in his employ struck. In order to embarrass, the union notified all the local dealers in materials that they would boycott any firm which furnished him with material. In order to embarrass, the union notified all the local dealers in materials that they would boycott any firm which furnished him with material.

The walking delegate of the union discovered it and a boycott was begun. "Moore & Co. were prevented from selling to their usual customers any line of other material for a great number of months and suffered a severe financial loss. The union used for damages and this was tried before the jury. The jury returned a verdict for \$2,700."

Now, gentlemen, in that case I held and decided with two colleagues that a secondary boycott was unlawful injury and that whatever it was perpetrated by laboring men or otherwise. This is the law today, and my friends, it ought to be the law. I know that this is not the view of Mr. Gompers, but I am glad to know that there is a difference in organized labor upon this question."

with the first official announcement made by the company since the wreck of the span. The following statement was prepared and issued yesterday by a representative of the company:

"We regret very much that it has taken so long to make repairs and final adjustment of the electrical machinery, but you will appreciate the fact that it was rather a big job and one that required the services of some of the best electrical engineers, having to get one thing after another from the manufacturers at some distance. We have, however, worked steadily at it with as many men as could be procured, and are doing everything in our power to get the bridge back to its normal condition at the earliest possible date. We now expect to make a test of the machinery used in swinging the bridge on the 24th, and if things work as we hope they will, we will have the bridge in regular operation by the end of the week."

"You probably heard some rumor that the work was being postponed, and I would like to say that the fact that it is delayed while we were making an effort to get the bridge back to its normal condition at the earliest possible date. We now expect to make a test of the machinery used in swinging the bridge on the 24th, and if things work as we hope they will, we will have the bridge in regular operation by the end of the week."

Careful housekeepers usually keep a supply of Hunt's Perfect Extracts and Baking Powder, as they know they are to be depended upon for perfect results.

YOUNG NOT EXTRADITED.

Governor Johnson Finds That He Did Nothing Dishonorable.

Valley City, N. D., Sept. 24.—(Special to The Herald.)—Governor Johnson, of Minnesota, has refused to grant requisition papers for the taking of F. S. Young to Valley City, where he is wanted on the charge of obtaining money under false pretences. The testimony showed that Mr. Young drew a draft on the Haystack Woolen Mills, of Louisville, Ky., and that before the draft reached Louisville the firm was into the hands of a receiver.

The hotel man who cashed the draft then instituted proceedings to secure the return of Mr. Young to Valley City. The transaction, it was shown, was entirely regular, as Mr. Young was authorized to draw on his firm each week for \$50.

Mr. Young now holds a responsible position with the firm of Brown & Sigel.

WILL HAVE BRIDGE OPERATING SOON

Company Says It Will Test Span Swinging Machinery.

If the test to be made today of the machinery used in swinging the draw of the Interstate bridge, proves satisfactory, the structure will be in operation by the end of the week.

The above statement is in accordance with the first official announcement made by the company since the wreck of the span. The following statement was prepared and issued yesterday by a representative of the company:

"We regret very much that it has taken so long to make repairs and final adjustment of the electrical machinery, but you will appreciate the fact that it was rather a big job and one that required the services of some of the best electrical engineers, having to get one thing after another from the manufacturers at some distance. We have, however, worked steadily at it with as many men as could be procured, and are doing everything in our power to get the bridge back to its normal condition at the earliest possible date. We now expect to make a test of the machinery used in swinging the bridge on the 24th, and if things work as we hope they will, we will have the bridge in regular operation by the end of the week."

Governor Johnson Finds

SAYS HEARST ONLY TALKS

Governor Haskell Comes Back at Publisher With Letter.

Says Democratic Platform Embraces All Independence Document.

Guthrie, Okla., Sept. 24.—Governor Charles N. Haskell, treasurer of the Democratic national committee, today issued an open letter to William R. Hearst, asking him to task for his attitude in the campaign. The letter says in part:

You claim there is need for a new political party, and have sought to form such an organization, and have formulated a platform.

Below you will find every declaration of state principles in your platform, and you will also find that in every instance, except one, the Democratic party in Oklahoma, in framing the constitution and acts of the first legislative session, has covered everything you recommend. You also find that the Denver platform covers them, with only two exceptions, as indicated below.

You will observe, Mr. Hearst, the progressive democracy of the South west does things, while you are devoting your life to simply talking about that which might be done.

I also beg to remind you that last winter when congress was in session, Oklahoma, through R. L. Owen, in the senate, and Scott Ferris, member of the house of representatives, introduced proper resolutions providing for amendments to the constitution of the United States, among others the following:

To legalize a national income tax. To constitutionalize an employer's liability act (which you now according to the supreme court of the United States, cannot be enacted under the present constitutional limitations).

To allow the states the right to prohibit interstate commerce shipments of convict-made goods into states whereby state law convict-labor is prohibited from competing with free labor.

I write you when these resolutions were introduced in congress and appeared to your official and editorial assistance. You ignored both. Your services might have been very beneficial on that occasion.

Such things as these lead me to believe that you are a loud talker, but not a reliable actor.

If Oklahoma democracy has done in two years precisely what you recommend in your platform, why don't you help those who do things instead of opposing their efforts?

Union Label on Books.

In Oklahoma, I believe that the organization of labor is indispensable in elevating humanity and protecting the laborer.

We want respect for these principles to be part of the education of childhood and the practice in mature years. Therefore we have begun by requiring the union label to appear on our common school books.

No doubt those-fourths of the common school books are used by children of those who tell in the field, the mines, the shops, etc. Now let those who buy these books join the union, make a plan and on the union label will be on every book in the union. Even in Oklahoma it can all be done at once, but the good work is started, let us keep it going.

Have you done as much? If so, when and where?

The Oklahoma constitution is conceded by all to be model law in defense of a human right and happiness.

Have you done as much? If so, when and where?

Candy Free Tomorrow.

Every boy or girl visiting the Union Clothing store with mother or guardian Friday afternoon or evening will be given free a box of candy.

No competitor will be able to cut very deep into your trade if you make persistent and intelligent use of the advertising columns of The Herald.

TOO LATE TO CLASSIFY

One Cent a Word Each Insertion—No Advertisement Less Than 15 Cents.

Smoke those good cigars, La Delia (domestic) and Alvaro (Key West).

SCALP TRIMMING, SWITCHES, Puffs, Miss Kelly, Opp. Glass Block.

WANTED—GIRL FOR GENERAL housework out of town. No baking and no children. \$20 per month. O 102 Herald.

To Charles Paulson, concrete cellar and foundation to building, Broadway avenue, west, between LaSalle and Front streets, to cost 150.

To S. Graveland, frame dwelling on Eleventh street, between LaSalle and Front streets, east, to cost 500.

CITY BRIEFS

Have Your Magazines Bound.

Thwing-Stewart Co., Phone 114.

Special Monthly Rate. For the winter season at the Spalding and Hotel Superior, become effective Oct. 1st. Cafes of the highest standard.

Hakkala on Trial.

Andrew Hakkala, charged with grand larceny in the second degree in the theft of \$50 in money and a gold watch from Victor Bunn at Chisholm, is on trial before Judge Carr in district court today. The case will probably go to the jury some time this afternoon.

Motion for New Trial.

Notice of a motion for a new trial to be made at the special term next Saturday in the case of Amelia Haug against John Croft was filed with the clerk of district court this morning.

The case was tried by a jury at the present term of court and a verdict was returned in Croft's favor. Haug sued for \$1,740 for alleged trespass on her land, and the removal of timber.

On Sidewalk Lane.

Abbe's Drug store, corner of Second and West and Superior streets, infringes three feet upon the space supposed to be for the sidewalk, and President Olson of the board of public works has taken the matter up with the city attorney to see that an order is issued compelling the construction of the building three feet farther back, in case the structure is rebuilt at any time.

Warrants for Contractors.

The board of public works has sworn out warrants for the arrest of four contractors, charging them with violating the city ordinance in laying sidewalks in different parts of the city. The contractors have been so freely violating rules of the department, that it has been decided to prosecute all offenders hereafter, in the hope that stiff fines will bring them to time.

Emmons Funeral Friday.

The funeral of E. G. Emmons will be held Friday afternoon at 1 o'clock from family residence, 5825 East Superior street, and at 2 o'clock from the Masonic temple. Interment will be at Forest Hill cemetery.

Goldfield Club Meeting.

Some Republican firebrands will be touching off tomorrow evening at the meeting of the Goldfield Republican club, in the hall.

Among the speakers will be Joseph B. Cotton, W. E. Greene and H. C. Fulton.

Had No Peddler's License.

Joseph London was fined \$25 and costs in police court, yesterday, for peddling without a license. The fact that he had no license was reported to the police by other peddlers of garden truck, who were put out over the fact that he had infringed upon what they were pleased to term their territory.

Esterly Loses Case.

The Duluth Motor Vehicle company was yesterday awarded a verdict of \$275 against E. Esterly, in police court. A jury trial lasting two days. The company sued for \$25 for material and labor in repairing Esterly's automobile, and he brought a counter claim of \$175, representing what he thought was the difference in the value of the car and what he paid for it. The company contended that Mr. Esterly's chauffeur was inexperienced and that this was how the machine came to be damaged.

Barn Dance a Success.

The Barn Dance club gave another of its successful hops at the Lincoln pavilion last evening. A goodly number enjoyed the many dance numbers. Another party will be given next Wednesday evening.

Temple Emanuel.

Special services in celebration of the New Year's festival will be held at the Temple Emanuel, Seventh avenue east and Second street, Friday evening at 7:30, and Saturday morning at 10 o'clock.

New Company Formed.

The Northern Spoke company, formed for the purpose of mining, milling and manufacturing spikes at Duluth, today filed articles of incorporation. The company is incorporated with a capitalization of \$200,000, and consists of 2,000 shares. The officers of the company are: Oliver O. Townsend, president; Geo. Hall, vice president; and Thomas A. Gail, secretary and treasurer.

Beveridge Cooling.

An effort is being made by the Republican party of Duluth to get Senator Beveridge to speak here this fall on the issues of the campaign. While he has not been heard from as yet, and no particular date has been mentioned, he will in all probability accept.

Infant Daughter Dies.

Helen Virginia Colwell, daughter of E. and M. E. Colwell, 301 London road, died yesterday, at the age of 13 months. The funeral will be held from the residence Friday afternoon, at 2:30 o'clock.

PERSONAL

Mr. and Mrs. Henry G. V. Crossland, of Park Point, have as their guest their daughter, Miss W. H. Crossland, Jr., of Minneapolis.

Steven Davis of Eau Claire, Wis., who is in Duluth on business, has returned to his home.

G. A. Nichols has gone to Minneapolis on business.

Mark H. Joseph, a well known traveling salesman, left this afternoon for St. Louis, Mo.

In Louis, Ky., left this afternoon for his home.

Berggren, passenger representative of the Wisconsin Central railroad, is in the city today.

GARFIELD CLUB RALLY

At Eagles' hall, Folz block, West Superior street, upstairs, Friday evening, Sept. 25th, at 7:30 p. m.

Hon. J. B. Cotton will speak on "Presidential Candidates, the Platform Contrasted."

H. C. Fulton, "The First Voter," and Warren E. Greene, "Democrats' Shortcomings."

TERSELY TOLD

Montreal, Sept. 24.—Messrs. McGinley and McGilligan, chief of the freight departments of the Canadian Pacific, have gone to Minneapolis to assist President Shaw in his negotiations of transfer of the Chicago Great Western railroad.

Berlin, Sept. 24.—Emperor William today sent an acknowledgment of greetings of the Internal Press conference in session here.

Moscow, Sept. 24.—The police received an intimation last week that arms were being smuggled into the district for revolutionary purposes. They have searched the warehouses and found no evidence to support their suspicions.

New York, Sept. 24.—A. O. Brown and Lewis E. Young of the suspended firm of A. O. Brown & Co.,

TREACHEROUS PUBLIC SERVANTS.
While its bearing upon the present campaign is not entirely direct, the recent Hearst-Foraker incident is immensely valuable, and the lesson it has taught is one that the people will not soon forget.

For a fleeting moment the veil covering the proceedings of the system and its agents was lifted, and the people had a chance to see what has been going on underneath. They have a right to believe that if so much has been proved in this isolated case, there is a good deal more to be suspected which may yet be revealed.

The people have suspected, in the past, that some of their servants were not faithful. Certain public officials, chosen by the people to represent them and paid by them for the service, have shown a determined bent toward the trust-side of every controversy. It is true that these public servants always claimed that in so doing they were serving the real interests of the people, and it is probable that many believed them.

Foraker, for instance, has always been on the same side of every vital issue. He was commended for his consistency, in certain circles, and he found many to praise his staunchness, even though it was in a bad cause.

Then came Hearst, charging Foraker with receiving retainers from Standard Oil while serving the people as senator. Foraker replied that his retainers were for legal services, outside of his public duties altogether. Hearst rejoined with letters from Standard Oil to Foraker, in which he said that he was not a retainer, but a friend.

There is another very objectionable bill which needs to be looked after, and I hope there will be no difficulty in killing it. This three immediate suspicion upon Foraker's claim that his services to the oil trust were private.

Then came Monett, one time attorney general for Ohio, repeating ancient charges. Foraker got him beaten for renomination as attorney general because he refused to accept a bribe of \$500,000 to stop prosecution of the oil trust. The attorney general whom Foraker and his associates put in his place immediately dismissed all oil trust prosecutions.

During all this time Foraker was receiving checks from Standard Oil. During all this time Foraker, in the senate, was opposing every measure in behalf of the people.

But during all that time, too, other faithful public servants were being quietly dropped by party organizations, and other senators and congressmen were taking a stand similar to Foraker's against measures for the common good. It was assumed by the charitable that they took this stand because they believed it to be for the best interests of the country and its people. Even Foraker was given the benefit of the doubt.

It will be small wonder if, in view of these disclosures the people become suspicious of the good faith of other public servants who have served the trusts rather than the public, even though nobody has yet proved that they took corruption money for doing it.

J. PLUVIUS—OUR CANDIDATE.
Our recalcitrant friend Jupiter Pluvius, who has been plentifully abused for his negligence during the past month or two, showed last night that he is still capable of rising to the occasion, and it has been a long time since copious showers of rain were hailed with such eager delight by a parched earth and a people weary of drought. Therefore, three cheers for J. Pluvius, our candidate to succeed himself.

For weeks the crackling forests, fire-sewed, have cried out for rain. For weeks the grass and trees and flowers of the city have cried out for rain, for an earth baked hard as concrete. Fading flowers, withering grass and leaves turning to a dingy brown from heat instead of to the vivid brilliance that frost's palette provides; these were the effects of drought that were noticed less than they might have been had it not been for the more spectacular depredations of forest fires rampant in the woods.

In the night, along toward morning, mutterings of thunder and flashes of lightning preceded drenching showers that were propelled by a northeast breeze. This morning the street, which had long sweltered in thick layers of dust, were running with welcome wetness, and the city vegetation was reviving under the encouragement of the rain. The thick smoke brought from the forest fires had vanished, and it is to be hoped that the fires have vanished, too. The rain came just in time, for there had been fears that the very lake itself would presently turn to dust.

SMALL CAUSE, LARGE RESULT.
Many laymen have wondered mightily at the miracle of engineering whereby a tunnel through a mountain, begun at opposite sides, meets in the center to the fraction of an inch. It is simply a matter of calculation, of course, which is no mystery to engineers and which offers them little difficulty. Yet the layman, who does not know how it is done, marvels at it as he would at a piece of magic.

Recently, however, a tunnel being constructed by the German state of Baden through the Black Forest mountains failed to meet as the engineers had calculated, and the failure cost the state nearly \$1,000,000, besides much delay and annoyance. The state had been constructing the tunnel, as usual, from both sides, and it had been planned that the two workings would meet at the village of Forbach. The engineers had no fear that their calculations would be found amiss when the two workings met, for they were confident that the discrepancy from an exact junction is rarely more than a fraction of an inch.

What was the horror of the Black Forest engineers when they found that the two tunnels missed each other by twenty-six feet. It was necessary to go back a sufficient distance on both of them and change their course, a matter involving great expense and exasperating delay.

The engineers went back over the figures again, and found them to be correct, greatly to their relief. A further investigation was made immediately, and it was found that the discrepancy arose from the fact that a surveying pin had been intentionally misplaced. The blame was placed, to the satisfaction of the investigators, upon a laborer who had been discharged during the progress of the work, and who had wreaked a costly revenge in that manner.

It is possible that the revengeful workman had no conception of the mischief his act would accomplish, though it is doubtful if the knowledge would have given him pause; perhaps it would have given him greater satisfaction, on the contrary. Few people would realize, not being skilled in engineering, what tremendous consequences could grow out of an act apparently so insignificant.

It is another proof of the vital importance of the little details. Most great achievements are merely the sums of an infinity of details, and upon the accuracy of each of these details depends the success of the whole. If one of the engineers, in figuring out the paths of the two connecting tunnels, had misplaced a figure, a similar result would have been effected, even though the error might have been slight.

Big achievements are usually the result of an infinitely patient attention to details, and men who think and plan upon large lines have often found their work frustrated by the carelessness of men in charge of minor details, who took no thought of the bearing of their tasks upon the success of the whole. It is dangerous, to overlook the little things.

PIFFLING CRITICISM.
Governor Johnson in his "keynote" speech gave an exhaustive accounting of his administration, showing, with the modest confidence of one who has done his duty insistently and development of the state and a fair distribution of the burdens of taxation. It was a splendid review of a splendid administration, during which the state has advanced in prosperity at home and in honor abroad.

Yet all the Duluth News Tribune, which has imposed upon itself the unpleasant and impossible task of justifying Jacobson's candidacy, can find in it to comment upon or to criticize its reference to national politics. With crocodile tears it bitterly complains that Governor Johnson does not deal justly with the talents of Mr. Bryan. It is true that the governor compared the Democratic and Republican platforms, showing the yawning chasm that separates them; it is true that he said that Democrats are not less proud of their candidate for the presidency than they are of their platform; it is true that he eulogized Mr. Bryan for the purity of his life, the earnestness of his purpose, and the staunchness with which he stands for what he believes to be the best interests of the masses. What more he might have said the morning paper does not suggest.

But having recently exhausted its breath condemning the "treachery" of Republicans who voted for a Democratic candidate for governor because they believed in him, its aim is to attract Democratic votes to a Republican candidate nominated by interests with which Democracy is at war. Hence its complaint of the partisanship in Governor Johnson's speech.

Yet Mr. Jacobson, in his keynote speech, did not even mention Taft. He had no word of praise for him, no condemnation for Bryan. Is Mr. Jacobson "regular"? Has he abandoned Taft? Can it be that he, who reproached so bitterly Republicans who dare judge between two candidates for governor, now seeks to attract Democratic votes by refusing to endorse the Republican candidate for president?

LATE TUBERCULOSIS INVESTIGATIONS.
Philadelphia has been one of the first cities to make a real fight against tuberculosis, and the results of its work and investigations not only confirm practically all modern ideas about the prevention and cure of the disease, but they increase the growing hope that soon the world may be rid of this terrible scourge, which costs the nation so much in precious lives, in the loss of the energies of producers and in the expense of combating and treating it.

Four years ago the Henry Phipps Institute was established there, and not only have its doctors treated thousands of cases, but they have also made a study of the disease and its causes. The theory that consumption is hereditary had already been demolished, but the Philadelphia work confirmed the righteousness of that destruction. Many cases were found where the disease was communicated from parents to children, but there were just as many cases where it went from children to parents, from brother to sister and from one friend to another. In all cases it was contagion, not heredity.

The common impression that alcohol is an alleviative in the event of one's taking consumption is also combated. Although persons addicted to alcohol found they lacked the greatest percentage of deaths. The only conclusion the physicians could reach was that when an alcoholic becomes consumptive, he either does so very early or very badly, showing that alcohol is a dangerous and doubtful remedy.

Knowledge of the cause of consumption and its spread is very definite, nowadays, and the possession of that knowledge insures that with a properly directed public spirit, the disease may ultimately be conquered. It is contagious, so care must be taken to guard against contagion. It attacks most readily and most effectively those who are weakened by lack of nourishment or insanitary surroundings, so measures taken to increase the average cleanliness, comfort and well-being of the masses will be effective. It is distinctly a disease of poverty and filth, so poverty should be abolished and filth destroyed. People half-fed and living in insanitary surroundings are peculiarly susceptible to consumption, so those who work for a better distribution of the good things of life and for the destruction of slums are fighting consumption.

The most important efforts will be those put forth to stop the spread of the disease by making conditions so clean and light and comfortable that its breeding places will be destroyed. Yet much is to be done in individual cases. Each case must be regarded as a possible center of contagion, and treated accordingly. Instead of regarding these cases as doomed to certain death, they should be looked upon as susceptible of cure. The cure lies not in medicine or alcohol, but in nourishing food, rest, cheerful surroundings, and plenty of sunlight and fresh air.

Society is well engaged in taking up the work of relieving poverty, eliminating the dark and noisome places where the disease breeds, curing the afflicted and preventing contagion.

The only conclusion the physicians could reach was that when an alcoholic becomes consumptive, he either does so very early or very badly, showing that alcohol is a dangerous and doubtful remedy.

Knowledge of the cause of consumption and its spread is very definite, nowadays, and the possession of that knowledge insures that with a properly directed public spirit, the disease may ultimately be conquered. It is contagious, so care must be taken to guard against contagion. It attacks most readily and most effectively those who are weakened by lack of nourishment or insanitary surroundings, so measures taken to increase the average cleanliness, comfort and well-being of the masses will be effective. It is distinctly a disease of poverty and filth, so poverty should be abolished and filth destroyed. People half-fed and living in insanitary surroundings are peculiarly susceptible to consumption, so those who work for a better distribution of the good things of life and for the destruction of slums are fighting consumption.

The most important efforts will be those put forth to stop the spread of the disease by making conditions so clean and light and comfortable that its breeding places will be destroyed. Yet much is to be done in individual cases. Each case must be regarded as a possible center of contagion, and treated accordingly. Instead of regarding these cases as doomed to certain death, they should be looked upon as susceptible of cure. The cure lies not in medicine or alcohol, but in nourishing food, rest, cheerful surroundings, and plenty of sunlight and fresh air.

Society is well engaged in taking up the work of relieving poverty, eliminating the dark and noisome places where the disease breeds, curing the afflicted and preventing contagion.

other by twenty-six feet. It was necessary to go back a sufficient distance on both of them and change their course, a matter involving great expense and exasperating delay.

The engineers went back over the figures again, and found them to be correct, greatly to their relief. A further investigation was made immediately, and it was found that the discrepancy arose from the fact that a surveying pin had been intentionally misplaced. The blame was placed, to the satisfaction of the investigators, upon a laborer who had been discharged during the progress of the work, and who had wreaked a costly revenge in that manner.

It is possible that the revengeful workman had no conception of the mischief his act would accomplish, though it is doubtful if the knowledge would have given him pause; perhaps it would have given him greater satisfaction, on the contrary. Few people would realize, not being skilled in engineering, what tremendous consequences could grow out of an act apparently so insignificant.

It is another proof of the vital importance of the little details. Most great achievements are merely the sums of an infinity of details, and upon the accuracy of each of these details depends the success of the whole. If one of the engineers, in figuring out the paths of the two connecting tunnels, had misplaced a figure, a similar result would have been effected, even though the error might have been slight.

Big achievements are usually the result of an infinitely patient attention to details, and men who think and plan upon large lines have often found their work frustrated by the carelessness of men in charge of minor details, who took no thought of the bearing of their tasks upon the success of the whole. It is dangerous, to overlook the little things.

PIFFLING CRITICISM.
Governor Johnson in his "keynote" speech gave an exhaustive accounting of his administration, showing, with the modest confidence of one who has done his duty insistently and development of the state and a fair distribution of the burdens of taxation. It was a splendid review of a splendid administration, during which the state has advanced in prosperity at home and in honor abroad.

HOTEL GOSSIP.

"Spoke" Hennessy is one of the visiting Hibernians. He is also one of the most interesting. Everybody in St. Paul knows "Spoke" Hennessy. He is the guardian of the ball park, and is known by every man, woman, child and dog in the vicinity of the ball park.

One sees many phases of human nature around a ball park. The one great weakness of the American people is baseball. If you hang around a ball park long enough you will see many funny things and many phases of human character that you would not observe anywhere else.

The American people have a "bug" about baseball; they are daffy over it, and it is for this reason that so many funny things are to be seen around the ball park.

It was one of these funny things that occurred at the St. Louis hotel. Mr. Hennessy said that it was funny to see a man who had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years.

"It was the first time they had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"Of course, it is a funny thing to see a man who has been in the hotel for years and who has won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old gentleman only had one eye, and he was also very old. He was a man who had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The day the team returned home they were greeted by a crowd of fans. There was a great crowd there and as usual the fans were very noisy. I was very much interested in the crowd, and I saw many funny things."

"I saw the old man who had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"That afternoon the old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

"The old man had a story to tell. He said that he had been in the hotel for years and who had won for years—and the fans went dipping in to see the man who had been in the hotel for years."

THE WEATHER.

There's that more like it. The first real rain in a long, long time fell last night, more than an inch and a half of it, which the thirty ground drank up and left the streets dry.

The night thunder storm, which was a northeast breeze, drenched the city. The rain was still falling at 11 o'clock, and the streets were still wet.

The sun rose this morning at 5:58 and set tonight at 6:02, making 12 hours and 4 minutes of daylight.

Now Mr. Hennessy is one of the visiting Hibernians. He is also one of the most interesting. Everybody in St. Paul knows "Spoke" Hennessy. He is the guardian of the ball park, and is known by every man, woman, child and dog in the vicinity of the ball park.

One sees many phases of human nature around a ball park. The one great weakness of the American people is baseball. If you hang around a ball park long enough you will see many funny things and many phases of human character that you would not observe anywhere else.

STRUCK BY LIGHTNING

Ball of Fire Passes Down Chimney Into the Kitchen.

Fills the House With the Odor of Burning Sulphur.

At about 5 o'clock this morning, before the members of Nels Grady's family, living at 704 Fifty-eighth avenue west, had arisen, lightning struck the house, scattering the bricks of the chimney in every direction, some falling fifty feet from the house.

No one in the house was injured, though all were in one or another of the electric shock, which filled the whole house with a sickening odor of burning sulphur.

Even the neighbors, who were startled from their beds by the crash, were conscious of the heavy charge of electricity in the air.

The ball of fire took its course down the brick chimney, into the kitchen, where it landed, and the chimney threw the stove pipe to the floor. No fire was started from the lightning, though the wall paper about the chimney was scorched.

How it left the room is a mystery. It left no trace across the floor. It may have gone through a window that had been left open.

Complaint of Ditches.

Several complaints were this morning made in West Duluth regarding the poor way in which the ditches dug recently for sewer pipes on Central avenue, have been refilled with dirt.

POLITICS CAUSES ROW

Editor of Floodwood Broadaxe is Arraigned on Libel Charge.

Claimed to Have Attacked Town Marshal in Political Article.

A sequel of the fight for the Republican nomination for county commissioner in the Fifth district, in which A. J. Overton was nominated in a field of five candidates, has been brought into the criminal court of St. Louis county, Mo., N. Triplett, editor and publisher of the Floodwood Broadaxe, was arraigned before Judge Cant this morning on an indictment returned by the last grand jury, charging libel. He entered a plea of not guilty, and the case will be heard during the present term.

John Cameron, village marshal of Floodwood and a supporter of Penn New, the Floodwood candidate for county commissioner, is the complaining witness in the case for the libel charge, it is said.

According to the story as it is known here, Triplett published a story setting forth his views on the candidates for county commissioner, and enumerating his reasons for not coming to the support of New, who appears to have been put up as the candidate for Floodwood. In the course of the article it is claimed that in making the libelous statement attributed to him and derogatory to Cameron.

According to the indictment, Triplett designated Cameron as "a man who is a despoiler and could be impeached

MILLER HAS CLEAR FIELD

Andrew Nelson Decides Not to File Independently for Congress.

Says Time is Too Short to Properly Cover Big District.

Andrew Nelson will not be an independent candidate for congressman from the Eighth district. Mr. Nelson came to this decision today, after a careful review of all of the elements that entered into the contest. Mr. Nelson decided that the time to properly cover the wide territory of this district was too short, although there was a non-partisan call on the part of the voters for an independent candidate to make the race against Mr. Miller.

While appreciating the support of his many friends and placing the interests of the party above his private interests, Mr. Nelson, after careful consideration has decided that he will not enter into the contest.

The decision of Mr. Nelson not to make the race as an independent candidate leaves the field open to Clarence B. Miller. There will be no opposition, now that Mr. Nelson has decided not to become a candidate, and the man who defeated Congressman J. Adam Bede so decisively will be the next congressman to represent this district.

Mr. Nelson made the following statement today:

"After a thoughtful and careful consideration of the matter for several days, I have come to the conclusion not to become a candidate for congressman in the Eighth district. In announcing this decision on my part, I am not unmindful of the high personal compliment that has been paid me by the veteran and able Democrats and by citizens of other parties sincerely devoted to the public welfare, nor do I ignore the fact that a call such as has come to me appeals most strongly to my sense of civic duty. I freely concede that the voters of this district ought to be given an opportunity to express themselves on the great issues of the day and to choose between measures and men."

"The grand principles for which the Democratic party stands in this election are being studied with marked attention and received with great favor, not only throughout the country generally, but also in our state in particular. At no time have the voters of our state been more fully conscious of the need of a more distinct and more definite policy. It is in the present campaign that the principles of government are being tested. Did time and my professional engagements permit, I am sure I could give me greater pleasure than to head the congressional contest of this district. But six weeks seem entirely too short a time in which to endeavor to overcome a normal Republican majority."

"The territory of this congressional district is so extensive, and in many instances so isolated, that it is impossible, that a thorough campaign and canvass of the district could be begun, much less carried out, within the period that remains until election day. For these very weighty and practical reasons, I am constrained to respectfully decline the honor that has been conferred upon me."

FALL OPENING.

Souvenirs to Visitors.

On Saturday, Menter & Rosenbloom Co. will have its fall opening, and all who are interested in seeing a collection of stylish, elegantly tailored clothing for men, women and children, are cordially invited to attend. The women's department is especially attractive, and women visitors are enthusiastically in their praise of the new styles. Menter & Rosenbloom Co.'s store is located at 201 West Superior street, upstairs.

DULUTH COMMANDERY NO. 18, KNIGHTS TEMPLAR.

All Knights are requested to assemble at the Masonic Temple in Duluth, Minn., on Friday afternoon, Sept. 25th, at 7:30 p. m., for the purpose of attending the funeral of our late brother, Edgar G. Edmunds. By order, H. H. BERG, Sec'y.

MASONIC NOTICE.

All members of local and district lodges, A. F. & A. M., and subordinates, are requested to meet at the Masonic Temple in Duluth, Minn., on Friday afternoon, Sept. 25th, 1908, at 2:30 p. m., for the purpose of attending the funeral of our late brother, Edgar G. Edmunds. By order, H. H. BERG, Sec'y.

INSPECTING LOCAL TERMINALS

Wisconsin Central Will Operate Local Service to Abbottsford.

H. G. Bergman, passenger agent of the Wisconsin Central railroad, was in Duluth and Superior today looking into the matter of arranging for the operation of trains over the short line from Superior to Abbottsford, Wis., the junction point of the St. Paul division of that road.

Mr. Bergman's visit to the Head of the Lakes had also to do with the opening of a passenger depot in Superior. It is now certain that short line service between Superior and Abbottsford will be opened this fall.

This service, which local, will connect with the St. Paul and Chicago lines. The engineering department of the Wisconsin Central has rushed the work upon the line from Abbottsford to Superior, so that now the line is in such shape that the operation of local service can be started in the near future.

The operation of local service between Superior and Abbottsford means that the Duluth terminals will be placed in service as soon as possible.

DEATHS

Cleveland, Ohio, Sept. 24.—Robert Davis Hughes, 70 years old, general superintendent of the American Express company, is dead here of pneumonia.

Philadelphia, Pa., Sept. 24.—F. M. Howarth, one of the best known comic artists in the country, died at his home in Germantown, yesterday, aged 43 years. Two of his best known series were "E. Z. Mark" and "Lulu and Leander."

NORTH DAKOTA BAPTISTS ARE MEETING IN FARGO.

ATTACKED BY CAMEL

Officers Have Strenuous Time to Overpower the Beast.

Were Trying to Arrest Principals in Affinity Case.

Chicago, Sept. 24.—A new angle has been added to local affinity cases. A new difficulty has been faced and overcome by detectives who refuse to recognize the status of soulmates. Sometimes watchdogs have hampered sleuths in their pursuit of affinities, but this time it was a fighting camel—a pet—and it bit, bunted, kicked and belittled in defense of its owners but the Chicago policemen were not to be denied. The result was Dr. George How and his alleged affinity, Mrs. Marie von Borries, were arrested last night on warrants sworn out by Mrs. Irene B. How.

Both prisoners are held on serious charges and, according to the detectives who raided the residence, stops have already been taken by state officials that may result in the closing of the place. It is charged the home is being used for "slimy" dealings and other arrests are looked for.

The woman asserted that her brother is chief of the Berlin police and a close friend of the Kaiser.

Detectives Conroy, Quinlan and Howe are the men who fought and overpowered the pet camel. Expecting trouble when they neared the house, Howe and Conroy decided to enter the front door while Quinlan gained entrance at the rear. Quinlan, on climbing over the fence, was attacked by the camel.

While Quinlan was fighting the camel, Howe and Conroy seized the two prisoners. Howe went to the aid of Quinlan. The rear guard made a diving tackle in foot ball style and brought the beast to the ground. The two detectives then tied

KING'S PHYSICIAN BADLY BRUISED

Dr. Caleja, Who Treats Alphonso, Hurt in Washington.

Washington, Sept. 24.—Dr. Omerillo Caleja of Madrid, physician to the king of Spain, who is here as a delegate to the international tuberculosis congress, fell from a street car today and was painfully injured. Dr. Caleja was bruised about the head and body and had a finger broken. He will be unable to attend the sessions of the congress.

SOMETHING DOING IN BUTTE & MONTANA

THINK QUICKLY. ACT QUICKLY.

Butte & Montana is one of the best low-priced propositions that have been brought to the attention of Duluth people. The property is located in the heart of the great producing district at Butte, and will itself be a producer as soon as the drifts are pushed on the 1,000 and 1,200 foot levels.

This stock is now selling at the ridiculously low price of 56 cents a share. It is bound to go to \$1.50 and \$2.00, and quickly, too. We recommend Butte & Montana as one of the best buys on the market today, because we know it has the ore and is splendidly financed.

The Butte & Montana property is now controlled by Duluth and Pittsburg people who have placed Mr. R. A. Kerr in charge of operations. The Amalgamated people extended the shaft from the 1000 to the 1200 foot level to get better air and access to their mines. THERE IS GOOD ORE ON ALL THE LEVELS.

It has cost \$300,000 to carry the property to the present high stage of development.

CONSIDER A MOMENT! The Butte & Montana mine is surrounded by such great producers as the Colusa, which adjoins it; the Minnie Healy, the Leonard, the High Ore and the North Butte. You may have had other opportunities, but this is the best of all. **BUY NOW!**

SAVANNA IS A GOOD ONE

Silver City Paper Says Property Has Great Future.

Big Boom for Burro Mountain District in Prospect.

The Silver City, N. M., Enterprise has the following to say of Savanna Copper in a recent issue:

The name Savanna Copper company is on the lips of a great many mining men these days all over the country, and it is attracting the attention of copper men everywhere by the magnitude of the deal by which it was brought into existence. It is the outgrowth of the reorganization of the Comanche Mining & Smelting company, and its consolidation with the Copper Gulf Mining company, both companies combining their valuable mining holdings in the Burro mountains of Grant county, New Mexico, for that purpose.

It is not too much to say that this consolidation of two of the giant copper companies in the great Burro mountain copper belt is the greatest event in the history of mining in New Mexico and one of the most important deals in the history of the Southwest.

As well be well remembered by Silver City people, the Comanche company fell about financial rocks during the period of depression last fall, which resulted in the appointment of a trustee in bankruptcy. For a long time things looked pretty dark for the stockholders, as it seemed inevitable that the vast properties, both real and surface, would be sold at auction to satisfy the creditors, who had obtained judgment for something like \$100,000 against the company. This is the way matters stood when the district court last spring appointed E. A. Wayne trustee. The appointment came as a complete surprise, but it was agreed to by the people of Silver City, who had never connected his name with the appointment, although a dozen other names had been suggested. The appointment has proved to be one of the most fortunate things in connection with the entire proceedings, for immediately after his appointment Mr. Wayne resigned his position with the Copper Gulf and set to work with characteristic energy to bring about a

basis of settlement of the tangled affairs of the Comanche, by which the stockholders would be conserved the greatest amount of their holdings out of the deal. The idea of reorganization and consolidation was distinctly Mr. Wayne's and his success in carrying it through has been one of the notable achievements in the mining world in the recent months and has already been written up by the mining press of the country.

From his marked executive ability, which has been shown in the reorganization and consolidation of the two companies, as well as his practical knowledge of mining, which has been proved in the successful conduct of the Copper Gulf operations, it is generally assumed in Silver City and elsewhere that Mr. Wayne will be the manager of the new company, which is well, and will be a source of considerable satisfaction locally, as the people here know the man and know the Savanna under his management will be what is most anxiously desired in these parts an unqualified success.

The Burro mountain copper belt has not yet reached national fame, owing to a lack of proper advertising of its resources, but prominent mining men who have visited the district from time to time, have freely predicted that it would be a second Warren district, and that the next great boom in copper in the Southwest would take place in the Burro mountains. The Savanna decision has given the district the national publicity which it lacked and Savanna operations, it is confidently believed, will place the district among the great copper producing sections of the country.

Of the three giant companies now operating in the Burro mountains, the Savanna property will compare favorably with any of them, and indeed it is conceded in some quarters that the Savanna has the pick of the ground as well as having by far the greatest area of the district. The other two companies, the Burro mountain and the Comanche, have well-developed ore bodies of great magnitude and richness, and mining men who have visited the district in the past have declared that they have one of the largest copper deposits on the American continent. These ore bodies are in claims adjacent to those of the Copper Gulf company, which has about 1,700 acres in the lower part of the mineralized section, and it is generally believed that the Savanna has the extension of the Burro mountain and the Comanche ore bodies, if not the principal bodies themselves.

A vast amount of concentrating ore has been developed by the Copper Gulf on their property within the two years of their existence, and a fortunate circumstance of the consolidation is the combining of the ore bodies of the Copper Gulf with the surface equipment of the Comanche, which includes the large concentrator and smelter located in this city. With these ready to hand, the company can commence operations on a large scale as soon as the details of the consolidation can be worked out, and we confidently look for the smoke to be pouring from the huge smelter stack below town before many months. Copper can be produced at a profit even at the present low price of the metal and with the long haul to Silver City. But this long haul will soon be eliminated, as a railroad to the district is now assured, the Santa Fe agreeing to build a spur from Whitewater, a distance of fourteen miles, as soon as the operating companies request it. That this request will be forthcoming within the next few months or weeks seems to be generally understood, as the big operating companies are installing machinery and getting in a position to begin production on a large scale.

One of the features of the consolidated companies, and one that augurs well for its success and for fair treatment of its stockholders, is that the stock of the new company is capitalized at rock-bottom—many people in this section think too low. There is absolutely no water in Savanna stock.

The control of the new company will be in the hands of men who have made a success of large mining operations in the past. The Duluth and Chicago syndicate which have made their past big things are expected of the new company in this section, because of the high standing of the management.

as well as the excellent conditions surrounding the new organization, and we confidently predict that within a very brief time, it will take rank among the great copper producers of this country.

HAD WAR ALL FRAMED UP.

Six Hundred Filibusterers Planning to Stir Up Colombia.

Boston, Sept. 24.—The Post today published the disclosure of an alleged filibustering expedition which intended to start from this city, Oct. 1, composed of 600 men, fully armed and equipped, for the overthrow of the United States of Colombia. Attention was first called to the expedition by advertisements in local papers, calling for recruits, ex-members of the United States navy and army, preferred. Offices, it is claimed, were opened in Boston, Worcester and Lynn, and 600 men were secured.

The recruiting office in Boston, of A. W. Blanchard, a mining engineer, with offices in New York.

Four machine guns and two Hotchkiss guns, with other equipment, were purchased from Newark concerns, and a British tramp steamer secured to transport the troops and arms to South America. An ex-major in the United States army, who lives in Providence, R. I., was secured to command.

CHARGED WITH FORGING CHECK

Nick Mattison Gets Into Trouble With the Police.

Nick Mattison, charged with trying to pass bad checks, was arrested yesterday afternoon in Sixtus Lindahl's saloon, 204 Lake avenue south. There was a companion with him who escaped through the rear door. The check drawn on the First National Bank of Duluth for \$26, he claimed, had been given him by the companion. He says he did not know it was a forgery.

The work on the paper was very crude and easily detected as a forgery. The check bore a revenue stamp that had not been used for years. On the bottom it was stamped in red ink: "Duluth Iron Works R. R. Co." The police

STOCK DEAL TO BE AIRED

Butte & Superior Suit Against McAlpine Coming Up in Court.

Personal Injury Suit of Matt Perkovich Goes to Jury.

It is expected that the suit of the Butte & Superior Copper company against John McAlpine, which will probably be one of the most interesting on the civil calendar for this term, will be taken up before Judge Dibley in district court this afternoon, immediately after the personal injury suit of Matt Perkovich against the Nassau Ore company is completed.

The suit against McAlpine was first filed last November and since that time it has been involved in motions, which delayed its coming to trial. McAlpine's first answer contained sensational charges, which were afterwards stricken out, but he still holds to charges of misrepresentation.

The suit against the Nassau Ore company was filed in March, 1907, when McAlpine purchased 1,000 shares of stock at \$4 a share, to be paid in four installments and that a note for \$2,000, covering the first two installments, was given. It is claimed that McAlpine failed to honor the note, and when one of the officers called on him with it to request payment, he took the note and put it in his pocket.

McAlpine claims that when he purchased the stock, misrepresentations were made by the agents of the company as to the lands, ore bodies and money on hand and that a promise to refund money and take back the stock if there was dissatisfaction after the allotment, was not kept. He further claims that he never received the stock and the company tried to hold him to the note.

The Perkovich case will go to the jury some time today. Arguments were made by the attorneys in the case this morning and the judge will charge the jury this afternoon. The suit, which is for \$15,000 damages or personal injuries, was begun last Friday afternoon and has dragged through a mass of testimony taken through an interpreter. The company claims to have effected a settlement with the plaintiff for \$200, but the plaintiff claims the settlement was made after the serving of the summons and complaint and without the knowledge of the plaintiff's attorney, J. M. DeLaMonte, appears for Perkovich and Theodore Hollister for the company.

VERDICT FOR INJURIES RECEIVED AT BALL GAME.

Minneapolis, Minn., Sept. 24.—(Special to The Herald.)—John A. Knowles, who sued the University of Minnesota Athletic association for \$2,000 for injuries when the bleachers fell two years ago, while the Chicago-Minnesota game was in progress, was yesterday given a verdict of \$1,200. The case was tried before Judge David P. Simpson. Knowles alleged that his ankle was sprained and that the in-

Jury was permanent. This is the third verdict that has been returned against the association within a week, all for injuries sustained in the same accident.

GRAND FORKS STREET RAILWAY GIVEN BOOST.

Grand Forks, N. D., Sept. 24.—(Special to The Herald.)—The proposition of constructing a street railway system in Grand Forks received new impetus to-

day with the announcement that Wm. A. Marin of Crookston, Minn., had been secured to take charge of the matter, with a view to securing enough capital to swing the deal. The movement has been under way for some time among the local business men, but they have been unable to attain their object up to the present time, and have decided to call in the services of Mr. Marin to assist in pushing the plan.

Some tenants are as bad as fire. Herald want advertise for the sort who have consciences.

WALL PAPER

FITNESS is the secret of wall coverings. Many a pleasant room is spoiled by unsuitable paper, while any room, however small or commonplace, can be made attractive by tasteful decoration.

IT IS OUR BUSINESS to know what paper to use—what designs will make it appear more proportionate, brighter and more homelike.

BRING your wall paper problems to us. You will find us competent and ready to give you advice that will secure best results for the amount you want to spend, whether that amount be great or small.

WE CAN SHOW YOU the newest and most artistic designs, the most beautiful color harmonies, and altogether the most comprehensive stock of up-to-date papers to be had. Attractive paper for as little as 10 cents per roll, or as high as \$25.00 per roll. In other words, papers suitable for the most modest home or exquisite palace.

We are pleased to show you goods, and to advance ideas on decorative schemes. Estimates furnished free. Personal supervision attends all work.

OVERCOATS

The MORRISON SHOP is after the fine overcoat trade strong this season, with over a hundred new patterns and as many styles in new and standard models, quick service, reliable work, lower prices.

8 LAKE AVENUE SOUTH.

NOTICE TO THE PUBLIC:

There is a controversy on as to whether there shall or shall not be a "crossover" maintained in front of the Lyceum Theatre. This company is, of course, deeply interested in the controversy, but is not taking sides either "for" or "against."

If the switches are removed it would save the company a large sum of money annually in maintenance charges. On the other hand, the switches, if put on the Bowery or at any other location, would not answer the purpose (for reasons which we would be glad to explain to interested parties), and without the switches in front of the Lyceum Theatre would not be able to provide the after-theatre service that the public has enjoyed for the past fifteen years or more.

This notice is given in order that the public may understand the position of this company, and may be able to decide intelligently as to whether the new crossover shall be installed in the old location or entirely abandoned.

It is important to this company that the matter be intelligently settled at this time, and we hope that if the decision is in favor of the crossover being taken out, the company will not be blamed if the theatre service next winter is not what it has heretofore been.

DULUTH STREET RAILWAY CO.

By Herbert Warren, General Manager.

BUYS LOWRY'S FARM.

St. Paul Man Acquires Magnate's Country Place.

St. Paul, Minn., Sept. 24.—Warren W. Hurd of St. Paul, head of the Great Northern Land & Stock company, has purchased the summer home of Thomas Lowry at Monticello, Minn., and will combine that property of 300 acres with 400 acres adjoining, which he already owns, for the establishment of a fine stock farm.

He proposes to use the property for the breeding of only high class stock, and announces that it will be second to none in this country.

The purchase price has not been made public, but it is said to be considerable. The site includes not only the land, but also the summer home of Mr. Lowry, other buildings, and the household goods.

Mr. Hurd said he could not predict exactly when the first step would be taken in the stocking of the farm, but it is believed it will be soon.

Already a few picked trees and most built trees have been given the contractor as much satisfaction.

See have a clue to Mattison's arrest plan, and it is expected his arrest will follow.

HISGEN NEXT TO ASSAIL HASKELL

Independence Nominee Reaches Oklahoma; in Guthrie Tonight.

Guthrie, Okla., Sept. 24.—Thomas L. Hisgen, presidential nominee of the Independence party, arrived in Guthrie today and will deliver an address here tonight. Much interest has been aroused over the visit of Mr. Hisgen to Guthrie, the home of Governor Charles N. Haskell, treasurer of the Democratic national committee, and it is stated that in his speech here tonight the Independence party candidate will address his remarks directly to the executive of Oklahoma.

dustrial flat, steam heat, hot and
cold water; janitor service; 414 Loc-
ust street, 112-A West Fourth.

HASKELL WILL NOT QUIT; GOVERNMENT MAY PROBE OKLAHOMA BANK CLOSING

The Democratic National Treasurer Glad to be Classed With Morgan.

Denies Hearst's Latest Charges in New York Last Night.

Oklahoma Governor Declares Roosevelt is Four-Flusher.

That Governor Haskell of Oklahoma does not intend to resign from the Democratic national treasurer's position, and that the United States government may investigate the closing of the Colgate, Okla., bank, when depositors were paid promptly under the state's bank guaranty law, are the two important announcements this afternoon in connection with the Hearst-Standard-Oil-exposures.

Kansas City, Mo., Sept. 25.—Governor Haskell of Oklahoma today denied that he intended to resign his position as treasurer of the Democratic national committee. Regarding Mr. Hearst's charge, made in New York last night, coupling him with the steel trust, Haskell said he felt highly honored at being classed with Schwab, Carnegie and J. P. Morgan. He denied he was in New York city in 1896 at a gold Democratic meeting in Madison Square Garden and applauded attacks made on Bryan.

Haskell passed through Kansas City this morning en route to Chicago, where he goes to confer with Bryan and the leaders of the Democratic national organization regarding the charges made against President Roosevelt and William H. Hearst.

Haskell talked freely and repeated many of the statements made yesterday at Guthrie in his open letter in which he took Hearst to task.

Last night Mr. Hearst said: "Mr. Haskell is not only a Standard Oil tool and crooked railroad promoter, but a steel trust organizer."

Governor Haskell also made reply to Secretary of the Interior Garfield, in the controversy touching the operations of the Prairie Oil & Gas company in Oklahoma.

He declared that President Roosevelt "is the biggest four-flusher in the political business today," and "you ought to hear what they think of the rascal down in Oklahoma."

EXPECT THROG TO SEEK LAND
South Dakotans Preparing for Rush Oct. 5 to 17.

Dallas, S. D., Sept. 25.—Inspector J. T. Boylan, of the postoffice department, is here preparing postal facilities for the great rush of business which he anticipates during the opening of the government lands in Tripp county, registration for which will take place Oct. 5 to 17. The drawings will be held Oct. 5.

Judge J. W. Witten, of the land department at Washington, is making the final arrangements for the drawings. Better facilities are expected to be provided than has been known at any previous government land opening.

Comprehensive plans are being made by the people of Dallas and Gregory for taking care of visitors.

BRIDGE DEFENDER SHOT TO DEATH
Night Foreman Believed to be Victim of Labor Trouble.

Chicago, Sept. 25.—Jeremiah Lynch, night foreman for the Wisconsin Bridge & Iron company, was mysteriously murdered early today, near a new bridge the company is erecting.

The police say they believe Lynch was shot while defending the bridge from would-be dynamiters, as one shot had been fired from his revolver. Lynch was shot twice.

The bridge company has had labor troubles, and the men at present working on the bridge have been threatened with violence.

PUPILS DRAW THE COLOR LINE; STRIKE
Topeka, Kan., Sept. 25.—Six white pupils are on strike at the Lincoln school, a ward school here. They walked out and paraded up and down the street, declaring they would never enter the doors of the school again, until the negro pupils are excluded. It is feared that the strike will spread to other ward schools.

TWENTY-FIVE KILLED IN WRECK—MONTANA TRAINS COLLIDE, DUE TO SNOW

Forty Persons Are Injured in Northern Pacific Wreck.

Storm Prevents Flagman From Making His Presence Known.

Helena, Mont., Sept. 25.—A special from Livingston, Mont., says that Northern Pacific passenger train No. 16, east bound, which left Helena at midnight last night, collided with a freight train at Young's Point and that twenty-five persons, including an engineer, fireman and brakeman, were killed.

Later reports place the number of casualties at from thirty to forty, with twenty-five dead.

A snow was falling and for this reason the freight train's flagman could not make his presence known to the passenger engineer.

The express car telescoped the smoker and practically all the casualties occurred in the latter car.

Engineer Besinger of the passenger is only slightly injured, but his fireman, Rora Babcock, was killed outright.

THAW IS HELD IN CONTEMPT
Show Resentment at Interference With Recent Catholic Parade.

Newcastle-on-Tyne, Eng., Sept. 25.—The Irish vote, alienated by the action of the government in prohibiting the procession in connection with the recent Catholic congress in London, is today to fill the vacancy in the house of commons representation from Newcastle-on-Tyne, caused by the recent death of Thomas Cairns, Liberal.

With a majority of over 6,000 in the general election of 1906, the Liberals went to the polls full of confidence, but the outcome, however, was a great surprise. The Unionist candidate, G. H. W. Wain, was returned from this constituency in 1906, was elected with a majority of 2,452 over Mr. Cairns, the Liberal candidate. The Labor-Socialist candidate, Mr. Hartley, polled 2,971 votes.

The young man is a brother of Katherine Elkins, who is reported engaged to marry the Duke of Russell.

A summons was served today on young Elkins at his country home at Elkins, W. Va., to appear before United States Judge Dayton and answer the charge.

The date of the formal hearing has not yet been fixed.

In a talk over the long-distance telephone, Senator Elkins, at Elkins, W. Va., admitted the suit, and said:

"My son never promised to marry this young woman and there is nothing about it. He denies the whole charge absolutely."

PASIG CITY FIRE-SWEPT
Flames Cause Destruction in Vicinity of Manila.

Manila, Sept. 25.—A large portion of the city of Pasig, near Manila, was destroyed by fire today.

The epidemic of cholera is believed to have reached its height and to be diminishing. The daily average of cases in this city has fallen below thirty and a low death rate indicates that the plague is present in light form and not virulent.

Alfred McVeigh, a government employee from Columbus, Ohio, and who was stricken several days ago, is dead.

The authorities expect a steady decline in the number of new cases of cholera and the complete disappearance of the cholera within a short time.

More extensive reports regarding the typhoid that swept through the central section of the Philippine group yesterday have been received, indicating that while there was great damage to property, the loss of life is slight.

The fire destroyed the town of Inabagan, on the island of Samar, leaving many homeless. The town of Romblon, on the island of the same name, was badly damaged. Tacloban, in Eastern Leyte with a population of 5,000, suffered serious injury. A number of vessels are reported driven ashore at the mouth of the Samar river, and the crews of the others rescued without loss of life.

Leile Carter Is Dead.
Chicago, Sept. 25.—Leile Carter, one-time capitalist and president of the South Side Elevated Railroad Company of Chicago, died in this city today after a prolonged illness.

WILL BUILD BIG PLANT
Oliver Company to Spend a Large Sum at Coleraine.

Plans Not Yet Completed for the New Concentrator.

BASEBALL EXTRA! GIANTS LOSE; CUBS VICTORS

New York and Cincinnati Battle Before Thousands.

Chance's Men Clash With Brooklyn, Across River.

FIRST GAME.

CINCINNATI 2 0 0 0 3 0 2 0 0 7 10 1
NEW YORK 0 0 0 0 1 0 0 0 0 1 6 2

SECOND GAME.

CINCINNATI 0 4 0 1 0 0 0 0 5
NEW YORK 0 0 0 1 1 0 0 0 2

ONE POINT APART.

CHICAGO 0 1 0 0 0 0 1 1 2 5 9 1
BROOKLYN 1 0 0 0 0 0 0 0 0 1 3 1

Brooklyn. The result was to give New York a percentage of .629 in games won point.

New York, Sept. 25.—With the New York National league club and the Chicagoans, who yesterday fought out a strenuous game on the Polo grounds, the final scheduled game of their series, playing on either side of the East river today, the local enthusiasts were again in full force. The Cincinnati were today's opponents of the New Yorks, and Brooklyn was entertaining the Westerners across the bridge. With Chicago and Pittsburgh tied in second place, and New York's lead maintained by yesterday's 5 to 4 victory, the followers of the game are now speculating as to just what will be the outcome of President Pulliam's ruling Wednesday, making a one-to-one tie of the game in which Merkle is alleged to have forgotten the formality of touching second base when he saw that McCormick was home. There is also much discussion of yesterday's "Phantom game" which Chicago claims was forfeited by New York. In case the Giants win the pennant, these two games will doubtless soon lose their interest; but in case New York needs a game after all, President Pulliam and the directors to whom formal appeal may be made, will be strongly in the limelight.

New York's players lined up as follows for the game with Cincinnati: Tenney, 1b.; Herzog, 2b.; Bresnahan, c.; Donlin, rf.; Seymour, cf.; Devlin, 3b.; McCormick, lf.; Bridwell, ss.; Marquard, p.

The seats began filling with a rush when the gates were opened for the New York-Cincinnati games. At the New York clubhouse there was a disposition to let the Chicagoans do the talking hereafter about the game of Wednesday. President Brush of the New York club, has not yet filed formal protest in the matter but is expected to do so and the matter is likely to be carried to a final decision even if the New Yorks do not need the game to win the pennant.

Spade went in to pitch for Cincinnati. Kane was hit by the second ball pitched. Egan fled to Herzog, and Robert lined to left for three bases, scoring Kane. Bescher drove to the clubhouse, scoring Robert, but was caught at the plate. Hoblitzel struck out.

The Giants were never in it a minute in the first game, which was a listless affair, because it was so one-sided.

Second Game.
New York's batteries for the second scrimmage were McGinnity and Bresnahan as against Dube and McLean for Cincinnati.

Neither side scored in the first inning. Score: 0 to 0.

In the second inning the visitors fell on McGinnity full force and squeezed four runs out of him before they took the field to again goose-egg the Giants. Score: 4 to 0.

The third was a heart disease affair for both sides, but passed with the home plate uncrossed. Score: 4 to 0.

The fourth was lively, but short. Each side registered one score, and all hope of whitewashing the visitors was lost. Score: 5 to 1.

Cincinnati was snuffed out in short order in its half of the fifth, and when the Reds had taken the field, the Giants in an exciting half-inning gathered in one more run. Score: 5 to 2.

Nothing apiece was the sum total of

Cincinnati was snuffed out in short order in its half of the fifth, and when the Reds had taken the field, the Giants in an exciting half-inning gathered in one more run. Score: 5 to 2.

Nothing apiece was the sum total of

all the maneuvering in the sixth inning. Both pitchers seemed to grow more effective as the game proceeded. In the seventh neither side so much as got a hit, let alone scoring.

The eighth was featureless and no runs were made. Score: 5 to 2.

The game closed with a pair of ciphers in the ninth. Score: 5 to 2 in Cincinnati's favor.

OTHER GAMES TODAY.

Boston, Sept. 25.—Although the Boston National league baseball team is in sixth position in the pennant race, today's double-header with the Pittsburgh team attracted unusual interest, inasmuch as on its outcome partially depends second place in the race. The batteries in the first game were Madrox and Gibson for Pittsburgh, and Ferguson and Smith for Boston. Score: R. H. E. Pittsburgh, 0 0 0 0 0 0 1 4 1 Boston, 0 1 0 0 1 0 0 2 5 1

In the second game the batteries were Lefebvre and Gibson for Pittsburgh, and Chapelle and Bowerman for Boston. Score: R. H. E. Pittsburgh, 1 2 1 0 0 0 2 0 6 2 Boston, 0 0 0 0 0 0 1 2 5 6

Philadelphia Wins.
Philadelphia, Sept. 25.—National league. R. H. E. Philadelphia, 11 12 1 St. Louis, 1 4 2

Washington Wins.
Cleveland, Sept. 25.—American league. R. H. E. Washington, 6 5 0 Cleveland, 1 7 8

BRITAIN REMAINS FRIENDLY TO CASTRO.

Caracas, Sept. 25.—President Castro has received a telegram from Sir Vincent Corbett, British minister to Venezuela, who is returning to the capital from a trip to Port of Spain, Trinidad, indicative of the friendly relations existing between Venezuela and Great Britain. Sir Vincent, who is at Ciudad Bolivar, says:

"I thank you for the attentions extended me by all the Venezuelan authorities on my trip from Barquisimeto to Ciudad Bolivar."

Paul has acknowledged receipt of the note from the government of the Netherlands.

THIRDS NOTHING BETTER.
"I crossed the Atlantic last month with that beautiful young singer, Miss Gertrude Farrar," said a banker of Savannah.

"At dinner one night the captain of the ship gave a loud laugh, and looking at the rows of pretty female faces in the saloon, he said:

"Why do men never kiss one another, while women continually do so?"

Miss Farrar answered:

"Men have something better to kiss, but women haven't!"

WEATHER—Showers and cooler weather tonight and Saturday; brisk northeast winds.

Oak Hall Clothes Are Actually Made for You.

Whatever may be your prejudice against ready-to-wear clothing in general, it does not apply to the garments bearing the "Oak Hall" label.

They meet your personal ideas and individual requirements with the fidelity of made-to-measure clothes which cost half again as much.

Keep this fact in mind when you are ready to select the new Fall Suit or Top Coat. Keep in mind that Oak Hall clothes are made by hand of all-wool fabrics which we personally select—after models which we personally dictate—by makers whom we've selected because of their ability to make clothes that fit and keep their fit through long and satisfying service.

And yet Oak Hall clothes cost no more than the mediocre sort.

Suits and Top Coats, \$15 up

The "Correct" Hats for Fall

The tastes of all have been considered in selecting the new Hats. Therefore, you cannot fail to find here one that suits your individuality—at the right price.

R. L. HOLLAND TO BE HERE

Grand Exalted Ruler to
Lay Cornerstone
for Elks.

R. L. Holland, grand exalted ruler of the R. P. O. E., who resides at Colorado Springs, will be in Duluth early in October for the purpose of laying the

cornerstone of the Elks' building which is being erected next the Board of Trade, Third avenue west and First street.

Elaborate preparations are being made for the ceremony. The exact date has not yet been set, but it will be during the earlier part of the month. Besides Mr. Holland, there will be many other Elks from outside the city in attendance, including a number from St. Paul and Minneapolis.

The day of the cornerstone laying will be a big one for Duluth members of the order. The local lodge has been planning on a building of its own for several years past, but until this summer did it find itself in a position to go ahead with the work of building suitable quarters. Various means have been adopted from time to time to raise a fund for the structure, and most of the ventures in this line have been very successful, each one netting a comfortable sum to go towards the building fund. Amateur theatricals, entertainments of a very high order have done much to swell the cash total.

The new building will be finely equipped, and will afford a splendid

home for the lodge. It will be large enough to meet all the needs of the local branch of the order for many years to come.

Duluth Elks are congratulating themselves over the fact that Mr. Holland has expressed a willingness to be in Duluth at the time of the laying of the cornerstone. His services are much sought in Elksdom, for he is one of the most popular men of the order, as well as having the reputation of being an able speaker. The laying of the cornerstone will be a memorable occasion.

FOOTBALL! TOMORROW,

(Athletic Union) 2 games; first game at 2:30, Central High School (2 teams) vs. Spaulding. Second game, Central High vs. Two Harbors High School. Admission, both games, 25 cents.

COMMITTEE'S CALL ISSUED

A call was issued yesterday for a meeting of the Democratic county committee next Tuesday evening. The calling of the committee by Chairman Andrew Nelson means that the Democrats of St. Louis county will enter into the county fight with earnestness from this time on, and that every effort will be made to not only elect some of the candidates on the county ticket, but also to carry this county for Johnson by a handsome plurality and for Bryan, if the efforts of the committee avail.

The real work of the committee will begin with the meeting Tuesday. Subcommittees will be appointed and the business of thoroughly canvassing the county begun. Every candidate upon the Democratic ticket will receive the support of the committee, which is going into the fight to win.

The various city and county Democratic clubs will be lined up in a systematic manner and the hardest work of the campaign will be inaugurated. Instructions will be sent to the various clubs throughout the county speakers will be secured and from now on the fight for the city, county and state ticket in this county, not to forget the national ticket, will be a hard and systematic one.

The call issued yesterday was an urgent one and it is expected that the full strength of the committee will be represented.

KEEWATIN ACADEMY MERCER, WIS.

A Tutorial School for Boys. One master for four boys. Individual instruction. Thorough preparation for college or university. Special attention given to health and physical training. Hunting and winter sports.

Head Master, Lionel L. Brady, B. A. (University of Cambridge, England), with whom appointments may be made at the Mercer, Wis., Kewatin Academy.

RAILROADS MAY WORK ALL WINTER

Interstate Road Graded
Within Quarter of Mile
of Bridge.

The work upon the Interstate Transfer railway may be continued through this winter. The officials of the road have not fully decided this matter yet, but it is possible that the work of construction will be continued throughout the winter months.

This was stated by an official of the road this morning. Already the grading is completed within a quarter of a mile of the site of the bridge that will span the St. Louis river. The tracks are laid for over a mile from Pokegama Junction toward the bridge. The piling for the piers of the bridge, on the Wisconsin side, has arrived, and work on the bridge foundation will begin at once.

Work is being done on the concrete abutments on the Wisconsin side, and iron and concrete culverts are being placed in many places along the grade. All work upon the bridges is of concrete. The large number of culverts that are necessary make the work of construction slow, according to the officials, but despite this, good progress is being made.

Just how much work will be done this fall will depend upon future developments. All of the legal difficulties regarding the rights that were threshed out before the Wisconsin railroad commission have been removed, and the officials of the road are left free to proceed with the work. It is certain that the work upon the road and bridges will be pushed as far as possible this fall. Whether the work will be pushed on through the winter depends upon plans of the steel plant officials.

SPECIAL TRAIN COMING.

Wisconsin Central Work Car Will
Hasten Track Construction.

A special work train will come to Duluth tomorrow, for the rails of the Northern Pacific to Twentieth avenue west, at which point it will be switched to the Wisconsin Central tracks. The train will be used in track construction from Twentieth avenue west to West Duluth.

Over four miles of tracks from West Duluth have been completed and an additional mile and a half of tracks will soon be in use. The special train consists of a derrick, rail and flat car and a tool car. The train will be used at South Superior in track construction. The completion of the train will hasten the progress of track construction. The work upon the bridge is progressing as fast as possible, and the officials are forcing the concrete abutments at the excavation where the depot will be constructed. As soon as the excavation is completed work upon the depot will be begun.

CARS ARE SCARCE.

For the first time since the business depression of last October the railroad officials are finding that cars are hard to get. Within the past few days local officials have been told that cars are scarce, due to the tremendous amount of wheat that the railroads are carrying.

It is stated today that so far the wheat movement is much greater than that of last year, and that practically every car that came utilized is being used to haul the wheat from the shipping points of the Western wheat country.

Only a month ago there was a great surplus and some of the local officials are finding it hard to get cars. The wheat movement is greater than the railroad officials supposed it would be. There was no anxiety that there would not be plenty of cars to haul the wheat, but according to present indications there will not be any too many cars for the great movement of wheat, and if the roads can come through the fall with sufficient rolling stock to move the crop promptly, there will be some surprised officials.

Officials say that if business was as heavy over the country as it was two years ago, there would be a very serious car shortage. With general business demanding more cars, the heavy wheat situation would place tight roads in a worse plight than they were in two years ago. At that time they found it impossible to move the crop until late in the winter. The decrease in general business saves the roads from such a condition this fall, but at the same time the roads will have use for all of the cars at their command.

"Correct Dress for Women and Children."

A Word About Our \$35 Suit Values....

Our \$35.00 Suit line is one well ready to withstand the attack of diversified personal selection, and discerning criticism. Perhaps no other single price covers such a multitude of desirable styles, textures and cloth weaves. Many extra smart models in the strictly Walking Suits of mannish material are shown. Excellence of quality, style, fit and finish are the basis of value. We have expert fitters at your service, and the suit is not yours until you proclaim it highly satisfactory in every respect.

Fine Serges, Worsteds, Chevrans, Broadcloths and mannish weaves.

Girlish Tailor-Mades of the Better Class Are One of Our Strongest Features.

Coats, Suits, Peter Thompsons and Dresses

Styles designed to meet the approval of the School and College Girl, with decided tastes. Girls between 12 and 20 are very critical about smart wearables, and know nifty things when they see them. Mothers realize how strenuous is school-day wear, and the value of the thing well made. Serviceability and smartness are the two prominent features of our Juvenile Garment showings.

SUITS — \$15.00, \$16.50, \$19.50, \$22.50, \$25.00 to \$35.00.

DRESSES — \$7.50, \$10.00, \$12.50 and \$15.00.

PETER THOMPSONS — \$15.00 to \$25.00.

COATS — \$3.50, \$5.00, \$7.50 to \$25.00.

Headwear, Sweaters and Guimps.

Case is Settled.

The personal injury suit of Simon Keaman against the Oliver Mining company was today settled for \$700. Keaman sued for \$20,000 for the loss of a finger and a thumb, which were so badly burned by scalding at the Mountain Iron mine, that they had to be amputated.

DANCE

MODERN SAMARITANS.
Beneficial Dances, Samaritan Hall, Twentieth avenue west and Superior street, Monday, Sept. 28. Tickets 25c.

TRAINS BY NEXT JULY

Vice President and General Manager Pennington of the Soo line, who is at the head of the Lakes today, states that the greater part of the construction work upon the Soo line, from Moose Lake to Superior, will be accomplished this fall. Mr. Pennington says that extra gangs have been added and that until this fall the work of grading and track-laying will be rushed as fast as possible.

Mr. Pennington believes that trains will be running into Superior over the new branch of the Soo by next July. The finishing touches will be placed upon the Moose Lake extension early in the spring, enabling the operation of trains at an early date.

Early in the spring, according to Mr. Pennington, work will be begun upon the docks and railroad buildings at Superior. There will be not let up in the work until the road is completed into Superior, according to the statement of the vice president.

TERSELY TOLD

Newport, R. I., Sept. 25.—The work of extricating the United States cruiser Yankee from Spindle Rock, where she struck during a fog Wednesday, was centered today in the construction of a wooden cofferdam about the vessel. It is planned by this means to free the vessel from surrounding water, following which the work of assisting the cruiser from the rock will begin.

New York, Sept. 25.—The control of the Washington Life Insurance com-

pany has passed from the hands of Levi P. Morton, Thomas P. Ryan and Harry Payne Whitney, to a Pittsburgh syndicate headed by William C. Baldwin, president of the Pittsburgh Life & Trust company. Mr. Baldwin was elected president of the Washington Life Insurance company to succeed John Tatlock.

COPPER STOCKS ARE ADVANCING

The Share Market Improves With Good Buying Demand.

The copper stocks displayed higher tendencies today and the closing prices were better than those of the previous day. The buying of the leading issues was steady throughout the session and a better feeling prevailed. All grades of copper metal advanced 1/2c.

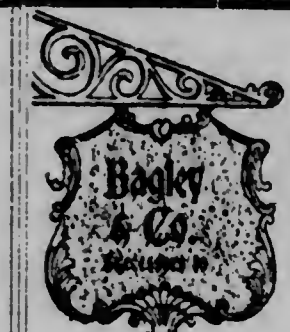

North Butte opened up at \$1.50,

declined to \$1.40, rallied to \$1.45 and closed at \$1.45 bid and \$1.45 asked.

Greene-Cannan opened at \$1.25, advanced to \$1.30, declined to \$1.25 and closed at \$1.25 bid and \$1.25 asked. Butte Coalition opened at \$2.45 and closed at \$2.45 bid and \$2.45 asked. SEASON IS PROLONGED

Warm Weather Has Kept Green Vegetables in Market.

Eggs Are Cheaper But Butter Has an Advance.

The warm weather of the past few weeks has done a whole lot toward prolonging the season for green vegetables, such as lettuce, cucumbers and tomatoes.

Ordinarily the regular season for these commodities of the summer bill of fare does not extend so far into the month of September. That is to say, the things mentioned do not remain as plentiful as they are now.

However, the warm weather seems to be about over, and a few good frosts will mean that the fresh green vegetables will have to be supplied only from the hothouses and Southern climates, until next summer's sunning begins their ripening again in this neck of the woods.

Cucumbers, lettuce and eggplants are already becoming irregular. Tomatoes are still to be had in a great plenty, and will be until the cold nights spell their end.

The Western fruit that Duluth has been receiving has been picked and the height of the season is over. This refers more to fruits like grapes, peaches, pears and plums, and not to more staple orchard products, like oranges.

New York apples are coming in more freely than they have at any time this season, and prices are reasonable.

Stocks of old oranges are thinning out and a few new ones are coming in. The crops of the week include some New Mexican oranges, and Florida oranges are expected to come in the latter part of the season. The Mexican fruit is selling on Michigan street at \$2.75 a box.

California oranges are quoted at \$4.75 a box.

Dealers declare that the cranberries coming now are about the best ever displayed here, for the early season variety. They are coming from Cape Cod, eight dollars and fifty cents a bushel, as the price asked by the local commission merchants for these berries.

After the supply of Cape Cod berries has been exhausted, New Jersey will send its share to this market, and later on there will be the berries grown in the numerous of Wisconsin and from other points comparatively near home.

Berries are steady and unchanged. They are selling at 1 cent a pound, just as they have for some time.

Tea is steady and unchanged. The price is 15 cents a pound, and the quality is about the same.

The strength in cabbage is about the same. The price is 15 cents a bushel, and the quality is about the same.

Onions are steady and unchanged. The price is 15 cents a bushel, and the quality is about the same.

Colcaba and California are now sending Rockford cantaloupes in good quantities, but the watermelon season is waning.

Eggs are cheaper than they have been, a decline of 2 cents being noted here this week. The hen fruit is quoted today at 20 cents a dozen.

Butter is going up. It usually does undergo something of an advance at this time of the year. The best creamery butters are selling on commission now for 25 to 26 cents a pound.

Poultry is higher this week. Spring chickens are wholesaling at 17 cents a pound, and hens are worth 14 1/2 to 15 cents. Turkeys are 22 to 25 cents a pound.

Prices remain unchanged in the fish market.

Lard is firm at 12 cents. Meats are on quite an easy basis. Beef is 6 to 10 cents a pound, mutton 8 to 10 cents, and pork 7 to 9 cents. Pork loins remain firm around 13 1/2 cents, as receipts at the stockyards are still light.

Don't forget to cure constipation without griping, nausea, or any weakening effect. Ask your druggist for them. 25 cents per box.

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—"Just Out of College."

"Just Out of College."

The most recent comedy from the pen of George Ade, entitled, "Just Out of College," will be the attraction at the Lyceum tonight and tomorrow matinee and night.

It is said that in this play Mr. Ade has introduced many types, and while he has embodied some old ones, he has given them all something new to do. In writing the comedy Mr. Ade made use of his gift of humor to put in the line light the college youth.

Edward Worthington Swinger is a very young man, just graduated. Swinger has fallen desperately in love with one Caroline Pickering, daughter of the picky king. Old man Pickering thinks Swinger is a silly ass and insists on his making good before he will surrender the daughter. To give Swinger every chance in the world, Pickering lends him \$20,000 and orders him to report in three months. Swinger doesn't have to fear, at the end of the first month, Pickering is out with his money to buy up the new Bingo Pickle company which, by

new methods, has put the pickle trust on the run. Swinger, as a silent partner in the Bingo company, has furnished the money. Of course, the young man gets the girl and manages to show a profit on Pickering's loss.

There are side plots which are nicely woven into the general story and all redolent of the Ade humor.

Mr. Mantell.

Miss Marie Booth Russell, who comes here next week with Mr. Mantell, and possesses some celebrity as a beauty and a unique sort of position as an actress. She has posed for a majority of the celebrated women of Shakespeare, although many of her poses have been in roles she has never had an opportunity to play. She has, however, been seen in this list: As Juliet to Mr. Mantell's Romeo, as Lady Macbeth, as Cordelia in "King Lear," as Portia in "The Merchant of Venice," as Portia in "Julius Caesar," as Lady Ann in "King Richard III," as Constance in "King John," as Desdemona in "Othello," and as Ophelia in "Hamlet." When Mr. Mantell plays "Richard," which he will do, she will be seen as Julia de Mortemer. She has played Pauline to his Claude Melante in "The Lady of Lyons," and was his leading woman in his old repertoire of romantic plays before, under William A. Brady, he took up Shakespeare's great tragic characters.

When next Monday night, Mr. Mantell appears as "King Lear," Miss Russell will not be seen as Cordelia, but as General, one of the elder sisters. This change in her role in the great tragedy was made at her own suggestion. In order, as she explained, that she might have a greater variety of roles. No other English speaking actress of the day is equipped for the position. Miss Russell occupies with Mr. Mantell, Julia Marlowe played Ophelia and Portia only. Madame Modjeska has played Lady Macbeth, Portia and Constance, the two former in conjunction with Edwin Booth in 1889-1890.

They Certainly Are Swell.

Women's New Fall Footwear \$3.50 to \$5

Many exclusive and clever styles are featured in this showing of Slippers and fine Shoes for dress and street wear. The lasts are not at all freakish, but good, conservative and comfortable styles, in a variety of different leathers. We wish to direct your special attention to our Volga and Red Cross shoes, shoes of high standard, because they are shoes of assured quality in leather workmanship and are most satisfactory for wear. We are showing these in at least 40 distinctively different styles, including all the latest styles. Prices range from \$3.50 to \$5.00.

It bends with the foot

Women's \$3.50 High Shoes at \$1.75

Encouraged by the remarkable success of this week's sales of these shoes we have taken about 200 more pairs of \$3.50 shoes and put them on the bargain counter for Saturday's selling at \$1.75 a pair. The way our customers have been picking them up the past few days is an indication that they will go quick tomorrow. So come in the morning, if possible.

Our \$3.50 Men's Shoes

The clever workmanship and material in these shoes bring them within a step of other \$3.50 standards. The infinite style, grace and character that is in every curve of this shoe is seldom seen in any except the very best \$5.00 makes. We show this shoe in 20 distinct styles and in all leathers. Come in and let us fit you to a pair.

Boys' Shoes \$1.75 to \$3

When getting the boy a pair of shoes, plan to get stout, serviceable footwear; other kinds soon show the relentless wear healthy children give their shoes. The American Boy shoe is made to stand hard wear, and still have that smart style which every boy likes. We have them in all styles and leathers; from \$3.00 down to \$1.75 a pair.

DULUTH AUTO TO CARRY TAFT

Party Leaves for Twin Cities to Meet Presidential Nominee.

To meet the Republican presidential nominee, W. H. Taft, at Minneapolis today, E. J. Filiatrault, of the Mutual Electric company, left yesterday afternoon from here with a party of Duluth men in a brand new 1909 Thomas Flyer, touring car, the first of its kind seen in the city.

The party consisted of Mr. Filiatrault, Leo Ball and Victor Huot. Joseph B. Cotton was also to have been one of the party, but at the last moment, on account of pressing business in the Twin Cities, was forced to travel by rail.

At Minneapolis, Mr. Filiatrault will offer the use of his car and chauffeur to Mr. Taft, for means of transportation on his campaigning tour of the state. It is expected that Mr. Taft will accompany Mr. Taft, if he accepts Mr. Filiatrault's offer.

The car is of the most modern pattern of the Thomas car. It is propelled by a 70-horse power, 6-cylinder engine, and will carry comfortably seven people.

The party expected to arrive in Minneapolis tomorrow, providing they have no accidents. The recent rain is said to have put the roads in excellent condition for touring, and with the new

car they expressed little doubt but what they would cover the distance in the set time. Mr. Filiatrault, Mr. Ball and Mr. Huot expect to return to Duluth Saturday or Sunday by rail.

MINNESOTA EXHIBIT IN EASTON'S CHARGE.

Washington, Sept. 25.—An interesting program was carried out today at the national museum, where the tuberculosis exhibition is being displayed in connection with the international congress on tuberculosis. The program included:

Michigan exhibit, demonstrated by Thomas S. Ainge, state department of health; Minnesota exhibit, demonstrated by Christopher Easton, director

HOLDS MINNESOTA FIRES DUE TO INEFFECTIVE PROTECTION

Washington, Sept. 25.—A telegram was received today from Raymond W. Pullman of the forest service, who is in Minnesota investigating forest fire conditions for the government, estimating the loss in that state at from five to ten million dollars, with fires still burning. He reports a heavy rainfall lasting five hours, but says thirty-six hours of rain are necessary to put out all the fires.

According to this report, practically all the district is cut-over country. Bush fires are everywhere and a long rain is the only hope for ending them

HIBERNIANS LEAVE CITY

Convention Comes to a
Close After Three
Busy Days.

Insurance Rates of the
Order Are Raised
20 Per Cent.

After having wound up the business of the most successful convention ever held in the history of the order, the members of the Ancient Order of Hibernians, who have been holding their convention in Duluth for the past three days, are leaving for their homes today.

Last evening Manager Michael of the St. Louis hotel was host at a dinner rendered the women of the Ladies' auxiliary by the St. Louis Hotel company. The women had been in session at the insurance convention all the afternoon. Had just finished at 8:30 in the evening, and the delicious spread spread before them, was thoroughly enjoyed and greatly appreciated. They had the main dining room all to themselves and the hotel orchestra played a special program of music.

In the afternoon the insurance convention closed and discussed many things that have come up before the members individually in the past, and which they were unable to settle without the approval of the entire board. Among them was the case of John Kelly whose family claims his insurance and who disappeared some fourteen years ago. It was set aside until positive proof of his death could be reported.

Dr. E. W. Buckley, state medical examiner and chairman of the committee to consider the proposed increase of insurance rates, reported in favor of the step. There will be a 20 per cent increase in the rates, and the new rates will go into effect Jan. 1. The age limit was also raised from 45 to 50 years.

The new officers of the insurance board are: Thomas J. Doyle of St. Paul, unanimously re-elected president; John E. McGowan of Rochester, unanimously re-elected vice president; John Mahon of Minneapolis was re-elected over James Connolly of Division No. 4 of West Duluth; John Sheely of Montgomery was unanimously re-elected treasurer and Dr. E. W. Buckley of St. Paul was unanimously re-elected medical director.

The directors of the insurance fund elected are: E. C. McCarthy of St. Paul; E. J. McManus, St. Paul; Martin Crehan, Minneapolis; W. E. Meylan of Escabe, and Fred L. Ryan of Duluth, who was re-elected. The state auditing board elected is composed of J. M. Tierney and J. P. Connors of St. Paul. The women did not make any changes in their insurance rates. The election of officers for the women's auxiliary resulted in the following: J. D. Daly of Minneapolis, president; Miss Agnes Huxley, executive; Mrs. J. J. Keating of St. Paul, secretary; and Miss Anna McGuire of Winona, treasurer. Mrs. J. J. Keating, secretary, and Miss Anna McGuire of Winona, treasurer-at-large; Mrs. Katherine McGowan of Duluth, secretary-at-large; Mrs. J. J. Keating of St. Paul, secretary-at-large; and Mrs. J. J. Keating of St. Paul, secretary-at-large.

The special train which brought a great number of the delegates to Duluth pulled out this morning over the Great Northern road, and about 250 of the 260 delegates were aboard.

WONDERS OF THE FUTURE

Marconi Predicts Strange
Things in Days Not
Far Away.

Catch Sun's Energy and
Store It for Our
Use.

New York, Sept. 25.—That steamships will be run by sunshine is the opinion of Guglielmo Marconi. The inventor of wireless telegraphy has come to America to increase his trans-Atlantic service from a capacity of 5,000 words a day to 20,000. After predicting a great future for wireless telegraphy he said: "There seems to be a happy fate in the coincidence of scientific discoveries, which on first thought are quite unrelated to each other. The development of the airplane as shown in the astounding performance of the Wright's machine in Washington, would seem to have nothing in common with the perfection of wireless communication, and yet, if one looks into the future, the great airplane which is to come, sailing at incredible speed and at unfathomable and varying altitudes, could never without the wireless speak each other as ships do at sea, and so remain in touch with those safely at home. "And the airplane is certain to come into general use, and that within one lifetime of our generation, not for freight, perhaps, but for people surely. In 50 years the people of New York will be freed of the vexing problem of rapid transit. There will be no need for surface cars, elevated roads, subways, tunnels and ferries. "In fact, as I look into the years to come, I am convinced that life will be an easier problem, a more genial function in the scheme of things, than it is today. Birthrate to Decrease. "Aside from the economy of labor which follows the coming of Nature's forces, there will be fewer people among

THE GLASS BLOCK

Store Hours: DAILY—8 a. m. to 6 p. m.
SATURDAY—8 a. m. to 10 p. m.

Tomorrow, Saturday, the Final Day of Our

FALL OPENING

Will be doubly interesting to our many visitors—interesting in the first place, because of the completeness of our exhibits of fashionable fall garments, fabrics and requisites. In the second place, because of the list of "Opening" Bargains for all day Saturday. *These will be shopping opportunities not to be missed!*

Special Attractions Rule for the Third Day of Our Fall Opening

As evidenced in the record-breaking attendance of yesterday and the day before, we have made a deep and lasting impression with the worthiness and beauty of our formal Fall Opening.

Never was the excellent taste and shrewd ability of our buying organization more ably demonstrated than in the collection of smart wearing apparel and dress requisites which made their appearance last Thursday—It was another distinct triumph, glowingly testifying to the superior advantages offered by **THE GLASS BLOCK STORE.**

It is one thing to view a beautiful assemblage of ultra-exclusive fashionable models in cloaks and suits, or skirts and waists, or exclusive millinery creations, and quite another to find their prices within the reach of everyone. And yet, that is just the condition which prevails at this opening! Come today and see for yourself. COME!

WHILE LOOKING, DON'T OVERLOOK THESE! "OPENING" BARGAINS FOR ALL DAY SATURDAY.

On Bargain Counter No. 1

5,000 yards of Embroideries—Swisses, Nainsooks and Cambrics—both edges and insertings in the lot from 3 to 7 inches wide. This is one of the bargains that you'll hear talked of for a long time after the sale is over—embroideries of this class would be considered cheap at 25c per yard—Come on Saturday and secure them while they last at, per yard.....

10c

Also on this counter—Ladies' Neckwear—Ladies' and misses' silk and mercerized knit collars—something new and neat, and exceedingly pretty—one of the "hits" of this season, which if sold regularly would bring from 50c to \$1 each. These are in all the solid colors—also in black, white and combinations—as an opening special, secure them on Saturday at, each.....

25c

On Bargain Counter No. 2

It's Early, We Know, But "The Early Bird Catches the Worm."

Ladies, listen! For years we have been in the good graces of one of the most important glove and mitten manufacturers in the United States. Our account with this firm on regular goods is one of the largest which they have on their books, and in view of this fact we usually get first chance at their entire lot of "Seconds," and at merely a nominal price! The first installment of these "Seconds" is here now and for Saturday we will offer you 350 dozen children's, boys' and misses' wool, silk and wool and mercerized Gloves and Mittens, worth up to 35c per pair, for, per pair.....

10c

New Millinery Creations

Creators of fashions have, in Millinery, studied the old masters, and have revived the styles from the Empire and Directoire periods.

The Hat—most important article of Millinery's wardrobe, must of necessity show fashion's tendencies. And this season, the great modistes of the world have found a most fruitful field for the exercise of their genius.

The Large Hats are most in evidence, and are most becoming with the new gowns which are designed with the changing lines and "Directoire" effects.

But almost as great favor is shown in many unique effects in medium and small Hats.

In our showing—Hats of all sizes are featured strongly.

The new ideas will delight you—crisp, sparkling, delightful ideas they are—and the varieties and values will perfectly meet all requirements. Come!

Children's Headwear

Almost as much care has been expended in this selection of our Fall Headwear for children, as in the selection of the balance of our Millinery stock. Children's styles change as often and as radically as those of grown-ups—and the children like to be stylishly dressed almost as much as do their elders.

We are showing the new Large Flat Hats, the droop effects, with sash, cord and tassel trimmings, and the popular rolled brim children's Hats, also a full line of Children's and Infants Bonnets, in all colors and in a wide range of materials.

Come yourselves. Bring the children.

Ladies' Tailored Suits

In no department of this big store is there such a full and comprehensive showing of New Fall Merchandise. Everything, from the inexpensive to the elaborate, is to be found in our stock of Ladies' Tailored Suits, all the newest styles to be worn this fall, including many Americanized copies from Imported French Creations, Modified Directoires, etc.

The garments for this season are more practical than any shown in many seasons past. Coats are all to be worn long, and are of materials sufficiently heavy to be worn late into the winter. Tailoring is nearer perfection than ever before—many of this season's suits being perfectly plain tailored, derive their style, tone and individuality from the tailoring alone.

It would be almost impossible to describe in detail the many styles to be found in this big department, but consider yourselves most cordially invited to come in and look around. The new styles, the new fall shades and color combinations will be a means of pleasant entertainment. Don't think that you'll be urged to buy. Your only prompter in that respect will be your own judgment. Pay us a visit!

Men's Neckwear and Gloves

These are two of the most important accessories in men's attire, in which we are presenting the newest concepts for Fall. In neckwear—the reversible French Fold and open end four-in-hands—and the wide end "Bat" bow ties predominate in the popular long diagonals and Persian patterns—plain colors also are being much worn, in shades to harmonize with the new fall attire.

The correct thing in gloves is the heavy Russian Cape, outseam, unlined, in all shades of tan. We are also showing a full line of silk lined kid Gloves (lighter weights) in black, gray and tan colors, and dress Gloves in pearl gray, Mocha and kid skins. Particular men will find pleasure in selecting from our assortments.

New Carriage and Hand Bags

In our Leather Goods Department, there is displayed a large and complete assortment of all that is new and popular in Ladies' Carriage and Hand Bags. From the small inexpensive bags of fancy leather—up in gradual rises of quality and price to the Grain Walrus and Seal—thence to the Real Walrus and Seal, and so on up to the exclusive Bags of genuine Alligator Skin. See our display—it is without a parallel in Duluth.

New Gloves

Not by any means the least important item in women's dress, are her gloves. Our Glove Department is well stocked with the best that the season affords. Getting the proper gloves for fall is merely a matter of putting your hands across our Glove counter, and being fitted. We have all the new styles in correct lengths and wanted shades. Our assortments are the most complete the town affords, and prices are as low as is consistent with good style and absolutely trustworthy quality.

A Magnificent Display in Shoes

In this department we went about our preparations for Fall with a determination to outdo our best previous endeavors. Our achievements have been fully as satisfactory as our endeavors were determined, and a display of Fall Footwear of quality for men, women and children, such as you have never experienced in this locality, awaits you. And we know every shoe we carry—know them to be thoroughly honest in leather and construction, and the best possible shoe value at the price we mark them at. Come and see.

whom to divide the benefits. The birth-rate will continue to decrease, as I believe it should, at least for the present. With the growth of intelligence among the mass of people there will come a realization of the folly of rearing more children than can be properly fitted to be efficient members of society. Quality, not numbers, will come to be the standard of racial excellence, and the present anomalous condition wherein the number of children in a family is inverse ratio to the earning capacity of the parents, will have disappeared.

"The condition today is not one of race suicide, but of social common sense. And if the present enlightenment of the average men and women continues to its righteous turning point there will come an end of congested cities, with their wretched and starving children of the tenements, their crimes, their killing competition and their discouragement of the gentler aspirations of men."

"In all ways science is more and more striving to perfect the practical comfort and well-being of the world. Of course, there will always be shipwrecks, and ere long we shall cross the ocean in ships run by electric power. There will be no grime of coal smoke, no sickish odor of stale steam, no blazing caverns in the hold, where human

beings with staring eyes and blackened faces sweat their lives away that the pulse of the engines may not stop. The storage battery will take the place of coal and fire and water. Instead of coaling the great ship will quietly and cleanly renew her batteries at her journey's end, and if coal is used, it will be far from the linen and the noses of men.

Enslave the Sun's Rays. "Furthermore, I look for the time when coal will cease to be our only source of energy. In every land men are patiently studying the problem of utilizing the energy of the sun—storing it in fact—so that the generation of electric force may be cheapened by its use to a point where it will be an economic as well as an academic possibility. The wasted energy in coal as now used may in the interval be brought to do its work, and so bring about the monster storage battery sooner than we now expect. But

sooner or later, we shall enslave the sun's rays to our uses as we have the other products of his being. "Ah, yes, life is going to be a better experience for our children than it is for most of us now. In many little ways it will be so. Do you know that in many laboratories they are coming close to letting us see the person who is talking to us at the other end of the telephone connection? And if they can do this, if they can transmit the light waves of images at a distance—and it looks as if science is bound to accomplish it—I am voicing no extravagance in saying that we may yet sit in our homes on a cold winter's night, turn a switch, and not only hear, but see the opera in progress in a far-off building. "And, going back to my own hobby of wireless communication, I want to say that we shall not have to wait long for the wireless telephone. Dr. Forest and his colleagues are going great things in that direction."

GOOD BEAR STORY.

Bruin Carries Off Small Boy Who is Rescued by Brave Man. Winnipeg, Sept. 25.—A dispatch from Revelstoke says: While standing on the depot platform, James A. McDonald, chief engineer for a contracting firm in the big tunnel, says a bear

came out of the bush and carried off the 8-year-old son of William Lines, a locomotive engineer. McDonald chased the bear, who took the child to his den, and after a strenuous fight managed to rescue the boy, who was seriously injured, but will recover. The bear made his escape into the mountains.

Reward Money Divided. St. Cloud, Minn., Sept. 25.—(Special to The Herald.)—The controversy over the reward for the capture of Pat Sheehan at Cable on the morning after the Becker shooting has been settled. The \$100 offered by the city is

to be divided among four men, J. P. Stephens, who accompanied Joe Rich and assisted in the arrest, is to receive \$40; Frank Kalscheuer, who claims to have given the information which led to the arrest of the man, gets \$20; A. J. Durgan, the operator at Cable, and C. Hauch, the Northern Pacific operator in this city, secure \$20 each for the information given by them.

WALKED TO MINNEAPOLIS. Refugees From Pillsbury Location Found in Helpless State. Minneapolis, Minn., Sept. 25.—Vincent Gurrida, 45 years old, a refugee from the Mesaba range, where he was employed in the Pillsbury mine, was picked up yesterday in a ditch at Minnehaha Falls, where he had lain helpless for the last two days. Gurrida had fled with his belongings when the Pillsbury mining location was wiped out by the forest fires and was driven from place to place by the pursuing flames.

Gurrida's pack included a wooden chest, two telescope valves, clothing, cooking utensils and various articles, the total weight of which was between 200 and 250 pounds. Heading for Chicago, with his heavy pack, he began his weary tramp to escape the flames. He does not know how long he was on

the road, but he finally reached the railroad yards at Minnehaha Falls. He is being cared for by the Minneapolis police.

A BLAZING RUNAWAY. Chippewa Falls, Wis., Sept. 25.—A blazing wagon attached to a pair of frightened horses, which were also on fire, was the spectacle which some of the farmers of Auburn saw rushing by. The horses were finally cut loose from the wagon. They were badly burned and the wagon was destroyed. Ben Bisky, who owned the rig, had thrown a lighted match into the wagon box, which was saturated with kerosene, and accidentally caused the fire.

BLIND PIGS ARE RAIDED

Twelve Foreigners From Range Arraigned in District Court.

Four Babies In Party Add Lusty Screams to Proceedings.

The wild shrieks of babies in arms and the chatter of foreign tongues disturbed the quietness of Judge Cant's courtroom shortly before noon today and put dignity and decorum to flight. A deputy arrived from the range with nine women and four men, indicted by the last grand jury for "blind pigging," or, in the words of the charge, "selling liquor without a license." Indicted to the women, there were four lusty-lunged babies.

When the procession lined up inside the railing, the scene was unusual and the noise unprecedented. The dresses had the variety of color of Joseph beaten forty ways and then some. Little island wasn't in it for a minute for noise. The babies let loose sobs, wails, cries and quivers in irregular order and in every known key. The women walked then around the room, out into the hall and all over the place, but the yells never ceased.

The court habitually stopped their ears, while the proceedings went on and when the last one was arraigned and the crowd driven from the room, a sigh of relief went up. The performance will be repeated tomorrow afternoon with possibly a few interpolated numbers.

All of the people were from Chisholm and are Montenegro or Austrians. In most cases the charge is selling three or four bottles of beer, the indictments naming specific dates.

Fannie Louschka was the only one of the crowd to plead guilty. She weighed the circumstances and decided to take the penalty. She was fined \$100, with the option of ninety days in the county jail, a further sentence of thirty days in the county jail being suspended on good behavior.

In sentencing the woman, Judge Cant said: "You are living in the state of Minnesota and are protected by its laws. You must obey those laws. Under the laws of this state, no person may sell beer in small quantities without having a license therefor. No matter what may be done in other places, here in this state, if your training in the old country was such as to justify just such an action as this to which you have pleaded guilty, here another rule prevails."

"If you desire to engage in the sale of liquor, you must secure a license the same as other people engaged in the business. These places where liquor is sold without a license are not under police surveillance like other places and they sometimes become disorderly and the scenes even of tragedy. For this reason the law forbids the sale of liquor anywhere except in a place licensed by law and the proper authorities. See, therefore, that as long as you live in this state, you abide by the law in this respect. If you appear in this court again on a similar charge, the punishment will be much more severe than that now to be imposed."

Pleas of not guilty were entered by Agnes Melchick, Mary Prejanti, Joseph Kuchewar, Agnes Gornich and Carolina Knaus. The other six, Mary Petrich, Frank Kump, Theresa Gregorich, Matt Gustin, Joe Lie and Frank Arco will plead tomorrow afternoon at 2 o'clock.

Our Greatest Umbrella Special at \$1.00

The best Umbrellas ever sold at \$1.00 any time or any place—top of waterproof cravenette—8-rib, best Paragon steel, Moulton wireless frame—men's and women's 26 and 28-inch sizes—plain or fancy handles—choice. \$1.00.

Here Are the Best \$25 to \$35 Suits in Duluth We Can Prove it to Your Complete Satisfaction.

We know what we are talking about—we've made sure of our facts and we say to you earnestly that here are better suits than ever we offered before at \$25.00 to \$35.00. And our opinion is enthusiastically backed up daily by discriminating women who "look around" only to come back to buy here!

Our Styles Are Different
It seems to be a hard proposition to combine quality, style and tailoring as happily as we have done in these \$25 and \$35 suits! At least no other house seems to have done it—but possibly they failed to give the matter the same careful attention we have done! And, perhaps, they are not willing to sell as closely as we do!
Just compare the suits we are selling at \$25 to \$35 with the best you can find elsewhere! Try on all the suits you like—then buy where styles are most pleasing, and quality most satisfactory. That is all we ask of you.

Have Your Suit Fitted Over a New Corset

The new Fall models of W. B. Corsets are ready—they conform to the Fall styles in dress—they remould the lines of the figure by clasping the soft flesh gently, but firmly and shaping it as the sculptor would his clay.
They do so scientifically, hygienically, harmlessly—by our corset experts will gladly show you the new models. Prices range \$1.00 to \$4.00 for the new models.

Wash Goods Dept. Offerings

36 Inch Flannelettes 15c

Misses' Dongola Kid Shoes Boys' Chrome and Box Calf Shoes with heavy soles—patent leather tips—Cuban or low heels—Blucher or button styles—good shoes for school and general wear—our unequalled values at \$1.50 pair.

POLICE ARE AFTER BOYS HIT BY TREE AND KILLED

The shooting of guns on Park Point must be stopped.

To emphasize their orders in this direction, the police this morning confiscated the gun of Arthur Easton, a boy under 14 years of age, who was discharging it across the canal.

There is an ordinance which prohibits any one under 14 years of age carrying a gun, and which says that the weapon may be confiscated where the offense is proven. Any one over 14 years of age, who is caught discharging fire arms within the city limits, is subject to arrest and a fine and his weapon may also be confiscated.

Recently there have been many complaints made to the police because of the promiscuous shooting on the Point. The principal offenders are owners of good many snipe along the lake and bay shores, and among the trees quite a few "yellow lammers" are to be found. The boys have been shooting these birds at all hours of the day, and frequently the bullets sing dangerously close to the heads of Park Point residents.

It is claimed the boys are very careless, shooting at a bird no matter where it may be sitting, without regard for what may be behind it. Several windows have been hit by stray bullets, and many narrow escapes from the whizzing bullets have been reported.

The police intend to put a stop to the practice altogether, and with that end in view will confiscate a gun wherever the city ordinance will permit such action. In cases where the boys are over 14 years of age there will also be a fine or jail sentence imposed. Plain clothes men are watching for offenders, and this is how young Easton came to be caught.

Edward Edstrom, a homesteader near Northland, forty miles from Duluth, on the Duluth, Missabe & Northern road, was killed yesterday afternoon as the result of being struck by a falling tree, blown down by the wind.

Edstrom, who was 32 years old, formerly lived in Duluth, and was quite well known here. He made his home on the claim, residing there, with his wife and child.

VAN DRIVER IS KILLED.

New York, Sept. 25.—One man was instantly killed and more than a dozen persons were injured when a Church avenue car crowded with passengers crashed into a furniture van in Brooklyn.

Samuel Witnick, the driver of the van, was hurled more than twenty feet by the force of the collision and killed. The motorman of the car, William Marks, was seriously cut by flying glass and was removed to a hospital a prisoner, charged with homicide. Every passenger in the car was cut by the flying glass and several were trampled in a wild rush for safety, following the collision.

Nothing better than the best.

SUPERIOR NEWS

Gets Verdict of \$3,000.

In the case of Ida Johnson against the Webster Manufacturing company, the jury yesterday returned a verdict of \$3,000, just one-tenth of what the plaintiff was suing for. The case was one in which Miss Johnson sued the company for \$30,000 for injuries she alleged she received in the fire on Aug. 30, 1907. The case was given to the jury at 11:40 o'clock yesterday morning and the verdict was returned in the afternoon.

Again on Trial.

The case of Micky Dillon is again being heard. Dillon has once been tried on the charge of an attempt at safe-breaking, and is now being re-

tried on the same charge. It is alleged that he, with three other members of the gang, Devine, Clancy and Keenan, who are now serving time in the penitentiary for the crime, attempted to burglarize Larson's saloon, on Grand avenue, on the night of April 5. The jurors selected for the case are: Carl Wirth, Frank Waldo, T. P. Moylan, J. Gagnor, Fred Chaffey, F. W. Edelman, J. B. Delphonic, J. W. Hoosier, D. Stevenson, Carl Edin, A. Bloomquist and J. Taylor.

Restrained From Paving.

The Wisconsin Central railroad today secured an injunction against the board of public works and the city of Superior, restraining Contractor Dahl from carrying out the contract to pave the alley north of Winter street, between Banks and Ogden avenues.

not derive any benefit by the proposed improvement.

Have County Exhibit.

With the Douglas county exhibition in their custody, L. P. Lord and Sheriff Charles Bird have left for Madison, Wis., where the national farmers' congress is in progress. The Douglas county exhibit is comprised of samples of corn, apples, potatoes, cabbage, celery, alfalfa, clover, timothy and other grasses.

Leandro Returns.

After having completed a hard country campaign, Leandro, Republican candidate for congressman from the Eleventh district of Wisconsin, returned to Superior yesterday as the very best of health and enthusiastic over the prospects.

Some tenants are as bad as fire. Herald went yesterday for the sort who have con-

MAY DRAW WATER FROM SUPERIOR

Is it possible for St. Paul and Minneapolis at a distance of 160 miles from Duluth to draw water from Lake Superior?

That's the proposition they are talking over in these two cities, and before long they may be actively engaged in looking the matter up.

It is said that the small lakes that furnish the water now, will in a few years be unable to furnish enough. The cities are growing so rapidly that the business men have begun to worry over this necessity.

To run the water from Lake Superior would call for the expenditure of at least \$15,000,000, and those pushing the scheme believe the money could be

raised. Los Angeles has just voted \$22,000,000 for a water supply, and as this is the greatest necessity of a large city, and the water supply even now in these cities is extremely poor, some scheme for the betterment of the water system must be thought of soon.

The Lake Superior scheme is well thought of there.

THINKS HE IS INSANE AND IS

A. A. Woodbury, who was brought down from Blwabik this morning to be examined for insanity in probate court, is insane because he kept thinking people thought he was insane. According to the information filed with Judge Middlecott of the probate court, Wood-

bury's insane notion that people thought he was insane drove him insane. The case isn't quite clear, but Woodbury's friends think he is insane, so they want him examined.

Woodbury has another crazy notion. He says that he is one of the men who burglarized the Blwabik bank. There is nothing to connect him with the affair, so that is laid to his insanity also.

Woodbury is 35 years old and single. He has been at Blwabik but a short time, working in the Bangor mine. He went to Blwabik from Barnum, it is said. He was born in St. Paul and the whereabouts of his relatives are unknown.

EXCHANGES FARM LANDS FOR MINNEAPOLIS FLATS.

Iron River, Wis., Sept. 25.—(Special to The Herald.)—R. A. Stackbauer has just closed a deal for the exchange of 5,000 acres of Bayfield county lands,

for five brick flat buildings in Minneapolis. The new owner of the lands is R. R. Bechter of Minneapolis. He will put the lands on the market to be sold in small tracts to settlers. The flat buildings are new and up-to-date and will accommodate twenty-two tenants and are all occupied at present. The buildings are valued at \$65,000.

FREAK OF LIGHTNING

Milaca, Minn., Sept. 25.—(Special to The Herald.)—During the violent thunder and lightning storm Monday evening a bolt of lightning struck a tree near A. Lemay's house, and appears to have jumped from the tree to the roof of the house. It tore a hole in the roof and penetrated to the interior, tearing off the wall paper in one of the rooms, upsetting furniture and started a blaze which was quickly extinguished by the dazed inmates.

The tree was riven by the lightning, but, beyond a slight shock, the inmates of the house escaped uninjured.

NEWS OF THE NORTHWEST

BARBECUE FOR TAFT

North Dakotans Planning Novel Entertainment at Fargo.

Grand Forks Will Also Give Candidate Fine Reception.

Grand Forks, N. D., Sept. 25.—(Special to The Herald.)—The Republican candidate for president will be met by a committee of the North Dakota Republican committee at Crookston, Monday, and will be entertained during the entire time he is in North Dakota by this committee. The members of it are United States Senators McCumber and Henshaw, Congressman Gronum and Marshall, M. N. Johnson of the state committee.

A Grand Forks reception committee will also meet for the purpose of entertaining Mr. Taft at Fargo on Monday. The trip between Grand Forks and Fargo promises to be a pleasant one for Judge Taft, as a game supper will be served aboard the train. There will be a short stop at Hillsboro, also to allow the people of that city to hear the Republican candidate. The Fargo address will be delivered in the evening. The Taft special is leaving for the south at 10 o'clock.

Special trains have been secured to run from Minot and Hainan on the Great Northern to Grand Forks.

Big Barbecue At Fargo.
Fargo, N. D., Sept. 25.—(Special to The Herald.)—One of the features of Taft's day here Monday will be a barbecue. This is to be put on by the people of the western part of the state. They are coming here on a fifteen coach special from Dickinson. 300 miles west. They asked permission of the local committee to put on the barbecue and the "slopers" from Bismarck west will have entire charge of that feature. They have sent some fat steers, pigs, sheep, lambs and other animals here and have the barbecue in charge of a well known caterer. Taft and his party are to be the honored guests at the barbecue and the multitude will be fed as well.

Special trains are to be run over all branch roads, the main line from Dickinson and over the Great Northern from as far west as Minot. This is the main speech Mr. Taft will make west of the Twin Cities, efforts are being made to have a very Republican possible here. The Taft party will arrive at 6:30 and remain till midnight. If the weather is favorable the speech will be in island park in a natural amphitheater and will be two hours in length.

COPPER COUNTRY FARMERS

Making Very Fine Show at the Houghton Fair.

Houghton, Mich., Sept. 25.—(Special to The Herald.)—That the year 1908 will go down in history as a prosperous one for the farmers of copperland is made manifest by the unusually high grade of vegetable and grain exhibits shown at the Copper country fair, which opens at the Houghton fairgrounds Tuesday. This year's exhibits completely excel all previous attempts in the line of demonstrating to the people the possibilities of the Copper country, efforts are being made to have a very Republican possible here. The Taft party will arrive at 6:30 and remain till midnight. If the weather is favorable the speech will be in island park in a natural amphitheater and will be two hours in length.

SLAYS HIS PARTNER.

North Dakotans Murders During a Fit of Passion.

Devils Lake, N. D., Sept. 25.—The corner of Ramsey county has gone to Starkweather to investigate the killing of J. Thomas by his brother-in-law, J. Howard, which occurred yesterday. Howard is said to have killed the dead man in a fit of rage, then turned the weapon upon himself, inflicting what may be a fatal wound.

The tragedy occurred on the farm, miles from Starkweather. The murderer and victim have been partners and had frequent quarrels concerning business transactions. Howard has a violent temper.

CLOTHING SHOW FOR MEN.

Exhibit of the Latest New York Styles.

Kennedy & Anker have just opened their New York Style Show for Men and Young Men.

Clothes of all kinds and descriptions of the very latest fashions are being shown.

The greatest fashions of New York, ALFRED BENJAMIN & CO. whose models are imitated all over the country, have furnished the garments now on exhibition.

The men who design the Benjamin clothes are widely known as the creators of real New York Style. Anker & Kennedy have been fortunate enough to get their very best in the dictations for the exhibition of Correct Clothes for Men and Young Men.

Fashion has dictated high colors, which are very pleasing to the eye, and which will be extensively worn.

Striped patterns are very frequent and produced by tailors whose fingers are constantly on the pulse of fashion. They are certain to be worn by correct dressers.

There are many other fabrics; each one a masterpiece of true style; that is, New York style.

With this style show being held here just at the beginning of the season, there will be absolutely no excuse for any man in Duluth, not being fully up to the metropolitan standard in matters of dress.

PITCHER BREAKS HIS ARM.

Puts Too Much Strength in Throwing a Ball.

Dickinson, N. D., Sept. 25.—Frank J. Smith broke his arm in making a throw for a drop delivery ball while in the box for the locals in the game here Wednesday with Miles city.

The accident happened in the fourth inning. Mr. Smith was holding the visitors down in beautiful shape and his arm had not given him the least bit of pain

varieties of vegetables and grains, all tastefully arranged and making a very pretty display.

There are a number of new features in this year's vegetable department, chief among them being egg fruit, California russet potatoes, Finnish and Swedish potatoes (cucumbers grown in Hubbard, popcorn and an unusually fine line of onions.

MRS. SCOVILLE

IS RE-ELECTED

President of the State

W. C. T. U.—Governor

for Woman Suffrage.

Marshall, Minn., Sept. 25.—The state W. C. T. U. in session here, has elected Mrs. Bessie Laythe Scoville of Minneapolis and formerly of Duluth, as president.

On Wednesday evening the convention attended the political meeting in the Auditorium where Governor Johnson spoke.

By invitation yesterday Governor Johnson briefly addressed the delegates in the Presbyterian church, and strong-

ly endorsed women's work in uplifting humanity, asserting his belief that the time would come when women would be given greater power and authority through equal franchise with men.

The retired business woman was affixed to an appeal for woman suffrage.

Tuesday evening's session was devoted to the Minnesota intercollegiate oratorical contest. M. N. Ochs of the state university was awarded first prize of \$50; Frank A. Hathaway of Parker college, Winnebago, the second prize, \$25, and A. L. Markye of Augsburg seminary, Minneapolis, the third, \$15.

and the break came like a clap of thunder. The break is half way between the shoulder and the elbow and is pronounced as a bad one. The break is in the middle of the arm. In this city. He is of the firm of Smith & Evans, plumbers. Davis finished the same job, resulted 16 to 5 in favor of Dickinson.

IMMENSE DITCH

BEING PLANNED

Polk and Marshall Counties

Have Large Enter-

prises on Foot.

Crookston, Minn., Sept. 25.—(Special to The Herald.)—Ditch No. 73 which has just been established by the board of commissioners of Polk county and which will tap the Beltrami swamp, is one of the most important waterways ever constructed in this section. The ditch is to be seven miles long, including the laterals, and the cost will be about \$40,000.

It will run parallel to the state ditch in the same vicinity and follow the old bed of the Sand Hill river, into which it discharges later on.

The Sand Hill, now being a live stream from the fact that so many ditches empty into it. The ditch will effectively drain the Beltrami swamp, and in addition will handle the flow from the state ditch.

Engineer O. L. Hamory of this city states that Marshall county is doing an immense amount of work this year, and preparing for more to be done next year. Six new ditches are being constructed in that county this year, in addition to a large amount of work on old ones, including extensions.

The highest new ditch project, upon which Mr. Hamory will report some time before the first of the year, is ditch No. 20, northeast of Togo, Falls, which will be thirty-eight miles long and which will drain the river and will drain an immense area.

Engineer Hamory alone has kept fourteen ditch contractors busy all season and says more work will be done next year in the ditch construction line than for many years past.

NORTHERN MINNESOTA BEST.

Those Who Try Other Fields Always

Like to Come Back.

(Special to The Herald.)—Two years ago Henry Granum, who for years prospered in business in Plummer in this county, sold all his business and farm interests and went to the west, where he purposed remaining the remainder of his life. He has now returned to his home and is planning to remain there for the rest of his life.

He had been one of the earliest settlers in this neighborhood and had accumulated considerable property and was convinced that he could do better in the west. He went to Seattle, invested in land there, but last week left all and returned to his home in Plummer, satisfied to live here where he claims any industrious person can do fully as well as on the coast.

RIVAL TELEPHONE COMPANIES

May Live Up Things in Thief River Falls.

Thief River Falls, Minn., Sept. 25.—(Special to The Herald.)—Not a little interest is excited in this city over what may develop into a contest between the Tri-State Telephone company and the Northern Telephone company. The latter company has bought out the local system from Judge Bishop and is now in possession of the franchise that the original company possessed. The Northwestern company is trying to secure the franchise in this city, but has not succeeded and now is trying to secure it by other means.

The several Italian societies of the city, which they are permitted to place telephones in the four banks and several other business places. The Northwestern company is trying to secure the franchise in this city, but has not succeeded and now is trying to secure it by other means.

As soon as his departure was known search for him was begun. He was found in the Palace hotel with another person, who was undoubtedly waiting for a freight train to carry him from the city.

FIX DEDICATION PLANS.

Notable Event in Calumet Italian Circles Oct. 10.

Calumet, Mich., Sept. 25.—(Special to The Herald.)—The plans for the dedication of the new Italian hall, on Seventh street, Oct. 10, have been decided upon and the program is being printed. James MacNaughton, general manager of the Calumet & Hecla Mining company, will also deliver the address.

The several Italian societies of the city, which they are permitted to place telephones in the four banks and several other business places. The Northwestern company is trying to secure the franchise in this city, but has not succeeded and now is trying to secure it by other means.

As soon as his departure was known search for him was begun. He was found in the Palace hotel with another person, who was undoubtedly waiting for a freight train to carry him from the city.

FINDS VALUABLE PEARL.

Broadhead, Wis., Sept. 25.—D. A. Brodhead, a fisherman, has found a valuable pearl in a lake near his home. The pearl is said to be worth \$2,000.

STOUT INSTITUTE OPEN.

One Hundred and Fifty New Students on Hand.

Menomonee, Wis., Sept. 25.—The Stout Manual Training schools opened their first year under the new name of Stout institute Tuesday, with an enrollment of 150 new students. This gives a complete enrollment of 150 in the department of domestic science, 20 in the kindergarten, 40 in the manual training department. The city schools also reopened with L. D. Harvey as city superintendent and George

CARELESS HUNTER WOUNDS

Father and Two Daughters Accidentally Shot.

Calumet, Mich., Sept. 25.—(Special to The Herald.)—While walking near the dam yesterday, Charles Olson and two daughters were wounded by a careless duck hunter whose identity is unknown. Olson's injuries are most serious, but all three will recover.

CANDIDATES RUNNING CLOSE.

Exciting Contest for Conaty Attorney in Cass.

Cass Lake, Minn., Sept. 25.—(Special to The Herald.)—The contest for county attorney in Cass county still continues. At the present time U. S. Scribner seems to be three votes ahead of his opponent, R. M. Funck. All through the campaign it has been very close, and the other being one or two votes in the lead.

Wednesday, the canvassing board was about to adjourn and declare Funck nominated by one majority, when the Bulah report arrived, giving Scribner three the best of it. There is much dispute as to the validity of the report, inasmuch as it took eight days to arrive. Attorney

CONCERNING WOMAN.

Woman is late in arriving. This distinguishing characteristic may be applied to her arrival at a club meeting or her presence most times at the point of a joke. One could forgive her the latter, and one learns in time to ignore the former, but wouldn't it be nice if woman only would learn to be on time?

In a girl the matter is overlooked because, forsooth, there is small chance of improving her, and a gallant swain will wait on the corner, before marriage, for a half hour quite cheerfully for the lady to appear, and her first smile and half spoken apology is accepted with charming grace. Let her try it on the same man converted into a husband. He may wait five minutes, and if she appears within that time he will say with handsome dignity:

"Do you know that you have kept me waiting half an hour?"

"Oh, not really a half hour," apologetically.

"Yes, a half hour," with a dignity from which the chill has not been taken.

"Well, I'm awfully sorry, but—"

"That doesn't help matters much, because I have been waiting, and—"

"But I simply couldn't get my hat to go on. You think you can't get it on, but I tell you when your hat gets a streak, you just can't do a thing with it—"

"You should have begun sooner," with stern emphasis.

"How was I to know that a dozen things were going to go wrong? Every hook I tried to hook came off, and—"

"Well, my dear young woman, try to use reason. Do you think I have nothing to do but stand on the corner and wait my turn while you sit at home with nothing on earth to do but get yourself ready for this appointment. I tell you time is money."

"No, it isn't, John, no, it isn't. And anyhow, I think you're exceedingly narrow-minded to say I have nothing to do. If you had been at home, try to think that's always the way. Nothing to do. Well—"

"Oh, what's the use of talking?"

"Not a bit of use," says John, and then continues: "But let me tell you one thing. The next time you have an appointment with me, if you expect to see me, be there on time. I warn you I shall never wait again."

"Well, that's a nice thing to say to your wife. I hadn't a notion you were so bad-tempered. And just for a measly little five minutes, too."

"Half an hour," says John.

"Five minutes," says John's wife.

He may in time, with years of tender patience, achieve the miracle of inducing her to be on time when she has an appointment with him, but the rest of the world will never know that, and that, or he may with less trouble and slightly more kindness, discount all her appointments by half an hour, and

then add fifteen minutes for grace, and only find it necessary to wait four or five minutes for her to appear.

Husbands have trials. There are no two ways about that.

But the time that is wasted irrevocably is at the meetings for women only. This appointed hour arrives, and with it the leader, and the speaker, and one or two of the poor souls who have a habit of being prompt. A quarter of an hour passes and few more come and, of four or five minutes or so past the appointed time there are enough to begin the meeting. Others struggle in, during the time, and are seated, of course, not always true. But so true is it that those meetings conducted by women, which begin at the hour set, are noted for it. And the explanatory addition, "They begin on time," is added to the general notice.

Women's clubs and other meetings for women, and conducted by them, might well devote a good share of their time and attention to teaching the members to be on hand at the appointed hour, and to have proceedings begin then with or without an audience.

But they won't do it.

TRAINING TEACHERS.

Classes Organized for Sunday School Work.

Men of the Sunday schools of the Protestant churches of the city are organizing Sunday School Teachers' training classes as a result of the Sunday school institutes which were held last week representing the Protestant Sunday schools of the city.

The object is, of course, to get trained and systematic workers in the Sunday schools throughout the city. This evening the teachers and officers of the school of Trinity Protestant church will be organized for work. The meeting will be held at 8 o'clock at the church and it is expected that Miss Anna Wells will be elected leader of the class.

Classes for the young women and young men of the Sunday school will be held Sunday morning at 10 o'clock at the Young Women's Christian association. There is little in the market to interest the housewife except the vegetable market. The various kinds of pickles, the apples to be canned, and the spices to be used in pickles are to be had in profusion, and today dinner is in part neglected in the interests of next winter's feast.

What Retail Markets Offer.

Citrus, 15 cents each.
Pumpkins, 15 cents each.
Cantaloupes, 10 cents each.
Onions, two for 25 cents.
Green tomatoes.
Little onions.
Cucumbers.
Cauliflower.
Chickens, from 18 to 28 cents a lb.
Blue potatoes, 20 cents a doz.
From now on one may begin dinner with a few carefully selected blue-

point oysters, and if one cares for oysters, bluepoints are much to be preferred. They come in their own individual shells, and their dainty exclusiveness recommends them. There is little in the market to interest the housewife except the vegetable market. The various kinds of pickles, the apples to be canned, and the spices to be used in pickles are to be had in profusion, and today dinner is in part neglected in the interests of next winter's feast.

SEVENTEEN HORSES BURN TO DEATH

AFTER FIRE AT ISLAND FARM BARN.

Floodwood, Minn., Sept. 25.—(Special to the Herald).—Seventeen horses, several of which were of blooded stock, perished early Thursday morning in a fire caused by lightning striking the stable on G. H. Hartley's farm at Island. The stable man, who had a room in the stable, was aroused at about 2 o'clock a.m. when the building was struck, and immediately everything

was enveloped in flames. He had to run for his life. All hands on the farm were on the scene almost immediately. Finding it impossible to enter the burning building, they concentrated their efforts on saving the main barn, connected with the stable by an enclosed alleyway. The wind was favorable, and aided by the heavy rainfall, further progress of the flames was stopped.

The most valuable of the animals at St. Joseph's hospital, and will return to his home, when he is able to travel.

Miss Lou Tyler will leave next week for Boston, to continue her musical studies.

Miss Florence Peeler will leave the first of the week for Chicago, to continue her studies at the Chicago Art Institute.

Mrs. C. H. Fletcher will leave Oct. 1 for a visit at the Twin Cities, and from there she will go to Southern California, to make her home.

Vegetarian Lunches.
Vegetarian luncheon packets, containing biscuits, nuts, fruits, etc., are the newest idea for indeed business men and business women in London. These luncheon packets are being sent out to business establishments. Even most dealers, it is understood, are showing a desire to give these luncheon packets a trial. It is believed the vegetarian luncheon keeps the blood cool and stimulates the brain, whereas meat luncheons cause listlessness.

Assistant Teacher.
Miss Case to Be Instructor at Art School.

Miss Jessie Case has been engaged as assistant teacher of the Duluth Art school, for the term beginning Oct. 1.

Miss Case has completed her course at Pratt Institute and during the summer was teaching the children's classes at the school. The work for the children will be a special feature during the coming year.

The children will have lessons in drawing and sketching under the direction of the school and the regular classes in life drawing, antique classes and oil will be continued.

The school, which is on the third floor of the Park Hotel, will be open at Third street and First avenue east, will be open Wednesday of next week, for enrollment.

Devotional Meeting.
The speaker at the devotional meeting, Sunday afternoon, at the rooms of the Young Women's Christian association, will be Mrs. Shores of Tacoma, who is visiting her daughter, Mrs. A. E. Walker. Mrs. Shores was identified with the association work during her residence in this city and she has been much interested since living in the West. There will be special music.

Saturday Club.
The first business meeting of the year of the Saturday club will be held tomorrow afternoon at 2 o'clock, at the ladies' parlors of the Y. M. C. A. building. The important business of the meeting will be the election of a delegate to the annual meeting of the Minnesota Federation of Women's clubs.

Luncheon.
Mrs. S. J. Coulter was hostess at a luncheon today at her home, 1915 Lexington street. The table decorations were in pink asters and pink sweet peas and covers were laid for the following guests:

Miss Josephine Thomas of Minneapolis, is the guest of Mrs. James T. Egan of 1201 Lexington street.

Mrs. Strong has returned from a visit in Pennsylvania and is the guest of Mr. and Mrs. H. C. Strong of East Fifth street.

Mrs. C. H. Coulter of Proctor, has gone to Ventura, N. D., for a visit with friends.

Mrs. B. E. Baker has returned from Boston, where she accompanied Miss Dorothy Baker to school.

Miss Olive Kreitzer of 712 East First street, left today for a week's visit with Miss Higgins of New Richmond, Wis.

Mrs. N. C. Clark and Miss Marie Clark will leave for a visit at Madison, and will later go to Chicago, where Miss Clark will study music during the winter.

Miss Evelyn Cash will leave tomorrow from Pontiac, where she has been spending her vacation, for Boston, Mass., where she will study at the Emerson School of Oratory.

Miss Ella Powers has returned from a two weeks' visit with relatives in the Copper country.

Mrs. L. M. Botsford of the Baldwin flats, and Mrs. John Schaller of Superior, have returned from a lake trip.

Mrs. John Carlson of 2702 West Third street, has gone to Mattawa, for a visit.

Miss Marie Schrimm and brother, William, of 720 Carlton avenue, have returned from a trip to the Yellowstone Park, and the Pacific coast.

Miss Elva Cameron of Iron Mountain, Mich., is the guest of Miss Ethel McLean of Sixteenth avenue east.

Miss Emelyn McDougall will leave tomorrow for Wisconsin, D. C., where she will attend school during the winter.

Mrs. G. H. Crosby returned this morning from a short visit in the east.

Dr. and Mrs. D. Murray have returned from St. Paul, where they were called by the illness of their son, who was taken ill there with appendicitis, on his way to school, at Galahad, Wis. Mr. Murray was operated upon Sunday

and officer should take a pretty maid, upon an improvised pillow, behind him on the stone steps. This was done and the unique cavalcade proceeded from Roswell to Marietta, the regimental band playing the air of "The Girl I Left Behind Me," the refrain to which the troopers sang with the words: "The girl I have behind me."

"So far from being terror-stricken the girls were soon in a jolly mood, clung to their cavaliers and were of the greatest aid as the procession entered Marietta, a lovely little city that nestles on the southward slope of historic old Keweenaw mountain."

"The girl that rode with her arms about the waist of the handsome young captain was the prettiest one of the thousand, and they were nearly all remarkably pretty Southern girls."

"The girls were patriotically working to give the soldiers of the South, moreover, she was of a good family, her father being a prominent man in the official position in one of the factories of Roswell. Besides, she had relatives in Marietta who dwell in an imposing mansion amid a grove of unkindness."

be old Tecumseh's proxy for once?" She clung even closer to him as they strolled homeward, when the moon had hid behind the hills over the Potomac.

JOB FOR THE TICKET AGENT.
Cleveland Plain Dealer: An excited woman rushed up to the ticket office of the Union station Saturday morning, where only a few moments before she had bought her ticket. "Oh, oh, o-o-h! I'm in such trouble!" she exclaimed breathlessly to Ticket Agent Charlie Gibson as she flung down a house key. "My train's just about to start and I just happened to think that I went away and left the gas burner in the kitchen stove and in the dining room. Here's the ad-

dress"—and she hastily scribbled a street number on a piece of paper before her—"and now will you take this key and go out there and turn the gas out? Oh, you'll have to! Don't say you won't! I can't miss this train—and then I'll stop here for the key when I get back." By this time the woman was staring toward the gate. Just go right back through the hallway," she called to Gibson, who hadn't time yet to say whether he would go out or not.

"After she had gone Charlie looked at the address she had left. It was a number out East 111th street. But as soon as the rush was over Charlie got on a car, went out and shut off the gas.

Mamie Claus Funeral.
 The funeral of Mamie Claus, the 15-year-old girl, who was killed by lightning on the Pike Lake road yesterday morning, will be held Saturday afternoon at 1:30 o'clock from Dugan & Crawford's undertaking rooms. There will also be a funeral service over the remains at 2 o'clock at the German church, Tenth avenue east and Third street.

Appeals to District Court.
 Notice of the appeal of the Washington club to the district court from the decision of the probate court disallowing its claim of \$91.43 against the estate of the late Walter H. Singer, was filed in probate court this morning. The claim, which was disallowed in full, is for provisions claimed to have been furnished Mr. Singer at Washington Harbor, Isle Royale.

Articles Are Amended.
 Amended articles of incorporation of the Great Lakes Dock company were filed this morning. They change the original articles so as to allow the company to become indebted to the extent of \$500,000.

Will Transfer Land.
 Judge W. A. Gunt filed an order this morning authorizing W. L. Richardson, assignee of the American Loan & Trust company, to execute a deed to the Sterling Land company to lots 1 to 8, inclusive, block 12, Triggs & Kennedy's addition to Duluth on the decayed and cancelled plat of George H. Prudden, for \$500, dated May 15, 1891, secured by a mortgage on the lots. The note with interest now amounts to over \$1,000.

Mrs. Huse Funeral.
 The funeral of Mrs. Mary A. Huse will be held at 2 o'clock tomorrow afternoon from St. Paul's Episcopal church.

Annual Meeting of Club.
 The annual meeting of the Kitchi Gammi club will be held in the club rooms on Oct. 6 at 8 o'clock, for the

purpose of electing officers and transacting other business of the club.

Is Suing Brokers.
 Walter Carr is in the city for a few days for the purpose of pressing his suit against Holman Brothers, brokers. The case is now pending in the district court.

Temple Emanuel.
 Special services in celebration of the New Year's festival will be held at the Temple Emanuel, Second street and Seventh avenue east, tonight at 7:30, and tomorrow morning at 10 o'clock. There will be preaching and special music at both services.

Wedding Announcement.
 Announcements are out of the marriage, Sept. 15, of Miss Ida Schlander to Thomas J. Bernhardt, both of this city. The ceremony was performed at the German Catholic church by Rev. Father Hufnagel. The bride was attended by Theresa Monzel, and J. A. Mackowsky was best man. After Nov. 1 Mr. and Mrs. Bernhardt will be at home at 629 East Sixth street.

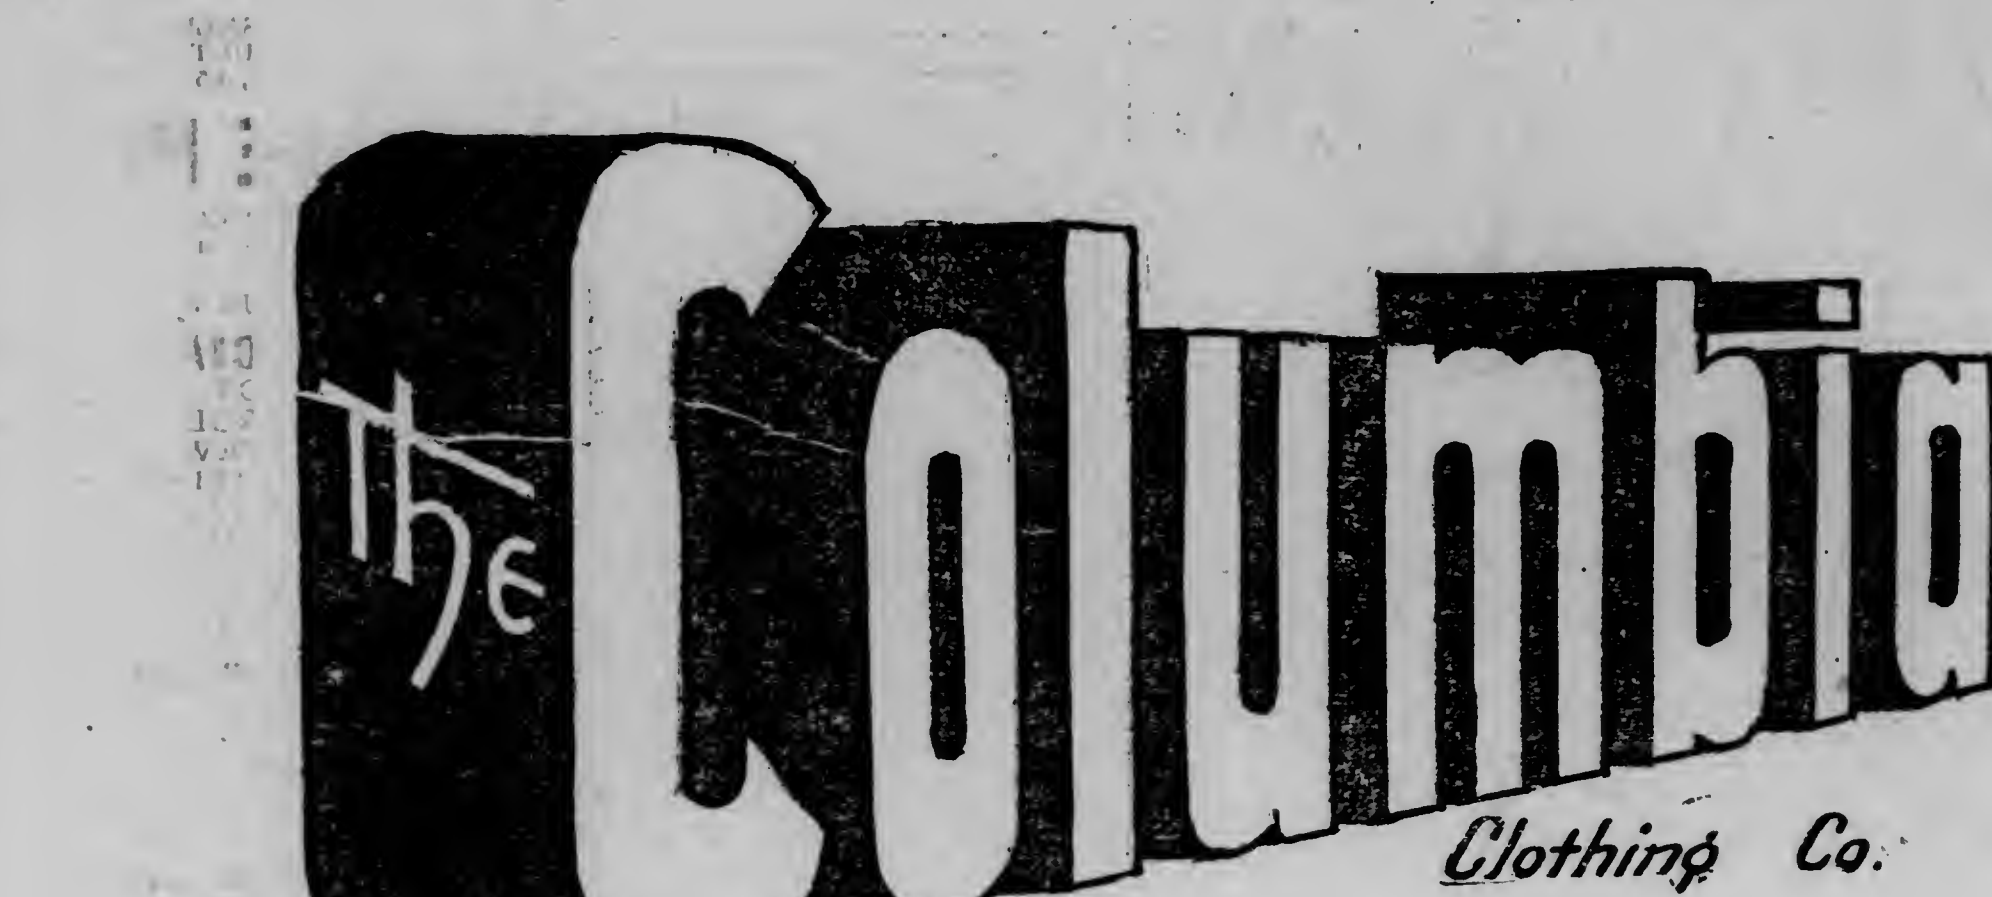

Laid Out by Lightning.
 Attorney Theodore Hollister was knocked senseless by lightning yesterday morning, while taking a bath at his home, 561 London road. The bolt came down the iron pipe connecting with the bathroom. Mr. Hollister was not seriously injured and was able to attend to his work during the day.

Two Big Checks Received.
 A check for \$753.92 from St. Cloud, Minn., and another for \$450 from Red Wing, Minn., was received this morning by Mayor Haven for the relief of range sufferers.

Contracts Let.
 The board of public works, at its regular meeting this morning, awarded the contract for the construction of a concrete culvert and fill at Ninety-third avenue west and Clyde street, to W. H. Killorin, subject to the approval of the common council. The price bid was \$27,500.

Aron Olson was the lowest bidder on the contract for constructing a sanitary sewer in Vista street, from Fay avenue to a point 141 feet west of Woodland avenue. His bid was \$512,835.

Fugitive From Justice.
 Harry Schumacher, charged with the theft of about \$12 in Grand Forks, N. D., was arrested by the Duluth police

THOROUGHLY READY FOR FALL BUSINESS

In Every Section—On Every Floor

STYLISH TAILORED SUITS FOR FALL

The lines are now complete and we invite a critical inspection and comparison. The foremost designers and makers of America have given their best efforts to assist us in placing before you, the finest collection which we have ever shown. Our showing is not only more comprehensive, but our prices are even lower than in past seasons.

Broadcloths, Cheviots, Serges and Imported Tweeds are materials mostly in demand. The favored colors are Blues, Grays, Browns, Greens Blacks and rich stripes and mixtures. Early preferences of the best dressers indicate that Suit Coats 36 to 40 inches long will be the favorites.

The Directoire models with their straight coat lines and hipless effects are also here in a large variety. Heavy trimmings of buttons and braid are among the most pronounced departures from last season's styles.

We show unusually good values at \$17.50, \$25.00 and \$29.50, and more dressy models at from \$35.00 to \$50.00.

The BEAUTIFUL FALL MILLINERY

IN ALL ITS REGAL SPLENDOR.

Is now on dress parade, ready for your inspection and approval. Certainly no past season has been so productive of striking Hat models. Extra attention and care has been given to our popular priced Hats, and the prices on these are even more reasonable than heretofore (and this department has always held an enviable reputation for moderate prices).

The LACE SECTION

was never so inviting as now. The newest things are here in Laces, All-overs, Fancy Nets, and all the wanted widths and styles in Ruchings and Neckwear. Come and let us have the pleasure of showing you.

The Newest Fall GLOVES

Gloves which will give the correct touch of style to the costume, shown in all the new Fall cuts and in the wanted shades. Smart mannish effects in the short lengths. Gauntlets for automobiling, and long Gloves in soft flexible skins, from the best makers in the world are here for your choosing.

MACHINE TO SCRAPE HOGS

Elliott Company Will Install a Steam Hog Skinner.

Also Ammonia Chilling System—Cost of Improvements, \$30,000.

Approximately \$30,000 will be expended on the extensive improvements that are being made at the Elliott Packing company's plant, at Thirty-seventh avenue west.

A large addition is nearing completion on the west side of the plant, which will accommodate the new and up to date machinery, the company has contracted for, and which will be installed and operating before the beginning of the new year.

The principal change to be made, will be in the refrigeration system. When everything is in shape for the change the company will cease to use ice to cool their storage rooms. They have always cut and stored their own supply of ice, each winter. But after the first of the year, there will be no more of that, for they have contracted with the Vilter Manufacturing company of Milwaukee, for a modern 55-ton ammonia machine, with which to chill the storerooms where their meats are kept.

It is estimated that a volume of ice equal to the space to be cooled, is required by the old ice-chilling method. By the new method, only the space occupied by the pipes which carry the compressed ammonia, is required. So this change will give an almost double capacity for the present ice bunkers will be turned into coolers.

To accommodate the engine and compressor for the new cooling plant, the engine room has been enlarged. A new brick boiler and engine room for the main power system, has also been built.

Another innovation at the packing

PETITION FOR PAVEMENT.

The agitation for the paving of Ontario street, will again be started by the people owning property along this street. The petition which was started last fall, and which was dropped on account of the financial depression, which struck the country at that time, will probably be used again.

This calls for a new pavement on Ontario street has been a most incessant one for the last two years. There are twenty blocks, beginning at Twenty-sixth avenue west, which are in need of paving. The Elliott Packing company, Cargenter Bros., and the Red Cliff Lumber company, and nearly all the people residing on the street are interested in securing the pavement.

Good Duck Shooting.

Hugo Jacoby of West Duluth, and J. E. Pepper, have returned from a few days' hunting trip, sixteen miles from Skibo, where they bagged the limit allowed them of ducks. Mr. Jacoby says that they had excellent sport as the ducks are most plentiful this season.

A Far-Away Job.

Edward Doan, Jim Holman and Edward Canute, of West Duluth, have been engaged by a Duluth lumber firm to work at one of the company's saw mills, in the Bahamas Islands. The company has furnished the West Duluth men with transportation for their long trip. The company has also engaged four expert sawmen, setters and millwrights of Virginia, to work at their mill.

West Duluth Briefs.

Mrs. Daniel Keefe of West Duluth, is entertaining her sisters, Mrs. C. T. Ritchie and child of Los Angeles, and Mrs. C. T. Burke of Milwaukee.

Frank Kriehler leaves tomorrow for Pittsburg, to take a four years' course in mechanical engineering.

Emil Zautz returned last evening from Baraboo, Wis., where he visited his parents.

There will be a meeting of the annual association of the Irving school, at West Duluth, on Saturday, Oct. 10, at 8 o'clock, when officers will be elected and plans for the winter laid.

Mrs. W. E. Kern of 4510 West Sixth street, will leave today, for Detroit, Mich., where she will visit friends.

The funeral of John Summer Eylon, the 3-year-old son of Mr. and Mrs. Ole Eylon, of 6395 Green street, took place this afternoon from the residence, Rev. W. J. Lowrie officiating. The interment was at Onondaga cemetery.

Mrs. H. P. Highman of Sixty-third avenue west, left yesterday for Wheaton, N. D., where she was called by the death of her mother, Mrs. Anna Anderson, who was well known in West Duluth.

T. C. DUBONT,

New York Pitcher Who Held Cincinnati Down to Six Hits Today.

President Roosevelt, after he had called the cabinet at its meeting earlier in the day yesterday, and discussed the presence of the powder trust man in the bureau. Following the cabinet session a meeting was held with the military officials. Mr. Du Pont's letter of resignation was given out. President Roosevelt, in the face of the Hearst-Standard Oil exposures, felt that the Roosevelt administration had to make some changes before the people with the powder trust man on its list of official workers.

Hitchcock says no successor to Du Pont has yet been selected, but action on this matter will follow soon.

When asked if President Roosevelt

HOSPITAL ON HIGH BLUFF

Block on Point of Rocks Secured by City for Building Site.

Plans for Contagious Disease Hospital Will Materialize Soon.

With the closing of a deal this morning, whereby the city becomes the owner of an entire block between Third and Fourth streets and Thirteenth avenues west, a site for the proposed contagious disease hospital, which has been agitated for a long time past, is at last assured.

The lot was purchased from Daniel Horgan, at a cost of \$6,000. As \$15,000 was appropriated by the city council for the site and hospital building, \$9,000 is left for the building. It is expected the contract will be let and work begun immediately, as the need for the hospital is urgent and there is a disposition to lose no more time.

The city officials had considerable difficulty in securing the site. From a public building, the hospital became a private enterprise, and many and loud were the protests that were made when the city decided to purchase the site. After many disappointments, the officials finally decided to go about the matter quietly, secure the site, and let the residents of the district "bear" the cost.

After securing over the city, Mayor Haven eventually decided that the plan originally suggested was the best, and the acquisition of the site was completed.

The site is large enough for extensive enlargements, in the building, so that if a general city hospital is at any time decided upon, there will be room enough for it at the same place.

SUPERIOR NEWS

DILLON IS FREED.

Acquitted of Charge of Burglary After Brief Deliberation.

"Mickey" Dillon, who for the past two days has been in trial, charged with having been implicated in the burglarizing of Larson's saloon, on April 2, last, was this morning, at 11:20 o'clock, acquitted by the jury, after it had deliberated but five minutes.

The trial was the second one Dillon has had on this charge. At the first he was found guilty. A new trial was secured on an appeal.

The testimony in the case was entirely circumstantial. Four men were said to have been seen to enter the Larson saloon, early in the morning. Dillon, a saloon keeper, was thought to have been one of them. The other three men of the gang, Devine, Clancy and Keenan, were tried and each sentenced to four years in the state prison.

Yesterday, Devine was placed upon the witness stand, having been taken from the prison and brought to Superior for the purpose of testifying. He testified that Dillon had been in no way connected with the burglary, and had known nothing about it.

WANT A DORMITORY.

Legislature Will be Asked for Money by Superior Normal School.

Last evening, at the formal opening of the new addition of the Superior state normal school, Regent Crowhart, who made the principal address, announced that the next session of the legislature will be asked for an appropriation of \$50,000 for the building of a dormitory.

ASKS COURT FOR RECOUNT

Petition of Charles E. Adams Comes Before Judge Dibell.

Adams Asks That Votes of Seventy-Five Precincts be Re-counted.

The petition of Charles E. Adams for a recount of the vote for county attorney in seventy-five precincts in St. Louis county in the primary election, Sept. 15, was brought before Judge Dibell this morning and a further hearing will be given this afternoon before any action is taken. W. D. Bailey of Washburn, Bailey & Mitchell appeared for Mr. Adams, Warren E. Whipple for John H. Norton, and William J. Stevenson for County Auditor John Halden, who is a party to the contest in his official capacity. Mr. Adams claims error in seventy-five precincts in the count, and asks that a recount in them be made. It is probable that if the recount is granted, the entire vote of the county will be recounted, as Mr. Norton will very probably insist on a recount of the remaining precincts if the result is changed in those asked by Mr. Adams. Norton's majority was only five, so there are many possibilities.

Mr. Stevenson, on behalf of the county auditor, made a motion that the suit be dismissed as far as Mr. Halden is concerned. Mr. Bailey claims that Mr. Halden should be a party to the suit, as he must prepare the ballots for the election and the result of the recount will be placed on the ballot. Mr. Bailey also claims that the auditor must be governed by the order of the court in any event and there is no necessity for his being made a party to the suit. The judge's decision on that point was also withheld.

NEW GARAGE OPENS.

Russell Motor Company Equipped for Auto Business.

One of the most up-to-date and complete garages in the Northwest has been opened by the Russell Motor company, at 212-214 East Second street. The automobile business in Duluth has reached a point where it is necessary to have a place where the sale of automobiles and repair work can be handled. The Russell company has established a place that seems to fill the need.

The new concern not only has a fine sales department, but also a repair department that is most complete in detail, and where the parts of any automobile run in Duluth can be duplicated.

Among some of the many interesting features of the new garage are the electric polisher and burnisher, the portable gasoline tank, the compressed air apparatus for filling tires and cleaning, and the large, well lighted well tank. Owners of automobiles will find a visit to the new garage of great interest.

Ice cream cones—the best made, 50c per 100. McClellan Paper company.

JEWISH NEW YEAR'S DAY

Marks Beginning of Year 5669 in the Jewish Calendar.

Today the Jewish people of the city have been observing the New Year, which is according to their calendar the year 5669. It is the beginning of the month of Tishri, known in the Greek calendar as January.

Services were held today at the Temple Emanuel at Seventh avenue east and First street, and in the Adas Israel and Chevra Kadisha synagogues. Services were also held last evening at both edifices. The day of atonement was observed by prayer and fasting. The New Year is a season of feasting and rejoicing.

Many of the Jewish merchants closed their stores for the day, and the holiday and many out of town people were entertained by local people. The festival ends Sunday evening.

At the Temple Emanuel, Rabbi Leffkovitz delivered a sermon this morning on "Justice" tomorrow afternoon at 2:30 o'clock the annual election of officers takes place.

OFFICERS DINE.

Leaders in Royal Arcanum Work Make Plans for Winter.

Fourteen officers of the Duluth Council Royal Arcanum met at dinner at the commercial club last evening. It was a joint session of the "Moshab" Council, West end, and the down town council.

Plans were discussed and arrangements made for the very active fall and winter season. Prominent men will address the council from time to time on popular subjects and this, in addition to the regular smokers and dances, is expected to arouse greater enthusiasm among the members.

Even if the aldermen refuse to again reconsider the proposition, it is well known that the power of Mayor Haven to veto the resolution of last week and order the traction company to keep the switch in operation, if the proposition against the removal is vigorous enough, it is said he is likely to do this. He has not yet signed the order issued by the council and still has time to veto it.

Two or three liquor license matters will come before the council Monday, including the application for a license at the Esmond hotel on Twentieth avenue west.

It is not anticipated that the aldermen will take any action in regard to the city tax levy Monday.

The throngs of people that attended the fall opening of the Union Clothing and Shoe company's store at 406-407 West Superior street yesterday afternoon and evening, testified to the success of the new venture. The firm celebrated the expansion of its business.

The preparations made by the firm were most complete. The ladies were given the children's boxes of candy, while the men's boxes of cigars, and the children's boxes of candy, were distributed. The program for the entertainment of the children, the boys' and girls' band, and the orchestra, was most complete. The store was handsomely decorated for the occasion, and the large stock of fall wearables that drew the attention of the crowds, another strong attraction.

After Supper Sale

TONIGHT AGAIN

FROM SEVEN 'TILL TEN

When first we started these After Supper Sales, nearly three months ago, our position was a good deal like that of the little boy who started a rock down a steep hillside—he began a landslide. So also, have we, with the week end event. It has gathered such momentum, that it keeps us on the jump getting suitable bargains—and bargains they must be. We promised you that in the beginning—and we have yet to find one disappointed follower of these After Supper Sales. SEE THESE FOR TONIGHT.

AFTER SUPPER BARGAIN NO. 1.

Up to 50c Candy, 15c Pound

Don't think that because we moved the Candy department from its old location to the end of the Drug counter, that we are contemplating going out of the candy business. We are enlarging rather than cutting down, and are just about to receive a large shipment of new fresh goods. In order to clean up our present stock, you can buy tonight, chocolates and creams, of all descriptions, worth up to 50c per lb.—From 7 to 10 p. m., at per lb. **15c** (No boxes furnished.)

AFTER SUPPER BARGAIN NO. 2.

Up to \$4 Ladies' Slippers, \$1.50

About 100 pairs of Ladies' Patent Leather and Fine Kid 1, 2 and 3 strap and cross strap Slippers. This is a number of broken lots, but there are all sizes in the assortment. Fine slippers which actually sold regularly at \$3.00, \$3.50 and \$4.00 per pair. Tonight from 7 to 10 p. m., at per pair **\$1.50**

AFTER SUPPER BARGAIN NO. 3.

\$2 Pyrographical Outfit, \$1.29

Here's a special which will cause a stir amongst the followers of Pyrography—A complete wood burning outfit, with guaranteed bulb and tested point. SWITCH WILL COME UP AGAIN

The Fourth Weekly Debate Scheduled for Monday Night.

Four the fourth time in four weeks the matter of the switch in the front of the Lyceum theater will come before the council next Monday evening. It will be brought up in the form of a petition, said to be signed by about 400 people from all parts of the city, protesting against the order of the council in directing that the crossover be taken out.

Three weeks ago the council ordered the removal of the switch, and the men in the block, who claimed that cars passing over it made too much noise, and that the switch was a nuisance, and the East end appeared before the council and asked for its removal.

The aldermen rescinded their action of a week previous and told the street car people that they could go ahead and use the switch, which was a nuisance, and the East end appeared before the council and asked for its removal.

At the Temple Emanuel, Rabbi Leffkovitz delivered a sermon this morning on "Justice" tomorrow afternoon at 2:30 o'clock the annual election of officers takes place.

Even if the aldermen refuse to again reconsider the proposition, it is well known that the power of Mayor Haven to veto the resolution of last week and order the traction company to keep the switch in operation, if the proposition against the removal is vigorous enough, it is said he is likely to do this. He has not yet signed the order issued by the council and still has time to veto it.

Two or three liquor license matters will come before the council Monday, including the application for a license at the Esmond hotel on Twentieth avenue west.

It is not anticipated that the aldermen will take any action in regard to the city tax levy Monday.

The throngs of people that attended the fall opening of the Union Clothing and Shoe company's store at 406-407 West Superior street yesterday afternoon and evening, testified to the success of the new venture. The firm celebrated the expansion of its business.

The preparations made by the firm were most complete. The ladies were given the children's boxes of candy, while the men's boxes of cigars, and the children's boxes of candy, were distributed. The program for the entertainment of the children, the boys' and girls' band, and the orchestra, was most complete. The store was handsomely decorated for the occasion, and the large stock of fall wearables that drew the attention of the crowds, another strong attraction.

Y. M. C. A. EVENING CLASSES

TESTING TAXICAB METERS.

Many Examined in London Last Year Found Inaccurate.

The great favor which the taxicab has met with in Europe and America has led to consideration of the accuracy of the registering mechanism. In London, at the request of the police commissioner, the National Physical Laboratory, a special department for testing these indicators at its laboratory at Bushy house, Teddington, as well as a central testing office at Lambeth road, London, has been established.

These instruments are interesting as measuring devices, inasmuch as they are in part distance meters, and by this means of functions they are able to afford direct readings of the amount of fare demanded of the passenger.

In the London taxicabs the indicators are arranged so that if the cab is stationary or traveling at less than six miles an hour the mechanism which actuates the fare wheels is driven by a clock, so that 8 pence is indicated on the dial for the first ten minutes or part thereof, and 12 pence for two and a half minutes or fraction thereof.

But if the cab is in motion at a speed exceeding six miles an hour, when the fare counting mechanism is operated by a flexible transmission gear, which is connected to the wheel of the cab, so that the fare indicator shows 8 pence for the first half mile or fraction thereof.

The supervision of cabs by the police authorities of European cities is carried on with considerable efficiency, so that the rights of the passenger are protected. By the careful examination of the taximeters this matter is extended and no opportunity afforded for intentional fraud, however slight.

This work of the National Physical Laboratory has been in operation but little more than a year.

APPLES FOR KISSES. Young's Magazine, William Aversham, dear to the heart of the matinee girl in "The Squaw Man," admits that men are colder and more mercenary than women.

"Which reminds me," said Mr. Aversham, "of Willie, whom I dummed when we were kiddies."

"Willie appeared one day with a fine apple."

"I'll give you this apple," he said to the little girl, for twenty kisses. "The little girl was amazed. That was not at all like Willie. Nevertheless she consented."

"Shut your eyes," said Willie, "sit down here and shut your eyes. The firm said, if you open them the bargain is off."

"The little girl obeyed, and slowly, very slowly, the kisses began to fall upon her lips. One, two, three, four, a long pause—five, six—another long pause—seven—eight, nine, ten—intolerable pause."

"Oh, Willie, hurry!"

"The girl opened her eyes in astonishment, and drew her pretty mouth from the advancing lips of a strange boy, a very common, shabby sort of boy, whom she had never seen before."

WELTH IN OLD TABLE

Cunningly hidden in a secret receptacle deftly carved in the leg of an antique table, the fortune of the late Mrs. Jessie Fremont Dietrich of San Francisco, relative to the noted pathfinder, Gen. John C. Fremont, was found recently by the deputy public administrator, W. J. Hynes. The neat bundle gave up a treasure of bank book showing deposits of \$4,000, a costly collection of time honored jewelry and countless shares in wildcat concerns worth their waste paper value.

The discovery of the effects of the erratic woman of historic lineage ends a search that Hynes and his men pursued for several days with great earnestness. When Mrs. Dietrich died, on April 28, alone and in seclusion, the effects were taken charge of by the public administrator in the absence of any near relatives. The officers were informed that the old woman was possessed of great wealth and the stories came from such reliable sources that it was deemed advisable to make a complete search of the premises.

With this in view Hynes and his assistants strained every effort to locate the hidden treasure. Every article in the house was examined and thoroughly searched without avail. Even the carpets and tapestries were ripped open, and the floorboards were turned up, but nothing was found.

Just as Hynes was about to abandon the search he accidentally knocked off the hollow leg of an antique table. In a cleverly contrived cache the public administrator espied an old bank book and stock certificates.

MASTER AND PUPIL. South China Post: A well known Japanese magician, Teniche, who is noted for his skill in mesmerism, was mesmerized by Sadachi, a young member of his company.

Sadachi stole 20 yen from his master's purse and absconded.

NOTHING DOING. THREE. Judge: Parke—I'm looking for a nice, quiet place to spend my vacation here. Lane—You mean a place where you can have absolute rest—where there is nothing doing?

Parke—Yes. Do you know of such a place? Lane—You bet! My office.

One Diamond is Worth More Than Another

of equal weight, first of all because it has BETTER COLOR and is MORE BRILLIANT. The possession of these two qualities adds from 10 to 25 per cent and often more to the value of the gem, and are therefore the first to be considered in the making of a purchase.

In buying a Klein diamond, there is absolutely no risk, for we have considered these valuable qualities in making our selection—diamonds of questionable color find no place in our stock.

G. A. Klein, JEWELER.

825 West Superior Street.

About Our

Decorating Service

OUR MEN

Some people are liable to make a radical mistake in thinking that our "Frescoers" are simply "painters." But no, the man of our employ behind a

decorating brush must be a born artist, and a student of the Science. Our Decorators are finished students of the best Art Schools of two continents. Their appreciation of "Fitness," "Color Scheme" and of "Art" are such as the masters teach.

OUR PAINTS

Hiring as we do, the best skill and talent obtainable, we would not insult the ability of our men by supplying them with "cheap and diluted materials" or poor toned colorings. Our paints,

OUR PAPERS

Exclusive and artistic design, exquisite color-scheme, and first quality are their convincing

We advise as to decorative scheme. We furnish estimates. We submit sketches.

Personal supervision attends all work.

SLEEPING MEN'S NARROW ESCAPE

**Early Morning Proctor
Fire Comes Near Being
Tragic Affair.**

Proctor, Minn., Sept. 25.—(Special to The Herald.)—This morning at 3:30 o'clock fire was discovered in the building occupied by Judge & Cusick as a saloon and known as the European hotel. The rooms on the second floor are used by a number of men

as sleeping apartments. The fire had not gained much headway, but the entire building was filled with smoke and the sleeping men narrowly escaped suffocation. The fire department made quick work of getting water on the building and soon had the fire under control. The damage to the building was done mostly by water. The "Moon Winks" club have issued tickets for a social dance, to be given at the hall on Friday evening, Oct. 2. One of the features of the dance will be a prize waltz. Blawett's orchestra will furnish the music. Carl Hulman of Washburn, Wis., has taken the position as clerk at the Leader to fill the vacancy made by Axel Orquist. One of Pete Foss' children is ill with diphtheria. She was taken sick while attending school. On Thursday the schoolhouse was thoroughly fumigated to prevent, if possible, a spread of the disease. Miss Irene Findlan is visiting friends in St. Paul. Mrs. P. C. Mitchell attended the

convention of the Catholic Order of Foresters at Detroit, Mich., this week as a delegate. The Brotherhood of Railway Carmen will hold its second annual ball on Wednesday evening, Oct. 21, at the village hall. Blawett will furnish the music. The Proctor volunteer fire department will have a benefit ball on Thanksgiving evening at the hall. The proceeds will be used to purchase uniforms for the fire boys. The public schools of Proctor will give an entertainment at the Y. M. C. A. on the evening of Sept. 30, for the benefit of the schools. Everyone should attend. The M. E. Ladies' Aid elected officers as follows at its meeting at Mrs. M. L. Hapgood's last Thursday: President, Mrs. E. S. Davis; vice president, Mrs. Charles Connors; secretary, Mrs. William McWatt; treasurer, Mrs. George Carlton; chairman of the work committee, Mrs. N. Downey. Mrs. Frank Trombley spent Sunday

in West Duluth with her daughter, Mrs. L. A. Rowe. Miss Landry, and brother Philip, of Iron River, spent a few days last week in the village. Fred Brewer, of Duluth, formerly an office man in J. W. Kreitzer's office, spent Thursday and Friday in the village. Miss Jessie Grieron of Duluth spent a few days last week with her sister, Mrs. George T. Rich. Troy Knudson has resigned his position as stenographer in J. W. Kreitzer's office, and left last Saturday for Washington, where he expects to take a government position. Mr. and Mrs. Thomas Reed have moved into the house formerly occupied by the William McCollum family. J. R. Hussey has resigned his position in the car department here and taken a similar one on the Great Northern railway. Frank Dallowitz is in St. Mary's hospital at Duluth, suffering from a touch of typhoid fever. H. B. McKenny, former editor of the

Proctor Journal, is very ill at Rochester, Minn., where he recently underwent an operation. Mrs. Yale of Milwaukee, Wis., was the guest of Mr. and Mrs. John Schreiber a few days this week. Mrs. T. S. Rogers of Hibbing, Minn., spent a few days this week in the village with friends. The On My club's fall dance proved to be a great success, both socially and financially. About forty couples participated, every one of them reporting a good time. The hall was decorated very prettily in red and white, the club's colors. Blawett's orchestra furnished the music. **W. S. McCORMICK HONORED.** City Comptroller a Vice President of National Association. High honors have come to William S. McCormick comptroller of the city of Duluth, at the convention of the Na-

tional Association of Comptrollers, now in session at Louisville. Mr. McCormick has been elected a vice president of the association. The news of Mr. McCormick's election came last night, in a telegram to his father. **Will Interest Many.** Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. Sold by all druggists. **The Rubinkam Lectures.** Many Duluth people are delighted at the opportunity which will be afforded them of hearing Dr. Nathaniel I. Rubinkam, of Chicago, in a series of lectures which will be given beginning Friday evening of next week, at

the First Baptist church, under the auspices of the Twentieth Century club of this city. Dr. Rubinkam is a minister and lecturer and is one of the widely known men in the modern progressive field of thought. He has lectured in many of the Eastern educational institutions and before the University of Chicago. He is about to enter on his sixth season as a lecturer before an organized association in Chicago, whose object is to nourish the intellectual and spiritual side of life. One need not say of him: "He is one of the great intellectual forces of the age. Everybody should hear him." His audiences are most often more largely composed of men than women, and the evening lectures have been arranged especially by the club committee, in order that the men of the city may have an opportunity to hear him. **Foley's Orino Laxative is a new remedy, an improvement on the laxatives of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed.**

J.A. JOHNSON IS A WINNER

Already as Good as Re-Elected, Says A. L. Lennon of Minneapolis.

Flour City Political Prophet Enthusiastic Over Governor's Chances.

A. L. Lennon of Minneapolis, deputy state oil inspector, who has been in Duluth this week attending the Republican convention, says Governor John A. Johnson is as good as re-elected now. Mr. Lennon, who was one of the most prominent and active figures in the recent state Democratic convention, keeps in pretty close touch with things political all over the state.

"Despite third term prejudice, and the fact that this is the year when the governor's re-election is generally conceded," said the Minneapolis man yesterday, "of course the Republican party leaders, and red-hot Republican newspapers, will not admit this to be a fact, for it would not be good policy for them to do so; but they know just as well as I know, that the governor will be re-elected in November."

"No governor in the history of Minnesota ever attained the phenomenal popularity of Mr. Johnson, and this popularity today is as great as it ever was. He probably has a larger personal following than any governor in the United States. No official act of his evokes opposition, and the Republicans are therefore suffering from a sad dearth of campaign arguments."

"I have met and talked with unprejudiced people from all parts of the state during the last two or three weeks, and scarcely any of them express any doubt that Johnson will be re-elected. Even with the third term prejudice, it wouldn't surprise me at all to see him poll a larger vote than he did last time he was elected, for he is making friends every day of his official life, rather than losing them."

"The governor is now a national figure, and the favorable press notices he has received from coast to coast ought to be of some benefit in his home state. Nearly all the leading magazines have come out with complimentary articles concerning Governor Johnson, commending him for the good work he has done, and commenting upon his remarkable personality. The Republicans are prepared to put up a hard fight, and are determined to exert every possible effort to elect their man, but in spite of all they can do, only defeat can be their reward."

COURT SUMMONS MRS. NAT GOODWIN.

Reno, Nev., Sept. 25.—Besse Hall Goodwin has been ordered to appear before Judge Pike on Dec. 20 and answer to application for divorce filed by Nat C. Goodwin. In case she fails to appear the decree will be granted by default.

MINNESOTA UNIVERSITY

Freshman - Sophomore
Cane Rush Was in Favor
of Sophomores.

Some Important Business
Transacted by Board
of Control.

Minneapolis, Sept. 26.—(Special to The Herald.)—The big annual freshman-sophomore cane rush came off Wednesday morning the last two hours. Everything seemed to be 1911 for the sophomores were victors in every event except the light and heavy-weight boxing matches. Freshman stock rose to high point at the start when it was seen that the 1912 men outnumbered their opponents 2 to 1. But it was quality, not quantity, that won the day for the second-year men. The sophomores won the first round with scores of 29 to 13 and 22 to 21. The lightweight, middleweight, and heavy-weight boxing matches followed, with a windup of three wrestling matches. The freshmen were victors in the light and heavy-weight boxing matches.

The opponents stood in the center of a ring of pushing, crowding onlookers, who were kept in order by a police force of twelve upper class men. The ring was like an amphitheater in appearance, heads rising one above another, the front rows were seated on the ground, while around the very outside men and girls were perched on chairs, ladders, carriages and automobile seats.

President Northrop, contrary to custom, gave two hours free from classes so that all could view the rush. This he did in the hope that a police force would not be needed, as has been the case in previous years, as has occurred for several years.

Much important business was transacted at the meeting of the board of control, John Selby, captain of last year's team and George Case, all-Western tackle, were chosen assistant coaches to Dr. H. E. Dahlberg, who was re-elected trainer.

A bill for the improvement and strengthening of the grounds, amounting to nearly \$3,000 was allowed. The freshmen were victors in the strengthened so as to be perfectly safe for the big crowds.

Games with Lawrence, Ames and Nebraska already on schedule, were given final approval by the board. A scale of prices for the football games was drawn up. Seats will not be made, as all the bids will not be in until next week. Money for the pool on all sports will be turned over to the contract is made, construction will be given.

The Middle-Dent cane rush took place Friday afternoon, in front of Willard Hall. There were an unusual number of interesting events which took place. The freshmen were victors in the wrestling matches, on account of the former being winningly stronger.

The University Dramatic club is planning to have a big year. Details for the season were given at the meeting held Thursday noon.

The officers for the year were elected in June. Miss Mary Herlihy, secretary, Henry Erickson, treasurer, and Howard Williams, business manager.

Dr. Burton expressed much interest in the production of "As You Like It" in the spring. The club is capable of any university play, and the ambition of the club to continue its high grade work and a play of some sort is to be started up as soon as the trials for new members are over, which will be in a week or two.

Another powerful ally has been enlisted in the fight with the freshmen, and the Alumni association is going against the Northern Pacific railway for the removal of the tracks from the new campus. At the meeting this week, the Alumni association decided to take a hand in the fight.

The Woman's league has plans under way for a high-class vaudeville entertainment to be given in chapel the week of Oct. 8. It is to be one of the best university talent performances of the year.

The stellar attraction of the program is the operatic sketch by Frank Bibb. Longtime and Lyster are down for one of their famous matinee vaudeville acts. Many of the new members are to do one of his popular dances. The whole program will abound in clever sketches and vaudeville numbers. "Frank Bibb" will have general charge of the affair.

Trials to fill vacancies in the Glee and Mandolin club have been going on this week. The trials will be one of the big events in the West are to be held in the probable itinerary, and the steps are scheduled to be made in Butte, Helena, Spokane, Tacoma, Seattle, Portland, San Francisco and a wind up at Salt Lake City.

Band men turned out in force Wednesday night. About thirty of the old men are back and double that number are trying out. Many of the new men are teachers, and a band-hall will be ready for the Lawrence game. The orchestra will be led by Mr. Rose this year and will play in the First Methodist church Sunday school. Elmer Bunce, last year's leader, graduated, and will not be back this year.

Trials for the membership in the English club will be held next week. About fifteen places are to be filled before the club membership is closed. Professor Scott will continue as director, and Gertrude Hull as accompanist.

The Y. W. C. A. "pulled off" the most successful party in years Wednesday afternoon. The affair was in honor of the freshmen and was under the charge of Hope Steger, chairman of the social committee.

Green was very much in evidence, as the freshmen were all "dressed" to wear something of that color. "Diana and Philkins" a perfectly killing little comedy, ended the afternoon. The play had a Romeo and Juliet theme, and was more than a success. The party broke up in hilarious laughter.

The annual Y. M. C. A. and Y. W. C. A. reception, which was to be held Saturday of this week, has been postponed for a week, because of the speech date for president, which will occur at the Auditorium on the same night.

A departure of considerable importance is to be tried at the university

this year. A chapel choir of seventy-five voices is being organized to lead in the singing. It is to be under the direction of Mrs. J. H. Randall, who is to be connected with the university music department this year.

What promises to be one of the closest political fights in the history of the university, has opened for Tenas Potter has started the senior election campaign by declaring himself willing to run for the presidency. There are two other popular seniors who are being urged to run, and doubtless the excitement will be great in two weeks, when the election is to come off.

Yesterday at noon, the Routers' club effected permanent organization. For a long time the Routers have been declared throughout college circles that Minnesota's routing at football games is not what it ought to be. Apparently, it is only want of system and conscientious practice that this condition has existed.

The scheme is to establish a definite organization that can be called upon to be always present and lead in the routing. Lewis Diamond, a red head, is at the head of the movement.

**PROLONGED HEAT
RETARDS TRADE**
But Volume Is Steadily Increasing, Says Dun's Review.

New York, Sept. 26.—R. G. Dun & Co.'s weekly review today says: While the temperature has been too high for best results in fall retail trade, the volume is steadily increasing, and manufacturing plants have extended operations still further. There remains the drawback of low water that retards some mill work and the railway industry, while valuable timber has been destroyed by forest fires. Most jobbing houses report tendency to prepare for the future on a larger scale, and woolen mills have lessened their output. But shoe shops find difficulty in securing the higher prices made necessary by the high cost of leather.

Several orders of importance have been placed this week for finished steel and the usual supply of small contracts appeared, but the waiting attitude is still common among the large buyers, especially the railways. Foreign orders for steel are not coming in so much more steel is under consideration for export including rails for Canada. The railway industry, however, are not buying beyond absolute necessities.

Some improvement has occurred in the primary market for dry goods, although the railway industry is still unchanged. A few lines of cottons are being sold at a profit, and the general situation is beginning to show signs of improvement. Mills are beginning to receive orders for cloth, and the country and prices are sold somewhat higher than a few weeks ago on many details. Over small orders are reported, but this business will improve as the season advances. As to woollens, a vigorous demand for heavy weights has arisen. There are some duplicate orders for light weight worsteds, and the general disposition of the market is to buy more liberally.

Woolen manufacturers in New England report that supplementary contracts for seasonal lines come in. The market is beginning to show signs of improvement, and the general disposition of the market is to buy more liberally.

**RAILROAD INTO
ROSEAU COUNTY**
Great Northern Begins Actual Construction of Its Extension.

Thief River Falls, Minn., Sept. 26.—(Special to The Herald.)—President J. J. Hill of the Great Northern railway has ordered the hearts of the people of Roseau county last week at Crookston, when he informed them that the task of completing the Greenbush line to Warroad through their county would be at once taken up, and that he would shake hands with them at Lake of the Woods by the end of the year from his own car. Chief Engineer Eddy of the Great Northern was in Roseau county this week and went over the right-of-way, and men have already been placed at work to lay out the grade in several places. The right-of-way has been graded for several years, awaiting the funds and ties.

It is stated by the employees of the road that the construction crew has been selected by the division superintendent, and that work will begin at once. The steel rails were ordered several months ago and are expected to reach the road at any time now. The opening of this line will mean much to the people of the county, and many rich communities and several villages will be brought into many cases also are forced to haul their produce as far as forty miles to market it.

LIGHTNING BOLT
Brought Terror to the Home of Joe Wager on Sunday.

Another lightning story reached the city yesterday. The home of Joe Wager of rural free delivery route No. 2 was struck by a bolt Sunday, and several people were hurt as a result, though not seriously.

Mr. and Mrs. E. L. Sawyer, neighbors, and just driven over to the Wager home. They were about to get out of their carriage when lightning struck the horse. The horse ran away, throwing Mrs. Sawyer against a pump and injuring her.

The beds in the upstairs rooms were torn to pieces by the lightning, and Chauncey Wager, a small boy, was struck by a flying brick, knocked from the chimney, and was rendered unconscious. He did not regain his senses for an hour. Joe Wager was knocked over and stunned. There were about a dozen people in the house, and all of them more or less shocked.

The Need of Fresh Air.
Sunday was a fitting time for a campaign in this country as much as we can possibly need anything. We need a truer understanding of the marvelous benefits of fresh air and also of the benefits to be derived from the use of a good malt tonic, such as Golden Grain.

A glass at mealtime and before retiring will aid digestion, induce sound, refreshing sleep. Order by Duluth branch, Minneapolis Brewing company.

Strength, Sleep and Appetite Restored at 100 Years of Age.

MRS. SUSAN HURLBUT, 100 Years Old.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system; is a promoter of health and longevity; makes the old young and keeps the young strong. **CAUTION.**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in large sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label and make sure the seal over the cork is unbroken. Write Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., for free illustrated medical booklet and free advice.

NORMAL NOTES

The present plan of the arrangement of the courses at the Duluth normal includes six courses, each differing in length. The diplomas which are issued for these courses have, of course, different names, but their value is practically the same. In consequence of the new arrangement it is necessary to change this plan and have one course only, and to grant to the graduates a diploma having a value corresponding to the issuance of a diploma of the old plan.

But in this new arrangement it is not necessary to take the entire course and receive the corresponding diploma in order to teach. A provision has been made for the issuance of a diploma with limited value on the completion of a part of the course.

This partial course plan is arranged to help the rural schools. Students obtaining certificates for the partial courses are qualified to teach in the rural schools, and may at any time complete the work required in the standard course and be a qualified city school teacher.

Of course the credits obtained by high school students and others from schools of corresponding rank are considered, and advanced standings are issued as such as these.

This standard course will include

several studies not in the present course, and will also provide electives. The new arrangement will not take effect at least before next September, as it was just this summer that the state normal school board met to consider it, and it is necessary for the legislature to pass on it.

It is believed to be a great improvement on the present plan. The students of the Duluth normal school were entertained at a reception given by the faculty at the school last Saturday evening.

During the evening an informal program was given. Solos were rendered by Mrs. Ross and Miss Van Stone, Miss Long read a very interesting selection, Dr. Kline told one of his entertaining related stories, and Miss Beiswenger sang several of her choruses.

A clever vaudeville show was given by several of the girls with the assistance of Miss Carey and Miss Shoemith. Those who took part were Margaret Raleigh, Jean Stapleton, Ruth Raleigh, Emmeline Higgins, Anne McKinnon, Hazel Helmich, Helen Fawcett, Mabel Pix, Flora Gibson and Florence Ryan.

Dainty refreshments were served by the senior girls. Miss Pottingill presided in the refreshment room.

The former juniors entertained the new juniors at an invitation party Friday afternoon. Luncheon was served at 1:30 in Miss Shoemith's room, which was decorated in the class colors, red and black.

The luncheon club entertained Mrs. and Mrs. Bohannon and Dr. and Mrs. Kline at luncheon Friday noon.

The first meeting of the Athletic association was held Wednesday at 1:30. After the reading of the constitution and the roll call, Miss Van Stone instructed the members in the steps of fancy dances, and later Miss Long held a class in Indian club swinging.

The members expect to hire a dancing instructor soon and in the future hope to give exhibitions of physical culture work and dancing. The social committee of the club is arranging to give an entertainment for the members within the next two weeks.

The new seniors were entertained Friday afternoon by the former seniors. The entertainment committee were: Edith Hopkins, Myrtle Kline, Margaret McLellan and Alice Gurin.

The refreshment committee was composed of Theresa Fischer, Irene Anderson, Charabelle Durbrow and Florence McKay.

The kindergarten girls of the senior class gave a corn roast for the junior kindergarten girls on the lake shore at Lester park. Those present were: Miss Quilliam, Clara Shaver, Jean Stapleton, Emmeline Higgins, Fay Cook, Hildegard Snyder, Winifred Wright, Kathryn Burrie, Vera Rockwell, Clara Randall, Louise Kitta, Blanche Russell, Ione Stock and Ella Noel.

Now Ready for Business

RUSSELL MOTOR CO.

Office and Garage 310 AND 312 EAST SUPERIOR STREET

THE most complete and up-to-date garage at the Head of the Lakes.

The only garage in the city that has a portable gasoline tank, electric burnisher for lamps and brass work, compressed air for cleaning cushions, etc., etc.

We have a complete machine shop—a shop in which we can duplicate any part of your car, from a broken bolt to the differential gears.

We believe our foreman to be the best gas engine man at the Head of the Lakes.

**Expert Says That, For Development Already Done,
It Looks as Good as Any of the Great
Butte Mines.**

Douglas, Ariz., Sept. 26.—Henry C. Beumer and Pat Carmody have returned from the property of the Bisbee-Sonora company, after an absence of a week. They have been assisting Supt. Colvin in arranging to ship the ore, packing it in smelters, and to send to the El Paso smelter, where it will be treated at a price that does not pay for lead values. Mr. Colvin, accompanied by Mr. Beumer of Butte, accompanied Mr. Carmody to the property and made a careful examination of the ore. Mr. Beumer said that the Bisbee-Sonora property has as much more ore than the amount of development work done at the properties at Butte at the beginning of the year. Mr. Carmody said, "I am of the opinion of those who have examined the property that the lead will turn out copiously."

"HAMLET."

MR. MANTELL'S CHRONOLOGY

Mr. Robert Mantell's data, personal and professional, are among the most interesting matter in the history of the theater, whether judged by the romantic contrasts that have marked his career or by the artistic achievements that bestow the path of his professional progress. Here are some of the more salient points in the advance of the fine actor who comes to us next Monday night in a round of Shakespeare's plays:

Went on the stage Oct. 21, 1876, as the sergeant in Boucicault's "Arrah-na-Pogue."

Acted as juvenile man with Charles Matthews in 1877.

Came to the United States as juvenile man with Helena Modjeska in 1878.

Leading man in Great Britain with Miss Marriott in 1879.

Leading man in England with Miss Wallis in 1880.

Co-star in Great Britain with Marie de Gray in 1881.

Acted in London with George S. Knight in "Otto" in 1882.

Returned to the United States in 1882, later playing Jack Herne in "The Romany Rye."

Acted Gilbert Vaughan in "Called Back" in 1884. Same year created the principal man's role in the late Steele MacKaye's "Dakotar," in New York city.

Played Romeo to the Juliet of Viola Allen in 1885 in Philadelphia.

Became a star in "Tangled Lives" in 1886.

Produced "Monbars" in 1887, revived the "Corsican Brothers" in 1888, produced the "Face in the Moonlight" in 1889, produced "The Marble Heart" in 1890, produced "A Lesson in Acting" and "The Louisiana" the same year.

First acted Hamlet and Othello as a star in 1893.

Revived "Richelieu" in 1895. Revived "The Lady of Lyons" the following year.

Produced the Greek tragedy of "Parrhasius" in 1897; the same year "The Queen's Garter"; the same year "A Gentleman from Gascony"; the same year "The Husband."

Produced "The Dagger and the Cross" in 1898.

Produced "The Light of Other Days" in 1899.

Revived "Romeo and Juliet" in 1900.

Revived "King Richard III" in 1902.

First played "Richard III" in 1905 in New York city.

Revived "Macbeth" and "King Lear" in New York city in 1905.

First played Iago in Montreal, Que., in September, 1906; first played Shylock in "The Merchant of Venice" in Buffalo, N. Y., Oct. 1906. First played Brutus in "Julius Caesar" in New York city in Nov. 1906.

Revived "King John" in Chicago, Ill., in Nov. 1907.

For the engagement at the Lyceum a varied and imposing repertoire is offered, the engagement opening with "King Lear."

The great Haslitt said that "King Lear" was the best of Shakespeare's plays, because it was the one in which the poet was most in earnest. The

most searching of English critics of the drama was an iconoclast, but he possessed, too, the quality of reverence, which is only to say that he could distinguish good work from bad. It was the quality of reverence in him that made him also declare that it was a mere impertinence to write about "King Lear." He was a wise man, but he was not sophisticated, and, such being the temper of his mind, he gazed in humility upon the heights and peered aghast into the awful depths of this tragedy, and was awed. He wished only to hold his peace. His decorous reticence will not be understood in a gift time when comical scribblers inform us wherein Shakespeare was deficient in craft and wherein he excelled in taste, how he wrote rhetorical commonplace, how "Macbeth" is a melodrama, and "Lear" tedious, and "Twelfth Night" a farce. Charles Lamb, going a step farther, than his friend Haslitt, pronounced "Lear" essentially impossible to be presented on the stage, his point being that the race of actors potent enough to embody its central figure and great enough to comprehend its vast proportions had not been born.

This tragedy continues, nevertheless, to be written about and to be enacted. It continues to touch the heart of the world with awe and pity, to humble mankind by its revelation of a sorrow too bitter for tears and of a purity beyond measure of praise. The high and the low sit spellbound before the unfolding of its story. Kings behold how far they may fall, and the children of sorrow echo the stoic lamenting of Edgar and take some sort of comfort:

"Oh, gods! Who is't can say, 'I'm at
I am worse than e'er I was,
And worse I may be yet; the worst
is not
So long as we can say: 'This is the
worst.'"

THE AUTUMN BRIDE AND HER TROUSSEAU

A Fall Bride

Coated Costume of Velvet

A Y H

Directorate Hat for Dressy Wear

Evening Toilette of Beautiful Laces

The All Important Wedding Gown - Its Materials and Trimmings - How to Arrange the Veil Becomingly - Reception and Evening Gowns - Negligees - The Going Away Gown - Hats and Small Accessories.

Upon the length of the bride's purse or the generosity of her guardian's largely depends the choice of the material and the trimmings for the gown which is popularly regarded as the most important one ever worn by a woman, providing that she elects to venture upon matrimony's uncertain seas. Satin has always held a high place on the list of wedding-dress fabrics and is usually selected to a bride of stately appearance or one not in the first flush of youth. For a girl in the early twenties there are few materials prettier than a soft silk or crepe de chine, while for one who has scarcely passed the period of short skirts and school books the finest of fabrics should be chosen, such transparencies as net and chiffon being the favorites.

Lace Wedding Dresses.

If there be in the family of the bride a quantity of costly old lace in the form of foundations, ruffles, shawls and bertha, the question of the wedding dress is easily settled, for any clever modiste can blend such trimmings in a manner calculated to make an amazing show at the minimum outlay of money. Sometimes such lace helms are mounted upon satin or silk, but they are most attractive over Brussels or chiffon, and really go further when used, as they may easily be placed out with bits of modern lace—thanks to the fancy now in vogue of using veils of several sorts on one garment. Thus, while the flounces and bertha, or shawl-veil, may be of rose point, duchess or d'Alencon, the sleeves may be of point tulle, princess or even of Valenciennes.

Princess and Directorate Robes.

Of all the types of bridal gowns none are more effective than the exceedingly simple princess models developed from modern lace robes or from heavy satin, in which event the fronts are elaborately hand embroidered with self-color silk or silver thread. Such gowns are certain to be good style for several years to come. At the moment, however, they are scarcely so ultra as are those made up on clinging and yet flowing Directorate flounces which, by the way, demand most careful treatment, especially in the arrangement of whatever lace is employed in their garlanding. For instance, if the family treasure trunk yields wide lace floundings, they must be used to simulate an underskirt over which falls a satin or silk tunic, while the bertha ordinarily arranged to drape the shoulders must be fastened across the front of the bodice so that the ends shall furnish caps for the long sleeves of satin, silk or net.

Court or Medieval Trains.

Where a bride is of stately figure or has sufficient dignity of bearing to carry by all means, as it lends immensurably to the picturesque effect of a wedding procession as it proceeds slowly down the aisle of a church. The square court train should be at least a yard upon the floor and fall straight from the shoulders; but to some figures the medieval, pointed train is more becoming, as it adds much in producing an effect of slenderness. Because a gown is of lace or chiffon, the picture train need not be eschewed, for as it is merely a temporary accessory for any wedding costume and rarely used a second time, it may accompany a gown of the finest type, although the train itself must, of course, be of heavy satin or corded silk; for this purpose Ottoman, which has so recently been revived, is best of all.

Arranging the Veil.

Too much care cannot be devoted to the arrangement of the bridal veil, whether it be wholly of lace, of plain net with a point or duchess border or of tulle. If the bride's face be long and thin, she obviously cannot wear a veil

arranged in Alsatian manner or the cap that is plaited over a fine wire frame and has upstanding sprays of flowers or an aigrette. Likewise, the moon-faced beauty must avoid flat effects or any arrangement that will tend to shorten or add width to her face; and if she persists in clinging to a pompadour coiffure, she would better gather the tulle closely into a fan that will flare gradually, so that the greater portion of the fulness will be at the back of the head and shoulders. It is a pretty fancy to wear the veil over the face, as was formerly the case, but it is rather more difficult to so arrange the veil that it will look well when it is thrown backward after the ceremony is over with and the bride receiving the congratulations of friends.

Covering Neck and Arms.

So long as a bride goes to the altar with her neck and her arms veiled she may have them dressed in whatever manner best pleases her. And because the wedding gown is usually designed to do duty on many future occasions, notably for balls and dinners, it may quite properly be furnished with a detachable guimpe of net or lace. In this event the yoke should have a high, boned collar, unless there is a jeweled throat band, and if the sleeves are made sufficiently long to cover a portion of the hands, gloves need not necessarily be worn. The fancy for going with uncovered hands is rather a sensible one, as it obviates the difficulty with the gloves at the auspicious moment when the ring is put on.

Reception Costumes of Vast Importance.

The autumn bride who weds a man of position in the world of finance or in the learned professions, cannot devote too much thought as to what money she can spare for that purpose to the number and style of her reception costumes. She should have at least three of these, and they should be of widely different colors, material and design, so that there may be no possibility of critical newly acquired relations consisting of one with another. There will, of course, be one satin gown, and this should be of

the three-piece order, so that its accompanying coat will render it serviceable as an afternoon visiting costume, although it may be in a pale shade of gray, pastel blue or one of the fashionable crushed berry tints rather than of a sombre tone.

The Black Gown.

Every woman who cherishes an ambition to be quoted as among the well-dressed, includes in her wardrobe at least one black gown—and although the idea may not suggest cheerfulness to a bride, she will find such a costume tremendously convenient for many occasions of the unceremonious sort. A black lace gown, such as may be worn over a variety of colored silk slips, will answer for restaurant dinners, for small theater parties, for "at homes" and even for afternoon visiting if worn under an enveloping wrap in carriage or motor. A black satin gown will prove even more serviceable as it may so easily be made up for both day and evening use and be worn with or without a guimpe. If it is not considered desirable to have either a lace or a satin costume of this type, then the trousseau should include one of due black broadcloth elaborately braided

and beautifully tailored, that it may serve for formal visiting wear, as well as for church going.

Types of Evening Dresses.

The sort of evening dresses that a bride should order will depend wholly upon her social position. If she expects to go to a number of dances, she will require several dresses of transparent materials like chiffon or spangled net, which, while perishable, are not an extravagance, as they may so easily be mounted over any well-cut and fitted silk or satin princess lining. But if the bride-to-be is not likely to be bidden to a succession of dances, but will probably have a number of dinners given in her honor, she should have at least one really handsome lace gown and another of Ottoman silk or chiffon velvet, for it is a well-understood sartorial rule that so soon as a woman has taken upon herself the dignities of matrimony, she may correctly assume the garb of an elderly dowager. On such evening gowns there is placed a great deal of self-colored chenille embroidery or gold bullion trimming in the shape of enfolded drapery or of a Greek drape, which are carried out, in which case the draperies, of whatever sort, are over-

laid and the sleeves are of a decorative character and of a decorative character and of a decorative character.

Ten Gowns and Negligees.

No longer is the ten gown confused with the negligee, nor to be worn as such, for while it is far and away more comfortable than the ordinary dinner gown, it has become almost as elaborate and is considered quite as correct for informal dining and evening at home. The ten gown as now developed shows nearly as much lace or chiffon as a ball gown, and often it really is such a costume, slightly altered by means of a long lace or embroidered net coat, with or without sleeves and embellished with a satin sash. In fact, it may be said that the fashionable ten gown in no wise differs from the regulation dinner dress save that the shoulders of its wearers are partially covered, and that the sleeves are of a somewhat different character and of a decorative character.

skirts of a contrasting fabric, such as velvet or satin over gold net, narrow bands of similar mesh being used to define the waist and outline the bodice decollete.

Stunning Traveling Gowns.

Since many fashionable wedded couples elect to take their honeymoon tour in an automobile, the traveling costume of the bride now shows radical departures from the simply tailored, soberly shaded suit of a few years ago, when it was the aim of every well-bred pair to attract as little attention as possible. Some of the traveling gowns that are being made up for October brides are of fine broadcloth in the light shades of blue and brown and usually in three pieces, the trained skirt and elaborately trimmed bodice of the princess gown being supposed to represent two pieces, and the long and flared fully shaped Directorate or Empire coat the third section. Not always are these costumes of one material trimmed with satin or silk, for it is the fact of the moment to have the gown of heavy corded Ottoman or of satin, and the coat of cloth or vice versa.

Velvet and Velveteen.

The English fashion of having velvet or velveteen going-away costumes is beginning to obtain on this side of the Atlantic. If a bride is to travel luxuriously, she may quite properly adopt this style of custom, particularly as she need not then carry so much luggage, as the skirt and bodice, with its lace or net guimpe, will answer nicely for dinner at an American hotel or the less fashionable type, where, happily, the English fashion of dining in full dress is not in vogue. Many of these velvet and velveteen costumes include a coat and a long and a short skirt, for they are usually developed in some dark color and may thus be worn on the street as well as in the house during the morning or the afternoon.

Evening negligee order, although scarcely covering the elbows. Lace also contributes largely to the development of negligees, which, however, are never mistaken by the initiated for tea gowns, as they are infinitely more simple in design and do not have skirts of transparent materials, although their coats or matthees may be, and often are, of lace, for the thrifty woman realizes that an ancient gown of that material may easily be cut over into an empire sacque.

Dinner and Bridge Coats.

Dinner and bridge coats are developed of almost any material that is ornate and stately, but chiefly of broadcloth silk in pompadour effects on a white or pale-colored ground. These are worn with any trained skirt of net, lace, silk, satin or velvet so long as the colorings of the two garments do not clash. Many women use them altogether as home evening costumes, as they are less negligee than tea gowns, as well as less costly, and also serve to prolong the usefulness of any extra skirts that may be on hand. It is thus that many a bride-to-be is planning to utilize various ball dresses of past seasons and thus save money for the several new fur sets which she longs to possess, the utility coat, which is an absolute necessity, or for the extra evening wrap of embroidered velvet or satin, which she imagines she needs.

Two Tailored Suits.

Every young woman should include in her trousseau at least two tailored suits for her honeymoon purposes. One of them should be of a dust-shedding English material, in black, green, brown or blue, checked with white, and the other should be of serge or cheviot in some dark shade. She will thus always have at hand a neat street costume, as when the suit is being pressed and sponged the other can be in commission. If she does not care to provide several special morning frocks, she may wear the tailored skirts, with pretty muslin blouses, or those of silk or fine soft flannel in simple shirt design.

Small and Large Hats.

A bride-to-be should provide herself with at least six hats, and four of them should be large. The one worn with the Directorate going-away gown should be somewhat on the poke order and provided with strings which may be tied at one side or merely looped, according to which arrangement is most becoming. There should be one dark velvet plume-trimmed large shape and another of net or lace, equally elaborate as well as two closely-fitting shapes of simplest design and a tailored confection such as the "Newport," which will answer for rough weather, as well as for motoring.

Paragraphs.

Very pretty negligees of kimono shape are developed of black or white coin-spotted foulard silk, with border bands of light blue, emerald green or cerise taffeta, or of wide ribbon divided through the center, the cut edge run on to the edge of the garment and then turned backward, so that the selvage edge will supply a finishing on the upper side. When these negligees are intended solely for use in sleeping, they are provided with deep attached hoods to be drawn over the head when going to and from the dressing-room, and with small bags about the size of those carried to the theater, which are designed to hold the purse and any other valuables of small size.

For early autumn use there is nothing that will prove more serviceable than a simple cape of broadcloth or serge. The smartest of these are in white, cut very long and wide, similar to an American Army officer's cape, and finished all round with a broad tailored hem. There is no flaring, but the practical hood is faced with white liberty satin and a scarf of the same material, which knots at the throat, has fringed ends of white silk or gold bullion. Similar capes in black or colored satin and gold fringe at the throat, the hood is omitted, as is sometimes the case, there is a high turnover collar of the material, gold embroidered and joining with bullion braid straps and buttons.

The College Girl—Do you do any hazing at your college?

The College Girl—Oh, yes, we make the freshmen buy us candy, and stand by and watch us while we eat it.

From time immemorial one dozen has been popularly regarded as the correct number of every sort of lingerie garment to be included in the bridal trousseau. Often, however, this amount of plenishing is multiplied by two, and even by three, for the average girl, and especially the one in fortunate circumstances, is usually an adept at such needlework and takes delight in preparing that portion of her wedding outfit with her own hands. In these days of reliable paper patterns, of innumerable attractive cotton and linen white fabrics, and, above all, of fascinating designs in trimmings, it is quite possible to get up lingerie garments for a modest sum which are sufficiently dainty and fine to have place in the trousseau of a princess royal.

Combinations of corset cover, drawers and skirts have made the fashioning of lingerie somewhat more intricate, but at the same time there is a vast amount of labor saved in the making of such a garment once the art of putting the various sections together has been perfected and mastered. Another point in favor of such combinations is that not only less cloth, but less trimming, is required, and consequently, the average woman feels that she may considerably economize on so doing, she never neglects an opportunity to pick up a bolt of narrow rent Valenciennes here and a scrap of Cluny elsewhere if the price is the least attractive. All of these "bargains" are

worth putting away as a future decoration for the lingerie garment which, if not made this autumn, will be under way after Christmas, and, at all events, shortly following Ash Wednesday.

Despite the vogue of combinations, however, and the Italian silk shirts that are so dainty and wear so interminably, there are many women who utterly refuse to give up the chemise which below the waist line becomes an undershirt by virtue of its narrow or wide knee ruffle.

There is small reason to wonder at this reluctance when it is remembered how willingly the chemise lends itself to almost any scheme of decoration, and how satisfactorily any bulk about the waist and hips may be taken up in tiny tucks. The new chemises, in fact, are planned very much on the same models as are lingerie blouses, save that the yoke of the first-named garment begins at the outer edge of the shoulders, and, being of almost triangle shape, forms a point just above the bust. Into this yoke is tucked the skirt portion, which, in this day of extravagance in trimming, may have vertical or trellis insertions of hand embroidered or lace, and be finished at the bottom with a ruffle of matching trimming. When the yoke of the chemise is not elaborately trimmed with bandings, edgings or medallions it is of embroidered muslin or lace, and often appears with the one trimming or the other.

Night dresses are on much the same order as chemises, so far as their yokes are concerned, and the larger portion of them are made in empire effect, with skirts so long that they sweep the floor at all points. In nine cases out of ten these night robes have deeply-squared, V'd or rounded necks and are furnished with sleeves, some of them being mere apologies, and virtually no more than shoulder caps.

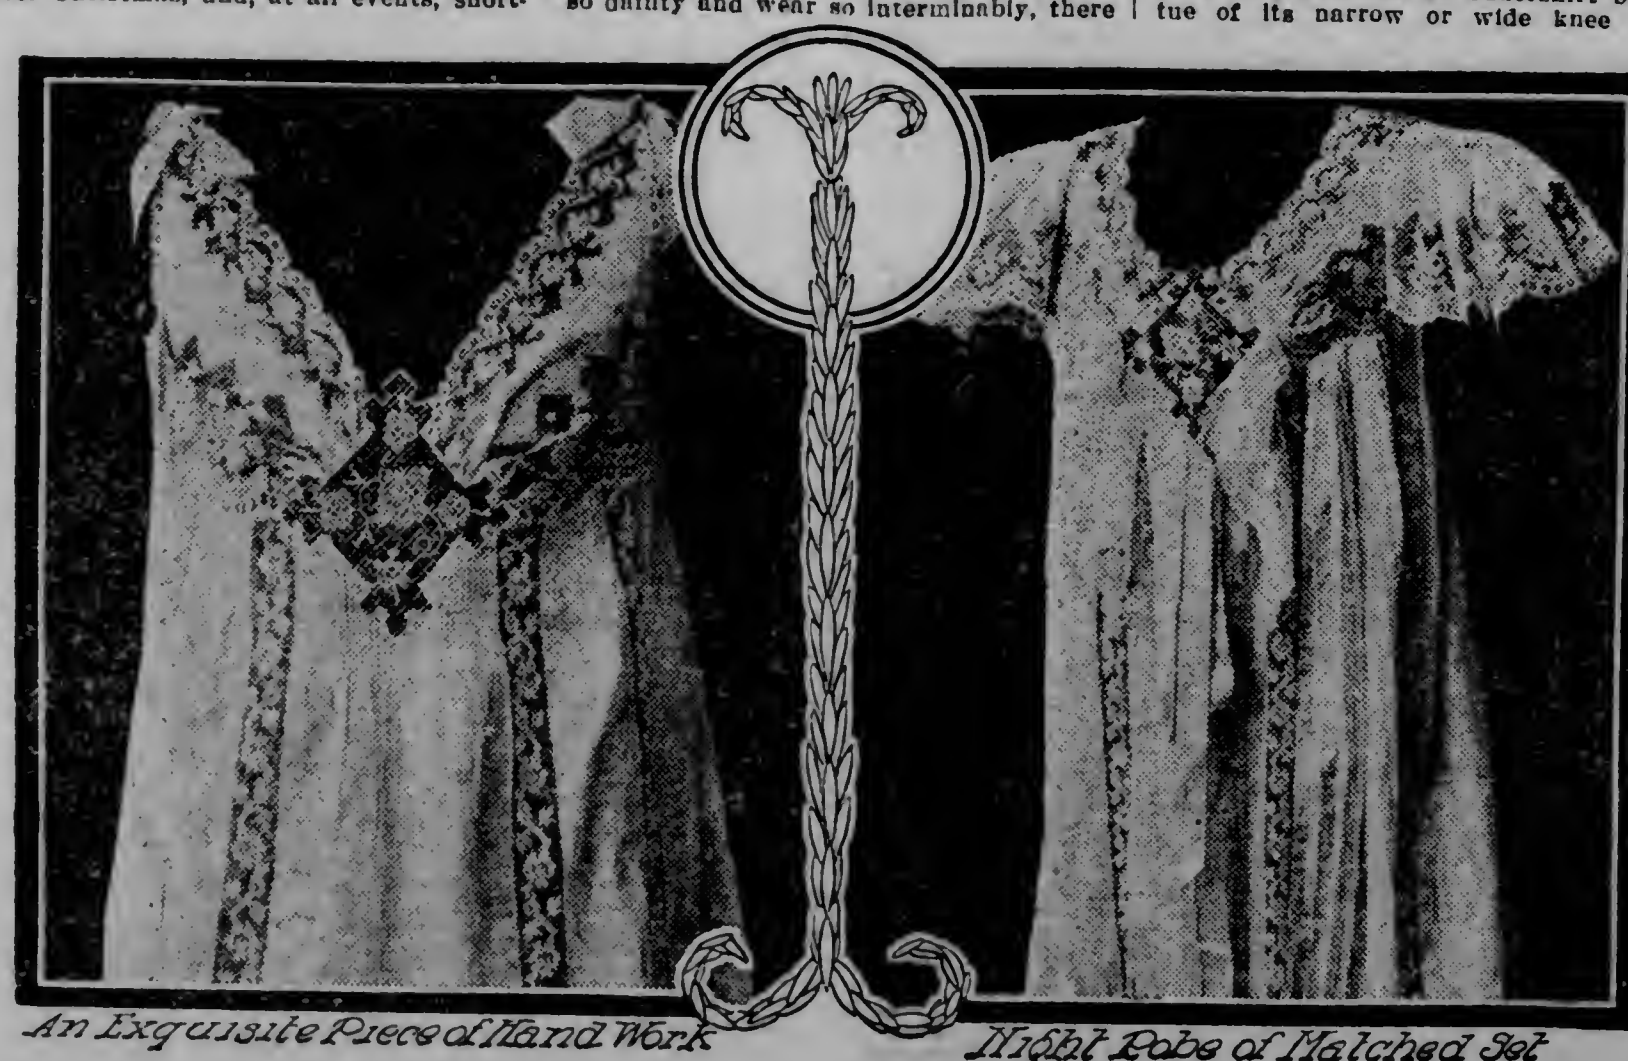

Every French woman wears two garments when in bed. Her night dress proper is merely an elongated chemise, sleeveless and collarless, and even more

decollete than that worn by her American sister, who does not usually wear the little night jacket which matches the gown in material and trimming, and has long sleeves and high neck, which adequately protects the wearer from draughts. The nearest approach which the American has to this garment is the little combing jacket which she frequently wears as a negligee in connection with her lingerie petticoat. This petticoat is another garment which the American woman evidently has no intention of discarding, although she may elect to supplement her lingerie outfit with satin knickerbockers in deference to the Directorate influence.

Lingerie petticoats, however, are no longer starched, and they are perfectly fitted, for in this day not an inch of developed of the same cobwebby muslins are the night dresses, chemises and combinations, and in every instance trimmed to match them. For this purpose a vast amount of lace and ribbon is required, for the knee-drop flounces are immensely wide, and sometimes interlaced through the center as well as the top with wide banding for the support of ribbons in taffeta, satin or mull.

No lingerie garment of the present decade has rough edges anywhere about it, for the seams are joined with the finest of beading, and sometimes with narrow lace. This involves a vast amount of labor, but it is an age of refinement in all departments of feminine garb, and no woman begrudges the time or money that furnishes her with lingerie of such fairy-like fineness.

Bridal Lingerie - Dainty Garments for the Fashionable Trousseau.

Night Robe of Matched Set

ALONG BUT SHE DOESN'T MIND IT

ALONE WITH HIS THOUGHTS

The City's "Loneites"

Duluth Has Many Who Lack Friends and the Pleasure of Human Companionship.

Is Duluth a "Hard city to get acquainted in?" Newcomers to the city say that it is, and claim that a stranger can come to Duluth and spend months without meeting anybody in a social way. They claim that the people here are suspicious of newcomers, or at least indifferent to them. Duluth has hundreds, probably thousands of men and women, who have no friends or acquaintances outside those of the office or the shop and whose social diversions consist largely of lonely walks in the parks or along the piers in the summer, and of lonely hours spent in their rooms in the winter months.

Once the ice has been broken, and a few friends are made, it is an easy matter to become acquainted in Duluth, say the newcomers, but it is the first plunge that is difficult. The difficulty varies with the means the newcomer has at his disposal, and the

kind of social water into which he is plunged. It also depends very largely upon the sex of the newcomer.

A man with a good appearance, a business in which he can keep clean and wear good clothes, and with a little money to spend can soon get acquainted if he uses good judgment. A well-known Duluth society woman in speaking of the difficulties facing newcomers, said: "Take a girl coming here with no friends, and com-

pelled to work for her living, and God bless her if she has any social aspirations. She might spend twenty years in Duluth and never get to know any more Duluth people than she did the first year. She will probably meet other girls with whom she is thrown in contact, but this is a lonely town for the 'loneites' and the breaking of the waves on the beach seems to appeal with special force to their lonely spirits.

The canal pier is another favorite resort, and they are frequently to be seen resting on the benches in the parks.

The third class of "loneites" are the little street waifs. Many of the boys who sell Herald on the streets of the city have comfortable homes, and many unfortunately have not. Their homes are the streets, or wherever they happen to be when night comes. Many a lonely little lad or youth of tender

years, is supporting himself from selling Herald, and making his home in any kindly shelter that offers.

"Loneites." The city is full of them in all walks of life, from the disappointed girl or youth, who finds the door of society swung upon heavy hinges, to the street urchins finding a bed in an empty packing box, and a friend in the mongrel dog that runs the alleys.

QUIET MEDITATION IN THE PARK.

THIS IS A FAVORITE HAUNT OF THE "LONEITE."

DAY DREAMING ON THE DOCKS.

AT NORTH BUTTE EXTENSION

(Continued from page 10.)

\$5 horse-power boiler has been installed. The mine is developed by two tunnels, 700 and 1,300 feet long.

Work has been brought to Helena of the richest strike made so far at the Unstilla mine, eight miles west of the city, now operated by the Montana-Pittsburg Company of Butte. Local mining men declare the ore to be as rich as any ever found in the Marysville district, which they believe continues more or less irregularly to Helena and Boulder.

Col. Thomas Cruise, the veteran Helena banker who discovered the Drummond mine, which he sold to the Rothschilds of London, is pushing work on his Irid Mountain property near Marysville. The mill will begin operations soon. The ore is very rich in gold.

AT THE LAKE COPPER MINES

(Continued from page 10.)

operations can be conducted much more cheaply than at present.

At the Wyandot.

Wyandot has succeeded in replacing the piece of sand pipe which collapsed while being driven through the overburden, and expects to be drilling in rock by the first of October. The drill hole is going down in what is believed to be the horizon of the Lake lode. A crosscut from the bottom of an old shaft, recently deepened to 700 feet is driving toward the same horizon. The lode, if calculations prove correct, will be encountered by the crosscut in about six months, and by the drill within 300 feet of drilling.

North Lake to Drift.

A spur track has been constructed by the Copper Range railroad to provide transportation facilities for the newly organized North Lake Mining company and supplies delivered there the past week include a diamond drill outfit. The first of several diamond drill holes will be put down at once.

LAKE SUPERIOR IRON MINES

(Continued from page 10.)

That the Iron River district of the Menominee range will prove one of the most important in Michigan appears apparent, as a result of exploratory work in progress the past two years and more. A number of new mines are in course of development, and there is no question that many others will be opened up. Formerly the work was done at too shallow depth. The overburden is deep, as a general proposition in most cases, and attention in the past had largely centered in the location of ore bodies outcropping on surface, and which, for the most part, were of low grade. The new work is of a different character. It is exploratory work wrought a change. A very valuable find has been made. A deposit was encountered 700 feet below the surface, where ore was found withdrawn, at a depth of 1,700 feet, it was still in ore. What is also important is the fact that assays show the cores to be of high grade Bessemer. This find is very similar to those which resulted in the opening of the Maas and Isabella mines at Negaunee.

The Cleveland-Cliffs Iron company is employing 140 men at its Crosby property at Negaunee. This mine is the only one the company possesses on the Mesaba range, and it is the only one held by it that is not located in Michigan. Seven miles to the west of Marquette, the Steel corporation is opening the new Hill mine. Several hundred men and a number of steam shovels are employed, and a good start has been made with the development of what will be one of the very largest properties on the Mesaba range. Opened to its maximum, some years hence, the pit will be three miles long and in places, almost a mile in width. The ore deposit runs upward of 40,000,000 tons. The Hill tract is included in the acreage taken over from the Great Northern interests, and in its vicinity there are others embraced in the same lease. All these properties will be developed in time and eventually mining operations will be in progress on a scale of tremendous magnitude.

Not as much logging as usual will be done by the Steel corporation this coming winter. A number of camps were operated last season and a big stock of timber was cut. Mining operations since last fall, however, and the most of the mines there are supplies ample for months to come.

Corrigan, Kinney & Co. are shipping the ore in stock at their Cobay mine, and Ogilby, Norton & Co. are clearing away the stockpile at the Burelle mine. These properties are Gogebic range producers, and they are expected

to continue in operation during the winter.

The Antrim Iron company's charcoal iron furnace at Mancelona, Mich., has been equipped with a new lining.

OKLAHOMA'S NINE-FOOT SHEETS

How the New State's Freak Law Was Enforced By a Cowboy With a Gun.

The Oklahoma nine-foot sheet is coming into its own, says a Guthrie, Okla., correspondent of the New York Tribune. The novel bill requiring hotel keepers to furnish every bed with linen of that length, so that it would "lap over," was received with derision when it first passed the legislature and became a law. Widespread publicity was given the statute because of its originality. All sorts of puns were poked at the new statute lawmakers by Eastern newspaper writers. In Oklahoma criticisms were not lacking. But the law remained on the statute books, and measures have been taken by inspectors, provided in the bill, to see to its enforcement.

These officials, who have just finished an extensive tour of the state, report that with very few exceptions the letter of the law is now being obeyed, and in the hotels, to which it applies, the sheets can now be lapped over by the longest patron.

In numerous and remarkable ways the meaning of the law is being brought home to the landlors, not a few of whom formerly were delinquent in complying with it.

Probably the most unusual method of introducing the regulation sheets was conceived and is now being carried out by St. Louis firm. The introduction is simple, at the same time usually successful. An illustration of its practicality occurred a few days ago at Muskogee. An elderly man of dignified mien toiled up the stairs to the office of one of the hostesses. Under his arm he carried a large volume, Morocco-bound, having all the outward appearance of a legal code. Before reaching the door, however, he was stopped by a man in a suit, who gave him a name as Dr. E. R. Carwell, the book from under his arm, and he opened it, and began to read the law requiring "your hotel fitted with them."

been given a thorough overhauling since it went out of blast June 1, and is to be blown in shortly. The stack has been equipped with a new lining.

In numerous and remarkable ways the meaning of the law is being brought home to the landlors, not a few of whom formerly were delinquent in complying with it.

Probably the most unusual method of introducing the regulation sheets was conceived and is now being carried out by St. Louis firm. The introduction is simple, at the same time usually successful. An illustration of its practicality occurred a few days ago at Muskogee. An elderly man of dignified mien toiled up the stairs to the office of one of the hostesses. Under his arm he carried a large volume, Morocco-bound, having all the outward appearance of a legal code. Before reaching the door, however, he was stopped by a man in a suit, who gave him a name as Dr. E. R. Carwell, the book from under his arm, and he opened it, and began to read the law requiring "your hotel fitted with them."

him free. The confused hotel man promised, and the "drummer" lived on the "fat" of the land as long as he was in town. He kept faith with the hotel keeper, and the incident remained a secret until it leaked out in a conversation in the lobby of an Oklahoma City hotel.

A Guthrie business man, who travels a great deal in the southeastern part of the state, tells this as an actual happening.

One of the most ludicrous experiences of my life occurred at the little town of Alchi, in McCurtain county, not long ago. The town consists of a few business buildings, all frame, its nearest railroad is the Frisco, forty miles away. The surrounding country is settled by little men. At best conditions are primitive.

The owner of the only hotel is a Jew, named Solomon. One of the patrons the night I put up at the hotel was a long, muscular cowboy, just fresh from the ranch and chuck full of mischief. He had been reading a newspaper in which the nine-foot sheet law was "written up." At supper he confided to me that he was going to get some fun out of Solomon before daylight. He told me to be sure and wait up in the lobby.

"I sat around the study office for three hours. It was nearly midnight, and I was preparing to retire. The landlors was dozing peacefully in his chair behind the counter. Suddenly, in the room above, I heard a most unearthly noise. If I had not been next I would have shaken with fright. The landlors did. But before he knew what was transpiring heavy thuds were heard on the stairs, and much like a Kansas tornado, the cowboy swept into the office, clad in his night-shirt. In the other was his revolver, the biggest gun I ever saw. He shook the sheet and marched over to where Solomon sat. I felt truly sorry for the bewildered man.

"Get up!" commanded the cowpuncher. The landlors did, grinning foolishly. "What do you mean, you little covey?"

A story comes from Marietta of the ingenuity of a Jewish traveling salesman presenting a New York silk room house. The traveling man appeared in the lobby late at night in his pajamas, and getting the attention of the landlors, he explained that that had been the last of his business, and that they lacked fourteen inches of being nine feet. He explained that things as the inevitable result of the violation of the law, and ended by proposing that he would make no protest if three days' lodging were given

rat, by having such a thing as this on my bed?" the big man thundered. Solomon opened his mouth, but the words did not come.

"It's an outrage!" shouted the cowboy. "Look here," and he held the sheet out before the protruding eyes of the landlors. "Do you call that nine feet?" Solomon shook his head wildly.

"Then dance!" demanded the tormentor. And dance the landlors did, to the tune of the big six-shooter, as the shots beat a tattoo in the wooden floor.

"The next morning the cowpuncher departed before anybody else was up."

Advertise in The Herald.

BUILT HER OWN COTTAGE.

Boston Globe: Miss Josephine Louise Reynolds of Hull, a telephone girl, has demonstrated that one woman at least can drive a nail straight and saw a board vertically and to the line. She drew the plan of a small summer cottage and with her own hands, fearless of callous and splinter, constructed it, the workmanship being good in every detail from foundation to roof.

With her own hands Miss Reynolds will paint, decorate and furnish the cottage, the accommodations being for living, cooking and sleeping. When it is completed some time during the latter part of this week she and her sister, Grace, will occupy it for the summer.

WHY OF COURSE.

Judge: The editor of an agricultural paper was grumbling about a puzzling question he had received from a city man who had recently moved to the country. The inquiry was this: "Will you kindly tell me how long cows should be milked?"

The office boy, passing near, heard his superior repeating the question aloud.

"Excuse me, boss," he said: "but why don't you tell him he's got the same short covey?"

Wis., to teach in the government schools in that city.

Five new members were received into the Evangelical church last Sunday morning.

Mrs. George S. Barnes went to Seaton, Minn., Wednesday to visit her sister, Mrs. William Mount.

Tuesday night this city was visited by an electric storm. Lightning struck the Northern Pacific depot, but did little damage. The rain fell in torrents for about fifteen or twenty minutes, which is the first rain that has visited this section since July. As a result the streets and lawns here this city were checked so that they are not particularly dangerous.

Attorney Linsky of Superior was in town Monday on business.

The series of gospel tent meetings closed Wednesday. The speaker of the evening was Mr. Barton of Ashland.

Mrs. John Brady's little son William is ill with diphtheria.

The Bayfield county fair will be in progress next week.

Mr. and Mrs. Arthur Folger are the parents of a son born, Sept. 20.

Mark Hesse's saw mill will start cutting as soon as the power is in shape to furnish the electric power. He has been working on the mill for a long time and this will be the first time that the mill will be in operation.

The Evangelical Sunday school will have a picnic at the tent next Saturday afternoon.

The Iron River baseball team went to Superior last Sunday and was beaten by the Aqueduct team.

By a score of 3 to 1. These teams will play in this city on Thursday and Friday of next week.

The McClure building on the corner of Main and Mill streets, formerly occupied by Foster's, is being remodeled in the interior and will be occupied by E. L. Lantry as a billiard and pool room.

Principal Reed reports that the attendance at the city schools is steadily increasing.

Manager McMurry of the Taylor Institute went to Ashland and other points East, this week on business.

Mr. and Mrs. John Fitzgerald and Mr. and Mrs. A. H. Miles and family are spending a few days at Keweenaw.

Dr. J. A. Peterson visited the Head of the Lakes, Thursday.

Two Harbors

Two Harbors, Minn., Sept. 26.—(Special to The Herald.)—Buckman Bros. have received a carload of horses from Amora and are already getting things in shape for the coming season.

Between here and Grand Marais for the winter. Their winter mail contract becomes effective.

The request of C. W. Cullen, C. A. Scharberg, Thomas and P. Anderson that the sewer assessment against their property be applied to the part on the judgment due them from the city on account of damages sustained by flooding of the city street in September, 1902, was granted by the council Monday night.

The contract for the Third avenue sewer was awarded to Erickson & Johnson.

C. B. Pegelow was given permission to use rock from the Spruce street rock pile for the construction of a basement for a house on his Fourth avenue property.

The chief and secretary of the fire department recommended the purchase of fire extinguishers for use at small fires.

The committee on water and lights advised that the increasing load caused by electric current consumption of the city be beyond the capacity of the 160-kilowatt generator and requested changes be made in the switchboard to the power plant so as to split the circuit and allow both machines to run at once and divide the load. The cost will be \$625 and the plan was approved.

The contract for electric use at the Fort Wayne Electric Works was renewed for another year. The light was ordered put in at the intersection of Pine street and Eighth avenue.

J. W. Pickering has been transferred from the Duluth office to the office of the third operator, Miss S. H. Gary, who has gone to Highland Falls to work the balance of the season.

Tom Brennan has accepted the position as third operator at the city office, and will be in charge of the sliding for the balance of the season.

Conductor Harry Morrison has returned from Duluth, where he was called two weeks ago by the death of a brother, and has resumed his duties on the Duluth line.

Chap. William Cowling has returned from a two weeks' visit with relatives on the ranges.

Mrs. W. H. Peters is visiting with relatives at Virginia, Wis.

Mrs. A. F. Flier and daughter, Mildred, have gone to Mount Clemens, Mich., where Mrs. Flier will take treatment for rheumatism.

C. H. Wise is enjoying a visit from Herman Erren of the Northern Pacific office, St. Paul.

The local judges I. O. O. F. and Daughters of G. W. M. held a special meeting Monday afternoon.

Coal Agent H. O. Shore is relieving him and J. C. Towne has taken Mr. Shore's place as agent.

The lecture by Dr. J. B. Clemens "Ever Man His Own Paradise" at the First M. E. church last evening was largely attended.

J. W. Woodhouse, Sr., looked over some farming lands in Carlton county this week.

Walter Thomas Mills, Socialist lecturer, will speak at the opera house here Sunday afternoon Oct. 4.

Thomas Sullivan has moved his family back from Waldo and will reside here during the winter.

C. A. Yernberg has purchased the former E. E. Price residence on Second avenue, which has been occupied by J. W. Brownell and will take possession, Oct. 1. Mr. Brownell has moved into the rooms over the Duluth & Iron Range oil offices at the foot of Popular street for the present and will build a residence on Second avenue.

Messrs. Glover and McLean looked over the Stephens mine at Colby, on Monday.

Mrs. James Shaw left Thursday for an extended visit with relatives in Michigan.

Guy Williams, state national committee man of the Socialist party, will speak at the Iron Range hall here Tuesday evening next.

Fred Pederson and John Hopla, who reside near mile post 43 on the Algona-Smith line, were brought to the Two Harbors hospital this week ill with typhoid fever.

The first of the week, and now run from thirty to thirty-five train loads per day.

Peter Swenson, Scandinavian Temperance lecturer, will speak at the Norwegian Lutheran church Monday and Tuesday evenings next.

A purchasing agent's special, under charge of F. H. White of the Duluth & Iron Range, passed through here Thursday on foot, to the ranges.

There is talk of forming a creamery company here in the near future.

Conductor James McDonald is now improved so as to be about again.

Rev. J. P. McLeod of the Presbyterian church will speak at the Y. M. C. A. young men's meeting tomorrow afternoon.

Mr. and Mrs. Arthur Folger are the parents of a son born, Sept. 20.

MOVEMENT MEANS BIG BUILDING BOOM IN SPRING

East End Residence Property is Being Purchased for Improvement—Architects Predict a Busy Season Next Year—Suburban Property is Also Selling.

East end residence property continues to hold the distinction of being quite "the thing" in Duluth real estate circles. Transfers of magnitude and significance are being made in no inconsiderable number, and they mean something. The transfers are of the right kind. They aren't of improved pieces for people who build houses in the East end build for permanency and permanent residence—but pieces of property which have formerly been lying idle as open gaps in the rows of beautiful residences are passing into hands which have the money behind them to build.

Architects and contractors smile in a satisfied manner over the developments. The transfers of the past few weeks mean the biggest building boom of years in the East end next season, a boom which will send up a score or more of beautiful residences and will take a few hundreds of thousands of dollars to put through. When it is all over, many of the new vacant lots in the desirable residence sections will be graced with homes, which will beautify the district.

Some of the transfers during the past week have been important. Through Stryker, Manley & Buck, Jonathan Rees has sold to Andrew Nelson, of whom Little & Nolte acted, a lot with a 62 1/2-foot frontage on the north side of Third street, seventy-five feet east of Twenty-sixth avenue east. The consideration was \$2,200. The deed, in common with all of those given by Mr. Rees covering property in the so-called normal school district, carries with it the restrictions, which are designed to make that district one of fine homes. Nothing but single homes may be erected at a cost of not less than \$5,000. No apartment houses, business places or double houses are allowed, and the deeds also carry prohibitions as to the keeping of cattle and fowls. The property purchased by Mr. Nelson is a very desirable one, on a slight elevation, the street being already paved. He will erect a residence.

Stryker, Manley & Buck have also sold for W. C. Sherwood to Frank Carlson a 50-foot lot on the north side of Third street, between Nineteenth and Twentieth avenues east. The consideration was \$1,600. Mr. Carlson will also build.

The Dickerman Investment company has sold to Rosamond P. Jamar lots 10 and 11, block 15, East Lawn division, on Vista street, between Colorado avenue and West Park way, for a consideration of \$1,400.

John D. Stryker has sold to George L. Woolen fractional lot 14, block 75, Indian division and fractional lot 14, block 8, Highland Park division, comprising one lot on the north side of Third street between Nineteenth and Twentieth avenues east for \$5,000.

While East end property has been moving, Lakeside and Lester Park have not been entirely standing still, commercially speaking. The suburbs are drawing their share of attention from prospective home builders and the Lakeside companies, which sell homes on easy terms, report a good demand for that class of property. At the same time, purchasers outright for desirable pieces of property are not hard to find.

One choice piece of property changed hands this week when a sunward selling to Newell F. Russell lots 10 and 11, block A, London Addition, for \$6,000. The property has a frontage of 207 feet on London road and extends to the south side of the city. It is one of the most desirable residence properties in that section of the city.

Another Lakeside sale was that of Harry Hood to Grace Frey of the outlying seventy feet of lots 1 and 2, block 50, London Addition, for \$1,300. The property faces on Forty-seventh avenue east and is near Gladstone street.

From the architects' report, the home builders are evidently busy. Plans for homes, moderate-priced and expensive, are under way for all sections of the city. A few of them have materialized during the past week and the contractors are keeping a sharp lookout for winter work. Labor and materials are believed to be lower than they will be next spring and the wise one is getting his plans in shape.

and letting his contract now, when he is more likely to get advantageous terms than when the usual spring rush begins, next year.

Contractors are figuring on two contracts of some magnitude this week. One is for a residence for Lane MacGregor, on Twenty-third avenue east, between Fifth and Sixth streets, and the other for Thomas A. Gail, on the adjoining property.

Mr. MacGregor's home is to be of brick and stucco, and Mr. Gail's of frame and stucco. The first will cost about \$10,000 and the Gail home about \$6,500. Anthony Puck is the architect for both buildings.

Berquist Bros. were this week awarded the contract for the erection of a residence for M. F. Jamar, Jr., on Sixth street, at Twenty-fourth avenue east. It is to be of stucco, beautifully finished, and the contract price is believed to be about \$8,000. Anthony Puck is the architect.

Austin Terryberry is preparing the plans for a modern home for Capt. William P. Thompson, on the south side of Jefferon street, near Twenty-second avenue east. It is to be of the bungalow style, brick, with pressed brick front. The interior will be finished in white oak. The contract price will be about \$6,000.

A contract was let this week to Berglund & Olson by Austin Terryberry for a residence for O. S. Maind on Twelfth avenue east near Sixth street. The building will cost about \$2,000.

Verne Culbertson has begun the erection of a home on the recently purchased property on the north side of London road west of Seventeenth avenue east.

Excavations were started early in the week, as announced in The Herald, for two business blocks in the main part of the city. The D. M. McDonald building will be erected west of the city hall and police station at a cost of \$40,000, and the new A. L. Orsden building will be erected just west of the Platen building on West First street, between Second and Third avenues west at a cost of \$35,000. John A. Stephenson is the agent for the owners in both cases.

During the past week, Austin Terryberry let to J. Jacobson the contract for the erection of a building for Z. T. Mullin of Washington, D. C. The building will be put up at present and the second story will probably be added later. The building will be on the south side of East Superior street between Fourth and Fifth avenues east with a frontage of three stores. It will also be 60 feet deep.

(Continued on page 25, first column.)

NEW HOUSES

LAKESIDE, WOODLAND and HUNTER'S PARK. These houses will be ready for occupancy about Nov. 1st. Every one is a bargain. We have a list of LAKESIDE HOMES, five, six, seven and eight rooms, at prices from \$1,050 to \$5,000 each. Lakeside and Lester Park Lots \$200 to \$650, on monthly payments. D. W. SCOTT,

18 Nevada Block,

MOVEMENT MEANS BIG BUILDING BOOM IN SPRING

(Continued from page 24.)

It is to be constructed of brick, with an ornamental front, a central story and basement will cost about \$2,000.

Stryker, Manley & Buck have sold for Mrs. Thomas Hughes of Mankato, Minn., the property 100x140 feet on the northwest corner of Twenty-second avenue east and Fourth street to Dr. Johnson, who will erect a modern residence.

Edward Downie has sold the double flat building at 209 West Second street to Mrs. Carrie Johnson for \$5,000. The property is 30x140 feet on the north side of the street and the building is modern in all respects. It was a cash deal.

Edward Downie has also sold to local parties the 100-foot property on the northwest corner of Seventeenth avenue east and Jefferson street, which he purchased this year.

Elizabeth Field has sold lots 14, 15 and 16, block 104, Portland division, in two parts. The northerly thirty-five feet were sold to Dr. Johnson for \$1,200 and the remainder to John E. Dahl for \$2,750. The property is on the northwest corner of Fifth street and Twelfth avenue east.

Following are the real estate transfers for the week:

Rose McLeod to Interstate Land & Investment company, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Daniel L. Fehleld et al. to John G. Gentry, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.

Geor Mitchell and Edmund and Edmund M. Storer, lot 1, north 1/2 lot 142, Duluth proper, second division, \$1,000.
